Title: Updates to the Constitution - Part Five Section E – Planning

Protocol

Report

Authorised by: Fiona Alderman Director of Legal and Governance and

Monitoring Officer

Lead Officer: Rob Krzyszowski, Director of Planning & Building Standards

Ward(s) affected: All

Report for Key/

Non Key Decision: Non Key Decision

1. Describe the issue under consideration

To consider changes to the Planning Protocol to ensure good practice is followed when members determine planning applications, processes followed are transparent and assist resident involvement in those determinations. These proposals are put forward following discussion and steer at the Constitution Working Group.

2. Cabinet Member Introduction

Not applicable.

3. Recommendation

3.1 To consider the proposed changes to the Planning Protocol shown in track changes in Appendix 2 attached to this report and recommend adoption of those changes in the clean version of the Planning Protocol in Appendix 3 by Full Council on 24 November 2025.

4. Reasons for decision

If the proposed changes are adopted this would ensure the Planning Protocol in the Constitution remains up to date and consistent with good governance.

5. Alternative options considered

The alternative would be to not update the Planning Protocol which is not considered appropriate as it will not ensure the Planning Protocol in the Constitution is up to date and fit for purpose.

6. Background information

6.1 The Planning Protocol at Part Five Section E of the Council's Constitution was last updated over 8 years ago in 2017.

Good practice guidance

- 6.2 Since 2017 there have been a number of good practice guidance documents which have been published, which have been considered when proposing the changes to the Planning Protocol in Appendix 2, including:
 - Local Government Association (LGA) Planning Advisory Service (PAS)
 Probity in Planning: Advice for councillors and officers making planning decisions (December 2019)¹
 - Royal Town Planning Institute Probity and the Professional Planner: Practice Advice (January 2020)²
 - Lawyers in Local Government The Members Planning Code of Good Practice (January 2024)³

Independent Planning Service Peer Challenge

6.3 In 2023 the Council invited LGA/PAS to undertake an independent Planning Service Peer Challenge, which included considering the Council's planning processes including those of the Strategic and Planning Sub Committees. The Peer Challenge report was received in November 2023 and the Council's Cabinet in March 2024 endorsed the report and approved an Action Plan in response to the report. Whilst the report and Action Plan did not have any recommendations or actions specifically regarding the Strategic and Planning Sub Committees, the report did state:

"Committee is a very good example of how public facing planning committees are run. The role of the planning committee Chair is recognised as a key role. The present Chair is well respected, well informed, clear in managing the process of decision making."

"members of the committee work respectfully with each other, the Chair, and officers. The planning case officers are well respected and treated professionally by the committee members in the meetings and were considered helpful by planning committee members we spoke with. Officers are professional & responsive to questions that are raised by the committee members and the interactions between officers and members appear professional & courteous"

Consultation with Members

- 6.4 In preparing the proposed new Planning Protocol, Members of the following groups have been consulted:
 - Constitution Working Group (informal)
 - o February 2024
 - o June 2025
 - o October 2025
 - Strategic Planning Committee
 - o February 2024
 - October 2025 (informally via email)

Government reforms to planning

- 6.5 The government has an ongoing programme of reforms to the planning system, which are regularly reported to the Strategic Planning Committee as appropriate.
- In particular, a strand of these reforms includes 'Modernising Planning Committees'. The government published a Working Paper⁴ on this in December 2024 and a Technical Consultation⁵ in May 2025. The government has also introduced the Planning and Infrastructure Bill⁶ in Parliament which is passing through the relevant parliamentary procedures and includes provisions relating to the modernisation of Planning Committees, and is expected to receive royal assent in late 2025 / early 2026. These reforms were reported to the Strategic Planning Committee at its meetings in February 2025 and July 2025.
- 6.7 Whilst these reforms are significant, Haringey has already been implementing many of the Government's proposals regarding Planning Committees for many years prior. As noted by the Planning Service Peer Challenge report Haringey's Committee "is a very good example of how public facing planning committees are run". Therefore, the government's reforms to planning are not considered a reason to delay making changes to the Planning Protocol. It is considered that the proposed new Planning Protocol will put the Council in a good position for upcoming reforms and ensure it continues to be at the forefront of best practice.

Key changes

- 6.8 The changes in the proposed new Planning Protocol include:
 - General updates and 'tidying up'
 - Removing duplication / inconsistency with the wider Constitution and Member Code of Conduct

⁵ www.gov.uk/government/consultations/reform-of-planning-committees-technical-consultation/reform-of-planning-committees-technical-consultation

⁶ https://bills.parliament.uk/bills/3946

- Clarifying of the running order for determining planning applications at relevant Committee meetings
- Clarifying officers' ability to refer applications to Planning Sub Committee
- Clarifying that planning decisions cannot be made on a party-political basis
- Introducing a new 'Strategic Planning Briefing' as part of Member engagement at early stages of pre-application advice to improve the quality of applications, as encouraged by government and best practice guidance, with associated transparency measures
- Renaming 'Development Management Forum' to 'Planning Forum'
- Clarifying the process for petitions
- Clarifying a step-by-step process for motions, including those contrary to officer recommendation
- Clarifying the approach for deferrals

7. Contribution to strategic outcomes

The Planning Protocol and planning service supports the Council's Vision of being "A place where we can all belong and thrive", in particular by supporting the delivery of its "Calls to action" of "Safe and affordable housing" and "Thriving places". Updating the Planning Protocol supports the ambition of the Haringey Deal of "Getting the basics right".

8. Statutory Officers comments (Chief Finance Officer (including procurement), Director of Legal and Governance, Equalities)

Finance

8.1 There are no resources implications from these changes.

Legal

8.2 Section 9P of the Local Government Act 2000 requires local authorities to prepare and keep up to date constitutions containing their standing orders, code of conduct for members, any other information they considered appropriate, which Article 4.02 of the Constitution provides only Full Council can adopt and change.

The Constitution Working Group, which sits outside the Council's Constitution, is a discussion forum which considers changes to the Constitution before they are submitted to the Standards Committee for its consideration and recommendation to Full Council.

The decision to recommend the changes to the Planning Protocol in Appendix 3 is a decision that the Standards Committee can take pursuant to Article 9.03 of the Constitution.

Equality

- 8.3 The council has a Public Sector Equality Duty (PSED) under the Equality Act (2010) to have due regard to the need to:
 - Eliminate discrimination, harassment and victimisation and any other conduct prohibited under the Act
 - Advance equality of opportunity between people who share protected characteristics and people who do not
 - Foster good relations between people who share those characteristics and people who do not
- 8.5 The three parts of the duty apply to the following protected characteristics: age, disability, gender reassignment, pregnancy/maternity, race, religion/faith, sex and sexual orientation. Marriage and civil partnership status applies to the first part of the duty.
- 8.6 Although it is not enforced in legislation as a protected characteristic, Haringey Council treats socioeconomic status as a local protected characteristic.
- 8.7 The decision to amend the Planning Protocol is likely to positively impact all users, including those that may find the process complex by making it easier and clearer regarding how residents can engage with the Planning Sub Committee processes e.g. through clarifying the Committee running order, clarifying the process for petitions, and renaming 'Development Management Forum' to 'Planning Forum' to avoid jargon and use more 'plain English' language. This decision does not change how people and communities are consulted on planning applications and this will continue as per existing procedures. Support will continue to be provided to ensure the process is accessible with mitigations (if needed) such as paper forms, support over telephone etc.

9. Use of Appendices

Appendix 1 – Existing Planning Protocol 2017

Appendix 2 – Proposed Planning Protocol 2025 – tracked changes version

Appendix 3 – Proposed Planning Protocol 2025 – clean version

10. Local Government (Access to Information) Act 1985

Council Constitution

Planning Protocol 2017

1. PURPOSE OF THE PROTOCOL

- 1.01. This Protocol has been adopted by Haringey Council to ensure the highest standards of probity in the performance of its planning function.
- 1.02. Consistency, fairness and openness are important qualities for any regulatory function in the public eye and they are vital to the conduct of a planning committee. Adherence to the Protocol is intended to build public confidence in the Council's planning system.
- 1.03. The purpose of the Protocol is:
 - (a) to state how the Members of the Planning Sub-Committee will exercise those functions, including behaviour in relation to applicants, residents and other third parties;
 - (b) to ensure a consistent and proper approach by all Members to the exercise of planning functions;
 - (c) to ensure applicants and their agents, residents and other third parties are dealt with by Members consistently, openly and fairly;
 - (d) to ensure the probity of planning transactions and the high standards expected in public office; and
 - (e) to ensure planning decisions are made openly, fairly and in the public interest, in accordance with legislation and guidance.
- 1.04. This Protocol relating to planning matters is intended to be supplementary to The Members' Code of Conduct (Part Five Section A of the Council's Constitution). The Localism Act 2011 sets out a duty for each local authority to promote and maintain high standards of conduct by councillors and to adopt a local code of conduct. The Council adopted a Code of Corporate Governance in July 2008 which was updated in July 2013 and contains 6 key principles based on the Nolan Committee on Standards in Public Life. The provisions of the Code of Conduct continue to have full force and effect. The purpose of this Protocol is to provide more detailed guidance on the application of the guidance in relation to planning matters.
- 1.05. Copies of this Protocol will be made publicly available online and will be kept under review.

1

2. BACKGROUND TO THE COUNCIL'S PLANNING FUNCTIONS

Determination of Applications

- 2.01. The planning process is governed by legislation, both primary and secondary, and in particular the Town and Country Planning Act 1990 (as amended) ("the 1990 Act"), the Planning and Compulsory Purchase Act 2004 (as amended) ("the 2004 Act"), the Planning Act 2008 and the Localism Act 2011. The National Planning Policy Framework ("NPPF") together with Government guidance set out in the National Planning Practice Guidance provides a policy context for the preparation of statutory plans and the discharge of a Local Planning Authority's functions. In addition, the Courts have also provided a large body of "case law" in respect of planning matters.
- 2.02. Planning law requires the Local Planning Authority ("LPA") to determine all planning applications "in accordance with the development plan unless material planning considerations indicate otherwise" (Section 38(6) 2004 Act). The development plan in Haringey comprises the London Plan together with the Council's local plan and when adopted further local plan documents (e.g. area action plans) and if applicable neighbourhood development plans (together "the Development Plan"). In cases of development involving works within a conservation area, or where the development is likely to affect the setting of a listed building, Section 66 of the Planning (Listed Buildings and Conservation Areas) Act 1990 contains a duty on the Council to the desirability of preserving the listed building or its setting and Section 72 of that Act requires LPAs to pay special attention to the desirability of preserving or enhancing the character or appearance of a conservation area. In accordance with paragraph 197 of the NPPF, in assessing and determining development proposals, LPAs should apply the presumption in favour of sustainable development.
- 2.03. The responsibilities of the LPA must be performed without undue influence or consideration of a personal interest. When determining planning applications Members must only take into account the Development Plan and any material planning considerations. The Members of the authority are elected to represent the interests of the whole community in planning matters. Views relating to material planning considerations expressed by neighbouring occupiers, local residents and any other third parties must be taken into account but local opposition or support for a proposal is not in itself a ground for refusing or granting planning permission.
- 2.04. The planning system does not exist to protect the private interests of one person against the activities of another. The basic question is not whether owners and occupiers of neighbouring properties would experience financial or other impacts as a result of a particular development, but whether the proposal would unacceptably affect

amenities and the existing use of land and buildings which ought to be protected in the public interest.

Enforcement

- 2.05. The purpose of the planning enforcement provisions is to protect the integrity of the planning system and the development control process. Whether to take enforcement action in any particular case and what action to take in the circumstances are matters for the authority's discretion. The existence of a breach of planning control is not in itself grounds for the institution of enforcement action. Paragraph 207 of the NPPF provides that "Effective enforcement is important as a means of maintaining public confidence in the planning system. Enforcement action is discretionary, and LPAs should act proportionately in responding to suspected breaches of planning control. LPAs should consider publishing a local enforcement plan to manage enforcement proactively, in a way that is appropriate to their area. This should set out how they will monitor the implementation of planning permissions, investigate alleged cases of unauthorised development and take action where it is appropriate to do so".
- 2.06. Haringey Council has published a guide to planning enforcement (July 2012) which sets out the Council's approach to the enforcement of breaches of planning control. This will be regularly reviewed and used to guide decisions in respect of planning enforcement by officers and, where required, Members.

Appeals to the Secretary of State

2.07. An applicant who has not received a determination within the requisite period of time; has been refused planning permission or other approval; or who is unhappy with conditions attached to a permission granted, and those responsible for developments the subject of enforcement action, have a right of appeal to the Secretary of State for Communities and Local Government ("the Secretary of State"). If it is shown that the Council's conduct in dealing with the matter was unreasonable, the appellant's costs may be awarded against the Council. The most frequent example of unreasonable behaviour is a failure to substantiate an authority's decision on the relevant planning grounds in the particular case.

Other Powers of the Secretary of State

2.08. The Secretary of State possesses a range of powers which could be exercised where a LPA appears to be making inconsistent decisions or decisions which are seriously in conflict with national and Development Plan policies. This could involve use of the power to "call in" applications, so the application would be determined by the Secretary of State following a public inquiry. A permission granted by the Council can in

- special circumstances be revoked, modified or discontinued. Such decisions may be subject to compensation payable by the Council.
- 2.09. In addition, there is the power in Section 62A 1990 Act (inserted by Section 1 of the Growth and Infrastructure Act 2013) which allows certain applications to be made directly to the Secretary of State, where the LPA for the area has been designated for this purpose. Designation can occur in circumstances where the LPA's performance in terms of its decision making falls short of pre-determined criteria for the timeliness or quality of decisions in respect of major applications. These criteria will be kept under review by the Secretary of State and any changes thereto will be laid before Parliament.

Powers of the Mayor of London

2.10. The Mayor of London possesses a range of planning powers with regards to developments taking place in London. For strategic developments¹, the Mayor has the power to allow the LPA to determine the application itself, direct refusal of the planning application or to take over the application for determination. The London Plan sets out the Mayor's policies and guidance for development taking place within London, in particular major developments or those with London wide significance. The Mayor can in certain circumstances prevent developments going ahead that are inconsistent with the London Plan.

Administration of Planning Functions in Haringey

- 2.11. The performance of the Council's planning function is largely delegated to the Planning Sub-Committee, and to officers of the Council pursuant to arrangements made under Section 101 of the Local Government Act 1972. Approximately 9 out of 10 planning decisions in Haringey are made by officers, through authority delegated to them by the Council. This level of delegated decision making is consistent with other Councils across the Country and allows the majority of planning decisions to be determined promptly, allowing Members of the committee to focus on the most significant and controversial proposals.
- 2.12. Many decisions are made under delegated powers by the Assistant Director, Planning or Head of Development Management in accordance with a scheme of delegation. (See the Terms of Reference of the Planning Sub-Committee in the Constitution).

Planning Applications by Councillors or Officers of the Council

¹ The Town and Country Planning (Mayor of London) Order 2008 sets out the range of applications on which the Mayor should be consulted. These include development of more than 150 dwellings, development of more than 15,000 square metres and buildings over 30 metres high

- 2.13. When a planning application is submitted by a serving councillor; or more senior officers (tier 3 or above); or officers within the planning directorate; or by a close relative or a close friend of either an officer or Councillor; or by a councillor acting as agent for the applicant, the councillor or officer concerned will:
 - take no part in the processing and determination of the application;
 and
 - advise the Monitoring Officer and the Assistant Director, Planning/Head of Development Management of the application.
- 2.14. All such applications will be reported to the Planning Sub-Committee and determined by the Sub-Committee and not by an officer under delegated powers.
- 2.15. The report of the Assistant Director, Planning/Head of Development Management will include confirmation from the Monitoring Officer that these requirements have been met.

Planning Applications by the Council

2.16. Subject to the provisions of the Town and Country Planning General Regulations 1992 planning applications made by or on behalf of the Council will be treated in the same way as those made by or on behalf of private applicants.

Delegation to Officers

- All Planning applications can be decided under delegated powers save for those reserved in the Constitution for determination by Planning Subcommittee.
- 2.18. Where officers are determining applications under their delegated powers, an officer report will be completed which must record the material planning considerations that have been taken into account in the decision making process.
- 2.19. The Planning Sub-Committee will receive, for its information, a regular report identifying the planning applications which have been determined by officers under the scheme of delegation, and the decisions thereon.

Referring applications to the Planning Sub-Committee

- 2.20. All members of the Council receive copies of the weekly list detailing the applications that have been received.
- 2.21. If a Member wishes an application to go before the Planning Sub-Committee rather than be determined through officer delegation, he/she should make this request as soon as possible (and within the 21 day neighbour notification period) and ensure that any such request states

the planning grounds on which it is based. The Assistant Director, Planning/Head of Development Management in consultation with the Chair of the Sub-Committee will consider such requests and whether the application should be referred to the Sub-Committee. The criteria to be used for determining such requests will include:

- whether the proposal is a significant development which has caused substantial local interest;
- where the officer recommendation is for approval contrary to policy in the Development Plan or other adopted guidance; and
- whether the application is recommended for approval. Applications that are to be refused will not normally be determined at planning committee.
- 2.22. The Assistant Director, Planning is responsible and accountable to the Council for the Planning and Development Service which deals with the administration of all planning matters. The Head of Development Management is responsible and accountable to the Assistant Director, Planning for the immediate management of the Council's development management function.

3. APPLICATION OF THE PROTOCOL

- 3.01. The Protocol applies to the conduct of Members in relation to all applications for permission/approval under planning legislation. The Protocol also applies to decisions to take or not to take planning enforcement action. The principles (below) would also apply where consideration was to be given to the inclusion or otherwise of specific proposals within the statutory local plan even when the Sub-Committee was being consulted informally rather than making the final decision.
- 3.02. The Protocol also applies to any other item before the Sub-Committee. This can include the lists of major applications and delegated decisions. For these, as with all items, Members should ensure that all comments they make are appropriate for the Sub-Committee forum, and relate to a Council wide issue or concern that is not better dealt with by raising directly with officers outside of Sub-Committee.
- 3.03. In the following sections references to determination of planning applications should be taken as referring also to all these other matters.

4. THE MEMBERS' CODE OF CONDUCT

4.01. The Members' Code of Conduct ("the Code of Conduct") applies to Members of the Planning Sub-Committee as to all Members of the

Council. The parts of the Code of Conduct on personal and prejudicial interests, the register of those interests and receipt of gifts and hospitality are particularly relevant. Members of the Sub-Committee should also have regard to the general principles of conduct when exercising their planning functions.

5. CONDUCT OF MEMBERS OF PLANNING SUB-COMMITTEE

Training

- 5.01. The Council will ensure that all Members of the Planning Sub-Committee have undertaken appropriate training on planning legislation and relevant matters prior to their participation in the work of the Sub-Committee. The Council will make available regular updates/training for Planning Members, and will encourage all other Members of the Council to take part in planning training.
- 5.02. For Planning Sub-Committee Members and substitute Members of the Planning Sub-Committee there is a requirement to undertake training prior to sitting on the Committee. Ongoing training is required and each Member should undertake at least 5 hours of training per annum.

General Principles

- 5.03. This section of the protocol applies solely to Members of the Council's Planning Sub-Committee when determining planning applications or considering the inclusion of local plan proposals or resolving to take planning enforcement action. It is intended to ensure that the integrity of the decision making process is not impaired, either in reality or in perception, through a lack of openness in decision-making, or through the lobbying of those Members who will make decisions.
- 5.04. This part of the protocol is also designed to ensure that, wherever possible, representations made to Members form part of the public information leading to any decision.
- 5.05. The conduct of Members of the Council who are not Members of the Planning Sub-Committee is governed by the next section of the protocol, where greater flexibility is permitted, and where those Members are given greater freedom to discharge their role as representatives of the local community within a clear framework.
- 5.06. The Council (which unless otherwise stated means acting as LPA) has a responsibility to make decisions with knowledge of the relevant Development Plan policies, taking into account all other material considerations and any representations, applying the appropriate weight to each. In addition, it is important that elected Members receive open and impartial professional advice from their Planning Officers. Members should make planning decisions by reference to a written officers' report.

- 5.07. This can only be done at the Sub-Committee. Conclusions reached in advance of the Sub-Committee risk being on partial facts, without the relevant advice, and without the ability to view all the material considerations before applying appropriate weight. They are therefore open to misunderstanding, and possibly, to legal challenge on the grounds that the right things have not been taken into account, or immaterial things have been taken into account, or that the Members concerned have been subject to "bias" or "pre-determination".
- 5.08. For these reasons Members should not reach or express any firm conclusion on an application prior to the relevant Sub-Committee meeting. If, for any reason a Member decides, in advance of the Sub-Committee meeting, to express a firm and final view on the development, he or she shall not take part in the deliberations of the Sub-Committee but may exercise the rights below.
- 5.09. Where any Member makes representations to the 'Planning Service', in writing or orally, in relation to any application, those representations will be recorded for inclusion in the officers' report. Where these representations constitute a firm and final view on the development, the Member will not take part in the deliberations of the Sub-Committee but may exercise the rights below.

Open and fair decisions

5.10 At the London Borough of Haringey decisions on controversial planning applications are taken in public by the Planning Sub-Committee.

For a decision to be open and fair:

- Those taking the decision should not be biased or have predetermined how they will decide;
- Those taking the decision should not have a disclosable pecuniary interest or prejudicial interest (see below for further information about these) in the outcome;
- The decision should be consistent with others taken previously unless there are good reasons to decide otherwise; and
- The reasons for the decisions should be clearly set out.

Bias or predetermination

5.11 It is entirely permissible for Planning Sub-Committee Members, who are democratically accountable decision makers, to be predisposed towards a particular outcome. Nonetheless they must address the planning issues before them fairly and on their merits. That means they can have a view on the application or matter but must not make up their minds on how to vote before formally considering the application and any representations. Planning Sub-Committee Members must have an open mind to the merits of a proposal before it is formally considered at the

Sub-Committee meeting and they must be prepared to be persuaded by a different view in the light of any detailed arguments or representations concerning the particular matter under consideration.

- 5.12. If the Sub-Committee's decision on a planning application is challenged in the High Court by way of judicial review on the grounds that some of the Sub-Committee Members were biased, or had predetermined the application, the court will assess the case on the basis of what a fair-minded observer, knowing the relevant facts would think.
- 5.13. Section 25 of the Localism Act 2011 provides that a decision maker is not to be taken to have had, or appeared to have had, a closed mind when making the decision just because:
 - the decision maker had previously done anything that directly or indirectly indicated what view the decision maker took, or would or might take, in relation to a matter; and
 - the matter was relevant to the decision.
- 5.14. This provision does not change the law on bias and pre-determination which means that Sub-Committee Members must still take planning decisions with an open mind and having taken into account all relevant material planning considerations. What s.25 does provide is that statements made by Members cannot be used in court as evidence that the Member in question had or appeared to have a closed mind. Other evidence or any evidence that a Member has taken into account irrelevant considerations, however, is not so restricted by s.25.
- 5.15. Notwithstanding the s.25 provisions, the safest course is for Sub-Committee Members to avoid making public statements (including expressing views in emails) as to their support for or opposition to any application which would indicate they had made up their minds before the formal consideration of the application at the meeting. If a Sub-Committee Member has made such a statement they must be satisfied that they can still consider the application with an open mind and are prepared to take into account any new matters or any new arguments in favour of or against the proposed development until the decision is made otherwise they should not take part in any decision on the application in question. In which case it is to be treated the same as any other prejudicial interest, as will cases of perceived bias, and the Member shall declare this interest and leave the room for the item in question as set out below.

Declaring an interest

5.16. It is important that Sub-Committee Members should not be influenced or perceived to be influenced by any interests that they, their family or close associates may have in a particular application. To this end at the start of every Sub-Committee meeting Sub-Committee Members will be asked to declare any interests they may have in relation to the matters before

them. As outlined in the Code of Conduct, "disclosable pecuniary interests" are prescribed by law and are entered in the register of interests maintained by the Council's Monitoring Officer. The Code of Conduct also provides for the disclosure of other interests at meetings in certain circumstances. It is not sufficient for a Member to only state they have 'an interest'. When declaring an interest, the Member must describe what the interest in question actually entails.

Disclosable pecuniary interests

- 5.17. 'Disclosable pecuniary interests' are prescribed by the Relevant Authorities (Disclosable Pecuniary Interests) Regulations 2012 and are set out in Appendix A to the Code of Conduct. The categories of disclosable pecuniary interests include employment or office, interests in land in the Borough and contracts with the Council.
- 5.18. An interest is a 'disclosable pecuniary interest' if it is of a type described above and it is an interest of the Member or of their spouse or civil partner, a person with whom they are living as husband and wife or a person with whom they are living as if they were civil partners and the Member is aware of the interest. Members should note the criminal sanctions for failure to comply with these requirements (as outlined in Appendix B of the Code of Conduct).

