LICENSING SUB-COMMITTEE HEARINGS PROCEDURE SUMMARY	
INTRODUCTION	
1.	The Chair introduces himself and invites other Members, Council officers, Police, Applicant and Objectors to do the same.
2.	The Chair invites Members to disclose any prior contacts (before the hearing) with the parties or representations received by them
3.	The Chair explains the procedure to be followed by reference to this summary which will be distributed.
NON-ATTENDANCE BY PARTY OR PARTIES	
4.	If one or both of the parties fails to attend, the Chair decides whether to:
	(i) grant an adjournment to another date, or
	(ii) proceed in the absence of the non-attending party.
	Normally, an absent party will be given one further chance to attend.
TOPIC HEADINGS	
5.	The Chair suggests the “topic headings” for the hearing. In the case of the majority of applications for variation of hours, or other terms and conditions, the main topic is:
	Whether the extensions of hours etc. applied for would conflict with the four licensing objectives i.e.
	(i) the prevention of crime and disorder,
	(ii) public safety,
	(iii) the prevention of public nuisance, and
	(iv) the protection of children from harm.
6.	The Chair invites comments from the parties on the suggested topic headings and decides whether to confirm or vary them.
WITNESSES	
7.	The Chair asks whether there are any requests by a party to call a witness and decides any such request.
8.	Only if a witness is to be called, the Chair then asks if there is a request by an opposing party to “cross-examine” the witness. The Chair then decides any such request.
DOCUMENTARY EVIDENCE	
9.	The Chair asks whether there are any requests by any party to introduce late documentary evidence.
10.	If so, the Chair will ask the other party if they object to the admission of the late documents.
11.	If the other party do object to the admission of documents which have only been produced by the first party at the hearing, then the documents shall not be admitted.

12.	If the other party object to documents produced late but before the hearing, the following criteria shall be taken into account when the Chair decides whether or not to admit the late documents:	
(i)	What is the reason for the documents being late?	
(ii)	Will the other party be unfairly taken by surprise by the late documents?	
(iii)	Will the party seeking to admit late documents be put at a major disadvantage if admission of the documents is refused?	
(iv)	Is the late evidence really important?	
(v)	Would it be better and fairer to adjourn to a later date?	
THE LICENSING OFFICER'S INTRODUCTION		
13.	The Licensing Officer introduces the report explaining, for example, the existing hours, the hours applied for and the comments of the other Council Services or outside official bodies. This should be as "neutral" as possible between the parties.	
14.	The Licensing Officer can be questioned by Members and then by the parties.	
THE HEARING		
15.	This takes the form of a discussion led by the Chair. The Chair can vary the order as appropriate but it should include:	
(i)	an introduction by the Objectors' main representative	
(ii)	an introduction by the Applicant or representative	
(iii)	questions put by Members to the Objectors	
(iv)	questions put by Members to the Applicant	
(v)	questions put by the Objectors to the Applicant	
(vi)	questions put by the Applicant to the Objectors	
CLOSING ADRESSES		
16.	The Chair asks each party how much time is needed for their closing address, if they need to make one.	
17.	Generally, the Objectors make their closing address before the Applicant who has the right to the final closing address.	
THE DECISION		
18.	Members retire with the Committee Clerk and legal representative to consider their decision including the imposition of conditions.	
19.	The decision is put in writing and read out in public by the Committee Clerk once Members have returned to the meeting.

The following statement is made in connection with a serious disorder issue which arose outside the 'Shout Bar' Wood Green High Road in the early hours of Tuesday 1st January 2008 and the subsequent closure notice served by me on this premises.

On Tuesday 1st January 2008 at about 0315 hours Police received a call from local CCTV operators stating that they could see a large fight outside the 'KO Club' in Wood Green High Road (CAD 3285). Shortly afterwards Police received a further call from 'Dillan' the manager of the 'Shout bar' stating that a large group of Turkish males had caused a disturbance at his premises and the doormen had intervened. This group were now outside and causing damage to the front of the premises. Further information from Dillan stated that he was closing the club and that the London Ambulance Service (LASO) were required for an unconscious male outside the 'Shout Bar' bleeding from his head. Whilst police were receiving the details of the call further information was received that there were at least 25 people outside the bar and that another male had been attacked with a bottle over his head. Further information was that the door staff were looking after the injured male. At that time the first Police Officer, PC 431YR Philips stated that he was on scene. (CAD 3419).

At 0328 a further call was received from a 'Sara' stating that there was a large disturbance at the location and that there was a large disturbance and that a male had been stamped in the head. (CAD 3518).

