1. Active Community Life	<p>Make better use of existing community buildings</p> <p>Explore potential for communities to rent space at an affordable price</p> <p>Ensure that Hornsey Town Hall, when re-opened, has adequate access for community based groups catering for young and older people.</p>	<p>The Council is undertaking a review of Council buildings leased to community organisations to improve support for Haringey's voluntary sector (in line with the Voluntary Sector Strategy). Key issues the Building Review will consider are;</p> <p><u>Building condition</u> – generally the portfolio is considered to be in poor state of repair overall, with limited capacity to invest</p> <p><u>Community use</u> – some buildings could be made more generally available as a flexible resource</p> <p><u>Utilisation</u> – some buildings are under-utilised due to limited opening hours, constraints to flexibility in uses and building condition</p> <p>The approach to the Buildings Review is as follows:</p> <ol style="list-style-type: none"> 1. Assess the building stock condition and utilisation of the buildings and other Council properties available for community use 2. Evaluate all buildings to identify opportunities for redevelopment and 	Dinesh Kotecha – Property Services Manager

1. Active Community Life (cont)		<p>consider disposal options that could help realise or contribute to other Council objectives relating to regeneration and housing and employment</p> <p>3. Develop options for increasing the efficiency and effectiveness of community building assets.</p> <p>Recommended that outcome of Review is considered as part of future Area Forum agenda</p>	
	Encourage local traders to offer work placements / apprenticeships	<p>This is currently done through Town Centre Business Group meetings. It will also be an element of the new employment programme being launched in 2012 whereby the Council will work with local businesses to create new employment and skills opportunities. The new Employment Programme (particularly the job creation element where a minimum of 200 new jobs will be created in partnership with businesses) will include apprenticeships leading to Level 2/3 qualifications. The job creation scheme will include a wage subsidy to small and medium sized enterprises to create new jobs for local unemployed people with incentive payments if the job lasts 9 months and 12 months. 	Review potential use of empty buildings to increase community provision	<p>Council owned shops becoming vacant are generally re-let in a reasonable time period. These are advertised on the Council's website and are available for any organisation to apply for the lease on the terms appropriate for the property.</p> <p>As regards leasing empty properties for community use generally, the Council is under an obligation to get the best consideration from leasing or disposal of properties. Generally this means that the Council should seek to achieve market rents for the proposed use. Where a property or space is likely to remain vacant for a period of time the Council considers interim uses which might include short term community lets.</p> <p>As part of the Community Buildings Review and in view of the number of Council occupied properties expected to become vacant a formal approach for this</p>	Dinesh Kotecha – Property Services Manager

2. Support for Business Community	<p><u>Local Traders:</u></p> <p>Explore rent subsidies / business rate caps for independent shops</p> <p>Improve direct links between traders and Council</p> <p>Scope the potential for a Farmers Market in Crouch End</p>	<p>Businesses can apply for rate rebates. However, vacancy rates and variety in Crouch End & Hornsey is healthy.</p> <p>The Council supports local traders through the local Town Centre Business group. Proposals for a potential farmers market in Crouch End would have to be put to this group.</p>	Nick Powell – Head of Carbon Management and Sustainability
	<p><u>Hornsey High Street:</u></p> <p>Recruit a Town Centre Manager to promote the area, liaise with traders, Council and TfL and generate new opportunities</p> <p>Regeneration of Hornsey Town Hall</p>	<p>The Council supports the local Town Centre Business group, who undertake this sort of activity for the High Street.</p> <p>Hornsey Town Hall is a priority for the Panning Service.</p>	Nick Powell – Head of Carbon Management and Sustainability

5. Housing	Prioritise affordable housing planning policy (Review the proportion of affordable housing to achieve maximum delivery)	Performance of the Council's affordable housing planning policy is monitored annually. Should the Council wish to review the proportion of affordable housing this could be achieved via the Development Management Development Plan Document (DM DPD) currently due to go to Cabinet in December 2012 for adoption in October 2013.	Nick Powell – Head of Carbon Management and Sustainability & Sule Nisancioglu – Group Manager
	Explore use of mediation services to resolve disputes with developments	The Planning Service does promote this.	Nick Powell – Head of Carbon Management and Sustainability
	Contribute to Shelter campaign on rogue landlords	The Housing Improvement Team respond to all referrals regarding housing conditions in the private sector and take enforcement action in the worst cases.	Steve Russell – Manager, Housing Improvement Team (Private Sector)
6. Parks, Green Space and Greener	<p>Develop a “Finsbury Park Accord” led by a multi-agency forum, to look at: commercial use of parks, licensing of events, planning, transport, noise, health, ASB</p> <p>Establish an Officers and Users Park Group</p>	<p>Leisure Services will investigate the suggestion of a Finsbury Park multi-agency group.</p> <p>A Friends of Finsbury Park group already exists that Officers attend. In addition there is a borough wide forum for friends group, which officers also attend. Cllr Canver (Cabinet Lead – Neighbourhoods) hosts a regular parks summit to which officer, partners and friends are invited.</p>	Simon Farrow – Head of Client Services

