## Notes for Guidance

**This application cannot be used to vary the licence so as to extend the period for which the licence has effect or to vary substantially the premises to which it relates. If you wish to make that type of change to the premises licence you should make a new premises licence application under section 17 of the Licencing Act.**

1. Describe the premises. For example the type of premises, its general situation and layout and any other information which could be relevant to the licensing objectives. Where your application includes off-supplies of alcohol and you intend to provide a place for consumption of these off-supplies you must include a description of where the place will be and its proximity to the premises.
  2. Where taking place in a building or other structure please tick as appropriate. Indoors may include a tent.
  3. For example state the type of activity to be authorised, if not already stated, and give relevant further details, for example (but not exclusively) whether or not music will be amplified or unamplified.
  4. For example (but not exclusively), where the activity will occur on additional days during the summer months.
  5. For example (but not exclusively), where you wish the activity to go on longer on a particular day i.e Christmas Eve.
  6. Please give timings in 24 hour clock (e.g. 16:00) and only give details for the days of the week when you intend the premises to be used for the activity.
  7. If you wish people to be able to consume alcohol on the premises please tick 'on the premises', if you wish people to be able to purchase alcohol to consume away from the premises please tick 'off the premises'. If you wish people to be able to do both please tick 'both'.
  8. Please give information about anything intended to occur at the premises or ancillary to the use of the premises which may give rise to concern in respect of children, regardless of whether you intend children to have access to the premises, for example (but not exclusively) nudity or semi-nudity, films for restricted age groups, the presence of gaming machines.
  9. Please list here steps you will take to promote all four licensing objectives together.
  10. The application form must be signed.
  11. An applicant's agent (for example solicitor) may sign the form on their behalf provided that they have actual authority to do so.
  12. Where there is more than one applicant, both applicants or their respective agents must sign the application form.
  13. This is the address which we shall use to correspond with you about this application.

Licensing Consultation - Internal Memo

To: Licensing Officer

From: Enforcement Response Officer (Noise)

Name of Officer preparing representation: Lamin Tamba

cc: Team Leader Enforcement Response, Derek Pearce

Our Reference: WK/000183687

Date: 09 February 2010

Premises: La Barca, 685 High Road, Tottenham, London, N17 8AD

Type of application: Variation

I would like to confirm that I have considered the above proposal with regard to the prevention of public nuisance on behalf of the Enforcement Response (Noise) Team & would like to make representations to the Application

Having examined this application, and inspected the premises, the applicant agreed that the premises has poor sound insulation properties and has agreed that the operating schedule does not address the prevention of public nuisance from:

- airborne entertainment noise
- Structure borne noise or vibrations from entertainment

- Noise generated by patrons in external areas of the premises
- Noise generated from patrons queuing to enter
- Noise from patrons exiting the premises
- Noise generated from deliveries

However, the applicant expressed his desire to operate regulated entertainment until 02:00 as advised, then carry on providing late night refreshment until 04:00.

Based on my experience of the area and the information on the application documents I would strongly recommend that all licensable activities cease no later than 02:00. The proposed operating hours are inappropriate due to the close proximity of residential dwellings and potential of new noise sources in an area that has currently enjoys the peace and quiet after 02:00.

The noise caused by patrons exiting the premises and locating suitable transport home is likely to be detrimental to the residential amenity. This may be exacerbated by the inability of the premises to contain noise generated from regulated entertainment.

#### Supporting Information

There is no history of noise nuisance at the premises

If the sub-committee were to grant this application then we would recommend the following alterations/conditions to the operating schedule:

#### Operating hours

That the premises closes no later than 02:00

That regulated entertainment ceases at 01:30

Reason: The premises has two large glass windows/walls. One is approximately 1.5 x 2.5 metres in size and is situated on the east perimeter wall of the premises, and the other one is approximately 3-4 m x 2.5 metres in size. Both walls/windows have shutters on the outside. The ceiling also has window which is about 1x1 metre in size. All three windows are not built to attenuate noise levels that could potentially be emitted from the premises even with the shutters fully shut.

Besides, this premises has no lobbied door and this is essential if noise break-outs are to prevented.