At 0329 another call was received from an anonymous female stating that she had witnessed a large fight between 15-20 males and that cars and shops were being smashed up. (CAD 3521).

Continuation of Statement of **Inspector Paul Hughes**

At 0330 hours PC 475YR Montgomery called up via her radio and stated that she required 'Urgent Assistance' as she was on scene outside the 'Shout Bar'. She stated that she was with an unconscious male and required the LAS. I attended very shortly afterwards and upon my arrival other Police units were arriving from both Haringey borough and off Borough units from Hackney and Edmonton. As I arrived I could see a large disturbance outside the 'Shout bar' and officers were struggling and fighting with members of the crowd, which I would estimate to be in excess of 100 people. With the number of police officers on scene I initially asked for no other units to be deployed, as I believed we could deal with the situation with the number of officers I had to deploy. However after a period of 5 minutes of so of continued disorder and the fact that Officers had their Batons drawn and CS Spray had been discharged I requested the attendance of the Territorial Support Group to disperse the crowd. I also requested the attendance of a dog unit to assist with this task. Once I had sufficient units on scene I then formed the Officers into a protective cordon around the casualty, who had still not been treated, and pushed back the crowd. This allowed the Las to attend to the unconscious male with the protection of the Police Officers. I had to deploy in excess of 25 Officers to ensure that the area around the casualty remained sterile. Once I was satisfied that the area was contained I deployed 6 officers to form a protective 'bubble' around the casualty in order to safely transfer him to the waiting Ambulance. Even once the casualty was removed the crowd refused to disperse and I approached the door staff of the 'Shout Bar' and advised them to clear their bar. Taking the remaining customers out through the rear of the premises facilitated this. Once I was sure the premises were closed I then instructed all of the Officers to leave the area to diffuse the situation. As we were doing this more members of the crowd confronted officers and further Arrests were made by various officers for a variety of offences. In addition at this time PC 475YR Montgomery had blood spat into her mouth by a male she was arresting at the location. She was immediately taken to St.Thomas hospital to have checks carried out on her. I was then contacted by a PS Ian Bond of the Metropolitan police Clubs and Vice Unit. He advised me that he was on Central London Duty and was attending the location to liase with me regarding serving a closure notice on the 'Shout Bar'. By the time he attended the majority of the crowd had left the area apart from a group of about 10-15 black males, who appeared to be from opposing groups. I monitored these small groups with the members of the Clubs and Vice Unit who by now had attended the location. I instructed all Officers who had attended the scene to make a note of the fact they had and in particular those who had drawn their batons to do so. I was also made aware that during the disturbance a caller by the name of 'Maxwell' had called to state that involved in the fight outside the 'Shout Bar' he saw a gun and a knife flash in front of him. (CAD 3608).

Once the situation appeared to have finally calmed sufficiently I attended the 'Shout Bar' with Sergeant Bond from Clubs

and Vice and spoke to the Duty Manager Mr. Dilan KARUNANAYAKE. I then served him with a Form 690, Closure Order Under Section 161 of the Licensing Act 2003. The notice outlined who I was, the address of the premises to be closed, the length of the closure and the reasons. I served the order at 0400 hours and closed the premises until 0400 hours on 2nd January 2008. My reasons were that the Officers who had come across the large scale disturbance outside the 'Shout Bar' had required 'Urgent assistance' to deal with the casualty and crowd at the location. Serious disorder had involved the customers from the Bar. A male had also been arrested nearby in possession of a lock knife and males had been armed with broken bottles. I also stated that there had been serious and imminent disorder and was linked to ongoing gang problems in the area. Mr.Karunanayake accepted the Closure Notice and stated that he understood the reasons and rationale behind the decision. I then left the Bar along with all Officers. There were no repercussions that night.

I was next on Duty on Wednesday 3rd January 2008 when I was asked to attend Highgate Magistrate's Court to give evidence of my decision to serve the Closure notice and to have my decision ratified by the Magistrates. This was completed that afternoon and the magistrates heard my evidence and agreed with my decision to close the premises for 24 hours.

Review of licence under Licensing Act 2003 following closure under S161 LA 2003

“ Shout “ Bar, Hollywood Green, Wood Green N22

This review is a requirement of the Licensing Act 2003 following the closure of a premise by police on 1st January 2008. It is the intention of Police to offer the Review panel a balanced and fair perspective and to present all of the issues receiving Police interest from 1/6/07 to the present date.

