6. MEMBERSHIP

Noted

7. HARINGEY TURNAROUND PROJECT

Ms Jackie Difolco presented the item.

The meeting heard that:

- Further clarity was needed on what role the Police could play in intervention with young people as repeated contact with Police with young people could often be negative and consistent positive experiences would be more beneficial for future development.
- The Action Plan for the Youth At Risk strategy was being refreshed and this could help understand some of the behaviour of some young people in the community.
- The Council was unlikely to struggle for referrals. There would be a focus on younger siblings or associates of those already known who were not within the criminal justice system already.
- Conversations with senior community partners could be held regarding specific issues in the borough.

RESOLVED:

That the presentation be noted.

8. HARINGEY COMMUNITY SAFETY UPDATE

Mr Joe Benmore presented the item.

The meeting heard that:

- Communicating to people in small groups would be more useful than simply placing information up on the website.
- It would be useful to speak to people who lived on council estates and other places to talk to people about their experiences of community safety.
- There were issues of homelessness and drug dealing and it would be useful for people to worked in housing to discuss community safety issues.
- Elderly people were often not part of the target groups and were also often targeted for scams.
- Many people did not feel safe in the borough partly because of people inside their own home or those in conflict inside their own home environment. People also safety issues

then kind of when travelling from their front door or to another part of the area where they lived.

- The Police Commissioner's turnaround plan and his new performance priorities for the coming year would come into effect properly from 1 April 2023 and this would have a significant impact on how the Police focused their resources and what areas were worked on.
- There was a general acknowledgment in the met that historically we focus quite a lot of high impact and the Police needed to gain more focus on issues such as residential burglary, theft of motor vehicles and other ward-based crime.
- The Commissioner had been clear across various of forums that focus would be placed on more trust, less crime and higher standards. For example, public attitude survey, stop and search would fall under the 'more trust' area.
- Ms Haines, Mr Malcolm and Councillor Jogee would be putting together a group to discuss the turnaround plan.

The Partnership thanked the team for working on the project and as it was an important responsibility on the borough.

RESOLVED:

That the report be noted.

9. SERIOUS VIOLENCE DUTY

Mr Sandeep Broca presented the item.

The meeting welcomed the presentation and heard that:

- It was important to bear in mind the early age risk factors such as mental health substance misuse in the family and there was already existing work such as youth at risk, community safety strategy, violence against women and girls and other strategies. It was important to ensure that all areas were cohesive and not duplicated. It was possible utilise existing work and include those within the needs assessment and the strategy.
- Public Health had the data on the Joint Need Strategic Assessment but there was also data from the Youth Justice Board so it would be useful to make sure these were morphed together and definitely link in the overall strategies.
- The VIU had stated that it was acceptable for the borough to align the Serious Violence Duty to existing strategies. It was important to ensure that the action plan that came out of the strategy was aligned to the action plans that came out of Youth At Risk, Community Safety, Combating Drugs and other strategies in development.
- In looking at needs assessments, it may be useful to talk to the people running Children's Centres, Early Years Centres and the family hubs. Taking a public health

approach and looking at it in the widest context would lead to a lot of quantitative and qualitative data.

- Public Health colleagues were developing a needs assessment for us for the family hubs program in conjunction with the Early Intervention Foundation.
- Community Safety Partnership was the allocated governance for the work being involved. It was also relevant to the Joint Health and Wellbeing Board and Community Safety.
- It was important that responsibility was joined collectively between health, Police and local authority, but it was important that no agency was left to undertake the work by itself.

RESOLVED:

1. That the Board note the contents of the accompanying report which provided an overview of the new Serious Violence Duty.
2. That all partners agree to support the Serious Violence Duty strategic needs assessment development by encouraging engagement, data and information sharing across internal and external networks stakeholders and partners.
3. That all partners agree to contribute to the strategy and action plan as they develop, following completion of the needs assessment.

10. ANY OTHER BUSINESS

Councillor Jogee stated that the Co-Chairs would be examining ways in which to make the Community Safety Partnership more practicable and visitations could be made other similar meetings in the UK.

Councillor Brabazon stated that that a more thematic style and there were some things that meeting did not typically discuss such as Licensing and its impact on neighbourhoods.

11. DATES OF FUTURE MEETINGS

The next meeting would be held at around June 2023.

Title: CSP Theme Anti-Social Behaviour

Report authorised by: Eubert Malcolm, Assistant Director Stronger & Safer Communities

Lead Officer: Joe Benmore- Lead officer Community Safety and Offender Management

Ward(s) affected: Key crime wards

Report for Key/ Non-Key Decision: Non key decision

1. Describe the issue under consideration

- 1.1 This report introduces the recently agreed themed focus areas that will form the basis of discussion for the Community Safety Partnership Board going forward.
- 1.2 The theme for this meeting is Anti-Social Behaviour, (ASB). This will provide the Board with detailed information about the prevalence of ASB across the borough as well as presentation(s) from the relevant services which will detail our combined responses.
- 1.3 The accompanying pack will outline both the ASB data landscape, as well as the activities and interventions that are currently being delivered across the borough.

2. Recommendations

That the Board:

- 2.1 Note the opportunities and challenges in dealing with Anti-Social Behaviour and the impact that this has on our communities as well as the demands that this places on service delivery.
- 2.2 Consider actioning any recommendations or suggestions that may arise from the broader discussions to reduce the impact and demand on service delivery.

5. Background information

- 5.1 Haringey has a signed agreement with the Mayor's Office for Policing and Crime to contribute to tackling the mayor's priority crimes. The agreement is accompanied by a grant of £553K per year for 2022-2025. This is allocated across seven areas: Drug treatment intervention to reduce reoffending; an integrated Gang Exit Programme; Hate crime prevention; Advocacy and support

to victims of domestic violence; Cross-borough support to ASB victims and witnesses (Haringey and Enfield); A dedicated Pentonville Prison worker; Gangs outreach training.

- 5.2 Quarterly returns are required which give considerable detail about our expenditure and performance to date. Haringey has an excellent reputation for compliance on both fronts.
- 5.3 Performance monitoring occurs in between Community Safety Partnership board meetings and attendance includes the holders of KPIs, the budget holders and statutory partners such as the police.

6. Contribution to strategic outcomes

- 6.1 This work contributes to the Mayor of London's Policing and Crime Plan and the Haringey Community Safety Strategy. It will also help to deliver Haringey's Borough Plan, Young People at Risk strategy, as well as the North Area Violence Reduction Group (NAVRG), Violent Crime Action Plan and the Community Safety Strategy.
- 6.2 Officers and partners work strategically across related work areas and boards such as Youth Offending, Safeguarding Children and Adults, Health and Wellbeing, Tottenham Regeneration, Early Help and the Community Strategy.

7. Statutory Officers comments (Chief Finance Officer (including procurement), Assistant Director of Corporate Governance, Equalities) n/a

Finance and Procurement

The LCPF funding supports existing Community Safety workstreams. Quarterly returns are required which give considerable detail about our expenditure and performance to date. Haringey has an excellent reputation for compliance on both fronts.

Equality

There is an inherent impact on equalities of much of our community safety work and this is presented and discussed at the Community Safety Partnership meetings. This includes the peak age of offending being between 16 and 24; a very high percentage of young black males (mostly of African-Caribbean origin) involved in street-based violence (approx. 80%); the impact of domestic and sexual violence on women and girls; high concentrations of crime occurring in areas of deprivation; and vulnerable individuals and communities becoming victims of hate crime.

This report considers the areas of challenge in direct correlation with the impact on victims, especially vulnerable victims. In this respect, significant attention is being given to the disproportionate impact.