Other interests

- 5.19. A Sub-Committee Member may have other interests such as 'Personal' or 'Prejudicial' interests which, whilst not falling within the legal definition of disclosable pecuniary interests should, it is strongly advised, be declared in the public interest. For example, such an interest may arise where the Sub-Committee Member resides near a development which is the subject of the planning application under consideration. While it is for the Sub-Committee Member to judge, a useful rule of thumb is "will my enjoyment of my property be affected either positively or negatively by this application?". If the answer is in the affirmative, it would be advisable for the Sub-Committee Member to declare such an interest.
- 5.20. A prejudicial interest would also arise, for example, if the affected property were to be owned by a company of which the Sub-Committee Member is a director.
- 5.21. Advice is given below regarding what Sub-Committee Members and non-Sub-Committee Members should do if they have a disclosable pecuniary interest or other interest in an application due to be considered at a Sub-Committee meeting.
- 5.22. It is important to note that the rules relating to declarations of interest apply equally to non-Sub-Committee Members who may from time to time wish to attend a Sub-Committee meeting and speak on a particular matter. Each Member who attends a meeting must make an assessment

of whether they have an interest in the matters under discussion, whether they intend to participate in proceedings or not.

Consistency

5.23. Decisions will not be seen as fair if they are different from those taken on previous similar cases without good reason. The Sub-Committee report will set out the relevant considerations and will draw attention to decisions on any other similar cases where appropriate.

Reasons

- 5.24. Fair and open decision making requires the reasons for the decision to be clear. This is particularly important when the Sub-Committee's decision differs from that recommended in the report.
- 5.25. Members will want to actively and positively engage with planning decisions. All Members can:
 - advise objectors/applicants/others on planning processes and how to get involved;
 - give advice about adopted planning policies and local priorities
 - direct lobbyists, applicants or objectors to the relevant planning officer so that their opinions can be included in the officer's report;
 - lead on local discussions in the preparation of the development plan documents, area action plans and supplementary planning documents;
 - provide input into the preparation of planning briefs and guidance;
 - receive and pass on information, for example weekly lists and briefings from officers on key proposals;
 - attend Development Management Forum meetings, ask questions there: and
 - raise issues important to local people and to the developers.
- 5.26. To ensure that Members and the Council are not open to challenge Members should:
 - preface relevant discussions with a disclaimer; the nature of this will depend on their role within the authority in the context of planning;
 - clearly indicate that any discussions with them are not binding on the Council;
 - be clear about the distinction between giving advice and engaging in negotiation so only engaging in the former;
 - involve officers where this will help to safeguard transparency and the appearance of bias;
 - be aware of relevant policies included in the Council's adopted plans but give consideration to other matters relevant to planning; and
 - seek the advice of the Monitoring Officer when they are unsure of what they are able to do and in relation to any potential "interest".

5.27. Members should not:

- expect to lobby and actively support or resist an application/decision and subsequently vote at committee or Cabinet; or
- seek to put undue pressure on officers or Members of a deciding committee to support a particular course of action in relation to a planning application or other planning decision.

This does not mean that a Councillor may not question robustly or argue forcefully for a particular course of action.

Pre-Committee procedures

Developer's briefings to Planning Sub-Committee

5.28. Enabling a Developer to brief and seek the views of elected Members about planning proposals at an early stage (usually pre-application or where this is not possible, very early in the formal application period) is important in ensuring that new development is responsive to and reflects local interests/concerns where possible. Early member engagement in the planning process is encouraged and supported by the NPPF. Haringey proposes to achieve this objective through formal briefings of the Planning Sub-Committee in accordance with procedures set out in this Protocol. No decision will be taken at such meetings and the final applications will be the subject of a report to a future meeting of the Sub-Committee. These meetings are held in public and are webcast although there are no public speaking rights.

5.29. The purpose of briefings are:

- To enable Members to provide feedback that supports the development of high quality development through the preapplication process, and avoid potential delays at later stages;
- To ensure Members are aware of significant applications prior to them being formally considered by the Planning Sub-Committee;
- To make subsequent Planning Sub-Committee consideration more informed and effective;
- To ensure issues are identified early in the application process, and improve the quality of applications; and
- To ensure Members are aware when applications raise issues of corporate or strategic importance.

5.30. What sort of presentations would be covered in the briefings?

 Presentations on proposed large-scale developments of more than 50 dwellings, or 5,000 sq m of commercial or other floorspace or which includes significant social, community, health or education facilities, or where the Assistant Director, Planning/Head of

Development Management considers early discussion of the issues would be useful; and

 Presentations on other significant applications, such as those critical to the Council's regeneration programmes, significant Council developments, or those requested by the Chair of the Sub-Committee.

5.31. Frequency and timings of meetings

Once a month or by agreement with the Chair and Assistant Director, Planning/Head of Development for all Members of the Planning Sub-Committee plus Cabinet Members and Ward Members – supported by Assistant Director, Planning/Head of Development Management and other relevant officers.

5.32. Format of the meetings

- The meeting will be chaired by the Chair of the Planning Sub-Committee who will ask Members attending to disclose any relevant interests; and
- The Developer will supply all presentation materials including any models, and these will be displayed in the meeting room;
- Officers to introduce the proposal and advise of issues arising from the Development Management Forum (where this has taken place):
 - The Developer and agents will be invited to make a presentation of up to 15 minutes;
 - Ward Members will have the opportunity to give their views for a maximum of three minutes each.
 - The Cabinet Members will have the opportunity to give their views for three minutes.
 - Members of the Planning Sub-Committee will be able to ask questions to the Developer and officers. These questions will be restricted to points of fact or clarification and must be structured in a way that would not lead to a member being perceived as taking a fixed position on the proposals;
 - o Comments of Members of the Planning Sub-Committee; and
 - Summary of the comments raised.
- 5.33. A short note of the meeting summarising Members' comments would be made.

Other matters

5.34. Developer participation in the Developers' briefings would not normally happen prior to a Development Management Forum or other public meeting or public consultation being held relating to the site or prior to attendance at the Quality Review Panel subject to programming and scheduling pressures.

5.35. Comments and questions can be raised, and this can also include positive engagement about the proposed development. However, Members should ensure that they are not seen to pre-determine or close their mind to any such proposal as otherwise they may then be precluded from participating in determining the application.

Development Management Forum

5.37. The Council has established a Development Management Forum to facilitate the discussion of large-scale or contentious planning proposals. The forum does not reach a decision about a proposal. Its purpose is to allow participants to raise issues of concern and obtain answers to questions about the particular application. The aim is to allow early discussion by Members and members of the public on planning issues related to these planning proposals and to explore the scope for agreement between all parties in a positive and constructive way prior to the later decision being made at the Planning Sub-Committee. Forum meetings will usually take place prior to the submission of an application but can take place at an early stage of the formal process before the Planning Sub-Committee meeting. They do not remove the opportunity for objectors, supporters and applicants to address the Planning Sub-Committee when an application is to be determined or the holding of exhibitions and or public meetings where these are considered appropriate.

What applications does the forum consider?

- 5.38. Applications that may be considered by the forum include major applications and those of significant local interest. It is not possible to prescribe the exact type of proposals but they may include the following:
 - Applications which involve more than 10 residential units or over 1,000 sq m of floor space;
 - Those applications that involve a major departure from the Council's planning policy; or
 - Those applications that involve high buildings i.e. over 5 storeys.
- 5.39. Applications that will not generally be considered by the forum include:
 - Minor planning applications to alter or extend houses;
 - Applications to confirm whether a use of land or buildings needs planning permission (a 'lawful development certificate');
 - Applications to put up advertisements:
 - Amendments to applications or those which have already been the subject of a forum discussion; or
 - Applications where there will be a recommendation for refusal.
- 5.40. A forum meeting will be held when:

The Assistant Director, Planning/Head of Development Management, in consultation with the Chair of the Planning Sub-Committee, considers that a forum would be beneficial in resolving issues on a particular planning proposal. For development management forum meetings held at the pre application stage site notices and emails to local groups and councillors will be sent advising them of a proposed meeting. For those meetings held following the submission of a planning application consultees will be advised in accordance with the Council's consultation policy as set out in the Council's SCI in force at the time as part of the consultation on the planning application.

Who can attend?

- 5.41. Meetings are open to all Members, local businesses and residents. Normally one application or proposal will be considered at each forum to allow for effective discussion. To assist the running of the meeting an agenda is prepared and a short briefing note on the proposal is available.
- 5.42. The format of the meeting is as follows:
 - A senior planning officer chairs the forum. They ensure that all planning issues arising from the proposal are raised but that there is no discussion on the merits of the proposal. The applicant is invited to make a presentation of the proposal for a maximum of 15 minutes.
 - Local residents and organisations have an opportunity to present their views either for or against the proposal.
 - Planning officers provide information on the progress of the proposal.
 - The applicant responds to questions from Members of the Planning Sub-Committee, ward councillors and local business and residents.
- 5.43. An attendance record is kept, the discussion is recorded and a note of the meeting is made which is reported to the Planning Sub-Committee when any subsequent proposal is submitted for determination.

All Members: Haringey's Development Management Forum

- 5.44. All Members can attend Development Management Forum meetings which are called to promote early exploration of issues relevant to a particular development. They do not seek to reach any decision about the likely outcome of an application.
- 5.45. The particular role that Members can play at the meetings is dependent on whether or not they have a formal role within the planning system of the authority, for example are a member of Planning Sub-Committee or the Cabinet, but all Members will need to take account of the generic guidelines for example, publicly clarifying their particular role.

5.46. All Members can:

- use the meeting to understand the development, the issues important to local people and to the developers, and how the relevant policies are being applied by asking questions;
- give advice about adopted planning policies and local priorities and clarify or seek clarification of policies and priorities;
- give advice about planning processes or direct those present to relevant officers or other sources of advice and information both present or outside the meeting;
- refer local objectors or supporters to ward colleagues who are in a position to take a wider role if theirs is limited and further Member assistance is required; and
- seek advice from officers as to the process to be followed, issues being reviewed and the likely policy position.
- 5.47. Members should not use the forum to undertake negotiations or appear to put undue pressure on the officers in relation to any future decision on the scheme. Members are however entitled to robustly question developers and officers in order to fully understand issues before the forum.

Ward Members: Development Management Forum

5.48. Ward Members who are not on the Planning Sub-Committee can greatly assist this process by taking an active part in the forum meeting, asking questions, commenting on planning policies and local priorities, and advising on the planning process. They can usefully draw attention to local circumstances and issues, and comment on the appropriate weight to be given to those. It will be important that Ward Members ensure that their remarks and advice are based on adopted Council planning policies as far as possible. This is important to avoid creating any confusion in the minds of developers or local people about who speaks for the Council in negotiations or about the Council's negotiating position.

Quality Review Panel

- 5.49. As part of the pre-application process for major and /or sensitive applications, the Council encourages applicants to present their proposals to the Quality Review Panel. The panel is a group of independent and objective experts, including experienced architects and other built environment professionals, who meet on a regular basis. The Panel's advice is provided for the benefit of the Planning Sub-Committee. The advice will also be used to help officers and the developer to improve upon the quality of the scheme as it evolves.
- 5.50. The best design outcomes generally occur when schemes are presented to the panel at the pre-application stage, as this allows applicants sufficient time to amend proposals following panel feedback.

- 5.51. Discussions and negotiations while the application is current but prior to determination:
- 5.52. Once an application has been submitted, officers are working to strict deadlines to ensure that the application can be efficiently and properly determined. They may, during that period, enter into discussions, and sometimes negotiations, with the applicant or their agent in order to clarify aspects of the scheme or to ensure that the applicant is aware of the council's policy requirements. Sometimes such discussions will also convey to an applicant the views of third parties or consultees.
- 5.54. At this stage it is not appropriate for Members, whether or not they are on the Planning Sub-Committee, to enter into direct discussions and /or negotiations with applicants or consultees. Members should recognise the clear distinction between negotiation and listening without prejudice to views which may be expressed to them (see the section on Lobbying below). For Members to enter into negotiations whilst an application is current at best sends a confused message to applicants and consultees about who is officially speaking on behalf of the Council, and at worst will without doubt result in the Member appearing to show bias or predisposition. However, this does not prevent Members at this stage asking officers for information about an application, or from passing on the views of constituents or others, indeed this would be a proper area of Member activity. Members should at the same time ensure that any requests for advice or interpretation are passed to officers.

Briefings/interim reports

5.55. An effective way of building a degree of certainty into pre-application or post submission discussions is for officers to engage with Members at an appropriate stage in negotiations. Officers may prepare a committee report, briefing note or a site visit in order to identify the key issues that have emerged during discussion, and, where necessary, seek member endorsement to the approach that is being pursued, or simply to present the scheme as an information item to Members. This provides the opportunity for committee Members to raise questions of their own or seek further information regarding the proposed development.

Approaches by applicants

5.56. Members of the Planning Sub-Committee will discourage any applicant or agent, or other interested party such as a landowner from approaching them directly in any way in relation to planning proposals. If an approach is received, the Member will take care not to give any commitment, or the impression of a commitment that he or she holds any particular view on the matter.

- 5.57. If an approach is received by a Member of the Planning Sub-Committee from an applicant or agent or other interested party in relation to a particular planning application, then the Member will:
 - (a) Inform the applicant that such an approach should be made to Officers of the Council;
 - (b) Keep an adequate written record so as to enable the Member to disclose the fact of such an approach if and when the application or proposals is considered by the Planning Sub-Committee; and
 - (c) Disclose the fact and nature of such an approach at any relevant meeting of the Planning Sub-Committee.

In this context an approach should be noted where the discussion extends beyond simple information to the merits or demerits of the particular proposals.

5.58. Where a Member of the Planning Sub-Committee receives written representations directly in relation to a planning application, the Member will pass the correspondence to the Assistant Director, Planning/Head of Development Management in order that those representations may be taken into account in any report to the Planning Sub-Committee.

The Sub-Committee meeting

5.59. Planning sub-committee meetings generally start at 7.00pm and the Council's standing orders provide that they will end at 10.00pm except that discussion of the specific item or case in hand at 10.00pm may continue thereafter at the discretion of the Chair. There are 11 Members of the Sub-Committee. The quorum for making a decision as set out in the Council's constitution is at least one quarter of the whole number of voting Members are present. Where notified in advance to the Sub-Committee Clerk and subject to them having attended the mandatory training, substitute Members may attend in place of a Planning Sub-Committee member, pursuant to the Committee Procedure Rules. Substitutes will be from the same political party, to maintain the political balance at Sub-Committee and will be subject to clearance from the group's Chief Whip. The substitute will be for the duration of the entire agenda and will not be used for individual items.

Lobbying and representations

5.60. The proper place for objectors to raise their concerns is in writing in response to public consultation on a planning application or by making representations at a Sub-Committee meeting. Sub-Committee Members may nevertheless receive lobbying material through the post or by email from either the applicant or the objectors or be approached personally by interested parties. In dealing with such approaches, it is important for

Sub-Committee Members not to do or say anything that could be construed as bias or pre-determination.

- 5.61. Where Sub-Committee Members receive lobby material through the post or by email they should forward it to the Assistant Director, Planning/Head of Development Management. If Sub-Committee Members feel it is necessary to acknowledge receipt of or comment on the correspondence, they should consider the advice on bias or predetermination in this Protocol and should send a copy of their response to the Assistant Director, Planning/Head of Development Management.
- 5.62. If a Sub-Committee Member is approached by an individual or an organisation in relation to a particular planning application, they may listen to what is said but they should explain that because they are a member of the Sub-Committee they must keep an open mind until they have seen all the material before the Sub-Committee. A Sub-Committee Member might suggest that the individual or organisation should:
 - Where an application is not yet on a Sub-Committee agenda, write to the Planning Officer responsible for the particular case who will take into account any material planning considerations raised in the representations when preparing a report for the Sub-Committee; or
 - If the application is already on a Sub-Committee agenda, contact the Sub-Committee Clerk to make a request to speak at the Sub-Committee meeting.
- 5.63. In either case contact another Member who is not a Sub-Committee Member to seek their support. Generally speaking, this should be the Ward Councillor for the Ward within which the application is made.
- 5.64. If a Sub-Committee Member does decide to become involved in organising support for or opposition to a planning application or has offered an opinion on a planning application, then that Sub-Committee Member must take into account the advice on bias or predetermination in this Protocol. If after considering that advice the Sub-Committee Member comes to the view that on an objective_assessment they cannot sit on the Sub-Committee and decide the application with an open mind, they should not be part of the Sub-Committee that decides the application. They can however attend the Sub-Committee meeting and speak on their constituent's behalf and adopt the role of local member rather than decision taker.

'Decision Maker' role

5.65. A Councillor who is a member of the Planning Sub-Committee or a suitably trained substitute and who takes part (or who intends to take part) at a meeting of the Planning Sub-Committee in the determination of particular Planning Application will for the purposes of this Protocol be a "Decision Maker" in relation to such Planning Application.

5.66. A Councillor who is a Decision Maker shall comply with the provisions of the Code of Conduct generally.

'Local Member' role of a Planning Sub-Committee member

- 5.67. Where a Planning Sub-Committee member wishes to make representations on behalf of his/her constituent(s), for the purposes of this Protocol he/she will be a "Local Member" in relation to that planning application. He/she may attend a meeting of the Planning Sub-Committee to make representations about the planning application on behalf of their constituents
- 5.68. A Councillor who is a Local Member shall comply with the Public Speaking Provisions and the Code of Conduct generally. Further provisions relating to the "Local Members" role are also contained in the next following section.

Non Planning Sub-Committee /Local Ward Member role

- 5.69. Subject to the provisions of the Code of Conduct generally a Councillor who is not a Member of the Planning Sub-Committee (whether or not he/she plays or intends to play the role of "Local Member") will be free to:
 - discuss any planning application with the applicant / agent / objector / lobby group;
 - attend any locally organised meeting concerning the application;
 - attend any meeting concerning the application and speak about the application (including expressing a view either for or against the application relay relevant information about the application to a planning officer:
 - seek information/clarification about the application from a planning officer; and
 - should follow the rules on lobbying in accordance with this Protocol.

Effect of Prejudicial etc Interests

5.70. Where a Member of the Planning Sub-Committee has had any personal involvement with an applicant, agent or interested party, whether or not in connection with a particular application before the Planning Sub-Committee, or any other personal interest which an observer knowing the relevant facts would reasonably regard as so significant that it was likely to prejudice the member's judgement of the public interest, then the Member will declare a prejudicial interest in accordance with the provisions of the Code of Conduct (Part 5 Section A of the Council's Constitution). The Member must abstain from discussion and voting on the matter and leave the room while that application or other matter is under discussion except as provided below. The Member must also avoid any attempt to influence the decision improperly.

5.71. A Member declaring a prejudicial or any other interest that precludes their determination of an item may attend during that item but only for the purposes of making representations about the matter, answering questions or giving evidence about it and then only when the meeting is open to the public. Otherwise the Member must leave the room while that application or other matter is under consideration.

Social Contacts

5.72. Members of the Planning Sub-Committee will minimise their social contacts with known developers and agents and refrain altogether from such contacts when developments are known to be contemplated or applications are being proposed, or where controversial decisions are likely to be needed.

Hospitality

5.73. Members of the Planning Sub-Committee will reject any offers of gifts, hospitality or future favours made personally or by way of deals for the Council or the community, from lobbyists. Any such improper approach will be reported immediately to the Chief Executive.

Residents/Local Groups/ Other Occupiers

- 5.74. If a Member of the Planning Sub-Committee is approached by local residents, business or other occupiers in relation to an application, which the residents or others wish to object to or support, the Member will listen to the views but will take care not to give any commitment, or the impression of a commitment that they hold any particular final view on the application.
- 5.75. Members of the Planning Sub-Committee will:
 - (a) Encourage the interested party to contact another Ward Member or other elected Member who is not a Member of the Planning Sub-Committee;
 - (b) In the case of significant meetings on planning matters keep an adequate written record so as to enable the Member to disclose the fact of such an approach if and when the application or proposals is considered by the Planning Sub-Committee; and
 - (c) Disclose the fact and nature of significant discussions at and relevant meeting of the Planning Sub-Committee.

In this context "significant" would include any meetings or discussions which consider the merits or demerits of the particular proposals extended beyond simple information.

- 5.76. Meetings and discussions with constituents are an important part of a Ward Member's functions, and this Protocol is not intended to harm those contacts unnecessarily. Members of the Planning Sub-Committee should avoid taking an active role in meetings to promote residents' objections to applications. Nothing in this Protocol prevents Members from listening to local concerns, giving factual information about an application or the planning process, or from directing residents to other sources of information or assistance.
- 5.77. Where a Member of the Planning Sub-Committee receives written representations directly in relation to a planning application, the Member will pass the correspondence to the Assistant Director, Planning/Head of Development Management in order that those representations may be taken into account in any report to the Planning Sub-Committee.

At Committee

5.78. The responsibilities of Members of the Planning Sub-Committee in considering planning matters are set out above. At the Sub-Committee, Members will, in particular, avoid expressing any view on the matters under consideration until the report has been presented, any other relevant advice is given, and all oral representations have been heard. In order to participate and determine an item, Members must be present for the entire duration and not miss any part of that item.

Decisions contrary to officer recommendation and/or the Plan

- 5.79. Decisions on planning proposals have to be taken in accordance with the development plan unless material considerations indicate otherwise. In determining planning and other applications the Committee is entitled to decide the weight to be attached to the various planning considerations which are relevant to the application. This can lead to a decision which is contrary to the recommendation of the Officers. The Committee can for example decide:
 - to refuse planning permission where officers have recommended approval;
 - agree with officers that permission should be refused but for different reasons; or
 - grant permission subject to different conditions or legal requirements than those recommended.
- 5.80. Where any Members are proposing to put forward a motion contrary to the officer recommendation, the Committee Chair will ensure that the planning reasons are apparent before a vote is taken. In order to do this the Chair will ensure that:

- The planning officer/legal officer is given an opportunity to explain to the Sub-Committee the implications of their decision; and
- Where the Sub-Committee wish to add or amend conditions the planning officer is given the opportunity to draft the condition(s) and refer to appropriate Members, for approval.

When the Planning Sub-Committee makes a decision which is contrary to the recommendation of the planning officers, whether the decision is one of approval or refusal, a detailed minute of the Sub-Committee's reasons for its decision will be made. A copy of the minute will be kept on the application file.

5.81. When a decision is made which is contrary to the Plan the material considerations which led to this decision and the reason(s) why they are considered to override the development plan will be clearly identified and minuted.

Council Owned Land

- 5.82. The Planning Sub-Committee from time to time considers applications involving land owned or recently owned by the Council. Members will consider carefully whether they should take part in the deliberations of the Sub-Committee on an application, involving that land, where they took part in any decision of the Cabinet or other Council body in relation to the land. They will take into account whether an observer with knowledge of all the relevant facts would suppose that there might be any possibility that the involvement in the decision on the land could amount to reaching prior conclusions on the planning issues, or other-wise adversely affect the Member's judgement in any way.
- 5.83. Any Member, whether or not a Member of the Cabinet, will take great care in the consideration of applications, or local plan proposals, affecting land owned or recently owned by the Council to ensure that the planning decision is made and seen to be made solely on planning grounds.

Legal Advice

- 5.84. The Assistant Director of Corporate Governance and Monitoring Officer will ensure that a suitably experienced legal officer is present at all Sub-Committee meetings to give legal, governance and procedural advice.
- 5.85. Members need to be mindful of the rules on declarations of interests and if Sub-Committee Members or other Members require advice about possible disclosable pecuniary interests or other interests or if Sub-Committee Members are in any doubt as to whether they have expressed a view that could give rise to the appearance of bias or that they have pre-determined a matter they may seek advice from the Monitoring Officer in advance of the Sub-Committee meeting. If that has not proved possible they should seek advice from the legal officer to the Sub-

Committee before the meeting starts. Once advice has been given, it is up to the Member to make their own decision on whether or not they have a declarable interest and whether or not they can participate in the decision.

6. MEMBERS NOT ON PLANNING SUB-COMMITTEE

- 6.01. The Code of Conduct applies to all Members of Council. The parts of the Protocol which will be particularly kept in mind as a general context for the exercise of planning functions are set out above.
- 6.02. Where any Member submits representations in writing or orally in relation to any matter before the Sub-Committee those representations will be recorded for inclusion in the officer's report.
- 6.03. Councillors who are not Members of the Planning Sub-Committee may attend meetings of the Sub-Committee, and may address the Sub-Committee, the Committee Procedure Rules (Part 4 Section B of the Council's Constitution) will apply. This requires the Member to give written notice to the Chair of the Sub-Committee of his/her attendance, preferably before the meeting but in any event as soon as the Member arrives at the meeting. In order to promote efficient business of the Sub-Committee, and in order to give certainty to the applicant of the time available for speaking, Members are asked to register their intentions to speak by midday on the working day prior to committee with the Committee Clerk.
- 6.04. Where a Councillor who is not a Member of the Planning Sub-Committee has had any personal involvement with an applicant, agent or interested party, whether or not in connection with a particular application before the Planning Sub-Committee, or has any other personal interest which an observer knowing the relevant facts would reasonably regard as so significant that it was likely to prejudice the Member's judgement of the public interest then the Member will declare a prejudicial interest in accordance with the provisions of the Code of Conduct. The Member may only attend the meeting as provided in paragraph 6.05 below. The Member must also avoid any attempt to influence the decision improperly.
- 6.05. A Member declaring a prejudicial interest may attend the meeting but only for the purposes of making representations for or against the relevant application, answering questions or giving evidence about it and only when the meeting is open to the public. Otherwise the Member must leave the room while that application or other matter is under consideration.
- 6.06. Where an approach has been received by an elected Member (not being a Member of Planning Sub-Committee) from an applicant, agent or other interested party in relation to a planning application, that Member will, in any informal discussions with any Member of the Planning Sub-

Committee, disclose the fact and nature of such an approach and have regard to the matters set out at paragraph 7.01 below.