Brief Overview

On 1st January 2008 during the early hours of the morning major disorder occurred in the area of Hollywood Green, N22. “ Shout” Bar is located at this venue and a decision was made by the Haringey Police duty officer, Insp Paul HUGHES, to close the premises to reduce the level of violence in and around the area. In order to do this he used powers under S161 LA 2003. Eventually order was restored.

On 2nd January 2008 Insp Paul Hughes attended Haringey Mags. Court and the court reviewed the Police decision under S164 LA 2003. The Court decided to take no further action.

Statement from Insp Paul Hughes

This statement relates to the incident that occurred outside “ Shout” Public House on 1/1/ 08

CAD Reports

I have included a copy of all CAD reports to the “Shout” Bar from 1 June 2007 to the present day. There are currently 20 reports on an attached grid, which relate to 11 separate incidents. Because of system failings it is possible that there may be more calls to the premises but these can be lost because of the information input by the operator taking the call. E.g. A call to Shout may be listed as a call to 1) Shout Bar 2) Hollywood Green 3) Spouters Corner 4) High Road N22 5) Outside a) Waterspoons b) MacDonald’s c) Nandos d) Yates 6) Outside a street number. It is clearly

impractical to search such a wide range of criteria and I have restricted this report to those easily identifiable.

It should be noted that the majority of these CAD calls originate during the early hours of the morning towards the end of licensing hours and it is believed that this may be a contributing factor to the problems experienced

CRIS Reports

I have included a copy of all CRIS reports, which show "Shout" Bar as the venue for an alleged offence. It should be noted that these are purely the allegations and do not in any way indicate what the final result of the investigation was. There are a total of 18 allegations included that range from theft to GBH. Again it should be noted that the majority of these offences have occurred during the early hours of the morning and it is felt that the fact that "Shout" bar is open as late as it is may be a contributing factor.

One of the most concerning offences for this period relate to an assault on 12/1/08 in which a member of the public was allegedly assaulted by two of the door supervisors. One of these men were arrested at the time and the second is currently avoiding arrest

CRIMINT Reports

Ordinarily I would include a summary of all CRIMINT reports in relation to "Shout" Bar dating back approximately 6 months but unusually there is no CRIMINT intelligence whatsoever for this period for this premises

Impact on Police Operations

Whilst it is accepted that the current management from "Shout" Bar assist police at every possible opportunity I feel that the large volume of CRIS and CAD reports highlight the fact that this premises is having a disproportionate effect on the Policing operations from Haringey Borough. I believe that this compulsory review of the licence is a timely intervention and must be seen as an opportunity to examine in detail the matters that have occurred based on the principles of the licensing objectives: -

- 1) The Prevention of Crime and Disorder
- 2) The Prevention of Public Nuisance
- 3) Public safety

Summary

Whilst until recently "Shout" appeared not to be a problem premises on a regular basis this research has highlighted a few concerns for me. I believe a full review of the licence will ensure that appropriate weight is given to the evidence included in this

application and will allow the licensing committee to reconsider the conditions affixed to this licence.

I also reserve the right to rely on further incidents of crime and disorder or breaches of licensing objectives that take place at or in the vicinity of the premises between now and any review hearing

