Originally it was expected that Housing Zone funding would be used to increase the level of affordable housing within the Cannon Factory development beyond the approved planning position, Notting Hill Genesis are no longer intending to take this forward which has reduced the expected provision. However, the target of 40% is still very close to being achieved.

Amendments to paragraph 7.1.1 – Community Infrastructure Levy calculation

The updated community infrastructure levy (CIL) figures given a CIL liable residential floor area of 13,904.10sqm and a CIL liable commercial floor area of 174sqm would be £289,761 for Haringey CIL (based on a CIL rate of £20.84 per sqm for residential floor space) and £868,135 for Mayoral CIL (based on a CIL rate of £60.36 per sqm for residential floor space and £166 per sqm for commercial floor space).

The total CIL payment would therefore be £1,157,897.