6. Parks, Green Space and Greenery (cont)	Undertake a mapping exercise to defend Parkland Walk boundaries and identify thefts and losses	NOT FEASIBLE: This is not in accordance with agreed Council policy or achievable from currently available resources.	Paul Ely – Head of Commissioning Services, Leisure Services
	Create an online database that details street trees to be removed and when they will be replanted	The Tree Strategy will be updated in 2012 and this proposals will be considered. Suggested that an update is provided as a future Area Forum agenda item.	Simon Farrow – Head of Client Services
	Identify more food growing spaces (in schools, community gardens or individual plots) and make creative use of vacant space	An Allotment Review during 2012/13 will seek to identify new food growing opportunities within Parks and Open Spaces. Suggested that an update is provided as a future Area Forum agenda item.	Simon Farrow – Head of Client Services
	Audit of current open space and usage levels to determine if action is needed to encourage better use	Leisure Services undertake a review of the Parks Management plan every 3 years. This review is due to take place in 2012/13 and an audit is part of the review activity. Suggested that an update is provided as a future Area Forum agenda item.	Simon Farrow – Head of Client Services
7. Planning & Development	Encourage / incentivise developers to contribute to local community through	This is encouraged via the existing planning process. Live / work is supported in principle.	Nick Powell – Head of Carbon Management and Sustainability

	Review and improve conservation area design guidance (e.g. shop-front quality)	The Planning Service is reviewing Conservation Area Guidance in 2012/13.	
	Conservation Area Advisory Committees need to be re-invigorated with new members	This is for Conservation Area Advisory Committees to do.	
	Review and minimise use of satellites on buildings	A policy already exists to minimise the use of satellites on buildings in a Conservation Area. The Council has less Enforcement Officer resource than in previous years so residents are asked to support enforcement by reporting concerns.	
	Review and minimise use of cycle sheds in front gardens	At present this is not a consideration of the Conservation Area Guidance (but this document is being reviewed during 2012/13). The service will require more information on

		how wide-spread this issue is as restrictions need to be considered against the Council's commitment to promote cycling.	
8. Public Realm	<u>Pavements:</u> Respond to residents February 2012 street audit of Crouch End Repair / replace pavements outside Budgens and Tesco in Crouch End (in more traditional paving)	Audit was undertaken in February 2012. Officers are reviewing resident concerns and will include activity that can be undertaken as part of this area plan. Unable to commit to this due to unknown level of funding beyond 2012/13 and that funding has already been allocated to other locations.	Tony Kennedy – Sustainable Transport Manager
	<u>Lighting:</u> Review lighting standards and repair criteria – find out what happened to the original 'replacement programme'	The Council operates to European lighting standards. A report on past replacement programmes will be compiled for the Area Forum & Committee to consider at a future Area Forum. Residents to note that 2012/13 will see the replacement of some cast iron lighting columns in Crouch End.	Tony Kennedy – Sustainable Transport Manager
	<u>Dogs:</u> Investigate possibility of more dog waste bins	Requests for more dog bins will be considered but residents need to identify prospective sites	Michael McNicholas – Neighbourhood Action Team Manager

9. Transport & Connectivity (cont)	junction	<p>known as DIY Streets, to engage residents and traders. For 2012/13 we will be investigating locations in the Harringay and Hornsey wards. The Stroud Green neighbourhood will be placed on our list for consideration with developing our Local Improvement Plan (LIP) for 2014 – 2017.</p> <p>The junction of Stapleton Hall Road and Ferme Park Road will be investigated as part of the Council's 2012/13 Road Safety programme.</p>	
	Introduce "traffic management zones" where speed and parking permissions are standardised (instead of areas where speed limits change)	<p>The consideration of speed limits and parking permissions must take account of the existing road conditions. It would not be possible to standardise parking controls for an area as there will be requirements for different operating hours to reflect the road layouts, for example double yellow lines at junctions. It is possible however to review existing restrictions to assess if they are meeting the needs of the area and amend accordingly.</p> <p>The Council does not currently support the introduction of a blanket wide 20mph limit due to enforcement limitations. We will however consider 20mph zones for residential areas to provide a standard speed limit throughout the</p>	Tony Kennedy – Sustainable Transport Manager

	Investigate potential for improved/increased traffic management on Nightingale Lane	Our priorities for investment over the next year are set out in our Sustainable Transport Works Plan, which has been agreed by Cabinet. Where funding has not been allocated to specific schemes, such as road safety funding, we do keep a list of such requests and then seek lead member approval for the highest priority schemes, which is normally based on those with the highest concentration of accidents which have resulted in a fatality or serious injury. Nightingale Lane is not considered a priority at this present time.	Tony Kennedy – Sustainable Transport Manager
	Evaluate Controlled Parking Zones (CPZs) and publish findings	The Council has not formally evaluated the CPZs in Crouch End. There is an agreement to do so in line with the Hornsey Town Hall redevelopment and this is included in the S106 agreement. However, since implementation our engineers have undertaken a technical evaluation surveying the area, which indicated that parking pressure has been alleviated during the operational hours. The formal evaluation will be more detailed.	Gary Weston – Traffic Management