APPENDIX 4

RELEVANT EXTRACTS FROM S182
GUIDANCE

11. Reviews

THE REVIEW PROCESS

- 11.1 The proceedings set out in the 2003 Act for reviewing premises licences represent a key protection for the community where problems associated with the licensing objectives are occurring after the grant or variation of a premises licence.
- 11.2 At any stage, following the grant of a premises licence, a responsible authority, or an interested party, may ask the licensing authority to review the licence because of a matter arising at the premises in connection with any of the four licensing objectives.
- 11.3 In addition, a review of the licence will normally follow any action by the police to close down the premises for up to 24 hours on grounds of disorder or noise nuisance as a result of a notice of magistrates' court's determination sent to the licensing authority.
- 11.4 Licensing authorities may not initiate their own reviews of premises licences. Officers of the local authority who are specified as responsible authorities under the 2003 Act, such as environmental health officers, may however request reviews on any matter which relates to the promotion of one or more of the licensing objectives.
- 11.5 Representations made by a department of the local authority which is a responsible authority should be treated by the licensing authority in precisely the same way that they would treat representations made by any other body or individual.
- 11.6 In every case, the representation must relate to particular premises for which a premises licence is in existence and must be relevant to the promotion of the licensing objectives. After a licence or certificate has been granted or varied, a complaint relating to a general (crime and disorder) situation in a town centre should generally not be regarded as a relevant representation unless it can be positively tied or linked by a causal connection to particular premises, which would allow for a proper review of the licence or certificate. For instance, a geographic cluster of complaints, including along transport routes related to an individual public house and its closing time could give grounds for a review of an existing licence as well as direct incidents of crime and disorder around a particular public house.
- 11.7 Representations must be in writing and may be amplified at the subsequent hearing or may stand in their own right. Additional representations which do not amount to an amplification of the original representation may not be made at the hearing.
- 11.8 It is important to recognise that the promotion of the licensing objectives relies heavily on a partnership between licence holders, authorised persons, interested parties and responsible authorities in pursuit of common aims. It is therefore equally important that reviews are not used to drive a wedge between these groups in a way that would undermine the benefits of co-operation. It is good practice for authorised persons and responsible authorities to give licence holders early warning of their concerns about problems identified at the premises concerned and of the need for improvement. A failure to respond to such warnings is expected to lead to a decision to request a review.
- 11.9 Where the request originates with an interested party – e.g. a local resident, residents' association, local business or trade association – the licensing authority must first consider whether the complaint made is relevant, vexatious, frivolous or repetitious.

- 11.10 Further information for interested parties about the review process is available in "Guidance for interested parties: applying for a review" which can be found on the DCMS website.

REPETITIOUS REPRESENTATIONS

- 11.11 Relevance, vexation and frivolousness were dealt with in paragraphs 9.8 – 9.13 above. A repetitious representation is one that is identical or substantially similar to:
- a ground for review specified in an earlier application for review made in relation to the same premises licence which has already been determined; or
 - representations considered by the licensing authority when the premises licence was first granted; or
 - representations which would have been made when the application for the premises licence was first made and which were excluded then by reason of the prior issue of a provisional statement;

and, in addition to the above grounds, a reasonable interval has not elapsed since that earlier review or the grant of the licence.

- 11.12 Licensing authorities are expected to be aware of the need to prevent attempts to review licences merely as a second bite of the cherry following the failure of representations to persuade the licensing authority on earlier occasions. It is for licensing authorities themselves to judge what should be regarded as a reasonable interval in these circumstances. However, the Secretary of State recommends that more than one review originating from an interested party should not be permitted within a period of twelve months on similar grounds save in compelling circumstances or where it arises following a closure order.

- 11.13 The exclusion of a complaint on the grounds that it is repetitious does not apply to responsible authorities which may make more than one request for a review of a premises within a 12 month period.

- 11.14 When a licensing authority receives a request for a review from a responsible authority or an interested party or in accordance with the closure procedures described in Part 8 of the 2003 Act, it must arrange a hearing. The arrangements for the hearing must follow the provisions set out by the Secretary of State in regulations. The details may be viewed on the DCMS website. The Secretary of State considers it particularly important that the premises licence holder is fully aware of the representations made in respect of the premises, any evidence supporting the representations and that they or their legal representatives have therefore been able to prepare a response.

POWERS OF A LICENSING AUTHORITY ON THE DETERMINATION OF A REVIEW

- 11.15 The 2003 Act provides a range of powers for the licensing authority on determining a review that it may exercise where it considers them necessary for the promotion of the licensing objectives.
- 11.16 The licensing authority may decide that no action is necessary if it finds that the review does not require it to take any steps necessary to promote the licensing objectives. In addition, there is nothing to prevent a licensing authority issuing an informal warning to the licence holder and/or to recommend improvement within a particular period of time. It is expected that licensing authorities will regard such warnings as an important mechanism for ensuring that the licensing

objectives are effectively promoted and that warnings should be issued in writing to the holder of the licence. However, where responsible authorities like the police or environmental health officers have already issued warnings requiring improvement – either orally or in writing – that have failed as part of their own stepped approach to concerns, licensing authorities should not merely repeat that approach.

11.17 Where the licensing authority considers that action under its statutory powers are necessary, it may take any of the following steps:

- to modify the conditions of the premises licence (which includes adding new conditions or any alteration or omission of an existing condition), for example, by reducing the hours of opening or by requiring door supervisors at particular times;
- to exclude a licensable activity from the scope of the licence, for example, to exclude the performance of live music or playing of recorded music (where it is not within the incidental live and recorded music exemption);
- to remove the designated premises supervisor, for example, because they consider that the problems are the result of poor management;
- to suspend the licence for a period not exceeding three months;
- to revoke the licence.