7. OTHER CONDUCT OUTSIDE COMMITTEES

- 7.01. In discussions between Members generally and Members of the Planning Sub-Committee (at party group meetings or other informal occasions) Members will have regard to: -
 - (a) the principles governing the conduct of Members set out in the Code of Conduct.
 - (b) the principles governing the conduct of Members of Planning Sub-Committee set out in this Protocol.
 - (c) the obligations placed on Members of the Planning Sub-Committee not to give commitments in relation to any planning application prior to consideration of the full officer report, advice and representations at the Sub-Committee meeting dealing therewith.

8. SANCTIONS

8.01. Please refer to the Complaints Against Members Protocol for the complaint procedure against Members and possible sanctions where there is an alleged breach of this Protocol and the Code of Conduct.

9. MEMBERS AND OFFICERS OF THE COUNCIL

The role of elected Members

- 9.01. In respect of any planning application Members will:
 - declare any pecuniary or non-pecuniary interest and take no part or a restricted part, as appropriate, in the processing and determination of the planning application;
 - act impartially and honestly;
 - approach each application with an open mind;
 - take into account and carefully weigh up all relevant issues;
 - determine each application on its own merits and in accordance with the requirements of planning law and the guidance of planning policy:
 - avoid inappropriate contact with interested parties (see also the section on lobbying); and
 - ensure the reasons for their decision are recorded in writing.

The role of officers

- 9.02. Officers in their role of advising and assisting elected Members in their determination of planning applications will provide:
 - impartial and professional advice;
 - consistency of interpretation of the planning policies; and
 - complete written reports which will include:
 - a clear and accurate analysis of the issues in the context of the relevant development plan policies and all other material considerations;
 - the substance of the representations, objections, and views of all those who have been consulted;
 - a clear written recommendation of action and where that recommendation is contrary to the development plan, the material considerations which justify the departure; and
 - o all necessary information for the decision to be made.
- 9.03. Members should not put any pressure on officers for a particular recommendation and, as required by the Code of Conduct or the Protocol on Member/ Officer Relations (Part Five Section B of the Council's Constitution), should not do anything which compromises, or is likely to compromise, their impartiality. Members should recognise that officers are part of a management structure and should address any concerns which they may have about the handling of a planning application to a departmental manager at the appropriate level of seniority. In general, however, officers and Members should adopt a team approach to the determination of planning proposals, and should recognise and respect each other's different roles
- 9.04. In common with Members generally, all Members of the Planning Sub-Committee may contact the relevant Planning Officer to seek information in relation to any planning application.
- 9.05. Members of Planning Sub-Committee will not attempt in any way to influence the contents of the Officer's report or the recommendation made on any matter. Representations made by Members whether or not in writing will be recorded by the relevant officer and included in the report.
- 9.06. Any criticism of Planning Officers by Members of the Planning Sub-Committee shall be made in writing, to the Director of Regeneration, Planning and Development or the Assistant Director, Planning and not to the Officer concerned. Members will endeavour to avoid any public criticism of officers but this does not prevent Members asking officers proper questions.

Contact between Members and officers

9.07. Involving Members early and throughout the application and determination process leads to better committee meetings, better decisions and better developments. Pre-committee meetings between officers and the Chair and other senior Members can enable strategic applications to be highlighted and procedural committee issues agreed. Other contact is described elsewhere in this protocol including planning committee briefings.

10. PROTOCOL FOR HEARING REPRESENTATIONS AT PLANNING SUB-COMMITTEE

General Principles

- 10.1. The Planning Sub-Committee will operate this Protocol with two particular aims regarding representations:
 - (a) to allow those who have applied to make representations to be heard by the Sub-Committee on items on the agenda for the meeting; and
 - (b) to get through the agenda expeditiously to avoid delay to applications and wasted journeys by the public.
- 10.2. Objectors or supporters, including Ward or other Members where possible, should advise the Council by noon on the working day immediately prior to the Sub-Committee meeting (for a Monday meeting this would be by noon on the Friday prior to the Sub-Committee) in order to allow appropriate administrative arrangements to be put in place. The number of speakers will usually be limited to two speaking against the proposal with a time limit of 3 minutes each i.e. a maximum of 6 minutes. Members will have a time limit of 3 minutes each. Those supporting a proposal will be given the same time as those speaking against (including time taken by any Members objecting less any time by Members supporting).
- 10.3. Speaking should take place immediately before the Sub-Committee debates a particular application (see running order for the sub-committee) and after the planning officer has set the scene and updated the meeting on any late matters not dealt with in the published report.
- 10.4. The circulation of materials will not normally be accepted during the meeting. If new or further material is to be allowed following the publication of the Sub-Committee papers it should be received in advance of the meeting so that it can be circulated to Members of the Sub-Committee.
- 10.5. Speakers should not be allowed to engage in discussion with Members of the Sub-Committee during public speaking or the Sub-Committee deliberations, to avoid any risk of accusation of bias or personal interest.

The procedure for addressing the Sub-Committee

- 10.6. Although the Committee Procedure rules allow for Members not on the Planning Sub-Committee, or officers outside the Planning Service who wish to address the Sub-Committee, to give written notice of their attendance to the Chair of the Sub-Committee rather than inform the committee clerk by 12 noon on the working day prior to committee Members and Council Officers are asked to inform the committee clerk by 12 noon on the working day prior to committee where possible.
- 10.7. The Chair will allow those persons outside the Council completing the form to address the Sub-Committee except where there are several people applying to speak, in which case there will be a limit as shown below. The right to speak shall be on a first come first served basis.
- 10.8. For any issue which is within the Sub-Committee's terms of reference, but for which there is not a report on the agenda, members of the public may use the Deputations Procedure in accordance with the Committee Procedure Rules to make their representations to the Sub-Committee.
- 10.9. With respect to Petitions, for this Sub-Committee the requirement in the Council Procedure Rules for 5 days' notice will not apply so that members of the public may submit petitions (without addressing the meeting) on any issue which is within the Sub-Committee's terms of reference at any meeting without giving due notice.

Running order for planning applications

10.10. Declarations of interest will be taken at the start of the meeting (Members will be invited to clearly state their interest in an item and whether they believe it to be personal, prejudicial (including bias and predetermination) or pecuniary. To include whether they will leave, stay, refrain from debate and whether they will vote).

(a)	Announce application and give description.
(b)	Name the public speakers.
(c)	Advise the meeting of the declarations of interest that have been made in relation to the item
(d)	Local Member declaration to represent their constituents or vote (Where a local Member sits on the Sub-Committee they should state whether they intend to vote on the application or instead to represent their constituents. If representing their constituents they should move to the area reserved for speakers and remain there as applicable e.g. until the end of their contribution subject to then leaving the room).
(e)	Planning officer presents case including update of any late representations or new issues, with possible supplementary presentation from other officers.
(f)	Speaking arrangements Objectors - up to 2 speakers with a total time of 3 minutes each.

- (g) Any interested Councillors who have informed the committee clerk or the Chair in advance of the meeting may address the Sub-Committee for up to 3 minutes each.
- (h) The Applicant and any supporters of the proposal will have the right to speak if there are any speakers against the proposal and then will be allowed to speak for an equivalent length of time as given to those objecting to the application i.e. maximum of 6 minutes (subject to any Members' speaking time) the total time to be divided between them. For each speaker clarification questions from Members should be made through the Chair and should be points of fact relating to material planning considerations only. Questions regarding policy or guidance or law and its interpretation should only be dealt with by Council officers. It is expected that most speakers will require no clarification.
- (i) Debate Members through Chair with support from officers / legal providing clarification. Sub-Committee Members debate the case and consider the recommendation including conditions.
- (j) Summing up Chair brings discussion to conclusion and seeks a decision on the recommendation/alternative recommendation proposed.
- (k) Vote and explicitly record decision s), taking vote(s) as necessary. Following the vote, there will be no further discussion of the item.

(For certain cases the procedure may be varied to allow for adjournments for confidential legal advice.)

The Sub-Committee will be aware that some parties listed as "objectors" can be overall in support of a development but be looking, for example, for some amendment or condition to protect their amenity.

For applications which are considered but deferred

10.11 Normally, the Sub-Committee will hear representations on both / all sides before they make a decision to defer for any reason. When the application is re-submitted to the Sub-Committee, further representations will normally only be allowed if some fresh matter has arisen since the first Sub-Committee meeting. If this further submission is exceptionally allowed, the number of people speaking will be limited to one objector for a further 3 minutes. The applicant/supporter will have a right to reply of 3 minutes.

For larger or more contentious applications

- 10.12. (a) In relation to larger and/or more controversial applications (as agreed by the Sub-Committee), the Chair may allow double the number of speakers, with double the total length of time to be divided between them).
 - (b) For example: in relation to para. 10.2 above this would be four speakers with a total of 12 minutes divided between them.

- (c) The applicant and any supporters will normally have a right to reply of the same length of time as taken by the objectors.
- 10.13. The Sub-Committee will aim to deal with all applications, except those of exceptional significance, within one hour, and the Chair will take active steps to keep to these time-scales in the interests of all participants. Members will also act to deal fairly and expeditiously and will therefore commit not to repeat questions. It is expected that there will be a maximum of 30 minutes of questions and comments for any one application.

Equal Opportunities

10.14. The adoption and publication of a Protocol giving clear information about planning procedures and getting involved in decisions would improve access to the system by all communities in the Borough, as well as potential investors. Arrangements will be put in place to make the policy principles within this protocol available in pamphlets in different languages and in larger print.

11. CODE OF CONDUCT FOR MEMBER SITE VISITS

Background

- 11.01. At the Sub-Committee meeting site maps, scheme drawings and sometimes photographs are on display and available. Officers' reports describe relevant site characteristics, following their own site visits. Officer visits are not routinely made to the homes / premises of objectors, as adequate technical assessments can usually be made from maps, drawings and by visiting the application site.
- 11.02. This site knowledge and information will usually be sufficient for the Sub-Committee to reach a decision on applications and accompanied Committee site visits will not automatically be required for all items.
- 11.03. The Assistant Director, Planning/Head of Development Management, in consultation with the Chair of the Sub-Committee, will decide which cases require a site visit according to the criteria set out below: Examples where a site visit would not normally be appropriate include where:
 - 1. purely policy matters or issues of principle are at issue;
 - 2. the report, together with drawings, photographs and other material is sufficient to provide the context; or
 - 3. where Councillors have already visited the site within the last 12 months.

11.04. Site visits where required will be normally be scheduled during daylight hours for the week before the Sub-Committee meeting at which the application is to be discussed.

The purpose of site visits

- 11.05. The purpose of such site visits is for the Members of the Sub-Committee to see the site in order to reach an informed decision. It is not intended to provide a separate opportunity for objectors, supporters, applicants or others to lobby the Members, to argue their case or discuss the merits of the application.
- 11.06. It is essential that fairness and probity are safeguarded in all the proceedings of the Planning Sub-Committee. This means preventing even the appearance of undue or unfair influence, or biased behaviour.
- 11.07. In accordance with the Protocol, Members must avoid being involved in lobbying for or against an application, or reaching a firm view on an application before final determination at Sub-Committee. The proper place for discussion and presentation of views is therefore at the Sub-Committee meeting itself.
- 11.08. On site, without some safeguards, there is a serious risk of breaching the principles of fair hearings. Individual Members can hear different arguments from different people, and all sides are not heard equally.
- 11.09. To ensure fairness and probity, therefore the Sub-Committee will observe the following Protocol for site visits. The on-site procedures are based on those followed by the national Planning Inspectorate.

Site Visit Protocol

- 11.10. Access to the site will be arranged with the site owners or their agent. In some cases arrangements will also have to be made with adjoining properties which have to be entered.
- 11.11. Procedure on Site: The planning officer(s) will show the Members round the site(s) / area, showing relevant scheme drawings, and pointing out significant features. Some practical assistance from the owner / agent may be necessary. Members may ask officers or others factual questions, but will not otherwise discuss the application. An attendance list of the site visit should be recorded.
- 11.12. In a few cases the Assistant Director, Planning/Head of Development Management, in consultation with the Chair of the Sub-Committee, may decide to invite particular local residents or objectors / supporters to attend a site visit for the purpose of ensuring access, pointing out specific matters or answering factual questions. Normally, neither objectors nor supporters will be invited to site visits.

- 11.13. If a site visit becomes the occasion for lobbying by numbers of people or for demonstrations, the visit may have to be adjourned and_rearranged as a more private visit.
- 11.14. As a result of the visit, the Members of the Sub-Committee may ask the officers to address some specific issue in the presentation to the Sub-Committee.
- 11.15. Any Member of the Sub-Committee who is unable to attend the official site visit should endeavour to visit the site him / herself before the meeting and will avoid any discussion of the merits of the application while at the site.
- 11.16. Members of the Sub-Committee have to come to an independent view on an application, taking into account all relevant facts and views. If a Member of the Sub-Committee is unable to attend the site visit, this does not disqualify him / her from taking part in the final decision. The Member will, however, listen very carefully to the views of those Members who benefited from the visit. In some cases the Member may decide it would be better not to take part in the decision.

Site visits by individual Members of the Planning Sub Committee

- 11.17. Many Members will already be familiar with sites which are subject to applications but not in all cases. It is normal and proper for Members in these circumstances to visit a site themselves before the committee meeting. Where individual Members of the committee wish to undertake their own site inspection, prior to the committee meeting, these should be conducted unannounced and from a public vantage point. Members of the committee should not arrange to meet applicants/agents or third parties for the purpose of a site inspection
- 11.18. If a committee member is approached on site by any applicant/agent, objector or other third party interest they should seek to avoid discussion of the application and should ensure they do not give any indication of their views or the likely decision of committee. Where it is not practical to avoid some discussion the member should note that it took place and pass the information to the officers, so that it can be recorded at Sub-Committee.

12.0 REVIEW OF THE PROTOCOL

- 12.01. The protocol will be regularly reviewed to take account of:
 - new planning legislation;
 - changes to national codes of conduct; and
 - emerging examples of good practice.

The Council adopted a Code of Corporate Governance in July 2008 which was updated in July 2013 and contains 6 key principles based on the Nolan Committee on Standards in Public Life. The provisions of the Code of Conduct continue to have full force and effect. The purpose of this Protocol is to

provide more detailed guidance on the application of the guidance in relation to planning matters.

 Copies of this Protocol will be made publicly available online and will be kept under review.

2. BACKGROUND TO THE COUNCIL'S PLANNING FUNCTIONS

Determination of Applications

- 2.01. The planning process is governed by legislation, both primary and secondary, and in particular the Town and Country Planning Act 1990 (as amended) ("the 1990 Act"), the Planning and Compulsory Purchase Act 2004 (as amended) ("the 2004 Act"), the Planning Act 2008 and, the Localism Act 2011, the Growth & Infrastructure Act 2013, the Housing & Planning Act 2016, the Environment Act 2021 and the Levelling Up & Regeneration Act 2023, amongst other legislation. The National Planning Policy Framework ("NPPF") together with Government guidance set out in the National Planning Practice Guidance provides a policy context for the preparation of statutory plans and the discharge of a Local Planning Authority's functions. In addition, the Courts have also provided a large body of "case law" in respect of planning matters.
- 2.02. Planning law requires the Local Planning Authority ("LPA") to determine all planning applications "in accordance with the development plan unless material planning considerations indicate otherwise" (Section 38(6) 2004 Act). The development plan in Haringey comprises the London Plan together with the Council's local plan and when adopted further local plan documents (e.g. area action plans) and if applicable neighbourhood development plans (together "the Development Plan"). In cases of development involving works within a conservation area, or where the development is likely to affect the setting of a listed building, Section 66 of the Planning (Listed Buildings and Conservation Areas) Act 1990 contains a duty on the Council to the desirability of preserving the listed building or its setting and Section 72 of that Act requires LPAs to pay special attention to the desirability of preserving or enhancing the character or appearance of a conservation area. In accordance with paragraph 197 of the NPPF, in assessing and determining development proposals, LPAs should apply the presumption in favour of sustainable development.
- 2.03. The responsibilities of the LPA must be performed without undue influence or consideration of a personal interest. When determining planning applications Members must only take into account the Development Plan and any material planning considerations. The Members of the authority are elected to represent the interests of the whole community in planning matters. Views relating to material planning considerations expressed by neighbouring occupiers, local

residents and any other third parties must be taken into account but local opposition or support for a proposal is not in itself a ground for refusing or granting planning permission.

2.04. The planning system does not exist to protect the private-interests of one person against the activities of another. The basic questionissue is not whether owners and occupiers of neighbouring properties would experience financial or other impacts as a result of a particular development, but whether the proposal would unacceptably affect amenities and the existing use of land and buildings which ought to be protected in the public interest.

Enforcement

- 2.05. The purpose of the planning enforcement provisions is to protect the integrity of the planning system and the development control process. Whether to take enforcement action in any particular case and what action to take in the circumstances are matters for the authority's discretion. The existence of a breach of planning control is not in itself grounds for the institution of enforcement action. Paragraph 207 of tThe NPPF provides that "Effective enforcement is important as a means ofte maintaining public confidence in the planning system. Enforcement action is discretionary, and LPAs should act proportionately in responding to suspected breaches of planning control. LPAs They should consider publishing a local enforcement plan to manage enforcement proactively, in a way that is appropriate to their area. This should set out how they will monitor the implementation of planning permissions, investigate alleged cases of unauthorised development and take action where it is appropriate to do so".
- 2.06. Haringey Council has published a guide to planning enforcement (July 2012) which sets out the Council's approach to the enforcement of breaches of planning control. This will be regularly reviewed and used to guide decisions in respect of planning enforcement by officers and, where required, Members.

Appeals to the Secretary of State

2.07. An applicant who has not received a determination within the requisite period of time; has been refused planning permission or other approval; or who is unhappy with conditions attached to a permission granted, and those responsible for developments the subject of enforcement action, have a right of appeal to the Secretary of State for Communities and Local Government Levelling Up, Housing and Communities ("the Secretary of State"). If it is shown that the Council's conduct in dealing with the matter was unreasonable, the appellant's costs may be awarded against the Council. The most frequent example of unreasonable behaviour is a failure to substantiate an authority's decision on the relevant planning grounds in the particular case.

Other Powers of the Secretary of State

- 2.08. The Secretary of State possesses a range of powers which could be exercised where a LPA appears to be making inconsistent decisions or decisions which are seriously in conflict with national and Development Plan policies. This could involve use of the power to "call in" applications, so the application would be determined by the Secretary of State following a public inquiry. A permission granted by the Council can in special circumstances be revoked, modified or discontinued. Such decisions may be subject to compensation payable by the Council.
- 2.09. In addition, there is the power in Section 62A 1990 Act (inserted by Section 1 of the Growth and Infrastructure Act 2013) which allows certain applications to be made directly to the Secretary of State, where the LPA for the area has been designated for this purpose. Designation can occur in circumstances where the LPA's performance in terms of its decision making falls short of pre-determined criteria for the timeliness or quality of decisions in respect of major applications. These criteria will be kept under review by the Secretary of State and any changes thereto will be laid before Parliament.

Powers of the Mayor of London

2.10. The Mayor of London possesses a range of planning powers with regards to developments taking place in London. For strategic developments, the Mayor has the power to allow the LPA to determine the application itself, direct refusal of the planning application or to take over the application for determination. The London Plan sets out the Mayor's policies and guidance for development taking place within London, in particular major developments or those with London wide significance. The Mayor can in certain circumstances prevent developments going ahead that are inconsistent with the London Plan.

Administration of Planning Functions in Haringey

- 2.11. The performance of the Council's planning function is largely delegated to the Planning Sub-Committee, and to officers of the Council pursuant to arrangements made under Section 101 of the Local Government Act 1972. Approximately 9 out of 10 planning decisions in Haringey are made by officers, through authority delegated to them by the Council. This level of delegated decision making is consistent with other Councils across the Country and allows the majority of planning decisions to be determined promptly, allowing Members of the eCommittee to focus on the most significant and controversial proposals.
- 2.12. Many decisions are made under delegated powers by the Assistant Director, Planning, Building Standards & Sustainability ("the Assistant Director") or Head of Development Management & Enforcement ("the

Head of Service") in accordance with a scheme of delegation. (See the Terms of Reference of the Planning Sub-Committee in the Constitution).

XX The Planning Sub-Committee will receive, for its information, a regular report identifying the planning applications which have been determined by officers under the scheme of delegation, and the decisions thereon.

Planning Applications by Councillors or Officers of the Council

- 2.013. When a planning application is submitted by a serving membereouncillor; or more senior officers (tier 3 or above Senior Leadership Structure); or officers within the pPlanning & Building Standards directorate; or by a close relative or a close friend of either an officer or member Councillor; or by a member councillor acting as agent for the applicant, the member or officer concerned will:
 - take no part in the processing and determination of the application;
 and
 - advise the Monitoring Officer and the Assistant Director, Planning/Head of Development ManagementService of the application.
- 2.14. All such applications will be reported to the Planning Sub Committee and determined by the Sub-Committee and not by an officer under delegated powers.
- 2.0215. The report of the Assistant-Director, Planning/Head of Development Management Service will include confirmation from the Monitoring Officer that these requirements have been met.

Planning Applications by the Council

2.16. Subject to the provisions of the Town and Country Planning General Regulations 1992 planning applications made by or on behalf of the Council will be treated in the same way as those made by or on behalf of private applicants.

Delegation to Officers

- 2.17. All Planning applications can be decided under delegated powers save for those reserved in the Constitution for determination by Planning Sub-
- 2.18. Where officers are determining applications under their delegated powers, an officer report will be completed which must record the Development Plan policies and material planning considerations that have been taken into account in the decision making process.

2.19. The Planning Sub-Committee will receive, for its information, a regular report identifying the planning applications which have been determined by officers under the scheme of delegation, and the decisions thereon.

Referring applications to the Planning Sub-Committee

- 2.20. All mMembers of the Council receive copies of the weekly list detailing the applications that have been received.
- 2.0321. If aAny Member and/or a local community body and/or a local residents association may request thatwishes an application is determined byto go before the Planning Sub-Committee instead ofrather than be determined through officers under delegated authority by notifying in writingion, he/she should make this request as soon as possible (and within the 21 day neighbour notificationstatutory consultation period for the application.) and ensure that any such request states the planning grounds on which it is based. Tithe Assistant Director of Planning & Building Standards/Head of Development Management and Planning Enforcement Service stating the planning reasons for such request.
- 2.04 The Director of Planning & Building Standards or the Head of Development Management and Planning Enforcement Service shall, in consultation with the Chair of the Planning Sub-Committee, will consider such requests and determine whether the request should be granted and the application should be referred to the Planning Sub-Committee to determine. The criteria to be used for determining such requests will include In determining whether to grant a request, officers and the Chair of the Planning Sub-committee shall have regard to whether the:
 - whether the proposal is a significant development which has caused substantial local interest;
 - where the officer recommendation is for approval contrary to policy in the Development Plan or other adopted guidance; and
 - whether the application is recommended for approval¹.
 Applications that are to be refused will not normally be determined at planning committee.
- 2.XX The Director/Head of Service may also exercise their judgement, in consultation with the Chair of the Planning Sub Committee, to refer a matter to the Planning Sub-Committee rather than be determined through officer delegation, even if a Member has not requested this, pursuant to paragraph 2.07 of Section 1 of Section E (Scheme of Delegation) of Part Three of the Council's Constitution.

¹ Applications that are to be refused by officers under delegated authority will not normally be determined at Planning Sub-Committee

Key staff

2.22. The Assistant Director, Planning is responsible and accountable to the Council for the Planning and Development Service which deals with the administration of all planning matters. The Head of Development Management Service is responsible and accountable to the Assistant Director, Planning for the immediate management of the Council's development management and enforcement function.

3.—APPLICATION OF THE PROTOCOL

- 3.01. The Protocol applies to the conduct of Members in relation to all applications for permission/approval under planning legislation. The Protocol also applies to decisions to take or not to take planning enforcement action. The principles (below) would also apply where consideration was to be given to the inclusion or otherwise of specific proposals within the statutory local plan even when the Sub Committee was being consulted informally rather than making the final decision.
- 3.02. The Protocol also applies to any other item before the Sub Committee. This can include the lists of major applications and delegated decisions. For these, as with all items, Members should ensure that all comments they make are appropriate for the Sub Committee forum, and relate to a Council wide issue or concern that is not better dealt with by raising directly with officers outside of Sub Committee.
- 3.03. In the following sections references to determination of planning applications should be taken as referring also to all these other matters.

4. THE MEMBERS' CODE OF CONDUCT

4.01. The Members' Code of Conduct ("the Code of Conduct" Part 5 Section

A) applies to Members of the Planning Sub-Committee as to all
Members of the Council. The parts of the Code of Conduct on personal
and prejudicial interests, the register of those interests and receipt of
gifts and hospitality are particularly relevant. Members of the SubCommittee should also have regard to the general principles of conduct
when exercising their planning functions.

