

COUNCIL MEETING - 2 FEBRUARY 2004

Amendment to Motion O (2003/04)

Delete all after "This Council notes" and replace with:

"...that Haringey Council has been under-funded by the Labour Government in recent years. The Council notes that this year's budget settlement will result in a significant financial shortfall which has been caused by a range of formulaic changes, resulting in a 3.7% increase - well below the national average. This Council therefore calls on a fundamental review of local government finance and the scrapping of the unfair Council Tax, which penalises many in Haringey. The Council further notes lobbying by the Council for additional funds has so far been of limited success and therefore calls for a concerted campaign for fair funds for Haringey."

Proposed by Cllr Neil Williams

Seconded by Cllr Ron Aitken