11.18 In deciding which of these powers to invoke, it is expected that licensing authorities should so far as possible seek to establish the cause or causes of the concerns which the representations identify. The remedial action taken should generally be directed at these causes and should always be no more than a necessary and proportionate response.

11.19 For example, licensing authorities should be alive to the possibility that the removal and replacement of the designated premises supervisor may be sufficient to remedy a problem where the cause of the identified problem directly relates to poor management decisions made by that individual.

11.20 Equally, it may emerge that poor management is a direct reflection of poor company practice or policy and the mere removal of the designated premises supervisor may be an inadequate response to the problems presented. Indeed, where subsequent review hearings are generated by representations, it should be rare merely to remove a succession of designated premises supervisors as this would be a clear indication of deeper problems which impact upon the licensing objectives.

11.21 Licensing authorities should also note that modifications of conditions and exclusions of licensable activities may be imposed either permanently or for a temporary period of up to three months. Temporary changes or suspension of the licence for up to three months could impact on the business holding the licence financially and would only be expected to be pursued as a necessary means of promoting the licensing objectives. So, for instance, a licence could be suspended for a weekend as a means of deterring the holder from allowing the problems that gave rise to the review to happen again. However, it will always be important that any detrimental financial impact that may result from a licensing authority's decision is necessary and proportionate to the promotion of the licensing objectives.

REVIEWS ARISING IN CONNECTION WITH CRIME

- 11.22 A number of reviews may arise in connection with crime that is not directly connected with licensable activities. For example, reviews may arise because of drugs problems at the premises or money laundering by criminal gangs or the sale of contraband or stolen goods there or the sale of firearms. Licensing authorities do not have the power to judge the criminality or otherwise of any issue. This is a matter for the courts of law. The role of the licensing authority when determining such a review is not therefore to establish the guilt or innocence of any individual but to ensure that the crime prevention objective is promoted. Reviews are part of the regulatory process introduced by the 2003 Act and they are not part of criminal law and procedure. Some reviews will arise after the conviction in the criminal courts of certain individuals but not all. In any case, it is for the licensing authority to determine whether the problems associated with the alleged crimes are taking place on the premises and affecting the promotion of the licensing objectives. Where a review follows a conviction, it would also not be for the licensing authority to attempt to go behind any finding of the courts, which should be treated as a matter of undisputed evidence before them.
- 11.23 Where the licensing authority is conducting a review on the ground that the premises have been used for criminal purposes, its role is solely to determine what steps should be taken in connection with the premises licence, for the promotion of the crime prevention objective. It is important to recognise that certain criminal activity or associated problems may be taking place or have taken place despite the best efforts of the licensee and the staff working at the premises and despite full compliance with the conditions attached to the licence. In such circumstances, the licensing authority is still empowered to take any necessary steps to remedy the problems. The licensing authority's duty is to take steps with a view to the promotion of the licensing objectives in the interests of the wider community and not those of the individual holder of the premises licence.
- 11.24 As explained above, it is not the role of a licensing authority to determine the guilt or innocence of individuals charged with licensing or other offences committed on licensed premises. There is therefore no reason why representations giving rise to a review of a premises licence need be delayed pending the outcome of any criminal proceedings. As stated above, at the conclusion of a review, it will be for the licensing authority to determine on the basis of the application for the review and any relevant representations made, what action needs to be taken for the promotion of the licensing objectives in respect of the licence in question, regardless of any subsequent judgment in the courts about the behaviour of individuals.
- 11.25 There is certain criminal activity that may arise in connection with licensed premises, which the Secretary of State considers should be treated particularly seriously. These are the use of the licensed premises:
- for the sale and distribution of Class A drugs and the laundering of the proceeds of drugs crime;
 - for the sale and distribution of illegal firearms;
 - for the evasion of copyright in respect of pirated or unlicensed films and music, which does considerable damage to the industries affected;

- for the purchase and consumption of alcohol by minors which impacts on the health, educational attainment, employment prospects and propensity for crime of young people;
- for prostitution or the sale of unlawful pornography;
- by organised groups of paedophiles to groom children;
- as the base for the organisation of criminal activity, particularly by gangs;
- for the organisation of racist activity or the promotion of racist attacks;
- for unlawful gaming and gambling; and
- for the sale of smuggled tobacco and alcohol.