5. CONDUCT OF MEMBERS OF PLANNING SUB-COMMITTEE

General Principles including Bias and Predetermination

5.02. This section of the protocol applies solely to Members of the Council's Planning Sub-Committee when determining planning applications or considering the inclusion of local plan proposals or resolving to take planning enforcement action. It is intended to ensure that the integrity of the decision making process is not impaired, either in reality or in perception, through a lack of openness in decision making, or through the lobbying of those Members who will make decisions.

5.03. This part of the protocol is also designed to ensure that, wherever possible, representations made to Members form part of the public information leading to any decision.

5.04. The conduct of Members of the Council who are not Members of the Planning Sub Committee is governed by the next section of the protocol, where greater flexibility is permitted, and where those Members are given greater freedom to discharge their role as representatives of the local community within a clear framework.

With regard to decision making:

5.01. The Council (which unless otherwise stated means acting as LPA) has a responsibility to make decisions with knowledge of the relevant Do comply with section 38(6) of the Planning and Compulsory Purchase Act 2004 and make decisions in accordance with the Development Plan policies, taking into account all other unless material considerations indicate otherwise and any representations, applying the appropriate weight to each. In addition, it is important that elected Members

5.05.5.02. <u>Do receive consider</u> open and impartial professional advice from their Planning Officers. <u>Members should Do</u> make planning decisions by reference to a having considered the written officers' report and their advice at the Sub-committee.

- XX Do come to your decision only after due consideration of all of the information reasonably required upon which to base a decision.
- 5.06.5.03. This can only be done at the Sub Committee. Conclusions reached in advance of the Sub Committee risk being on partial facts, without the relevant advice, and without the ability to view all the material considerations before applying appropriate weight. They are therefore open to misunderstanding, and possibly, to legal challenge on the grounds that the right things have not been taken into account, or immaterial things have been taken into account, or that the Members concerned have been subject to "bias" or "pre-determination". Don't take a decision regarding a planning application with a closed mind or inclination or prejudice for or against a party or interest to avoid legal challenges on the ground that a Member had pre-determined their decision or where perceived to be or where biased.
- 5.07. For these reasons Members should not reach or express any firm eonclusion on an application prior to the relevant Sub-Committee meeting. If, for any reason a Member decides, in advance of the Sub-Committee meeting, to express a firm and final view on the development, he or she shall not take part in the deliberations of the Sub-Committee but may exercise the rights below. Do be aware that in your role as an elected Member you are entitled, and are often expected, to have expressed views on planning issues and that these comments have an added measure of protection under the law. Your prior observations, apparent favouring or objections in respect of a particular outcome will not on their own normally suffice to make a decision unlawful and have it quashed, but you must never come to make a decision with a closed mind.
- 5.08. Where any Member makes representations in support or objection to the 'Planning Service', in writing or orally, in relation to any application, those representations will be recorded for inclusion in the officers' report. Where these representations constitute a firm and final viewclosed mind on the development, the Member will not take part in the deliberations of the Sub-Committee but may exercise the rights below of a Ward Member. Where you do:
 - advise the proper officer or Chair that you wish to speak in this capacity before commencement of the item;
 - remove yourself from the seating area for members of the Committee for the duration of that item;
 - remove yourself from the room when you are not exercising your speaking rights or answering questions from Committee members; and
 - ensure that your actions are recorded in accordance with the Authority's committee procedures.

Open and fair decisions

Move this section upwards, to after Training section, and then merge General / Bias & Predetermination sections to keep logical flow

5.10_At the London Borough of Haringey decisions on significant controversial planning applications that are not delegated to officers are taken in public by the Planning Sub Committee.

For a decision to be open and fair:

- Those taking the decision should not be biased or have predetermined how they will decide;
- Those taking the decision should not have a disclosable pecuniary interest or prejudicial interest (see below for further information about these) in the outcome;
- <u>Previous The</u> decisions should may be consistent with others taken previously unless there are good reasons to decide otherwise a material consideration; and
- The reasons for the decisions should be clearly set out.

Bias or predetermination

- 5.11_It is entirely permissible for Planning Sub Committee Members, who are democratically accountable decision makers, to be predisposed towards a particular outcome. Nonetheless they must address the planning issues before them fairly and on their merits. That means they ean have a view on the application or matter but must not make up their minds on how to vote before formally considering the application and any representations. Planning Sub Committee Members must have an open mind to the merits of a proposal before it is formally considered at the Sub Committee meeting and they must be prepared to be persuaded by a different view in the light of any detailed arguments or representations—concerning—the—particular—matter—under consideration. You are entitled to be predisposed to make planning decisions in accordance with your political views and policies provided that you have considered all material considerations and have given fair consideration to relevant points raised.
- 5.12.—If the Sub Committee's decision on a planning application is challenged in the High Court by way of judicial review on the grounds that some of the Sub Committee Members were biased, or had predetermined the application, the court will assess the ease on the basis of what a fair-minded observer, knowing the relevant facts would think.
- 5.13. Section 25 of the Localism Act 2011 provides that a decision maker is not to be taken to have had, or appeared to have had, a closed mind when making the decision just because:

- the decision maker had previously done anything that directly or indirectly indicated what view the decision maker took, or would or might take, in relation to a matter; and
- the matter was relevant to the decision.
- 5.14. This provision does not change the law on bias and pre-determination which means that Sub-Committee Members must still take planning decisions with an open mind and having taken into account all relevant material planning considerations. What s.25 does provide is that statements made by Members cannot be used in court as evidence that the Member in question had or appeared to have a closed mind. Other evidence or any evidence that a Member has taken into account irrelevant considerations, however, is not so restricted by s.25.
- 5.15. Notwithstanding the s.25 provisions, the safest course is for Sub-Committee Members to avoid making public statements (including expressing views in emails) as to their support for or opposition to any application which would indicate they had made up their minds before the formal consideration of the application at the meeting. If a Sub-Committee Member has made such a statement they must be satisfied that they can still consider the application with an open mind and are prepared to take into account any new matters or any new arguments in favour of or against the proposed development until the decision is made otherwise they should not take part in any decision on the application in question. In which case it is to be treated the same as any other prejudicial interest, as will cases of perceived bias, and the Member shall declare this interest and leave the room for the item in question as set out below.

Declaring an interest

3.025.16:____It is important that Sub-Committee Members should not be influenced or perceived to be influenced by any interests that they, their family or close associates may have in a particular application. To this end at the start of every Sub-Committee meeting Sub-Committee Members shall declare any disclosable pecuniary interest or prejudicial interest in any application on the agenda for a Planning Sub-committee meeting before any application is considered at a meeting like at other Council committee meetings and shall withdraw from the meeting room as it is not possible to participate in any discussion or vote on an application if a Member has such interest will be asked to declare any interests they may have in relation to the matters before them. Aas outlinedset out in the Code of Conduct paragraphs 9.3 and 10.1 of the code., "disclosable pecuniary interests" are prescribed by law and are entered in the register of interests maintained by the Council's Monitoring Officer. The Code of Conduct also provides for the disclosure of other interests at meetings in certain circumstances.

3.03 It is not sufficient for a Member to only state they have 'an interest'. When declaring an interest, the a Member must describe the nature of that interest and how it relates to an application as outlined in See paragraphs 4, 6, 7 and 8 of the code, what the interest in question actually entails.

Disclosable pecuniary interests

- 5.17. 'Disclosable pecuniary interests' are prescribed by the Relevant Authorities (Disclosable Pecuniary Interests) Regulations 2012 and are set out in Appendix A to the Code of Conduct. The categories of disclosable pecuniary interests include employment or office, interests in land in the Borough and contracts with the Council.
- 5.18. An interest is a 'disclosable pecuniary interest' if it is of a type described above and it is an interest of the Member or of their spouse or civil partner, a person with whom they are living as husband and wife or a person with whom they are living as if they were civil partners and the Member is aware of the interest. Members should note the criminal sanctions for failure to comply with these requirements (as outlined in Appendix B of the Code of Conduct).

Other interests

- 3.04 5.19: A Sub-Committee A Member may have other interests such as 'Personal' or 'Prejudicial' interests which, whilst not falling within the legal definition of disclosable pecuniary interests should, it is strongly advised, be declared in the public interest. For example, such an interest may arise where the Sub-Committee Member resides near a development which is the subject of the planning application under consideration. While it is for the Sub-Committee Member to judge, a useful rule of thumb is "will my enjoyment of my property be affected either positively or negatively by this application?". If the answer is in the affirmative, it would be advisable for the Sub-Committee Member to declare such an interest.
- 5.20.___A prejudicial interest would also arise, for example, if the affected property were to be owned by a company of which the Sub Committee Member is a director.
- 5.21._Advice is given below regarding what Sub-Committee Members and non-Sub-Committee Members should do if they have a disclosable pecuniary interest or other interest in an application due to be considered at a Sub-Committee meeting.
- 3.045.22.It is important to note that the rules relating to declarations of interest apply equally to non-Sub-Committee Members who may from time to time wish to attend a Sub-Committee meeting and speak on a particular matter. EachAll Members who are not members of the Planning Sub-committee shall, if in attendance at a meeting of the Planning Sub-

committee, declare any disclosable pecuniary interest or prejudicial interest in an application on the agenda for a meeting must make an assessment of whether they have an interest in the matters under discussion, whether they intend to participate in proceedings or not.

3.05 Members should seek advice from the Monitoring Officer in advance of a Planning Sub-Committee meeting if they are not clear whether a declaration of interest should be made at a meeting of the Sub-committee or where that is not possible, advice should be sought from the legal officer in attendance at the Planning Sub-committee meeting so that they can decide whether or not they have an interest which means they cannot participate in the consideration of a planning application which the interest relates to.

Consistency

5.23. Previous Ddecisions will not be seen as fair if they are different from those taken on previous similar cases without good reasonmay be a material consideration. —The Sub-Committee report will set out the relevant considerations and will draw attention to decisions on any other similar cases where appropriate.

Reasons

5.24.—Fair and open decision making requires the reasons for the decision to be clear. This is particularly important when the Sub-Committee's decision differs from that recommended in the report.

Party political whips

XXX. Planning decisions cannot be made on a party political basis. The use of political whips to seek to influence the outcome of a planning application is likely to be regarded as maladministration. Political Meetings can never dictate how Members vote on a planning issue.

Members' engagement with planning decisions

- 5.25. Members will want to actively and positively engage with planning decisions. All Members can:
 - advise objectors/applicants/others on planning processes and how to get involved;
 - give advice about adopted planning policies and local priorities
 - direct lobbyists, applicants or objectors to the relevant planning officer so that their opinions can be included in the officer's report;
 - lead on local discussions in the preparation of the development plan documents, area action plans and supplementary planning documents:

PART FIVE - CODES AND PROTOCOLS

Section E – Planning Protocol

- provide input into the preparation of planning briefs and guidance;
- receive and pass on information, for example weekly lists and briefings from officers on key proposals;
- attend Development Management Planning Forum meetings, ask questions there; and
- raise issues important to local people and to the developersapplicants.
- 5.26. To ensure that Members and the Council are not open to challenge Members should:
 - preface relevant discussions with a disclaimer; the nature of this will depend on their role within the authority in the context of planning:
 - clearly indicate that any discussions with them are not binding on the Council;
 - be clear about the distinction between giving advice and engaging in negotiation so only engaging in the former;
 - involve officers where this will help to safeguard transparency and the appearance of bias;
 - be aware of relevant policies included in the Council's adopted plans but give consideration to other matters relevant to planning; and
 - seek the advice of the Monitoring Officer when they are unsure of what they are able to do and in relation to any potential "interest".

5.27. Members should not:

- expect to lobby and actively support or resist an application/decision and subsequently vote at ecommittee or Cabinet; or
- seek to put undue pressure on officers or Members of a deciding eCommittee to support a particular course of action in relation to a planning application or other planning decision and should not do anything which compromises, or is likely to compromise, the officers' impartiality or professional integrity.

This does not mean that a Councillor may not question robustly or argue forcefully for a particular course of action.

NEW. MEETINGS AND BRIEFINGS

Pre Committee procedures Briefings to Planning Sub Committee Members from applicants

Developer's briefings to Planning Sub-Committee

- 5.28. Enabling an Developer applicant to brief and seek the views of elected Members about planning proposals at an early stage (usually preapplication or where this is not possible, very early in the formal application period) is important in ensuring that new development is responsive to and reflects local interests/concerns where possible. Early mMember engagement in the planning process is encouraged and supported by the NPPF, the Local Government Association Planning Advisory Service guidance on Probity in Planning (2019) and the Royal Town Planning Institute Practice Advice on Probity and the Professional Planner (2020).
- XXX. Haringey proposes to achieve this objective through formal briefings of relevant Cabinet Members and the Planning Sub-Committee in accordance with procedures set out in this Protocol. Cabinet and Sub-Committee Members taking part in such briefings should do so in their strategic borough-wide capacity rather than in their local 'ward' capacity. No decision will be taken at such meetings and the final applications will be the subject of a report to a future meeting of the Sub-Committee. These meetings are held in public and are webcast although there are no public speaking rights.

5.29. The purpose of briefings are:

- To enable Members to provide <u>feedback observations</u> that supports the development of high quality development through the pre-application process, and avoid potential delays at later stages;
- To enable Members to highlight strategic Council and Local Plan objectives and requirements set out in planning policy or guidance that are particularly relevant to an application;
- To ensure Members are aware of significant applications prior to them being formally considered by the Planning Sub-Committee;
- To make subsequent Planning Sub-Committee consideration more informed and effective;
- To ensure issues are identified early in the application process, and improve the quality of applications; and
- To ensure Members are aware when applications raise issues of corporate or strategic importance.

5.30. What sort of presentations would be covered in the briefings?

- Presentations on proposed large-scale developments of more than 50 dwellingshomes, or 5,000 sq m of commercial or other floorspace or which includes significant social, community, health or education facilities, or where the Assistant Director, Planning/Head of Development Management Service considers early discussion of the issues would be useful; and
- Presentations on other significant applications, such as those critical to the Council's regeneration placemaking programmes,

significant Council developments, or those requested by the Chair of the Sub-Committee.

If and when a planning application relating to the proposal discussed is submitted, the note of the meeting would be published as part of the publicly-accessible planning application file and reported to the Planning Sub-Committee when any subsequent

proposal is submitted for determination. This is to ensure transparency and full consideration of the facts when a decision is made.

- Summary of the comments raised.

- 5.xx These meetings are held in public and are webcast although there are no public speaking rights including amenity groups.
- 5.33. A short note of the meeting summarising Members' comments would be made. If and when a planning application relating to the proposal discussed is submitted, the note of the meeting would be published as part of the publicly-accessible planning application file and reported to the Planning Sub-Committee when any subsequent proposal is submitted for determination. This is to ensure transparency and full consideration of the facts when a decision is made.

<u>sa</u> Other matters

- 5.34. Developer Applicant participation in the Developers' Applicants' briefings to Planning Sub-Committee would not normally happen prior to a Development Management Planning Forum or other public meeting or public consultation being held relating to the site or prior to attendance at the Quality Review Panel subject to programming and scheduling pressures.
- 5.35. Comments and questions can be raised, and this can also include positive engagement about the proposed development. However, Members should ensure that they are not seen to pre-determine or close their mind to any such proposal as otherwise they may then be precluded from participating in determining the application.

Development Management Planning Forum

5.37. The Council has established a Development Management Planning Forum to facilitate the discussion of large-scale or contentious planning proposals. The forum does not reach a decision about a proposal. Its purpose is to allow participants to raise issues of concern and obtain answers to questions about the particular application. The aim is to allow early discussion by Members and members of the public on planning issues related to these planning proposals and to explore the scope for agreement between all parties in a positive and constructive way prior to the later decision being made at the Planning Sub-Committee. Forum meetings will usually take place prior to the submission of an application but can take place at an early stage of the formal process before the Planning Sub-Committee meeting. They do not remove the opportunity for objectors, supporters and applicants to address the Planning Sub-Committee when an application is to be determined or the holding of exhibitions and or public meetings where these are considered appropriate.

What applications does the forum consider?

- 5.38. Applications that may be considered by the forum include major applications and those of significant local interest. It is not possible to prescribe the exact type of proposals but they may include the following:
 - Applications which involve more than 450 residential unitshomes or over 54,000 sq m of floor space;
 - Those that do not meet the threshold above but are likely to generate significant local interest
 - Those applications that involve a major departure from the Council's planning policy; or
 - Those applications that involve <u>hightall</u> buildings i.e. over <u>56</u> storevs
- 5.39. Applications that will not generally be considered by the forum include:
 - Minor planning applications to alter or extend houses;
 - Applications to confirm whether a use of land or buildings needs planning permission (a 'lawful development certificate');
 - Applications to put up advertisements;
 - Amendments to applications or those which have already been the subject of a forum discussion; or
 - Applications where there will be a recommendation for refusal.
- 5.40. A forum meeting will be held when:

The Assistant Director, Planning/Head of Development ManagementService, in consultation with the Chair of the Planning Sub-Committee, considers that a forum would be beneficial in resolving issues on a particular planning proposal. For development management forum meetings held at the pre application stage site notices and emails to local groups and councillors will be sent advising them of a proposed meeting. For those meetings held following the submission of a planning application consultees will be advised in accordance with the Council's consultation policy as set out in the Council's Statement of Community Involvement (SCI) in force at the time as part of the consultation on the planning application.

Who can attend?

- 5.41. Meetings are open to all Members, local businesses and residents. Normally one application or proposal will be considered at each forum to allow for effective discussion. To assist the running of the meeting an agenda is prepared and a short briefing note on the proposal is available.
- 5.42. The format of the meeting is as follows:
 - A senior planning officer chairs the forum. They ensure that all planning issues arising from the proposal are raised but that there

Formatted: Indent: Left: 1.25 cm, Hanging: 0.97 cm, Don't adjust space between Latin and Asian text, Don't adjust space between Asian text and numbers

is no discussion on the merits of the proposal. Planning officers provide information on the progress of the proposal.

- The applicant is invited to make a presentation of the proposal for a maximum of 15 minutes.
- Local residents and organisations have an opportunity to present their views either for or against the proposal.
 Planning officers provide information on the progress of the proposal.
- The applicant responds to questions from Members of the Planning Sub-Committee, ward councillors and local business and residents.
- 5.43. An attendance record is kept, the discussion is recorded and a note of the meeting is made. If and when a planning application relating to the proposal considered by a Planning Forum is submitted the note of the meeting would be published as part of the publicly-accessible planning application file and which is reported to the Planning Sub-Committee when any subsequent proposal is submitted for determination. This is to ensure transparency and full consideration of the facts when a decision is made.

All Members: Haringey's Development Management Forum

- 5.44. All Members can attend <u>Development ManagementPlanning</u> Forum meetings which are called to promote early exploration of issues relevant to a particular development. They do not seek to reach any decision about the likely outcome of an application.
- 5.45. The particular role that Members can play at the meetings is dependent on whether or not they have a formal role within the planning system of the authority, for example are a mMember of Planning Sub-Committee or the Cabinet, but all Members will need to take account of the generic guidelines for example, publicly clarifying their particular role.

5.46. All Members can:

- use the meeting to understand the development, the issues important to local people and to the developersapplicant, and how the relevant policies are being applied by asking questions;
- give advice about adopted planning policies and local priorities and clarify or seek clarification of policies and priorities;
- give advice about planning processes or direct those present to relevant officers or other sources of advice and information both present or outside the meeting;
- refer local objectors or supporters to ward colleagues who are in a position to take a wider role if theirs is limited and further Member assistance is required; and
- seek advice from officers as to the process to be followed, issues being reviewed and the likely policy position.

5.47. Members should not use the forum to undertake negotiations or appear to put undue pressure on the officers in relation to any future decision on the scheme. Members are however entitled to robustly question developers applicants and officers in order to fully understand issues before the forum.

Ward Members: Development Management Forum

5.48. Ward Members who are not on the Planning Sub-Committee can greatly assist this process by taking an active part in the forum meeting, asking questions, commenting on planning policies and local priorities, and advising on the planning process. They can usefully draw attention to local circumstances and issues, and comment on the appropriate weight to be given to those. It will be important that Ward Members ensure that their remarks and advice are based on adopted Council planning policies as far as possible. This is important to avoid creating any confusion in the minds of developers applicants or local people about who speaks for the Council in negotiations or about the Council's negotiating position.

Quality Review Panel

- 5.49. As part of the pre-application process for major and /or sensitive applications, the Council encourages applicants to present their proposals to the Quality Review Panel. The panel is a group of independent and objective experts, including experienced architects and other built environment professionals, who meet on a regular basis. The Panel's advice is provided for the benefit of the Planning Sub-Committee. The advice will also be used to help officers and the developer applicant to improve upon the quality of the scheme as it evolves.
- 5.50. The best design outcomes generally occur when schemes are presented to the panel at the pre-application stage, as this allows applicants sufficient time to amend proposals following panel feedback.
- XX If and when a planning application relating to the proposal presented to the Quality Review Panel is submitted, the note of the meeting would be published as part of the publicly-accessible planning application file and reported to the Planning Sub-Committee when any subsequent proposal is submitted for determination. This is to ensure transparency and full consideration of the facts when a decision is made.
- 5.51. Discussions and negotiations while the application is current but prior to determination:

Move up to end of the "Conduct of Members of Planning Sub Committee" section. Above the "Meetings and Briefings" section.

- 5.52. Once an application has been submitted, officers are working to strict deadlines to ensure that the application can be efficiently and properly determined. They may, during that period, enter into discussions, and sometimes negotiations, with the applicant or their agent in order to clarify aspects of the scheme or to ensure that the applicant is aware of the council's policy requirements. Sometimes such discussions will also convey to an applicant the views of third parties or consultees.
- 5.54. At this stage it is not appropriate for Members, whether or not they are on the Planning Sub-Committee, to enter into direct discussions and /or negotiations with applicants or consultees. Members should recognise the clear distinction between negotiation and listening without prejudice to views which may be expressed to them (see the section on Lobbying below). For Members to enter into negotiations whilst an application is current at best sends a confused message to applicants and consultees about who is officially speaking on behalf of the Council, and at worst will without doubt result in the Member appearing to show bias or predisposition. However, this does not prevent Members at this stage asking officers for information about an application, or from passing on the views of constituents or others, indeed this would be a proper area of Member activity. Members should at the same time ensure that any requests for advice or interpretation are passed to officers.

Briefings/interim reports

5.55. An effective way of building a degree of certainty into pre-application or post submission discussions is for officers to engage with Members at an appropriate stage in negotiations. Officers may prepare a committee report, briefing note or a site visit in order to identify the key issues that have emerged during discussion, and, where necessary, seek member endorsement to the approach that is being pursued, or simply to present the scheme as an information item to Members. This provides the opportunity for committee Members to raise questions of their own or seek further information regarding the proposed development.

Approaches by applicants to Members

Move up to end of the "Conduct of Members of Planning Sub Committee" section. Above the "Meetings and Briefings" section

5.56. Members of the Planning Sub-Committee will discourage any applicant or agent, or other interested party such as a landowner from approaching them directly in any way in relation to planning proposals. If an approach is received, the Member will take care not to give any commitment, or the impression of a commitment that he or she holds any particular view on the matter.

- 5.57. If an approach is received by a Member of the Planning Sub-Committee from an applicant or agent or other interested party in relation to a particular planning application, then the Member will:
 - Inform the applicant that such an approach should be made to Officers of the Council;
 - (b) Keep an adequate written record so as to enable the Member to disclose the fact of such an approach if and when the application or proposals is considered by the Planning Sub-Committee; and
 - (c) Disclose the fact and nature of such an approach at any relevant meeting of the Planning Sub-Committee.

In this context an approach should be noted where the discussion extends beyond simple information to the merits or demerits of the particular proposals.

5.58. Where a Member of the Planning Sub-Committee receives written representations directly in relation to a planning application, the Member will pass the correspondence to the Assistant Director, Planning/Head of Development Management Service in order that those representations may be taken into account in any report to the Planning Sub-Committee.

The Sub-Committee meeting

Move to later section "Protocol for Planning Sub-Committee meetings" so all together

- 5.59. Planning Sub-eCommittee meetings generally start at 7.00pm and the Council's standing orders provide that they will end at 10.00pm except that discussion of the specific item or case in hand at 10.00pm may continue thereafter at the discretion of the Chair.
- 5.X There are 11 Members of the Sub-Committee. The quorum for making a decision as set out in the Council's constitution is at least one quarter of the whole number of voting Members are present i.e. at least 3.
- Where notified in advance to the Sub-Committee Clerk and subject to them having attended the mandatory training, substitute Members may attend in place of a Planning Sub-Committee mMember, pursuant to the Committee Procedure Rules. Substitutes will be from the same political party, to maintain the political balance at Sub-Committee and will be subject to clearance from the group's Chief Whip. The substitute will be for the duration of the entire agenda and will not be used for individual items.

Lobbying and representations

[Move this and subsequent subsections up to end of the "Conduct of Members of Planning Sub Committee" section, above the "Meetings and Briefings" section.

