	<p>mortality and the link between poverty and lower educational attainment and life expectancy.</p> <p>The Committee raised the issue of comparative data, and it was commented that as much trend data had been included as possible, but difficulties still existed due to a lack of systems standardisation across organisations.</p> <p>RESOLVED:</p> <p>That the contents of the presentation be noted.</p>	
<p>OSCO130</p>	<p>SCRUTINY REVIEW UPDATE ON YOUTH DEMOCRACY</p> <p>Cllr Engert of the Review Panel raised a number of issues with the Deputy Director (Resources & Community) of the Children’s Service regarding the update, including the lack of a specific officer responsible for youth democracy, the number of schools without a youth council and pupil associate governors, the lack of a Member Youth Champion and the slow progress of the establishment of a Youth Forum.</p> <p>The Deputy Director (Resources & Community) of the Children’s Service responded to Cllr Engert’s concerns, highlighting the progress made in implementing the recommendations. The Deputy Director commented that all schools in the borough have a youth council and that resources would not allow one officer to exclusively deal with youth democracy. The Head of Youth Democracy would share responsibility for this with a newly appointed Participation and Inclusion Officer. It was acknowledged that no single Youth Forum had been established, but it was commented that a number of fora existed which allowed young people to get involved. The Member Champion for Young People would be appointed following the next Local Government Elections.</p> <p>The Committee acknowledged the work done by officers but shared the reservations expressed by Cllr Engert regarding progress on the Review Panel’s recommendations. It was requested that a further report be presented to the Committee within six months, covering aspects such as the establishment of the Youth Forum, the establishment of a young people’s consultation panel and the appointment of youth champions.</p> <p>RESOLVED:</p> <ul style="list-style-type: none"> i) That the update on progress made in response to the Scrutiny Review of Youth Democracy be noted. ii) That there be a further report in six months’ time to address the concerns of the Committee, to include but not be limited to: <ul style="list-style-type: none"> a) how the implementation of the recommendations will be resourced and managed to ensure the desired step change b) the establishment of a new Haringey Schools/Youth Forum c) the establishment of a young people’s consultation panel and youth champions
