Following on from the discussion on matters relating to Finsbury Park that took place at our Forum meeting on 20 September 2013, this is an opportunity to receive an update on issues that were raised, including: public safety, frequency of use and the impact on the park and the public as a result of large-scale events; stake-holder meetings and distribution of income.

**- Alexandra Palace: Regeneration Consultation (7.45 – 8.05pm)**

Presentation on the master-plan for the regeneration of the Palace. Since the Trust last undertook a major public consultation in 2012, it has made great progress in developing the ideas which received strong backing then. In May 2013 the Trust were granted a 'Round 1' pass by the Heritage Lottery Fund for a major grant to allow it to re-open its

historic Victorian theatre, and to create a new visitor attraction and learning centre celebrating the birth of broadcast television in the former BBC studios. The Trust is now working with its design team, led by internationally celebrated architects Feilden Clegg Bradley, to detail these plans, and would very much like to share the emerging picture with the local community, and assess support for different elements of the design.
