MH73 – Area Plans (SEE ITEM 7 – MH92 below)

MH80 (i) WALKSAFE N10

The Chair advised that the Council had agreed to extend the 20mph zone to Coppetts Road which was the main route past Coldfall and Coppetts Wood Primary Schools. This work had now been completed together with some resurfacing and replacement speed cushions.

The Chair reported that Cllr Newton had requested some further signage and some works to the pedestrian crossing and mini roundabout junction with Creighton Avenue to make drivers more aware of the new speed limit and to make the pedestrian crossing safer.

NOTED

MH80 (ii) OVERCROWDING ON BUS ROUTES

Overcrowding of 43 and 134 between Colney Hatch Lane and Highgate Station in morning peak. TfL did a loading survey on MH Broadway on 1 May 2013 for 1 hour which didn't evidence people left behind. TfL did ask for further evidence.

Local Cllrs carried out a door-to-door survey to ask about overcrowding. The streets surveyed were Church Crescent, Woodland Gardens, Onslow Gardens, Woodland Rise, St James's Lane, Hillfield Park, Grand Avenue, Firs Avenue and Muswell Hill Road between 11–19th January. 84 of the 117 people who said they regularly used 43 or 134 towards Highgate in the morning peak experienced overcrowding especially between 8 and 8.30am. This evidence has been forwarded to TfL who have promised an early response.

NOTED

MH85 – POLICE ISSUES

The Chair advised that Cllr Newton had written to the Borough Commander regarding the number of police in Borough and received the following response on 18 October 2013:

'The implementation of the Local Policing Model kept the number of officers funded for the borough the same; at 654. The Model allocated an increased number of posts for officers in the main Neighbourhood Policing Teams (known locally as clusters) to 117 Constables. In total there are 180 police officer posts for Neighbourhood Policing, including all the supervisory staff, the borough tasking team and the schools and partnership officers. At the moment the main Neighbourhood Policing Teams are 9 Constables short of the 117, and 9 Sergeants. The borough has already received 5 new Constables who started on the

Neighbourhood Policing Teams a few weeks ago, and are currently expecting to receive an additional 11 between 22nd January and 10th February - all of these new officers will go to Neighbourhood Teams.'

The Chair felt that it was appropriate to seek an update from the Borough Commander.

ACTION : Cllr Newton to write to the Borough Commander to ask for an update.

Parking Charges

The Chair had received and circulated a reply from Cllr Bevan – Cabinet Member for Environment to her letter containing the resolution at the Committee on 23 September 2013 – There would be no change to Council Policy.

NOTED

Parking Cross-overs

The Chair reported that in response to her written enquiries to Tony Kennedy his response was that approval of cross-over applications were subject to the applicant meeting and agreeing to the set of criteria. The Council had refused a number of applications that did not meet the criteria and would also check compliance when installing approved crossovers. Mr Kennedy had further advised that he was still investigating the actual numbers and would update the Chair once information was available.

NOTED

The Chair also advised that Mr Kennedy was seeking information for figures relating to enforcement action for crossover infringement in each of the Area Forum Wards over the past three years. Mr Kennedy had also advised that Neighbourhood Action Team (NATs) officers would issue residents and businesses verbal/written warnings for crossover infringements and in certain instances proceed to formal action.

NOTED

ROAD SAFETY

The Chair advised that in respect of the junction at Colney Hatch Lane with Alexandra Park Road and Pages Lane, CrossSafe N10 were running a petition and would be coming to the next Forum meeting on 12 March 2014.

FEEDBACK FROM AREA FORUM PART OF THE PROCEEDINGS

(i) Planning Draft Site Allocations

Noted comments from Cllr Allison that the draft document should be circulated to as many people as possible to ensure maximum viewing.

ACTION: Ward Councillors to circulate a link to the consultation to local Residents Groups

(ii) Licensing Issues

Councillor Scott advised that, in summary, in terms of the discussions during the Forum part of the proceedings the concerns that were reported highlighted the fundamental issues of current licensing law and that these concerns were legitimate in regard to a need for the law to be changed. The issue of evidence gathering was vital in terms of identifying when the public left licensed establishments and the nuisances caused by them, and the lack of adequate control by the licensees.

Councillor Scott urged that Councillors assist residents in respect of diarising, and cataloguing events, and the anti-social behaviour emanating therefrom in order to be able to present such information to the authorities to back their claims.

The Chair felt that it would be useful for Ward Cllrs to alert local residents to applications that might impact upon them.

ACTION : That officers be requested to ensure that Ward Cllrs remain aware of information relating to licence applications in their areas in order to assist Ward Cllrs in keeping residents informed.

(iii) NORTH HILL TRAFFIC ISSUES

Noted – the excellent presentation by Richard Webber on the issues of out-of-date and contradictory signage, traffic and speeding.

Noted comments by Members relating to the probability of the old signage being removed.

Noted that a petition for pedestrian crossing facilities had been put out by local residents for signature.

ACTION : The comments of attendees to be taken back to Tony Kennedy by Michael Demesthenous for response to the

<p>MH92.</p>	<p>AREA PLAN UPDATE</p> <p>The Chair referred to the circulated abridged Area Plan and that the document highlighted aspirations as well as a number of ongoing issues. The Chair advised that she had sent the document to the Area Champion for distribution to relevant senior officers. In terms of the overall contents the document was a living one – to be added to by Ward Councillors i.e, the North Road issue.</p> <p>i. Councillor Jenks commented that the document was a way to highlight in particular traffic issues. The Chair asked that any further additions or changes to be sent to her.</p> <p>Councillor Jenks referred to the issue of the 20mph consultation and issues highlighted regarding perceived need for 20mph in residential and town centre areas. Councillor Jenks also referred to the issues such as requests for Zebra crossings and that for such requests members needed to keep on lobbying for this type of request because there could be achievements even when told that there was no budget for such things e.g. the recent WalkSafe campaign etc.</p> <p>ii. Councillor Solomon commented on the traffic issue and HGV problem at Palace Gates Road, which needed to be looked into and that this issue needed to be added to the list.</p>