- 5.60. The proper place for supporters to make comments or objectors to raise their concerns is in writing in response to public consultation on a planning application or by making representations at a Sub-Committee meeting. Sub-Committee Members may nevertheless receive lobbying material through the post or by email from either the applicant or the objectors or be approached personally by interested parties. In dealing with such approaches, it is important for Sub-Committee Members not to do or say anything that could be construed as bias or predetermination.
- 5.61. Where Sub-Committee Members receive lobby material through the post or by email they should forward it to the Assistant—Director, Planning/Head of Development ManagementService. If Sub-Committee Members feel it is necessary to acknowledge receipt of or comment on the correspondence, they should consider the advice on bias or predetermination in this Protocol and should send a copy of their response to the Assistant—Director, Planning/Head of Development ManagementService.
- 5.62. If a Sub-Committee Member is approached by an individual or an organisation in relation to a particular planning application, they may listen to what is said but they should explain that because they are a mMember of the Sub-Committee they must keep an open mind until they have seen all the material before the Sub-Committee. A Sub-Committee Member might suggest that the individual or organisation should:
 - Where an application is not yet on a Sub-Committee agenda, write
 to the Planning Officer responsible for the particular case who will
 take into account any material planning considerations raised in the
 representations when preparing a report for the Sub-Committee;
 or
 - If the application is already on a Sub-Committee agenda, contact the Sub-Committee Clerk to make a request to speak at the Sub-Committee meeting.
- 5.63. In either case contact another Member who is not a Sub-Committee Member to seek their support. Generally speaking, this should be the Ward Councillor for the Ward within which the application is made.
- 5.64. If a Sub-Committee Member does decide to become involved in organising support for or opposition to a planning application or has offered an opinion on a planning application, then that Sub-Committee Member must take into account the advice on bias or predetermination

in this Protocol. If after considering that advice the Sub-Committee Member comes to the view that on an objective assessment they cannot sit on the Sub-Committee and decide the application with an open mind, they should not be part of the Sub-Committee that decides the application. They can however attend the Sub-Committee meeting and speak on their constituent's behalf and adopt the role of local member rather than decision maker.

'Decision Maker' role

- 5.65. A Councillor who is a mMember of the Planning Sub-Committee or a suitably trained substitute and who takes part (or who intends to take part) at a meeting of the Planning Sub-Committee in the determination of particular Planning Application will for the purposes of this Protocol be a "Decision Maker" in relation to such Planning Application.
- 5.66. A Councillor who is a Decision Maker shall comply with the provisions of the Code of Conduct generally.

'Local Member' role of a Planning Sub-Committee mMember

- 5.67. Where a Planning Sub-Committee mMember wishes to make representations on behalf of his/her constituent(s), for the purposes of this Protocol he/she will be a "Local Member" in relation to that planning application. He/she may attend a meeting of the Planning Sub-Committee to make representations about the planning application on behalf of their constituents
- 5.68. A Councillor who is a Local Member shall comply with the Public Speaking Provisions and the Code of Conduct generally. Further provisions relating to the "Local Members" role are also contained in the next following section.

Non Planning Sub-Committee /Local Ward Member role

- 5.69. Subject to the provisions of the Code of Conduct generally a Councillor who is not a Member of the Planning Sub-Committee (whether or not he/she plays or intends to play the role of "Local Member") will be free to:
 - discuss any planning application with the applicant / agent / objector / lobby group;
 - attend any locally organised meeting concerning the application;
 - attend any meeting concerning the application and speak about the application (including expressing a view either for or against the application):
 - relay relevant information about the application to a planning officer;

PART FIVE - CODES AND PROTOCOLS

Section E – Planning Protocol

- seek information/clarification about the application from a planning officer; and
- should follow the rules on lobbying in accordance with this Protocol.

Effect of Prejudicial etc Interests

- 5.70. Where a Member of the Planning Sub-Committee has had any personal involvement with an applicant, agent or interested party, whether or not in connection with a particular application before the Planning Sub-Committee, or any other personal interest which an observer knowing the relevant facts would reasonably regard as so significant that it was likely to prejudice the mMember's judgement of the public interest, then the Member will declare a prejudicial interest in accordance with the provisions of the Code of Conduct (Part 5 Section A of the Council's Constitution). The Member must abstain from discussion and voting on the matter and leave the room while that application or other matter is under discussion except as provided below. The Member must also avoid any attempt to influence the decision improperly.
- 5.71. A Member declaring a prejudicial or any other interest that precludes their determination of an item may attend during that item but only for the purposes of making representations about the matter, answering questions or giving evidence about it and then only when the meeting is open to the public. Otherwise the Member must leave the room while that application or other matter is under consideration.

Social Contacts

5.72. Members of the Planning Sub-Committee will minimise their social contacts with known developers and agents applicants and refrain altogether from such contacts when developments are known to be contemplated or applications are being proposed, or where controversial decisions are likely to be needed.

Hospitality

5.73. Members of the Planning Sub-Committee will reject any offers of gifts, hospitality or future favours made personally or by way of deals for the Council or the community, from lobbyists. Any such improper approach will be reported immediately to the Chief Executive.

Residents/Local Groups/ Other Occupiers

[Very similar to "Lobbying and representations" section, merge]

5.74. If a Member of the Planning Sub-Committee is approached by local residents, business or other occupiers in relation to an application, which the residents or others wish to object to or support, the Member will listen to the views but will take care not to give any commitment, or

the impression of a commitment that they hold any particular final view on the application.

- 5.75. Members of the Planning Sub-Committee will:
 - (a) Encourage the interested party to contact another Ward Member or other elected Member who is not a Member of the Planning Sub-Committee:
 - (b) In the case of significant meetings on planning matters keep an adequate written record so as to enable the Member to disclose the fact of such an approach if and when the application or proposals is considered by the Planning Sub-Committee; and
 - (c) Disclose the fact and nature of significant discussions at and relevant meeting of the Planning Sub-Committee.

In this context "significant" would include any meetings or discussions which consider the merits or demerits of the particular proposals extended beyond simple information.

- 5.76. Meetings and discussions with constituents are an important part of a Ward Member's functions, and this Protocol is not intended to harm those contacts unnecessarily. Members of the Planning Sub-Committee should avoid taking an active role in meetings to promote residents' objections to applications. Nothing in this Protocol prevents Members from listening to local concerns, giving factual information about an application or the planning process, or from directing residents to other sources of information or assistance.
- 5.77. Where a Member of the Planning Sub-Committee receives written representations directly in relation to a planning application, the Member will pass the correspondence to the Assistant Director, Planning/Head of Development Management Service in order that those representations may be taken into account in any report to the Planning Sub-Committee.

At Committee

Move to later section "Protocol for Planning Sub-Committee meetings" so all together

5.78. The responsibilities of Members of the Planning Sub-Committee in considering planning matters are set out above. At the Sub-Committee, Members will, in particular, avoid expressing any view on the matters under consideration until the report has been presented, any other relevant advice is given, and all oral representations have been heard. In order to participate and determine an item, Members must be present for the entire duration and not miss any part of that item.

Decisions contrary to officer recommendation and/or the Plan

[Moved to Section 10 Protocol for Planning Sub Committee Meetings]

- 5.79. Decisions on planning proposals have to be taken in accordance with the development plan unless material considerations indicate otherwise. In determining planning and other applications the Committee is entitled to decide the weight to be attached to the various planning considerations which are relevant to the application. This can lead to a decision which is contrary to the recommendation of the Officers. The Committee can for example decide:
 - to refuse planning permission where officers have recommended approval;
 - agree with officers that permission should be refused but for different reasons; or
 - grant permission subject to different conditions or legal requirements than those recommended.
- 5.80. Where any Members are proposing to put forward a motion contrary to the officer recommendation, the Committee Chair will ensure that the planning reasons are apparent before a vote is taken. In order to do this the Chair will ensure that:
 - The planning officer/legal officer is given an opportunity to explain to the Sub Committee the implications of their decision; and
 - Where the Sub-Committee wish to add or amend conditions the planning officer is given the opportunity to draft the condition(s) and refer to appropriate Members, for approval.
 - When the Planning Sub-Gommittee makes a decision which is contrary to the recommendation of the planning officers, whether the decision is one of approval or refusal, a detailed minute of the Sub-Committee's reasons for its decision will be made. A copy of the minute will be kept on the application file.
- 5.81. When a decision is made which is contrary to the Plan the material considerations which led to this decision and the reason(s) why they are considered to override the development plan will be clearly identified and minuted.

Council Owned Land

[Move to Conduct of Members of Planning Sub-Committee section]

- 5.82. The Planning Sub-Committee from time to time considers applications involving land owned or recently owned by the Council. Members will consider carefully whether they should take part in the deliberations of the Sub-Committee on an application, involving that land, where they took part in any decision of the Cabinet or other Council body in relation to the land. They will take into account whether an observer with knowledge of all the relevant facts would suppose that there might be any possibility that the involvement in the decision on the land could amount to reaching prior conclusions on the planning issues, or otherwise adversely affect the Member's judgement in any way.
- 5.83. Any Member, whether or not a Member of the Cabinet, will take great care in the consideration of applications, or local plan proposals, affecting land owned or recently owned by the Council to ensure that the planning decision is made and seen to be made solely on planning grounds.

Legal Advice

[Move to later section "Protocol for Planning Sub-Committee meetings" so all together

- 5.84. The Assistant Director of Gorporate Legal and Governance and/ Monitoring Officer will ensure that a suitably experienced legal officer is present at all Sub-Committee meetings to give legal, governance and procedural advice.
- 5.85. Members need to be mindful of the rules on declarations of interests and if Sub-Committee Members or other Members require advice about possible disclosable pecuniary interests or other interests or if Sub-Committee Members are in any doubt as to whether they have expressed a view that could give rise to the appearance of bias or that they have pre-determined a matter they may seek advice from the Monitoring Officer in advance of the Sub-Committee meeting. If that has not proved possible they should seek advice from the legal officer to the Sub-Committee before the meeting starts. Once advice has been given, it is up to the Member to make their own decision on whether or not they have a declarable interest and whether or not they can participate in the decision.

6. MEMBERS NOT ON PLANNING SUB-COMMITTEE

- 6.01. The Code of Conduct applies to all Members of Council. The parts of the Protocol which will be particularly kept in mind as a general context for the exercise of planning functions are set out above.
- 6.02. Where any Member submits representations in writing or orally in relation to any matter before the Sub-Committee those representations will be recorded for inclusion in the officer's report.

- 6.03. Councillors who are not Members of the Planning Sub-Committee may attend meetings of the Sub-Committee, and may address the Sub-Committee, the Committee Procedure Rules (Part 4 Section B of the Council's Constitution) will apply. This requires the Member to give written notice to the Chair of the Sub-Committee of his/her attendance, preferably before the meeting but in any event as soon as the Member arrives at the meeting. In order to promote efficient business of the Sub-Committee, and in order to give certainty to the applicant of the time available for speaking, Members are asked to register their intentions to speak by midday on the working day prior to Sub-eCommittee Clerk.
- 6.04. Where a Councillor who is not a Member of the Planning Sub-Committee has had any personal involvement with an applicant, agent or interested party, whether or not in connection with a particular application before the Planning Sub-Committee, or has any other personal interest which an observer knowing the relevant facts would reasonably regard as so significant that it was likely to prejudice the Member's judgement of the public interest then the Member will declare a prejudicial interest in accordance with the provisions of the Code of Conduct. The Member may only attend the meeting as provided in paragraph 6.05 below. The Member must also avoid any attempt to influence the decision improperly.
- 6.05. A Member declaring a prejudicial interest may attend the meeting but only for the purposes of making representations for or against the relevant application, answering questions or giving evidence about it and only when the meeting is open to the public. Otherwise the Member must leave the room while that application or other matter is under consideration.
- 6.06. Where an approach has been received by an elected Member (not being a Member of Planning Sub-Committee) from an applicant, agent or other interested party in relation to a planning application, that Member will, in any informal discussions with any Member of the Planning Sub-Committee, disclose the fact and nature of such an approach and have regard to the matters set out at paragraph 7.01 below.

7. OTHER CONDUCT OUTSIDE COMMITTEES

- 7.01. In discussions between Members generally and Members of the Planning Sub-Committee (at party group meetings or other informal occasions) Members will have regard to: -
 - (a) the principles governing the conduct of Members set out in the Code of Conduct.

PART FIVE - CODES AND PROTOCOLS

Section E – Planning Protocol

- (b) the principles governing the conduct of Members of Planning Sub-Committee set out in this Protocol.
- (c) the obligations placed on Members of the Planning Sub-Committee not to give commitments in relation to any planning application prior to consideration of the full officer report, advice and representations at the Sub-Committee meeting dealing therewith.

8. SANCTIONS

8.01. Please refer to the Complaints Against Members Protocol for the complaint procedure against Members and possible sanctions where there is an alleged breach of this Protocol and the Code of Conduct.

9. MEMBERS AND OFFICERS OF THE COUNCIL

The role of elected Members

- 9.01. In respect of any planning application Members will:
 - declare any pecuniary or non-pecuniary interest and take no part or a restricted part, as appropriate, in the processing and determination of the planning application;
 - act impartially and honestly;
 - approach each application with an open mind;
 - take into account and carefully weigh up all relevant issues;
 - determine each application on its own merits and in accordance with the requirements of planning law and the guidance of planning policy;
 - avoid inappropriate contact with interested parties (see also the section on lobbying); and
 - ensure the reasons for their decision are recorded in writing.

The role of officers

- 9.02. Officers in their role of advising and assisting elected Members in their determination of planning applications will provide:
 - impartial and professional advice;
 - consistency of interpretation of the planning policies; and
 - complete written reports which will include:
 - a clear and accurate analysis of the issues in the context of the relevant development plan policies and all other material considerations;

- the substance of the representations, objections, and views of all those who have been consulted;
- a clear written recommendation of action and where that recommendation is contrary to the development plan, the material considerations which justify the departure; and
- o all necessary information for the decision to be made.
- 9.03. Members should not put any pressure on officers for a particular recommendation and, as required by the Code of Conduct or the Protocol on Member/ Officer Relations (Part Five Section B of the Council's Constitution), should not do anything which compromises, or is likely to compromise, their impartiality. Members should recognise that officers are part of a management structure and should address any concerns which they may have about the handling of a planning application to a departmental manager at the appropriate level of seniority. In general, however, officers and Members should adopt a team approach to the determination of planning proposals, and should recognise and respect each other's different roles.
- 9.04. In common with Members generally, all Members of the Planning Sub-Committee may contact the relevant Planning Officer to seek information in relation to any planning application.
- 9.05. Members of Planning Sub-Committee will not attempt in any way to influence the contents of the Officer's report or the recommendation made on any matter. Representations made by Members whether or not in writing will be recorded by the relevant officer and included in the report.
- 9.06. Any criticism of Planning Officers by Members of the Planning Sub-Committee shall be made in writing, to the Director of Regeneration, Planning and Development or the Assistant Director, Planningor the Head of Service and not to the Officer concerned. Members will endeavour to avoid any public criticism of officers but this does not prevent Members asking officers proper questions.

Contact between Members and officers

- 9.07. Involving Members early and throughout the application and determination process leads to better eCommittee meetings, better decisions and better developments. Pre-eCommittee meetings between officers and the Chair and other senior Members can enable strategic applications to be highlighted and procedural eCommittee issues agreed. Other contact is described elsewhere in this protocol including pPlanning eCommittee briefings.
- 10. PROTOCOL FOR HEARING REPRESENTATIONS AT PLANNING SUB-COMMITTEE MEETINGS

Formatted: Left

General Principles for hearing representations and petitions

- 10.1. The Planning Sub-Committee will operate this Protocol with two particular aims regarding representations:
 - (a) to allow those who have applied to make representations to be heard by the Sub-Committee on items on the agenda for the meeting; and
 - (b) to get through the agenda expeditiously to avoid delay to applications and wasted journeys by the public.
- 10.2. Objectors or supporters, including Ward or other Members where possible, should advise the Council by noon on the working day immediately prior to the Sub-Committee meeting (for a Monday meeting this would be by noon on the Friday prior to the Sub-Committee) in order to allow appropriate administrative arrangements to be put in place. The number of speakers will usually be limited to two speaking against the proposal with a time limit of 3 minutes each i.e. a maximum of 6 minutes. Members will have a time limit of 3 minutes each. Those supporting a proposal will be given the same time as those speaking against (including time taken by any Members objecting less any time by Members supporting).
- 10.3. Speaking should take place immediately before the Sub-Committee debates a particular application (see running order for the Sub-Committee) and after the planning officer has set the scene and updated the meeting on any late matters not dealt with in the published report.
- 10.4. The circulation of materials will not normally be accepted during the meeting. If new or further material is to be allowed following the publication of the Sub-Committee papers it should be received in advance of the meeting so that it can be circulated to Members of the Sub-Committee and the detail considered by officers and members.
- XX For petitions, as per the Committee Procedure Rules, the Democratic Services Manager or Committee Clerk should be notified of any petitions by 10 a.m. five clear days² in advance of the Committee meeting. The petition will be handed to the Chair, and recorded as received by the Democratic Services Manager or Committee Clerk. If the petition is accepted, the Chair shall invite officers to advise the Planning Sub-Committee regarding planning policies and material considerations raised in the petition which may be debated by Members. If the petition is not considered at the meeting, the Chair shall report the response to the petition at the next ordinary meeting of the Committee.

² Five clear days does not include weekends or national holidays and excludes both the day of the meeting and the day on which notice of the meeting is given

10.5. Speakers should not be allowed to engage in discussion with Members of the Sub-Committee during public speaking or the Sub-Committee deliberations, to avoid any risk of accusation of bias or personal interest.

The procedure for addressing the Sub-Committee

- 10.6. Although the Committee Procedure rules allow for Members not on the Planning Sub-Committee, or officers outside the Planning Service who wish to address the Sub-Committee, to give written notice of their attendance to the Chair of the Sub-Committee rather than inform the Sub-eCommittee eClerk by 12 noon on the working day prior to eCommittee Members and Council Officers are asked to inform the Sub-eCommittee eClerk by 12 noon on the working day prior to eCommittee where possible.
- 10.7. The Chair will allow those persons outside the Council completing the form to address the Sub-Committee except where there are several people applying to speak, in which case there will be a limit as shown below. The right to speak shall be on a first come first served basis.
- 10.8. For any issue which is within the Sub-Committee's terms of reference, but for which there is not a report on the agenda, members of the public may use the Deputations Procedure in accordance with the Committee Procedure Rules to make their representations to the Sub-Committee.
- 10.9. With respect to Petitions, for this Sub-Committee the requirement in the Gouncil Procedure Rules for 5 days' notice will not apply so that members of the public may submit petitions (without addressing the meeting) on any issue which is within the Sub-Committee's terms of reference at any meeting without giving due notice.

Running order for planning applications

10.10. Declarations of interest will be taken at the start of the meeting (Members will be invited to clearly state their interest in an item and whether they believe it to be personal, prejudicial (including bias and predetermination) or pecuniary. To include whether they will leave, stay, refrain from debate and whether they will vote).

(a)	Announce application and give <u>a summary of the description and recommendation</u> .
(b)	Name the public speakers.
(c)	Advise the meeting of the declarations of interest that have been made in relation to the item
(d)	Local Member declaration to represent their constituents or vote (Where a local Member sits on the Sub-Committee they should state whether they

Secti	on E – Planning Protocol
	intend to vote on the application or instead to represent their constituents. If representing their constituents they should move to the area reserved for speakers and remain there as applicable e.g. until the end of their contribution subject to then leaving the room).
(e)	Planning officer presents case including update of any late representations or new issues, with possible supplementary presentation from other officers.
<u>(f)</u>	Members ask any clarification questions of the planning officer This should be through the Chair, relating to points of fact relating to material planning considerations only
(f) (g)	Speaking arrangements Objectors - up to 2 speakers with a total time of 3 minutes each.
<u>(h)</u>	Members ask any clarification questions of the objectors This should be through the Chair, relating to points of fact relating to material planning considerations only
(g) (i)	or the Chair in advance of the meeting may address the Sub-Committee for up to 3 minutes each.
<u>(i)</u>	Members ask any clarification questions of the Councillors This should be through the Chair, relating to points of fact relating to material planning considerations only
(h) (k	if there are any speakers against the proposal and then will be allowed to speak for an equivalent length of time as given to those objecting to the application i.e. maximum of 6 minutes (subject to any Members' speaking time) the total time to be divided between them. For each speaker clarification questions from Members should be made through the Chair and should be points of fact relating to material planning considerations only. Questions regarding policy or guidance or law and its interpretation should only be dealt with by Council officers. It is expected that most speakers will require no clarification.
(i) (l)_	Debate – Members through Chair with support from officers / legal providing clarification. Sub-Committee Members debate the case and consider the recommendation including conditions.
(j) (m	Summing up – Chair brings discussion to conclusion and seeks a decision on the recommendation/alternative recommendation proposed.
(k) (n	Vote and explicitly record decision—(s), taking vote(s) as necessary. Following the vote, there will be no further discussion of the item.

Motions and Odecisions contrary to officer recommendation and/or the Plan

amendment or condition to protect their amenity.

- 5.79X. Decisions on planning proposals have to be taken in accordance with the development plan³ unless material considerations indicate otherwise. In determining planning and other applications the Committee is entitled to decide the weight to be attached to the various planning considerations which are relevant to the application. This can lead to a decision which is contrary to the recommendation of the Officers. The Committee can for example decide to:
 - refuse planning permission where officers have recommended approval;
 - agree with officers that permission should be refused⁴ but for different reasons; or
 - grant permission subject to different conditions or legal requirements than those recommended.

5.80X. Where any Committee Member puts forward a motion, the Committee Chair will ensure that the following process is to be followed:

- Members, through the Chair, at any time, may ask planning & legal officers for clarification on planning policies, material considerations & implications of their reasons and decisions, to inform a potential motion
- The Chair may ask Members if there are any other issues or reasons which may be relevant to inform a potential motion, and ask for officer clarification regarding these too
- The Member proposing a motion should state and explain their reasons and relevant planning policies and material considerationsreasons are apparent before a vote is taken. In order to do this
- the that:Texplain to and Another Member must second the motion, otherwise the motion falls away
- The Chair will restate the motion and reasons to Sub-Committee
- The Chair shall invite the planning and legal officers to advise the Sub-Committee regarding the relevant planning policies, material considerations and implications (if any) of approving the motion
- The Chair may adjourn the meeting so that reasons for approving the motion can be considered and/or drafted by officers
- The Chair will restate the motion and reasons to Sub-Committee
- The Members will debate the motion
- Following the debate, the Chair will ask for the affirmative votes, the negative votes, then abstentions

³ And National Development Management Policies when the relevant provisions come into force

⁴Although noting that applications that are to be refused by officers under delegated authority will not normally be determined at Planning Sub-Committee

- The Chair will announce the result of the voting, instruct the relevant officers to take the necessary action and introduce the next item of business
- Where the Sub Committee wish to add or amend conditions the planning officer is given the opportunity to draft the condition(s) and refer to appropriate Members, for approval.
- 5.X When the Planning Sub-Committee makes a decision which is contrary to the recommendation of the planning officers, whether the decision is one of approval or refusal, a detailed minute of the Sub-Committee's reasons for its decision and any changes to conditions of obligations will be made. A copy of the minute will be kept on the application file.
- 5.81X.When a decision is made which is contrary to the Plan the material considerations which led to this decision and the reason(s) why they are considered to override the development plan will be clearly identified and minuted.

For applications which are considered but dDeferredals

- XXX It should only be in exceptional circumstances that an item is deferred to a future meeting. It is Committee's role to make decisions on items presented to it. It should not be expected that there will be changes made to a proposal during a deferment, as Committee must make a decision on the item presented to it and not any other hypothetical proposal. The NPPF states that there is a presumption in favour of sustainable development and that for decision-making this means "approving development proposals that accord with an up-to-date development plan without delay" (emphasis added).
- 10.11 Once an item is published as part of an agenda for a Sub-Committee meeting it must be heard and can only be deferred at the meeting itself. Normally, the Sub-Committee will hear representations on both / all sides before they make a motion and decision to defer for any reason. Where any Committee Member puts forward a motion, the process to be followed is the same as that set out earlier on in paragraph XXX of this Protocol.

to justifyforto justifyfor

XXX In order to take part in the discussion regarding, and be able to vote upon, an application, a Councillor must be present throughout the whole of the Committee's consideration of an application including the officer introduction to the matter. If an application has previously been deferred then the same Councillors will be asked to reconsider the application when it is returned to Committee. Where an application is deferred and its consideration recommences at a subsequent meeting only Members who were present at the previous meeting will be able to vote. If this

Formatted: Underline

renders the Committee inquorate then the item will have to be reconsidered afresh.

- XXX Officers may also change the recommendation from a recommendation to approve to a recommendation to defer if there are exceptional circumstances that occur between a Sub-Committee agenda and reports being published and the meeting taking place.
- When the a deferred application is re-submitted to the Sub-Committee, further representations will normally only be allowed if some fresh matter has arisen since the first Sub-Committee meeting. If this further submission is exceptionally allowed, the number of people speaking will be limited to one objector for a further 3 minutes. The applicant/supporter will have a right to reply of 3 minutes.