#### Prevention of nuisance from noise / vibration

All doors and windows will remain closed during the licensed regulated entertainment activities or in any event after 11pm. The entrance door will be fitted with a self-closing device and staff required to

ensure that it is not propped open. A member of staff shall be made responsible to ensure the door is opened for as brief a period as possible. Where necessary adequate and suitable mechanical ventilation should be provided to public areas

Entry to the premises will be restricted to front entrance only whilst the premises is being used for regulated entertainment licensed activity

Entrance/exit from the premises whilst regulated entertainment licensable activities are ongoing shall be via a lobbied door to minimise noise breakout.

The regulated entertainment licensable activity shall conclude 30 minutes before the premises is due to close to prevent excessive noise breakout as the premises empties

Other doors e.g. fire doors

All other windows/doors/shutters will be fitted with an alarm that instructs staff when the door has been opened

Structure borne noise

All speakers are mounted on anti-vibration mountings to prevent vibration transmission of sound energy to adjoining properties

Sound limits

The licensee shall ensure that no music played in the licensed premises is audible at or within the site boundary of any residential property. This includes both live and recorded music.

All regulated entertainment amplified activity will utilise the in-house amplification system, the maximum output of which is controlled by the duty manager. Live performances that cant be routed via the in-house sound limiter will have their noise levels monitored by the Licensee to ensure that no nuisance is caused.

The level of amplified regulated entertainment shall be controlled by means of A limiting device set at a level which upon request may be agreed with the licensing authority

Outside Areas

No music will be played in, or for the benefit of patrons in external areas of the premises

No form of loudspeaker or sound amplification equipment is to be sited on or near the exterior premises or in or near any foyer, doorway, window or opening to the premises

Signs shall be displayed on the frontage requesting patrons to recognise the residential nature of the area and conduct their behaviour accordingly. The management must reserve the right to ask patrons to move inside the premises or leave if it is felt that they could be disturbing neighbours

The frontage will be closed and patrons requested to come inside the main structure of the premises at 23:00

#### Deliveries and collections.

Deliveries and collections associated with the premises will be arranged between the hours 08:00 and 18:30 Mon- Sat, so as to minimise the disturbance caused to the neighbours

#### Plant and machinery

All plant and machinery is correctly maintained and regularly serviced to ensure that it is operating efficiently and with minimal disturbance to neighbours arising from noise

#### Dealing with complaints

A complaints book will be held on the premises to record details of any complaints received from neighbours. The information is to include, where disclosed, the complainant's name, location, date time and subsequent remedial action undertaken. This record must be made available at all times for inspection by council officers

#### Patrons entering/exiting premises.

There will be no queuing outside the premises.

Where people queue to enter the premises a licensed door supervisor shall supervise and ensure the potential patrons behave in an acceptable manner

Signs should be displayed requesting patrons to respect the neighbours and behave in a courteous manner

When the premises turn out a licensed door supervisor shall supervise patrons and ensure they leave in a prompt and courteous manner, respecting the neighbours

A licensed door supervisor will be positioned on the exit door to ensure, as far as reasonably practical, that patrons do not leave drinks

A licensed door supervisor will patrol the cartilage of the premises to prevent patrons urinating in public areas in the vicinity of the premises

#### Prevention of nuisance from litter

Adequate receptacles for use by patrons will be provided in the local vicinity. The positioning of the receptacles will be agreed with the licensing officer

#### Prevention of Nuisance from Odour

All ventilation and extraction systems shall be correctly maintained and regularly serviced to ensure that it is operating efficiently and with minimal disturbance to neighbours arising from odour

#### Prevention of nuisance from light

Illuminated external signage shall be switched off when the premises is closed

Security lights will be positioned to minimise light intrusion to nearby residential premises.

Further to our representation in which we indicated that there was no history of noise nuisance at the premises I am writing to clarify the position.

On 31<sup>st</sup> October 2010 at 02:21 a complaint was received from a resident of Ruskin Road.

A visit was made at 03:40 and the premises were found to be open and playing loud live music.

The manager stated to the duty officer that they were having a private event. The officer explained that the premises should be closed by 00:30 and they have no licence for regulated entertainment. The officer requested that the music be turned down.

Following this visit the officer sent the attached letters.
