

LATE BUSINESS SHEET

Report Title: 2015/16 Final Outturn - Item 9

Committee/Sub etc: Cabinet

Date: 14th June 2016

Reason for lateness and reason for consideration

Cabinet are required to approve carry forwards for revenue and capital budgets. There was not a recommendation to do this specifically in the report at item 9. The revenue carry forwards were already contained in appendix 1 of the report. However the capital carry forwards were inadvertently omitted from the report, at item 9, and are now attached as appendix 2.

Cabinet are asked to approve a new recommendation as item 3.4 and agree revenue carry forwards, at appendix 1, and capital carry forwards at appendix 2.