For larger or more contentious applications

- 10.12. (a) In relation to larger and/or more controversial applications (as agreed by the Sub-Committee), the Chair may allow double the number of more speakers, with double the equivalent of the total length of time to be divided between them) if they consider it necessary to hear a wider range of views.
 - (b) For example: in relation to para. 10.2 above this would be four speakers with a total of 12 minutes divided between them.
 - (c) The applicant and any supporters will normally have a right to reply of the same length of time as taken by the objectors.
- 10.13. The Sub-Committee will aim to deal with all applications, except those of exceptional significance, within one hour, and the Chair will take active steps to keep to these time-scales in the interests of all participants. Members will also act to deal fairly and expeditiously and will therefore commit not to repeat questions. It is expected that there will be a maximum of 30 minutes of questions and comments for any one application.

Equal Opportunities

10.14. The adoption and publication of a Protocol giving clear information about planning procedures and getting involved in decisions would improve access to the system by all communities in the Borough, as well as potential investors. Arrangements will be put in place to make the policy principles within this protocol available in pamphlets in different languages and in larger print.

11. CODE OF CONDUCT FOR MEMBER SITE VISITS

Background

- 11.01. At the Sub-Committee meeting site maps, scheme drawings and sometimes photographs are on display and available. Officers' reports describe relevant site characteristics, following their own site visits. Officer visits are not routinely made to the homes / premises of objectors, as adequate technical assessments can usually be made from maps, drawings and by visiting the application site.
- 11.02. This site knowledge and information will usually be sufficient for the Sub-Committee to reach a decision on applications and accompanied Committee site visits will not automatically be required for all items.
- 11.03. The Assistant Director; Planning/Head of Development ManagementService, in consultation with the Chair of the Sub-Committee, will decide which casesplanning applications require a site visit which will be scheduled during daylight hours for the week before the Sub-Committee meeting at which an application will be determined according to the criteria set out below: Examples of whenre a site visit would not normally be appropriate for a planning application include where:
 - purely policy matters or issues of principle are to be determined at issue:
 - the report, together with drawings, photographs and other material is sufficient to provide the <u>necessary information regarding a</u> <u>proposed developmenteentext</u>; or
 - where-Councillors have already visited the site within the last 12 months.
- 11.04. Site visits where required will be normally be scheduled during daylight hours for the week before the Sub-Committee meeting at which the application is to be discussed.

The purpose of site visits

- 11.05. The purpose of such site visits is for the Members of the Sub-Committee to see the site in order to reach an informed decision. It is not intended to provide a separate opportunity for objectors, supporters, applicants or others to lobby the Members, to argue their ease or discuss the merits of the application.
- 11.06.It is essential that fairness and probity are safeguarded in all the proceedings of the Planning Sub Committee. This means preventing even the appearance of undue or unfair influence, or biased behaviour.
- 11.07. In accordance with the Protocol, Members must avoid being involved in lobbying for or against an application, or reaching a firm view on an

application before final determination at Sub-Committee. The proper place for discussion and presentation of views is therefore at the Sub-Committee meeting itself.

- 11.08.On site, without some safeguards, there is a serious risk of breaching the principles of fair hearings. Individual Members can could hear different arguments from different people, and all sides are may not heard equally.
- 11.09. To ensure Members of the Sub-Committee are able to see a site in order to reach an informed decision whilst maintaining fairness and probity, the following procedurestherefore the Sub-Committee will observe the following Protocol for site visits. The on site procedures are based on those followed by the national Planning Inspectorate will be followed.

Site Visit Protocol Procedure

- 11.10. Access to the site will be arranged with the site owners or their agent and. In some cases arrangements will also have to be made with adjoining owners where necessary by planning officers properties which have to be entered.
- 11.11. Procedure on Site: The pPlanning officer(s) will show the Members around the site(s) / area / adjoining properties, showing relevant scheme drawings, -or any other material and pointing out significant features attached to/identified in the Sub-committee report. Some practical assistance from the owner / agent / adjoining owner may be necessary. Members may ask officers or others factual questions, but will not otherwise discuss the application of the applicant's or agent's presence is required at the site, it will be solely to provide access to the site. An attendance list of the Members attending a site visit should be recorded.
- 11.12.In a few cases the Assistant Director, Planning/Head of Development ManagementService, in consultation with the Chair of the Sub-Gommittee, may decide to invite particular local residents or objectors / supporters to attend a site visit for the purpose of ensuring access, pointing out specific matters or answering factual questions. Normally, neither objectors nor supporters will be invited to site visits.
- 11.13. If a site visit becomes the occasion for lobbying by numbers of people or for demonstrations, the visit may have towill be adjourned and rearranged where the Director and/or Head of Development Management and Enforcement-Service consider that Members of the Sub-committee are being lobbied/Members safety is at risk due to demonstrations at a site.as a more private visit.
- 11.14. As a result of the visit, the Members of the Sub-Committee may ask theplanning officers to provide further information regarding a planning

applicationaddress some specific issue in as part of the presentation for that application to the Sub-Committee.

- 11.15. Any Member of the Sub-Committee who is unable to attend the official site visit should endeavour to visit the site him / herself before the meeting and will avoid any discussion of the merits of the application while at the site.
- 11.16. Members of the Sub-Committee have to come to an independent view on an application, taking into account all relevant facts and views. If a Member of the Sub-Committee is unable to attend athe site visit organised by planning officers, they may determine a planning application at the Sub-committee meeting if they consider they have all relevant information regarding the site, because it is a site they are familiar with/they have viewed the site from a public vantage pointthis does not disqualify him / her from taking part in the final decision. The Member will, however, listen very carefully to the views of those Members who benefited from the visit. In some cases the Member may decide it would be better not to take part in the decision.

Site visits by Procedure for individual Members of the Planning Sub Committee

- 11.17. Many Members will already be familiar with sites which are subject to applications but not in all eases. It is normal and proper for Where a Member is unable to attend a site visit organised by planning officers in these circumstances to they may wish to undertakevisit a site visit on their own from a public vantage point themselves before the eSub-Committee meeting. Where individual Members of the eCommittee wish to undertake their own site inspection, prior to the eCommittee meeting, these should be conducted unannounced and from a public vantage point. A Members of the eSub-Committee should not arrange to meet applicants site owners or their agents or neighbouring owners at the site visit third parties for the purpose of a site inspection.
- 11.18. If a eSub-Committee mMember is approached at their on-site visit by any applicant/agent, objector or other third party interest they should seek to avoid discussion of the planning application for the site and should ensure they do not give any indication of their views or the likely decision of eSub-Committee regarding the application. -Where it is not practical to avoid some discussion the mMember should make a note of what was discussed and with whomthat it took place and pass thate information to theplanning officers, so that it can be made availablerecorded at the Sub-Committee meeting.

PURPOSE OF THE PROTOCOL

- 1.01. This Protocol has been adopted by Haringey Council to explain and supplement the Members' Code of Conduct in relation to planning matters.
- 1.02. Consistency, fairness and openness are important qualities for any regulatory function in the public eye and are vital to the discharge of the Council's planning functions, which adherence to the Protocol is intended to build public confidence in.
- 1.03. The purpose of the Protocol is:
 - (a) to explain how Members of the Planning Sub-Committee should exercise the discharge of the Council's functions, including behaviour in relation to applicants, residents and other third parties;
 - (b) to ensure a consistent and proper approach by all Members to the exercise of planning functions;
 - (c) to ensure applicants and their agents, residents and other third parties are dealt with by Members consistently, openly and fairly;
 - (d) to ensure the probity of planning matters and the high standards expected in public office; and
 - (e) to ensure planning decisions are made openly, fairly and in the public interest, in accordance with legislation and guidance.
- 1.04. This Protocol is supplementary to The Members' Code of Conduct in Part Five Section A of the Council's Constitution, which shall all continue to have full force and effect.
- 1.05. Copies of this Protocol will be made publicly available online and will be kept under review.

2. PLANNING FUNCTIONS

2.01. Planning law requires the Local Planning Authority ("LPA") to determine all planning applications "in accordance with the development plan unless material planning considerations indicate otherwise" (Section 38(6) 2004 Act). The development plan in Haringey comprises the London Plan together with the Council's local plan and when adopted further local plan documents (e.g. area action plans) and if applicable neighbourhood development plans (together "the Development Plan"). In cases of development involving works within a conservation area, or where the development is likely to affect the setting of a listed building, Section 66 of the Planning (Listed Buildings and Conservation Areas) Act

- 1990 contains a duty on the Council to the desirability of preserving the listed building or its setting and Section 72 of that Act requires LPAs to pay special attention to the desirability of preserving or enhancing the character or appearance of a conservation area. In accordance with the NPPF, in assessing and determining development proposals, LPAs should apply the presumption in favour of sustainable development.
- 2.02. The responsibilities of the LPA must be performed without undue influence or consideration of a personal interest. When determining planning applications Members must only take into account the Development Plan and any material planning considerations. The Members of the authority are elected to represent the interests of the whole community in planning matters. Views relating to material planning considerations expressed by neighbouring occupiers, local residents and any other third parties must be taken into account but local opposition or support for a proposal is not in itself a ground for refusing or granting planning permission.
- 2.03. The planning system does not exist to protect the interests of one person against the activities of another. The issue is not whether owners and occupiers of neighbouring properties would experience financial or other impacts as a result of a particular development, but whether the proposal would unacceptably affect amenities and the existing use of land and buildings which ought to be protected in the public interest.

Administration of Planning Functions in Haringey

- 2.04. The performance of the Council's planning function is largely delegated to the Planning Sub-Committee, and to officers of the Council pursuant to arrangements made under Section 101 of the Local Government Act 1972. Approximately 9 out of 10 planning decisions in Haringey are made by officers, through authority delegated to them by the Council. This level of delegated decision making is consistent with other Councils across the Country and allows the majority of planning decisions to be determined promptly, allowing Members of the Committee to focus on the most significant and controversial proposals.
- 2.05. The Planning Sub-Committee will receive, for its information, a regular report identifying the planning applications which have been determined by officers under the scheme of delegation, and the decisions thereon.

Planning Applications by Councillors or Officers of the Council

2.06. When a planning application is submitted by a serving member; or senior officers (Senior Leadership Structure); or officers within the Planning & Building Standards directorate; or by a close relative or a close friend of either an officer or member; or by a member acting as agent for the applicant, the member or officer concerned will:

- take no part in the processing and determination of the application;
- advise the Monitoring Officer and the Director/Head of Service of the application.
- 2.07. The report of the Director/Head of Service will include confirmation from the Monitoring Officer that these requirements have been met.

Planning Applications by the Council

2.08. Subject to the provisions of the Town and Country Planning General Regulations 1992 planning applications made by or on behalf of the Council will be treated in the same way as those made by or on behalf of private applicants.

Referring applications to the Planning Sub-Committee

- 2.09. All Members of the Council receive copies of the weekly list detailing the applications that have been received.
- 2.10. Any Member and/or a local community body and/or a local residents association may request that an application is determined by the Planning Sub-Committee instead of officers under delegated authority by notifying in writing, within the statutory consultation period for the application, the Director of Planning & Building Standards/Head of Service stating the planning reasons for such request.
- 2.11. The Director of Planning & Building Standards or the Head of Service shall, in consultation with the Chair of the Planning Sub-Committee, determine whether the request should be granted and the application referred to the Planning Sub-Committee to determine. In determining whether to grant a request, officers and the Chair of the Planning Sub-committee shall have regard to whether the:
 - proposal is a significant development which has caused substantial local interest;
 - officer recommendation is for approval contrary to policy in the Development Plan or other adopted guidance; and
 - application is recommended for approval¹.
- 2.12. The Director/Head of Service may also exercise their judgement, in consultation with the Chair of the Planning Sub Committee, to refer a matter to the Planning Sub-Committee rather than be determined through officer delegation, even if a Member has not requested this,

¹ Applications that are to be refused by officers under delegated authority will not normally be determined at Planning Sub-Committee

pursuant to paragraph 2.07 of Section 1 of Section E (Scheme of Delegation) of Part Three of the Council's Constitution.

3. THE MEMBERS' CODE OF CONDUCT

3.01. The Members' Code of Conduct ("the Code of Conduct" Part 5 Section A) applies to Members of the Planning Sub-Committee as to all Members of the Council. The parts of the Code of Conduct on personal and prejudicial interests, the register of those interests and receipt of gifts and hospitality are particularly relevant. Members of the Sub-Committee should also have regard to the general principles of conduct when exercising their planning functions.

4. CONDUCT OF MEMBERS OF PLANNING SUB-COMMITTEE

Training

4.01. No Member of the Planning Sub-Committee nor any substitute Member shall attend a meeting of the Sub-committee as a voting member unless training regarding the planning system has been undertaken and thereafter at least 5 hours of training is undertaken per municipal year.

Open and fair decisions

- 4.02. For a decision to be open and fair:
 - Those taking the decision should not be biased or have predetermined how they will decide;
 - Those taking the decision should not have a disclosable pecuniary interest or prejudicial interest (see below for further information about these) in the outcome;
 - Previous decisions may be a material consideration; and
 - The reasons for the decisions should be clearly set out.

General Principles including Bias and Predetermination

- 4.03. With regard to decision making:
- 4.04. Do comply with section 38(6) of the Planning and Compulsory Purchase Act 2004 and make decisions in accordance with the Development Plan unless material considerations indicate otherwise.
- 4.05. Do consider open and impartial professional advice from their Planning Officers. Do make planning decisions having considered the written officers' report and their advice at the Sub-committee.

- 4.06. Do come to your decision only after due consideration of all of the information reasonably required upon which to base a decision.
- 4.07. Don't take a decision regarding a planning application with a closed mind or inclination or prejudice for or against a party or interest to avoid legal challenges on the ground that a Member had pre-determined their decision or where perceived to be or where biased.
- 4.08. Do be aware that in your role as an elected Member you are entitled, and are often expected, to have expressed views on planning issues and that these comments have an added measure of protection under the law. Your prior observations, apparent favouring or objections in respect of a particular outcome will not on their own normally suffice to make a decision unlawful and have it quashed, but you must never come to make a decision with a closed mind.
- 4.09. Where any Member makes representations in support or objection to the 'Planning Service', in writing or orally, in relation to any application, those representations will be recorded for inclusion in the officers' report. Where these representations constitute a closed mind on the development, the Member will not take part in the deliberations of the Sub-Committee but may exercise the rights of a Ward Member. Where you do:
 - advise the proper officer or Chair that you wish to speak in this capacity before commencement of the item;
 - remove yourself from the seating area for members of the Committee for the duration of that item;
 - remove yourself from the room when you are not exercising your speaking rights or answering questions from Committee members; and
 - ensure that your actions are recorded in accordance with the Authority's committee procedures.
- 4.10. You are entitled to be predisposed to make planning decisions in accordance with your political views and policies provided that you have considered all material considerations and have given fair consideration to relevant points raised.
- 4.11. Section 25 of the Localism Act 2011 provides that a decision maker is not to be taken to have had, or appeared to have had, a closed mind when making the decision just because:
 - the decision maker had previously done anything that directly or indirectly indicated what view the decision maker took, or would or might take, in relation to a matter; and
 - the matter was relevant to the decision.

- 4.12. This provision does not change the law on bias and pre-determination which means that Sub-Committee Members must still take planning decisions with an open mind and having taken into account all relevant material planning considerations. What s.25 does provide is that statements made by Members cannot be used in court as evidence that the Member in question had or appeared to have a closed mind. Other evidence or any evidence that a Member has taken into account irrelevant considerations, however, is not so restricted by s.25.
- 4.13. Notwithstanding the s.25 provisions, the safest course is for Sub-Committee Members to avoid making public statements (including expressing views in emails) as to their support for or opposition to any application which would indicate they had made up their minds before the formal consideration of the application at the meeting. If a Sub-Committee Member has made such a statement they must be satisfied that they can still consider the application with an open mind and are prepared to take into account any new matters or any new arguments in favour of or against the proposed development until the decision is made otherwise they should not take part in any decision on the application in question. In which case it is to be treated the same as any other prejudicial interest, as will cases of perceived bias, and the Member shall declare this interest and leave the room for the item in question as set out below.

Declaring an interest

- 4.14 Members shall declare any disclosable pecuniary interest or prejudicial interest in any application on the agenda for a Planning Sub-committee meeting before any application is considered at a meeting like at other Council committee meetings and shall withdraw from the meeting room as it is not possible to participate in any discussion or vote on an application if a Member has such interest as set out in paragraphs 9.3 and 10.1 of the code.
- 4.15. When declaring an interest a Member must describe the nature of that interest and how it relates to an application as outlined in See paragraphs 4, 6, 7 and 8 of the code.

Disclosable pecuniary interests

- 4.16. 'Disclosable pecuniary interests' are prescribed by the Relevant Authorities (Disclosable Pecuniary Interests) Regulations 2012 and are set out in Appendix A to the Code of Conduct. The categories of disclosable pecuniary interests include employment or office, interests in land in the Borough and contracts with the Council.
- 4.17. An interest is a 'disclosable pecuniary interest' if it is of a type described above and it is an interest of the Member or of their spouse or civil partner, a person with whom they are living as husband and wife or a

person with whom they are living as if they were civil partners and the Member is aware of the interest. Members should note the criminal sanctions for failure to comply with these requirements (as outlined in Appendix B of the Code of Conduct).

Other interests

- 4.18. A Member may have other interests such as 'Personal' interests which it is advised, be declared in the public interest. For example, such an interest may arise where the Sub-Committee Member resides near a development which is the subject of the planning application under consideration.
- 4.19. All Members who are not members of the Planning Sub-committee shall, if in attendance at a meeting of the Planning Sub-committee, declare any disclosable pecuniary interest or prejudicial interest in an application on the agenda for a meeting.
- 4.20. Members should seek advice from the Monitoring Officer in advance of a Planning Sub-Committee meeting if they are not clear whether a declaration of interest should be made at a meeting of the Sub-committee or where that is not possible, advice should be sought from the legal officer in attendance at the Planning Sub-committee meeting so that they can decide whether or not they have an interest which means they cannot participate in the consideration of a planning application which the interest relates to.

Council Owned Land

- 4.21. The Planning Sub-Committee from time to time considers applications involving land owned or recently owned by the Council. Members will consider carefully whether they should take part in the deliberations of the Sub-Committee on an application, involving that land, where they took part in any decision of the Cabinet or other Council body in relation to the land. They will take into account whether an observer with knowledge of all the relevant facts would suppose that there might be any possibility that the involvement in the decision on the land could amount to reaching prior conclusions on the planning issues, or otherwise adversely affect the Member's judgement in any way.
- 4.22. Any Member, whether or not a Member of the Cabinet, will take great care in the consideration of applications, or local plan proposals, affecting land owned or recently owned by the Council to ensure that the planning decision is made and seen to be made solely on planning grounds.

Consistency

4.23. Previous decisions may be a material consideration. The Sub-Committee report will set out the relevant considerations and will draw attention to decisions on any other similar cases where appropriate.

Party political whips

4.24. Planning decisions cannot be made on a party political basis. The use of political whips to seek to influence the outcome of a planning application is likely to be regarded as maladministration. Political Meetings can never dictate how Members vote on a planning issue.

Members' engagement with planning decisions

- 4.25. Members will want to actively and positively engage with planning decisions. All Members can:
 - advise objectors/applicants/others on planning processes and how to get involved;
 - give advice about adopted planning policies and local priorities
 - direct lobbyists, applicants or objectors to the relevant planning officer so that their opinions can be included in the officer's report;
 - lead on local discussions in the preparation of the development plan documents, area action plans and supplementary planning documents;
 - provide input into the preparation of planning briefs and guidance;
 - receive and pass on information, for example weekly lists and briefings from officers on key proposals;
 - attend Planning Forum meetings, ask questions there; and
 - raise issues important to local people and to the applicants.
- 4.26. To ensure that Members and the Council are not open to challenge Members should:
 - preface relevant discussions with a disclaimer; the nature of this will depend on their role within the authority in the context of planning;
 - clearly indicate that any discussions with them are not binding on the Council;
 - be clear about the distinction between giving advice and engaging in negotiation so only engaging in the former;
 - involve officers where this will help to safeguard transparency and the appearance of bias;
 - be aware of relevant policies included in the Council's adopted plans but give consideration to other matters relevant to planning; and
 - seek the advice of the Monitoring Officer when they are unsure of what they are able to do and in relation to any potential "interest".

4.27. Members should not:

- expect to lobby and actively support or resist an application/decision and subsequently vote at Committee or Cabinet; or
- seek to put undue pressure on officers or Members of a deciding Committee to support a particular course of action in relation to a planning application or other planning decision and should not do anything which compromises, or is likely to compromise, the officers' impartiality or professional integrity.
- 4.28 This does not mean that a Councillor may not question robustly or argue forcefully for a particular course of action.

Discussions and negotiations while the application is current but prior to determination

- 4.29. Once an application has been submitted, officers are working to strict deadlines to ensure that the application can be efficiently and properly determined. They may, during that period, enter into discussions, and sometimes negotiations, with the applicant or their agent in order to clarify aspects of the scheme or to ensure that the applicant is aware of the council's policy requirements. Sometimes such discussions will also convey to an applicant the views of third parties or consultees.
- 4.30. At this stage it is not appropriate for Members, whether or not they are on the Planning Sub-Committee, to enter into direct discussions and /or negotiations with applicants or consultees. Members should recognise the clear distinction between negotiation and listening without prejudice to views which may be expressed to them (see the section on Lobbying below). For Members to enter into negotiations whilst an application is current at best sends a confused message to applicants and consultees about who is officially speaking on behalf of the Council, and at worst will without doubt result in the Member appearing to show bias or predisposition. However, this does not prevent Members at this stage asking officers for information about an application, or from passing on the views of constituents or others, indeed this would be a proper area of Member activity. Members should at the same time ensure that any requests for advice or interpretation are passed to officers.

Approaches by applicants to Members

4.31. Members of the Planning Sub-Committee will discourage any applicant or agent, or other interested party such as a landowner from approaching them directly in any way in relation to planning proposals. If an approach is received, the Member will take care not to give any commitment, or the impression of a commitment that he or she holds any particular view on the matter.

- 4.32. If an approach is received by a Member of the Planning Sub-Committee from an applicant or agent or other interested party in relation to a particular planning application, then the Member will:
 - (a) Inform the applicant that such an approach should be made to Officers of the Council;
 - (b) Keep an adequate written record so as to enable the Member to disclose the fact of such an approach if and when the application or proposals is considered by the Planning Sub-Committee; and
 - (c) Disclose the fact and nature of such an approach at any relevant meeting of the Planning Sub-Committee.

In this context an approach should be noted where the discussion extends beyond simple information to the merits or demerits of the particular proposals.

4.33. Where a Member of the Planning Sub-Committee receives written representations directly in relation to a planning application, the Member will pass the correspondence to the Director/Head of Service in order that those representations may be taken into account in any report to the Planning Sub-Committee.

Lobbying and representations

- 4.34. The proper place for supporters to make comments or objectors to raise their concerns is in writing in response to public consultation on a planning application or by making representations at a Sub-Committee meeting. Sub-Committee Members may nevertheless receive lobbying material through the post or by email from either the applicant or the objectors or be approached personally by interested parties. In dealing with such approaches, it is important for Sub-Committee Members not to do or say anything that could be construed as bias or predetermination.
- 4.35. Where Sub-Committee Members receive lobby material through the post or by email they should forward it to the Director/Head of Service. If Sub-Committee Members feel it is necessary to acknowledge receipt of or comment on the correspondence, they should consider the advice on bias or predetermination in this Protocol and should send a copy of their response to the Director/Head of Service.
- 4.36. If a Sub-Committee Member is approached by an individual or an organisation in relation to a particular planning application, they may listen to what is said but they should explain that because they are a Member of the Sub-Committee they must keep an open mind until they have seen all the material before the Sub-Committee. A Sub-Committee Member might suggest that the individual or organisation should:

- Where an application is not yet on a Sub-Committee agenda, write to the Planning Officer responsible for the particular case who will take into account any material planning considerations raised in the representations when preparing a report for the Sub-Committee; or
- If the application is already on a Sub-Committee agenda, contact the Sub-Committee Clerk to make a request to speak at the Sub-Committee meeting.
- 4.37. In either case contact another Member who is not a Sub-Committee Member to seek their support. Generally speaking, this should be the Ward Councillor for the Ward within which the application is made.
- 4.38. If a Sub-Committee Member does decide to become involved in organising support for or opposition to a planning application or has offered an opinion on a planning application, then that Sub-Committee Member must take into account the advice on bias or predetermination in this Protocol. If after considering that advice the Sub-Committee Member comes to the view that on an objective_assessment they cannot sit on the Sub-Committee and decide the application with an open mind, they should not be part of the Sub-Committee that decides the application. They can however attend the Sub-Committee meeting and speak on their constituent's behalf and adopt the role of local Member rather than decision maker.

Residents/Local Groups/Other Occupiers

- 4.39. If a Member of the Planning Sub-Committee is approached by local residents, business or other occupiers in relation to an application, which the residents or others wish to object to or support, the Member will listen to the views but will take care not to give any commitment, or the impression of a commitment that they hold any particular final view on the application.
- 4.40. Members of the Planning Sub-Committee will:
 - (a) Encourage the interested party to contact another Ward Member or other elected Member who is not a Member of the Planning Sub-Committee;
 - (b) In the case of significant meetings on planning matters keep an adequate written record so as to enable the Member to disclose the fact of such an approach if and when the application or proposals is considered by the Planning Sub-Committee; and
 - (c) Disclose the fact and nature of significant discussions at and relevant meeting of the Planning Sub-Committee.

In this context "significant" would include any meetings or discussions which consider the merits or demerits of the particular proposals extended beyond simple information.

- 4.41. Meetings and discussions with constituents are an important part of a Ward Member's functions, and this Protocol is not intended to harm those contacts unnecessarily. Members of the Planning Sub-Committee should avoid taking an active role in meetings to promote residents' objections to applications. Nothing in this Protocol prevents Members from listening to local concerns, giving factual information about an application or the planning process, or from directing residents to other sources of information or assistance.
- 4.42. Where a Member of the Planning Sub-Committee receives written representations directly in relation to a planning application, the Member will pass the correspondence to the Director/Head of Service in order that those representations may be taken into account in any report to the Planning Sub-Committee.

'Decision Maker' role

- 4.43. A Councillor who is a Member of the Planning Sub-Committee or a suitably trained substitute and who takes part (or who intends to take part) at a meeting of the Planning Sub-Committee in the determination of particular Planning Application will for the purposes of this Protocol be a "Decision Maker" in relation to such Planning Application.
- 4.44. A Councillor who is a Decision Maker shall comply with the provisions of the Code of Conduct generally.

'Local Member' role of a Planning Sub-Committee Member

- 4.45. Where a Planning Sub-Committee Member wishes to make representations on behalf of his/her constituent(s), for the purposes of this Protocol he/she will be a "Local Member" in relation to that planning application. He/she may attend a meeting of the Planning Sub-Committee to make representations about the planning application on behalf of their constituents
- 4.46. A Councillor who is a Local Member shall comply with the Public Speaking Provisions and the Code of Conduct generally. Further provisions relating to the "Local Members" role are also contained in the next following section.

Non Planning Sub-Committee /Local Ward Member role

- 4.47. Subject to the provisions of the Code of Conduct generally a Councillor who is not a Member of the Planning Sub-Committee (whether or not he/she plays or intends to play the role of "Local Member") will be free to:
 - discuss any planning application with the applicant / agent / objector / lobby group;

- attend any locally organised meeting concerning the application;
- attend any meeting concerning the application and speak about the application (including expressing a view either for or against the application);
- relay relevant information about the application to a planning officer;
- seek information/clarification about the application from a planning officer; and
- should follow the rules on lobbying in accordance with this Protocol.

Effect of Prejudicial etc Interests

- 4.48. Where a Member of the Planning Sub-Committee has had any personal involvement with an applicant, agent or interested party, whether or not in connection with a particular application before the Planning Sub-Committee, or any other personal interest which an observer knowing the relevant facts would reasonably regard as so significant that it was likely to prejudice the Member's judgement of the public interest, then the Member will declare a prejudicial interest in accordance with the provisions of the Code of Conduct (Part 5 Section A of the Council's Constitution). The Member must abstain from discussion and voting on the matter and leave the room while that application or other matter is under discussion except as provided below. The Member must also avoid any attempt to influence the decision improperly.
- 4.49. A Member declaring a prejudicial or any other interest that precludes their determination of an item may attend during that item but only for the purposes of making representations about the matter, answering questions or giving evidence about it and then only when the meeting is open to the public. Otherwise the Member must leave the room while that application or other matter is under consideration.

Social Contacts

4.50. Members of the Planning Sub-Committee will minimise their social contacts with known applicants and refrain altogether from such contacts when developments are known to be contemplated or applications are being proposed, or where controversial decisions are likely to be needed.

Hospitality

4.51. Members of the Planning Sub-Committee will reject any offers of gifts, hospitality or future favours made personally or by way of deals for the Council or the community, from lobbyists. Any such improper approach will be reported immediately to the Chief Executive.

MEETINGS AND BRIEFINGS

Briefings to Members from applicants

- 5.01. Enabling an applicant to brief and seek the views of elected Members about planning proposals at an early stage (usually pre-application or where this is not possible, very early in the formal application period) is important in ensuring that new development is responsive to and reflects local interests/concerns where possible. Early Member engagement in the planning process is encouraged and supported by the NPPF, the Local Government Association Planning Advisory Service guidance on Probity in Planning (2019) and the Royal Town Planning Institute Practice Advice on Probity and the Professional Planner (2020).
- 5.02. Haringey proposes to achieve this objective through formal briefings of relevant Cabinet Members and the Planning Sub-Committee in accordance with procedures set out in this Protocol. Cabinet and Sub-Committee Members taking part in such briefings should do so in their strategic borough-wide capacity rather than in their local 'ward' capacity. No decision will be taken at such meetings and the final applications will be the subject of a report to a future meeting of the Sub-Committee.

5.03. The purpose of briefings are:

- To enable Members to provide observations that support the development of high quality development through the pre-application process, and avoid potential delays at later stages;
- To enable Members to highlight strategic Council and Local Plan objectives and requirements set out in planning policy or guidance that are particularly relevant to an application;
- To ensure Members are aware of significant applications prior to them being formally considered by the Planning Sub-Committee;
- To make subsequent Planning Sub-Committee consideration more informed and effective;
- To ensure issues are identified early in the application process, and improve the quality of applications; and
- To ensure Members are aware when applications raise issues of corporate or strategic importance.

5.04. What sort of presentations would be covered in the briefings?

- Presentations on proposed large-scale developments of more than 50 homes, or 5,000 sq m of commercial or other floorspace or which includes significant social, community, health or education facilities, or where the Director/Head of Service considers early discussion of the issues would be useful; and
- Presentations on other significant applications, such as those critical to the Council's placemaking programmes, significant Council

developments, or those requested by the Chair of the Sub-Committee.

Applicant's briefings to relevant Cabinet Members and the Chair "Strategic Planning Briefings"

5.05. Frequency and timings of meetings

As required by agreement with the Leader of the Council / Cabinet Member with responsibility for Planning and Director/Head of Service.

5.06. Invitees to meetings

- Relevant Cabinet Members which could include:
 - The Leader of the Council;
 - o The Cabinet Member with responsibility for Planning;
 - o The Cabinet Member with responsibility for Placemaking;
 - Other relevant Cabinet Members;
- Chair of the Planning Sub-Committee;
- Director of Planning & Building Standards;
- Head of Service;
- Other relevant officers.

5.07. Format of the meetings

- The meeting will be chaired by either the Leader of the Council or the Cabinet Member with responsibility for Planning who will ask Members attending to disclose any relevant interests; and
- The applicant will supply presentation materials including any models;
- Officers to introduce the proposal and advise of issues arising from the Planning Forum (where this has taken place):
- The applicant will be invited to make a presentation of up to 15 minutes;
- Members will be able to highlight strategic objectives of the Local Plan and ask questions to the applicant and officers. These questions will be restricted to points of fact or clarification and must be structured in a way that would not lead to a Member being perceived as taking a fixed position on the proposals;
- Summary of the comments raised.
- 5.08. These meetings would not be held in public to respect the confidentially of the pre-application process and protect applicants' commercial interests but a short note of the meeting summarising Members' comments would be made. If and when a planning application relating to the proposal discussed is submitted, the note of the meeting would be published as part of the publicly-accessible planning application file and reported to the Planning Sub-Committee when any subsequent proposal is submitted for determination. This is to ensure transparency and full consideration of the facts when a decision is made.

<u>Applicant's briefings to Planning Sub-Committee "Pre-application briefings to Committee"</u>

5.09. Frequency and timings of meetings

Once a month or by agreement with the Chair and Director/Head of Service.

5.10. Invitees to meetings

- All Members of the Planning Sub-Committee;
- Relevant Cabinet Members:
- Ward Members;
- · Local amenity groups;
- Director:
- Head of Service:
- · Other relevant officers.

5.11. Format of the meetings

- The meeting will be chaired by the Chair of the Planning Sub-Committee who will ask Members attending to disclose any relevant interests; and
- The applicant will supply presentation materials including any models;
- Officers to introduce a report, the proposal and advise of issues arising from the Planning Forum (where this has taken place):
- The applicant will be invited to make a presentation of up to 15 minutes or longer if agreed by the Chair due to the scale or complexity of the proposal;
- Ward Members will have the opportunity to give their views for a maximum of three minutes each.
- The Cabinet Members will have the opportunity to give their views for a maximum of three minutes each.
- Members of the Planning Sub-Committee will be able to highlight strategic objectives of the Local Plan and ask questions to the applicant and officers. These questions will be restricted to points of fact or clarification and must be structured in a way that would not lead to a Member being perceived as taking a fixed position on the proposals;
- Comments of Members of the Planning Sub-Committee; and
- Summary of the comments raised.
- 5.12. These meetings are held in public and are webcast although there are no public speaking rights including amenity groups.
- 5.13. A short note of the meeting summarising Members' comments would be made. If and when a planning application relating to the proposal discussed is submitted, the note of the meeting would be published as

part of the publicly-accessible planning application file and reported to the Planning Sub-Committee when any subsequent proposal is submitted for determination. This is to ensure transparency and full consideration of the facts when a decision is made.

- 5.14. Applicant participation in the Applicants' briefings to Planning Sub-Committee would not normally happen prior to a Planning Forum or other public meeting or public consultation being held relating to the site or prior to attendance at the Quality Review Panel subject to programming and scheduling pressures.
- 5.15. Comments and questions can be raised, and this can also include positive engagement about the proposed development. However, Members should ensure that they are not seen to pre-determine or close their mind to any such proposal as otherwise they may then be precluded from participating in determining the application.

Planning Forum

5.16. The Council has established a Planning Forum to facilitate the discussion of large-scale or contentious planning proposals. The forum does not reach a decision about a proposal. Its purpose is to allow participants to raise issues of concern and obtain answers to questions about the particular application. The aim is to allow early discussion by Members and members of the public on planning issues related to these planning proposals and to explore the scope for agreement between all parties in a positive and constructive way prior to the later decision being made at the Planning Sub-Committee. Forum meetings will usually take place prior to the submission of an application but can take place at an early stage of the formal process before the Planning Sub-Committee meeting. They do not remove the opportunity for objectors, supporters and applicants to address the Planning Sub-Committee when an application is to be determined or the holding of exhibitions and or public meetings where these are considered appropriate.

What applications does the forum consider?

- 5.17. Applications that may be considered by the forum include major applications and those of significant local interest. It is not possible to prescribe the exact type of proposals but they may include the following:
 - Applications which involve more than 50 homes or over 5,000 sq m of floor space;
 - Those that do not meet the threshold above but are likely to generate significant local interest
 - Those applications that involve a major departure from the Council's planning policy; or
 - Those applications that involve tall buildings i.e. over 6 storeys.

- 5.18. Applications that will not generally be considered by the forum include:
 - Minor planning applications to alter or extend houses;
 - Applications to confirm whether a use of land or buildings needs planning permission (a 'lawful development certificate');
 - · Applications to put up advertisements;
 - Amendments to applications or those which have already been the subject of a forum discussion; or
 - Applications where there will be a recommendation for refusal.
- 5.19. A forum meeting will be held when the Director/Head of Service, in consultation with the Chair of the Planning Sub-Committee, considers that a forum would be beneficial in resolving issues on a particular planning proposal. For forum meetings held at the pre application stage site notices and emails to local groups and councillors will be sent advising them of a proposed meeting. For those meetings held following the submission of a planning application consultees will be advised in accordance with the Council's consultation policy as set out in the Council's Statement of Community Involvement (SCI) in force at the time as part of the consultation on the planning application.

Who can attend?

- 5.20. Meetings are open to all Members, local businesses and residents. Normally one application or proposal will be considered at each forum to allow for effective discussion. To assist the running of the meeting an agenda is prepared and a short briefing note on the proposal is available.
- 5.21. The format of the meeting is as follows:
 - A senior planning officer chairs the forum. They ensure that all planning issues arising from the proposal are raised. Planning officers provide information on the progress of the proposal.
 - The applicant is invited to make a presentation of the proposal for a maximum of 15 minutes.
 - Local residents and organisations have an opportunity to present their views either for or against the proposal.
 - The applicant responds to questions from Members of the Planning Sub-Committee, ward councillors and local business and residents.
- 5.22. An attendance record is kept and a note of the meeting is made. If and when a planning application relating to the proposal considered by a Planning Forum is submitted the note of the meeting would be published as part of the publicly-accessible planning application file and is reported to the Planning Sub-Committee when any subsequent proposal is submitted for determination. This is to ensure transparency and full consideration of the facts when a decision is made.

All Members

- 5.23. All Members can attend Planning Forum meetings which are called to promote early exploration of issues relevant to a particular development. They do not seek to reach any decision about the likely outcome of an application.
- 5.24. The particular role that Members can play at the meetings is dependent on whether or not they have a formal role within the planning system of the authority, for example are a Member of Planning Sub-Committee or the Cabinet, but all Members will need to take account of the generic guidelines for example, publicly clarifying their particular role.

5.25. All Members can:

- use the meeting to understand the development, the issues important to local people and to the applicant, and how the relevant policies are being applied by asking questions;
- give advice about adopted planning policies and local priorities and clarify or seek clarification of policies and priorities;
- give advice about planning processes or direct those present to relevant officers or other sources of advice and information both present or outside the meeting;
- refer local objectors or supporters to ward colleagues who are in a position to take a wider role if theirs is limited and further Member assistance is required; and
- seek advice from officers as to the process to be followed, issues being reviewed and the likely policy position.
- 5.26. Members should not use the forum to undertake negotiations or appear to put undue pressure on the officers in relation to any future decision on the scheme. Members are however entitled to robustly question applicants and officers in order to fully understand issues before the forum.

Ward Members

5.27. Ward Members who are not on the Planning Sub-Committee can greatly assist this process by taking an active part in the forum meeting, asking questions, commenting on planning policies and local priorities, and advising on the planning process. They can usefully draw attention to local circumstances and issues, and comment on the appropriate weight to be given to those. It will be important that Ward Members ensure that their remarks and advice are based on adopted Council planning policies as far as possible. This is important to avoid creating any confusion in the minds of applicants or local people about who speaks for the Council in negotiations or about the Council's negotiating position.

Quality Review Panel

- 5.28. As part of the pre-application process for major and /or sensitive applications, the Council encourages applicants to present their proposals to the Quality Review Panel. The panel is a group of independent and objective experts, including experienced architects and other built environment professionals, who meet on a regular basis. The Panel's advice is provided for the benefit of the Planning Sub-Committee. The advice will also be used to help officers and the applicant to improve upon the quality of the scheme as it evolves.
- 5.29. The best design outcomes generally occur when schemes are presented to the panel at the pre-application stage, as this allows applicants sufficient time to amend proposals following panel feedback.
- 5.30. If and when a planning application relating to the proposal presented to the Quality Review Panel is submitted, the note of the meeting would be published as part of the publicly-accessible planning application file and reported to the Planning Sub-Committee when any subsequent proposal is submitted for determination. This is to ensure transparency and full consideration of the facts when a decision is made.

MEMBERS NOT ON PLANNING SUB-COMMITTEE

- 6.01. The Code of Conduct applies to all Members of Council. The parts of the Protocol which will be particularly kept in mind as a general context for the exercise of planning functions are set out above.
- 6.02. Where any Member submits representations in writing or orally in relation to any matter before the Sub-Committee those representations will be recorded for inclusion in the officer's report.
- 6.03. Councillors who are not Members of the Planning Sub-Committee may attend meetings of the Sub-Committee, and may address the Sub-Committee, the Committee Procedure Rules (Part 4 Section B of the Council's Constitution) will apply. This requires the Member to give written notice to the Chair of the Sub-Committee of his/her attendance, preferably before the meeting but in any event as soon as the Member arrives at the meeting. In order to promote efficient business of the Sub-Committee, and in order to give certainty to the applicant of the time available for speaking, Members are asked to register their intentions to speak by midday on the working day prior to Sub-Committee with the Sub-Committee Clerk.
- 6.04. Where a Councillor who is not a Member of the Planning Sub-Committee has had any personal involvement with an applicant, agent or interested party, whether or not in connection with a particular application before the Planning Sub-Committee, or has any other personal interest which an observer knowing the relevant facts would reasonably regard as so

significant that it was likely to prejudice the Member's judgement of the public interest then the Member will declare a prejudicial interest in accordance with the provisions of the Code of Conduct. The Member may only attend the meeting as provided in paragraph 6.05 below. The Member must also avoid any attempt to influence the decision improperly.

- 6.05. A Member declaring a prejudicial interest may attend the meeting but only for the purposes of making representations for or against the relevant application, answering questions or giving evidence about it and only when the meeting is open to the public. Otherwise the Member must leave the room while that application or other matter is under consideration.
- 6.06. Where an approach has been received by an elected Member (not being a Member of Planning Sub-Committee) from an applicant, agent or other interested party in relation to a planning application, that Member will, in any informal discussions with any Member of the Planning Sub-Committee, disclose the fact and nature of such an approach and have regard to the matters set out at paragraph 7.01 below.

7. OTHER CONDUCT OUTSIDE COMMITTEES

- 7.01. In discussions between Members generally and Members of the Planning Sub-Committee (at party group meetings or other informal occasions) Members will have regard to: -
 - (a) the principles governing the conduct of Members set out in the Code of Conduct.
 - (b) the principles governing the conduct of Members of Planning Sub-Committee set out in this Protocol.
 - (c) the obligations placed on Members of the Planning Sub-Committee not to give commitments in relation to any planning application prior to consideration of the full officer report, advice and representations at the Sub-Committee meeting dealing therewith.

8. SANCTIONS

8.01. Please refer to the Complaints Against Members Protocol for the complaint procedure against Members and possible sanctions where there is an alleged breach of this Protocol and the Code of Conduct.

9. MEMBERS AND OFFICERS OF THE COUNCIL

The role of elected Members

- 9.01. In respect of any planning application Members will:
 - declare any pecuniary or non-pecuniary interest and take no part or a restricted part, as appropriate, in the processing and determination of the planning application;
 - act impartially and honestly;
 - · approach each application with an open mind;
 - · take into account and carefully weigh up all relevant issues;
 - determine each application on its own merits and in accordance with the requirements of planning law and the guidance of planning policy;
 - avoid inappropriate contact with interested parties (see also the section on lobbying); and
 - ensure the reasons for their decision are recorded in writing.

The role of officers

- 9.02. Officers in their role of advising and assisting elected Members in their determination of planning applications will provide:
 - impartial and professional advice;
 - consistency of interpretation of the planning policies; and
 - complete written reports which will include:
 - a clear and accurate analysis of the issues in the context of the relevant development plan policies and all other material considerations;
 - the substance of the representations, objections, and views of all those who have been consulted;
 - a clear written recommendation of action and where that recommendation is contrary to the development plan, the material considerations which justify the departure; and
 - o all necessary information for the decision to be made.
- 9.03. Members should not put any pressure on officers for a particular recommendation and, as required by the Code of Conduct or the Protocol on Member/ Officer Relations (Part Five Section B of the Council's Constitution), should not do anything which compromises, or is likely to compromise, their impartiality. Members should recognise that officers are part of a management structure and should address any concerns which they may have about the handling of a planning application to a departmental manager at the appropriate level of seniority. In general, however, officers and Members should adopt a team approach to the determination of planning proposals, and should recognise and respect each other's different roles.

- 9.04. In common with Members generally, all Members of the Planning Sub-Committee may contact the relevant Planning Officer to seek information in relation to any planning application.
- 9.05. Members of Planning Sub-Committee will not attempt in any way to influence the contents of the Officer's report or the recommendation made on any matter. Representations made by Members whether or not in writing will be recorded by the relevant officer and included in the report.
- 9.06. Any criticism of Planning Officers by Members of the Planning Sub-Committee shall be made in writing, to the Director or the Head of Service and not to the Officer concerned. Members will endeavour to avoid any public criticism of officers but this does not prevent Members asking officers proper questions.

Contact between Members and officers

9.07. Involving Members early and throughout the application and determination process leads to better Committee meetings, better decisions and better developments. Pre-Committee meetings between officers and the Chair and other senior Members can enable strategic applications to be highlighted and procedural Committee issues agreed. Other contact is described elsewhere in this protocol including Planning Committee briefings.

10. PROTOCOL FOR PLANNING SUB-COMMITTEE MEETINGS

At Committee

10.01. The responsibilities of Members of the Planning Sub-Committee in considering planning matters are set out above. At the Sub-Committee, Members will, in particular, avoid expressing any view on the matters under consideration until the report has been presented, any other relevant advice is given, and all oral representations have been heard. In order to participate and determine an item, Members must be present for the entire duration and not miss any part of that item.

Legal Advice

- 10.02. The Director of Legal and Governance / Monitoring Officer will ensure that a suitably experienced legal officer is present at all Sub-Committee meetings to give legal, governance and procedural advice.
- 10.03. Members need to be mindful of the rules on declarations of interests and if Sub-Committee Members or other Members require advice about possible disclosable pecuniary interests or other interests or if Sub-Committee Members are in any doubt as to whether they have

expressed a view that could give rise to the appearance of bias or that they have pre-determined a matter they may seek advice from the Monitoring Officer in advance of the Sub-Committee meeting. If that has not proved possible they should seek advice from the legal officer to the Sub-Committee before the meeting starts. Once advice has been given, it is up to the Member to make their own decision on whether or not they have a declarable interest and whether or not they can participate in the decision.

The Sub-Committee meeting

- 10.04. Planning Sub-Committee meetings generally start at 7.00pm and the Council's standing orders provide that they will end at 10.00pm except that discussion of the specific item or case in hand at 10.00pm may continue thereafter at the discretion of the Chair.
- 10.05. There are 11 Members of the Sub-Committee. The quorum for making a decision as set out in the Council's constitution is at least one quarter of the whole number of voting Members are present i.e. at least 3.
- 10.06. Where notified in advance to the Sub-Committee Clerk and subject to them having attended the mandatory training, substitute Members may attend in place of a Planning Sub-Committee Member, pursuant to the Committee Procedure Rules. Substitutes will be from the same political party, to maintain the political balance at Sub-Committee and will be subject to clearance from the group's Chief Whip. The substitute will be for the duration of the entire agenda and will not be used for individual items.

General Principles for hearing representations and petitions

- 10.07. The Planning Sub-Committee will operate this Protocol with two particular aims regarding representations:
 - (a) to allow those who have applied to make representations to be heard by the Sub-Committee on items on the agenda for the meeting; and
 - (b) to get through the agenda expeditiously to avoid delay to applications and wasted journeys by the public.
- 10.08. Objectors or supporters, including Ward or other Members where possible, should advise the Council by noon on the working day immediately prior to the Sub-Committee meeting (for a Monday meeting this would be by noon on the Friday prior to the Sub-Committee) in order to allow appropriate administrative arrangements to be put in place. The number of speakers will usually be limited to two speaking against the proposal with a time limit of 3 minutes each i.e. a maximum of 6 minutes. Members will have a time limit of 3 minutes each. Those supporting a proposal will be given the same time as those speaking

- against (including time taken by any Members objecting less any time by Members supporting).
- 10.09. Speaking should take place immediately before the Sub-Committee debates a particular application (see running order for the Sub-Committee) and after the planning officer has set the scene and updated the meeting on any late matters not dealt with in the published report.
- 10.10. The circulation of materials will not normally be accepted during the meeting. If new or further material is to be allowed following the publication of the Sub-Committee papers it should be received in advance of the meeting so that it can be circulated to Members of the Sub-Committee and the detail considered by officers and members.
- 10.11. For petitions, as per the Committee Procedure Rules, the Democratic Services Manager or Committee Clerk should be notified of any petitions by 10 a.m. five clear days² in advance of the Committee meeting. The petition will be handed to the Chair, and recorded as received by the Democratic Services Manager or Committee Clerk. If the petition is accepted, the Chair shall invite officers to advise the Planning Sub-Committee regarding planning policies and material considerations raised in the petition which may be debated by Members. If the petition is not considered at the meeting, the Chair shall report the response to the petition at the next ordinary meeting of the Committee.
- 10.12. Speakers should not be allowed to engage in discussion with Members of the Sub-Committee during public speaking or the Sub-Committee deliberations, to avoid any risk of accusation of bias or personal interest.

The procedure for addressing the Sub-Committee

- 10.13. Although the Committee Procedure rules allow for Members not on the Planning Sub-Committee, or officers outside the Planning Service who wish to address the Sub-Committee, to give written notice of their attendance to the Chair of the Sub-Committee rather than inform the Sub-Committee Clerk by 12 noon on the working day prior to Committee Members and Council Officers are asked to inform the Sub-Committee Clerk by 12 noon on the working day prior to Committee where possible.
- 10.14. The Chair will allow those persons outside the Council completing the form to address the Sub-Committee except where there are several people applying to speak, in which case there will be a limit as shown below. The right to speak shall be on a first come first served basis.
- 10.15. For any issue which is within the Sub-Committee's terms of reference, but for which there is not a report on the agenda, members of the public

-

² Five clear days does not include weekends or national holidays and excludes both the day of the meeting and the day on which notice of the meeting is given

may use the Deputations Procedure in accordance with the Committee Procedure Rules to make their representations to the Sub-Committee.

Running order for planning applications

10.16. Declarations of interest will be taken at the start of the meeting (Members will be invited to *clearly state their interest in an item and whether they believe it to be personal, prejudicial (including bias and predetermination) or pecuniary. To include whether they will leave, stay, refrain from debate and whether they will vote).*

(a)	Announce application and give a summary of the description and recommendation.
(b)	Name the public speakers.
(c)	Advise the meeting of the declarations of interest that have been made in relation to the item
(d)	Local Member declaration to represent their constituents or vote (Where a local Member sits on the Sub-Committee they should state whether they intend to vote on the application or instead to represent their constituents. If representing their constituents they should move to the area reserved for speakers and remain there as applicable e.g. until the end of their contribution subject to then leaving the room).
(e)	Planning officer presents case including update of any late representations or new issues, with possible supplementary presentation from other officers.
(f)	Members ask any clarification questions of the planning officer This should be through the Chair, relating to points of fact relating to material planning considerations only
(g)	Speaking arrangements Objectors - up to 2 speakers with a total time of 3 minutes each.
(h)	Members ask any clarification questions of the objectors This should be through the Chair, relating to points of fact relating to material planning considerations only
(i)	Any interested Councillors who have informed the Sub-Committee Clerk or the Chair in advance of the meeting may address the Sub-Committee for up to 3 minutes each.
(j)	Members ask any clarification questions of the Councillors This should be through the Chair, relating to points of fact relating to material planning considerations only
(k)	The Applicant and any supporters of the proposal will have the right to speak if there are any speakers against the proposal and then will be allowed to speak for an equivalent length of time as given to those objecting to the application i.e. maximum of 6 minutes (subject to any Members' speaking time) the total time to be divided between them.
(1)	Debate – Members through Chair with support from officers / legal providing clarification. Sub-Committee Members debate the case and consider the recommendation including conditions.

- (m) Summing up Chair brings discussion to conclusion and seeks a decision on the recommendation/alternative recommendation proposed.
- (n) Vote and explicitly record decision(s), taking vote(s) as necessary. Following the vote, there will be no further discussion of the item.

(For certain cases the procedure may be varied to allow for adjournments for confidential legal advice.)

The Sub-Committee will be aware that some parties listed as "objectors" can be overall in support of a development but be looking, for example, for some amendment or condition to protect their amenity.

Motions and decisions contrary to officer recommendation

- 10.17. Decisions on planning proposals have to be taken in accordance with the development plan³ unless material considerations indicate otherwise. In determining planning and other applications the Committee is entitled to decide the weight to be attached to the various planning considerations which are relevant to the application. This can lead to a decision which is contrary to the recommendation of the Officers. The Committee can for example decide to:
 - refuse planning permission where officers have recommended approval;
 - agree with officers that permission should be refused⁴ but for different reasons; or
 - grant permission subject to different conditions or legal requirements than those recommended.
- 10.18. Where any Committee Member puts forward a motion, the following process is to be followed:
 - Members, through the Chair, at any time, may ask planning & legal officers for clarification on planning policies, material considerations & implications of their reasons and decisions, to inform a potential motion
 - The Chair may ask Members if there are any other issues or reasons which may be relevant to inform a potential motion, and ask for officer clarification regarding these too
 - The Member proposing a motion should state and explain their reasons and relevant planning policies and material considerations
 - Another Member must second the motion, otherwise the motion falls away
 - The Chair will restate the motion and reasons to Sub-Committee

³ And National Development Management Policies when the relevant provisions come into

⁴ Although noting that applications that are to be refused by officers under delegated authority will not normally be determined at Planning Sub-Committee

- The Chair shall invite the planning and legal officers to advise the Sub-Committee regarding the relevant planning policies, material considerations and implications (if any) of approving the motion
- The Chair may adjourn the meeting so that reasons for approving the motion can be considered and/or drafted by officers
- The Chair will restate the motion and reasons to Sub-Committee
- The Members will debate the motion
- Following the debate, the Chair will ask for the affirmative votes, the negative votes, then abstentions
- The Chair will announce the result of the voting, instruct the relevant officers to take the necessary action and introduce the next item of business
- 10.19. When the Planning Sub-Committee makes a decision which is contrary to the recommendation of the planning officers, whether the decision is one of approval or refusal, a detailed minute of the Sub-Committee's reasons for its decision and any changes to conditions of obligations will be made. A copy of the minute will be kept on the application file.
- 10.20. When a decision is made which is contrary to the Plan the material considerations which led to this decision and the reason(s) why they are considered to override the development plan will be clearly identified and minuted.

Deferrals

- 10.21. It should only be in exceptional circumstances that an item is deferred to a future meeting. It is Committee's role to make decisions on items presented to it. It should not be expected that there will be changes made to a proposal during a deferment, as Committee must make a decision on the item presented to it and not any other hypothetical proposal. The NPPF states that there is a presumption in favour of sustainable development and that for decision-making this means "approving development proposals that accord with an up-to-date development plan without delay" (emphasis added).
- 10.22. Once an item is published as part of an agenda for a Sub-Committee meeting it must be heard and can only be deferred at the meeting itself. Normally, the Sub-Committee will hear representations on both / all sides before they make a motion and decision to defer for any reason. Where any Committee Member puts forward a motion, the process to be followed is the same as that set out earlier on in paragraph 10.18 of this Protocol.
- 10.23. In order to take part in the discussion regarding, and be able to vote upon, an application, a Councillor must be present throughout the whole of the Committee's consideration of an application including the officer introduction to the matter. If an application has previously been deferred then the same Councillors will be asked to reconsider the application

when it is returned to Committee. Where an application is deferred and its consideration recommences at a subsequent meeting only Members who were present at the previous meeting will be able to vote. If this renders the Committee inquorate then the item will have to be reconsidered afresh.

- 10.24. Officers may also change the recommendation from a recommendation to approve to a recommendation to defer if there are exceptional circumstances that occur between a Sub-Committee agenda and reports being published and the meeting taking place.
- 10.25. When a deferred application is re-submitted to the Sub-Committee, further representations will normally only be allowed if some fresh matter has arisen since the first Sub-Committee meeting. If this further submission is exceptionally allowed, the number of people speaking will be limited to one objector for a further 3 minutes. The applicant/supporter will have a right to reply of 3 minutes.

For larger or more contentious applications

- 10.26. (a) In relation to larger and/or more controversial applications (as agreed by the Sub-Committee), the Chair may allow more speakers, with the equivalent of the total length of time to be divided between them) if they consider it necessary to hear a wider range of views.
 - (b) For example: in relation to para. 10.2 above this would be four speakers with a total of 12 minutes divided between them.
 - (c) The applicant and any supporters will normally have a right to reply of the same length of time as taken by the objectors.
- 10.27. The Sub-Committee will aim to deal with all applications, except those of exceptional significance, within one hour, and the Chair will take active steps to keep to these time-scales in the interests of all participants. Members will also act to deal fairly and expeditiously and will therefore commit not to repeat questions. It is expected that there will be a maximum of 30 minutes of questions and comments for any one application.

Equal Opportunities

10.28. The adoption and publication of a Protocol giving clear information about planning procedures and getting involved in decisions would improve access to the system by all communities in the Borough, as well as potential investors. Arrangements will be put in place to make the policy principles within this protocol available in pamphlets in different languages and in larger print.

11. SITE VISITS

- 11.01. The Director/Head of Service, in consultation with the Chair of the Sub-Committee, will decide which planning applications require a site visit which will be scheduled during daylight hours for the week before the Sub-Committee meeting at which an application will be determined. Examples of when a site visit would not normally be appropriate for a planning application include where:
 - 1. purely policy matters or issues of principle are to be determined;
 - 2. the report, together with drawings, photographs and other material is sufficient to provide the necessary information regarding a proposed development; or
 - 3. Councillors have already visited the site within the last 12 months.
- 11.02. To ensure Members of the Sub-Committee are able to see a site in order to reach an informed decision whilst maintaining fairness and probity, the following procedures will be followed.

Procedure

- 11.03. Access to the site will be arranged with the site owners or their agent and adjoining owners where necessary by planning officers.
- 11.04. Planning officer(s) will show the Members around the site(s) / area / adjoining properties, showing relevant scheme drawings, or any other material and pointing out significant features attached to/identified in the Sub-committee report. If the applicant's or agent's presence is required at the site, it will be solely to provide access to the site. An attendance list of the Members attending a site visit should be recorded.
- 11.05. A site visit will be adjourned and_rearranged where the Director and/or Head of Service consider that Members of the Sub-committee are being lobbied/Members safety is at risk due to demonstrations at a site.
- 11.06. Members of the Sub-Committee may ask planning officers to provide further information regarding a planning application as part of the presentation for that application to the Sub-Committee.
- 11.07. If a Member of the Sub-Committee is unable to attend a site visit organised by planning officers, they may determine a planning application at the Sub-committee meeting if they consider they have all relevant information regarding the site, because it is a site they are familiar with/they have viewed the site from a public vantage point.

Procedure for individual Members

11.08. Where a Member is unable to attend a site visit organised by planning officer they may wish to undertake a site visit on their own from a public

PART FIVE – CODES AND PROTOCOLS Section E – Planning Protocol

vantage point before the Sub-Committee meeting. A Member of the Sub-Committee should not arrange to meet site owners or their agents or neighbouring owners at the site visit.

11.09. If a Sub-Committee Member is approached at their site visit by any party they should seek to avoid discussion of the planning application for the site and not give any indication of their views or the likely decision of Sub-Committee regarding the application. Where it is not practical to avoid some discussion the Member should make a note of what was discussed and with whom and pass that information to planning officers, so that it can be made available at the Sub-Committee meeting.

12.0 REVIEW OF THE PROTOCOL

- 12.01. The protocol will be regularly reviewed to take account of:
 - new planning legislation;
 - changes to national codes of conduct; and
 - emerging examples of good practice.

Title: Updates to the Constitution - Part Four Section I Financial

Regulations

Report

Authorised by: Taryn Eves – Corporate Director for Finance and Resources

Lead Officer: Kevin Bartle – Strategic Adviser

Ward(s) affected: N/A

Report for Key/

Non Key Decision: Non Key Decision

1. Describe the issue under consideration

The Constitution, at Part 4, Rules of Procedure Section I – Financal Regulations, provides the framework for managing the Council's financial affairs. Although minor administrative amendments were made to the Regulations in May 2023, the last substantive update was in March 2021. Officers have undertaken a review of the Regulations and propose some changes to the Council's Financial Regulations.

2. Cabinet Member Introduction

Not applicable

3. Recommendations

3.1 To comment on and endorse the proposed changes to the Financial Regulations set out at Appendix 1 for onward approval at Standards Committee and Full Council in November 2025.

4. Reasons for decision

As stated above, the Financial Regulations were last updated in March 2021. In addition to the need to undertake a regular review and consider required updates to the Financial Regulations in the light of current circumstances, it is also vital to ensure that these are as robust and transparent as possible to maintain the integrity and core values on financial decision making.

5. Alternative options considered

None – not to update the regulations would not be in keeping with good governance principles.

6. Background information

- 6.1 As stated above, a routine review of regulations was due. However in the light of the Council's current exceptionally challenging financial position, it is vital that Financial Regulations are up to date, easily understandable, concise and accountability for financial control and budget management is clear.
- 6.2 Although some of the changes are necessary tidying up, such as job titles, there are some other key sections of the regulations specifically around strengthening accountability for budget managers, that are necessary. For example, the current version does not include a requirement for budget holders to remain within budget or for Corporate Directors to notify the Section 151 Officer of all underspends, over-recovery of income or windfall benefits arising within their revenue and capital budgets.
- 6.3 These additional regulations are seen by the Section 151 Officer as essential if we are to tighten our financial control environment and move to a financially sustainable position as soon as possible.

7. Contribution to Strategic Outcomes

The Council's Constitution supports the governance of the Council and its decision making thereby assisting the Council to meet its strategic outcomes.

8. Statutory Officers comments (Chief Finance Officer (including procurement), Director of Legal & Governance, Equalities)

Finance

8.1 There are no resources implications from these changes, however the Section 151 officer commends the changes to members.

Legal

8.2 Legal comments are contained within the report.

Equality

8.3 There are no equalities matters for consideration with this report as the proposals relate to governance procedural changes.

- 1.3. The regulations identify the financial responsibilities of:
 - the full Council;
 - the Cabinet;
 - the Overview and Scrutiny Committee;

- 1.5. The Section 151 Officer is responsible for issuing advice and guidance to underpin these Financial Regulations that Councillors, Officers and others acting on behalf of the Council are required to follow. This advice and guidance will generally be based on CIPFA Standards of Professional Practice, which are available on www.cipfa.org.uk.
- 1.6. The Section 151 Officer is also responsible for reporting, where appropriate, breaches of these Financial Regulations to the Council and/or to the Cabinet Members.
- 1.7. These Financial Regulations are supported, where appropriate, by detailed procedure notes, setting out how these Financial Regulations will be implemented.

PART 4 – RULES OF PROCEDURE Section I – Financial Regulations

- 1.8. Corporate Directors are responsible for ensuring that all staff in their service areas are aware of the existence and content of the Council's Financial Regulations and other internal regulatory documents and that they comply with them.

2.1. Directors should maintain written records where financial decision making has been delegated to members of their staff, including seconded or temporary staff. Where decisions have been delegated or devolved to other responsible officers references to Corporate Directors in the regulations should be read as referring to them.

3. Financial Control Framework

- 3.1. The financial administration framework of the Council is organised in accordance with Section 151 of the Local Government Act 1972, requiring that every Local Authority in England and Wales should 'make arrangements for the proper administration of their financial affairs and shall secure that one of their Officers has responsibility for the administration of those affairs.' The framework comprises:

 - **Financial Regulations**: This document is part of the Constitution, created by the Council;
 - The Scheme of Financial Delegation and specific delegations by Corporate Directors to officers in their service area;
 - Contract Standing Orders;

PART 4 – RULES OF PROCEDURE Section I – Financial Regulations

- Guide to Procurement;
- Medium Term Financial Strategy (MTFS).

4. Devolution of Financial Management and Accounting

- 4.1. The Council seeks to unite operational and financial responsibility to empower managers to give them the tools to deliver high quality services. Part of that empowerment is to give them control of the resources needed to deliver the service so that they can plan and use these resources to obtain the maximum benefit for the service.
- 4.2. The Council also needs to balance responsibilities with accountability and protection for Officers so that they know their authorisation levels and the limit to those authorities.

PART 4 – RULES OF PROCEDURE Section I – Financial Regulations

Part 2 – Financial Management

5. Financial Management (including virement rules)

Introduction

5.1. Financial management covers all financial accountabilities in relation to the running of the Council, including the policy framework and budget. PART 4 – RULES OF PROCEDURE Section I – Financial Regulations

5.39. It is a criminal offence for any person to use their position with the Council to accept or ask for any gift, reward or other advantage from work done in an official capacity. In addition such acts seriously undermine the public image of the Authority and its staff. As a result the Council will discipline staff on the grounds of gross misconduct if they breach this regulation.

PART 4 – RULES OF PROCEDURE Section I – Financial Regulations

Financial Irregularities

- 5.40. Staff must act with absolute honesty when dealing with the assets of the Council, and any other assets for which the Council is responsible. The Council will rigorously enforce sanctions laid down in the Employee Code of Conduct if staff are found to have acted dishonestly. The Code gives examples of financial irregularities that are considered to be gross misconduct.
- 5.41. All staff must ensure that any irregularity or suspected irregularity involving Council funds, property or any other assets for which the Council is responsible is reported immediately to the **Head of Audit and Risk Management.** This also applies to the misuse of computer passwords, misuse of information obtained in any other way, the deliberate malicious damage to information assets and the disclosure to unauthorised individuals of information obtained by their use.
- 5.42. The Council has an approved Anti-Fraud and Corruption Policy and Fraud Response Plan which set out the Council's expectations in relation to standards of behaviour and how it will respond in cases where fraud is suspected. The Anti-Fraud and Corruption Policy is supported by the Council's Whistleblowing Policy, which sets out how the Council will support anyone who wishes to report cases where they suspect fraud.

Report for: Standards Committee

Item number: 8

Title: Proposed changes to the Council's Contract Standing Orders

Report

authorised by: Taryn Eves, Director of Finance

Lead Officer: Barry Phelps, Chief Procurement Officer

Ward(s) affected: N/A

Report for Key/

Non-Key Decision: Non-Key

1. Describe the issue under consideration

- 1.1. The Councils Constitution defines the Council decision making procedures. It is kept under review and when necessary, amendments are proposed to Standards Committee for consideration and recommendation on to full council.
- 1.2. The previous update to Part Four of the Constitution, Section J Contract Standing Orders was in March 2025 and intended to align with the new Procurement Act 2023 (PA23), which came into effect on 24 February 2025 and the centralisation of procurements above £25,000.
- 1.3. The proposed amendments to the Contract Standing Orders (CSO's) are intended to address:
 - 1.3.1. some minor omissions following the revised CSO's introduced in March 2025;
 - 1.3.2. address some audit recommendations;
- 1.4. Additional information on the proposed changes can be found in Appendix 2 Summary of Proposed CSO Amendments Nov 2025 v1.1.

2. Cabinet Member Introduction

N/A

3. Recommendations

- 3.1. That Standards Committee recommends that the Council adopt the proposed revised Part Four of the Constitution, Section J Contract Standing Orders as attached at Appendix 1 CSO Nov 2025 v1.1.
- 3.2. The Standards Committee notes the following key amendments:

- 3.2.1. Directors may approve extensions and variations of contracts with an aggregated value of less than £500,000;
- 3.2.2. Letters of Intent are restricted to 50% of the contract value, where the contract value is £100,000 or less.
- 3.2.3. Directors are to record decisions to novate contracts and notify the Chief Procurement Officer of such decisions.

4. Reasons for decision

- 4.1. The CSO's need updating to incorporate some drafting omissions from the previous version approved by Full Council in March 2025. The main omission being a clerical error to allow Directors not just to award contracts of less than £500,000, but to also be able to vary or extend a contract, where the aggregated value of the award, variation or extension is less than £500,000. This is consistent with Delegated powers afforded to Directors elsewhere in the Constitution.
- 4.2. Currently it is possible for Officers to issue a Letter of Intent up to the full contract value, where the contract value is less than £100,000. Legal services have recommended this are restrictions applied, as a Letter of Intent is not intended to replace a contract, which in effect is possible under the current drafting.
- 4.3. Audit have recommended that the Chief Procurement Officer is advised of all contract novation's, this is to ensure compliance with the Procurement Act 2023 and other relevant legislation.

5. Alternative options considered

Do Nothing

- 5.1. Without amending the CSO to state that Directors' are able to vary and extend contracts would conflict with other delegated provisions within the Constitution.
- 5.2. Officers would be able to issue Letters of Intent to cover the entire contract value up to £100,000 without having any contractual arrangements in place. This exposes both parties to risks around the service delivery, liabilities and commercial arrangements.
- 5.3. Novations could potentially be processed without having undertaken relevant compliance checks to ensure the new contractor meets requirements within the relevant legislative frameworks (i.e. Procurement Act 2023 and Public Contract Regulations 2015). If these were found to be in breach of legislation, it exposes the Council to the contract being ineffective and potentially other sanctions applied by the courts or the Procurement Review Unit.

6. Background information

- 6.1. In March 2025, Full Council approved the current version of Part Four of the Constitution, Section J Contract Standing Orders (CSOs) to comply with the Procurement Act 2023 and the centralisation of procurements above £25,000.
- 6.2. The Chief Procurement Officer has consulted with internal legal colleagues, the Leader of the Council, members of the Corporate Leadership Team and the Constitutional Working Group in developing the proposed amendments to the CSOs.
- 6.3. The current version of the CSOs only provide for Directors to award contracts up to a value of £500,000, there is no provision for Directors to vary or extend contracts. Therefore the additional provisions are required to ensure there is clarity that Directors can also vary and extend contracts up to an aggregated value of £500,000, which is consistent with other delegated powers within the constitution.
- 6.4. The proposed Constitutional amendments have been made to allow flexibility by removing the prohibitive references, allowing for the taking of key decisions by officers in these certain circumstances (i.e. in respect of awarding contracts only), and to add clarity more generally. Amendments have also been necessary to procedure rules to make changes to working practices such as the Forward Plan and the application of call-in to include officer key decisions.
- 6.5. Additional provisions have been included relating to letters of intent. This is to avoid any abuse of this provision (CSO 16.04), which could potentially allow officers to issue a letter of intent up to the value of the contract if it was £100,000 or less. CONTRACT STANDING ORDERS

1. Introduction

- 1.01. Procurement decisions are among the most important decisions a manager will make because the money involved is public money and the Council is required to ensure that Best Value is obtained when procuring works, goods and services. Efficient use of resources to achieve Best Value is therefore imperative. The Council's reputation is equally important and should be safeguarded from any imputation of dishonesty or corruption.
- 1.02. For these reasons it is a disciplinary offence to fail to comply with these CSO's and the Procurement Code of Practice when the Council is procuring Contracts for works, good and services and raising orders with suppliers. This also includes situations where the Council procures works, goods and/or services for and on behalf of other public bodies.
- 1.03. Council employees have a duty to report breaches of these CSO's to an appropriate senior manager and the Head of Audit & Risk Management.
- 1.04. Unless otherwise provided within these CSO's or the Procurement Code of Practice or with the express approval of the Chief Procurement Officer, all procurement processes, regardless of value, should be conducted via the Corporate e-Sourcing System.
- 1.05. Reference should be made to the Procurement Code of Practice for more detailed information on procurement processes.
- 1.06. All Officers will need to familiarise themselves with and comply with these CSO's and any other policies (including the National Procurement Policy Statement) / guidance (including Technical Guidance) / Procurement Policy Notices¹, the Procurement Act 2023 (Commencement No. 3 and Transitional and Saving Provisions) Regulations 2024, Regulations and Procurement Act (as applicable).
- 1.07. Throughout these CSO's references are primarily made to the "Procurement Act".

¹ Where applicable

However, there are also instances where references are made to the "Regulations" to capture instances where Contracts fall under an alternative procurement regime. The relevant procurement legislation that will be applicable to procurement activity should be considered on a case-by-case basis. As such, advice should therefore be sought from Strategic Procurement as to the applicable procurement regime a proposed public Contract may need to be awarded in accordance with.

- 1.08. In the event of any doubt as to the interpretation of these CSO's or the Procurement Code of Practice, or as to the proper procedure to be followed, clarification should be sought from the Chief Procurement Officer.
- 1.09. Unless stated otherwise, all financial references to pounds sterling in these CSO's are to be exclusive of VAT.
- 1.10. Subject to Regulations or Procurement Act (as applicable), all communication and information exchange in relation to procurement shall be performed using electronic means of communication.

1. Introduction

- 1.01. Procurement decisions are among the most important decisions a manager will make because the money involved is public money and the Council is required to ensure that Best Value is obtained when procuring works, goods and services. Efficient use of resources to achieve Best Value is therefore imperative. The Council's reputation is equally important and should be safeguarded from any imputation of dishonesty or corruption.
- 1.02. For these reasons it is a disciplinary offence to fail to comply with these CSO's and the Procurement Code of Practice when the Council is procuring Contracts for works, good and services and raising orders with suppliers. This also includes situations where the Council procures works, goods and/or services for and on behalf of other public bodies.
- 1.03. Council employees have a duty to report breaches of these CSO's to an appropriate senior manager and the Head of Audit & Risk Management.
- 1.04. Unless otherwise provided within these CSO's or the Procurement Code of Practice or with the express approval of the Chief Procurement Officer, all procurement processes, regardless of value, should be conducted via the Corporate e-Sourcing System.
- 1.05. Reference should be made to the Procurement Code of Practice for more detailed information on procurement processes.
- 1.06. All Officers will need to familiarise themselves with and comply with these CSO's and any other policies (including the National Procurement Policy Statement) / guidance (including Technical Guidance) / Procurement Policy Notices¹, the Procurement Act 2023 (Commencement No. 3 and Transitional and Saving Provisions) Regulations 2024, Regulations and Procurement Act (as applicable).
- 1.07. Throughout these CSO's references are primarily made to the "Procurement Act".

_

¹ Where applicable

However, there are also instances where references are made to the "Regulations" to capture instances where Contracts fall under an alternative procurement regime. The relevant procurement legislation that will be applicable to procurement activity should be considered on a case-by-case basis. As such, advice should therefore be sought from Strategic Procurement as to the applicable procurement regime a proposed public Contract may need to be awarded in accordance with.

- 1.08. In the event of any doubt as to the interpretation of these CSO's or the Procurement Code of Practice, or as to the proper procedure to be followed, clarification should be sought from the Chief Procurement Officer.
- 1.09. Unless stated otherwise, all financial references to pounds sterling in these CSO's are to be exclusive of VAT.
- 1.10. Subject to Regulations or Procurement Act (as applicable), all communication and information exchange in relation to procurement shall be performed using electronic means of communication.