11.26 It is envisaged that licensing authorities, the police and other law enforcement agencies, which are responsible authorities, will use the review procedures effectively to deter such activities and crime. Where reviews arise and the licensing authority determines that the crime prevention objective is being undermined through the premises being used to further crimes, it is expected that revocation of the licence – even in the first instance – should be seriously considered. We would also encourage liaison with the local Crime and Disorder Reduction Partnership.

11.27 It should be noted that it is unlawful to discriminate or to refuse service on grounds of race or by displaying racially discriminatory signs on the premises. Representations made about such activity from responsible authorities or interested parties would be relevant to the promotion of the crime prevention objective and justifiably give rise to a review.

APPENDIX 5

RELEVANT EXTRACTS FROM HARINGEYS LICENSING POLICY

**POLICY CONSIDERATIONS – EXTRACTS FROM HARINGEYS
STATEMENT OF LICENSING POLICY**

APPENDIX A

Crime and Disorder Act

- 7.13 Under the Crime and Disorder Act 1998 local authorities must have regard to the likely effects of exercising their functions, and do all they can to prevent crime and disorder in their area.
- 7.14 The Council will have special regard to the local impact of licensing on related crime and disorder in the borough particularly when considering the location, impact, operation and management of all proposed licences/certificates, applications, renewals and variations of conditions.

Safer Clubbing

- 7.24 This initiative was introduced to improve safety for all club goers and particularly in relation to drug use and clubbing, where licensing regimes can impact on factors which increase the risk to safety of those taking drugs. Safety in such premises will also need to consider the threat of carrying weapons. The Council will adopt a leading role in addressing these matters through partnership arrangements with the police, club owners and local drug agencies.

- 11.1 The Home Office has identified that a large percentage of violent crimes, assaults and criminal damage are from offenders under the direct influence of alcohol. The Haringey Crime Audit 2001 acknowledged that alcohol related violence was found to be a problem in night-time entertainment areas and that almost a quarter of all arrests were drink related. Direct findings summarised that the misuse of drugs and alcohol has contributed to the increase of crime and disorder in the borough with young men being of particular concern. In comparison to similar boroughs, Haringey compared well and had fewer violent crimes per 1000 residents than the surrounding boroughs of Islington and Hackney.

- 11.2 The Council is committed to reducing crime and disorder throughout the borough through it's statutory duty under the Crime and Disorder Act and through the Haringey Safer Communities Strategy.

- 11.3 Good management, best practices and sound procedures in licensed premises do and can make an important difference to the level of alcohol related crime.

12.0 Public Safety

- 12.1 Members of the public visiting licensed premises have the right to expect that due consideration has been taken in relation to public safety. Licensees, as providers of the premises for the sale of alcohol and/or regulated entertainment, must be able to demonstrate that they have considered and put in effect measures to protect members of the public.
- 12.2 In order to promote public safety, the council will expect to see that those applying for a premises licence have undertaken the necessary fire safety risk assessment and to be compliant with all relevant building control rules and regulations.
- 12.3 The Council will also expect to see that where relevant there is a documented health and safety policy statement, and comprehensive risk assessment.

Door Supervisors

- 12.4 Whenever security operatives are employed at licensed premises to carry out a security function, they must be licensed by the Security Industry Authority (SIA).
- Competent and professional door supervisors are key to public safety at licensed premises and the provision of door supervisors is an action point for the leisure industry to consider in the Home Office Alcohol harm Reduction Strategy.
 - If a licensee directly employs security operatives, he/she will need to be licensed by the SIA as a supervisor/manager.
 - This licensing authority will be looking to ensure that licensees recruit SIA licensed door supervision staff from reputable companies with SIA Approved Contractor Status.
 - Licensees will need to have measures or procedures in place to check the SIA register of door supervisors to ensure their premises and customers are only protected by door supervisors with an SIA licence.

13.0 The prevention of public nuisance

- 13.1 Licensed premises, especially those operating late at night and in the early hours of the morning can cause a wide range of nuisances that can impact on the people living, working or sleeping in the vicinity of the licensed premises. The Council is committed to protecting the residents and businesses in the vicinity of these licensed premises.

- 13.2 In particular, late night activities cause much of this nuisance. Late night cafés, clubs, pubs and restaurants can have a number of adverse effects on the residents in the vicinity of these premises. Nuisance such as noise, litter, anti-social behaviour, lights and odour all contribute to the loss of amenity to the general public.
- 13.3 Noise nuisance is of particular concern; music, people talking, ventilation equipment and traffic can all be disturbing especially at night when ambient noise is low.
- 13.4 The conduct of customers leaving premises or spilling out into public and open spaces is often a source of disturbance and anti-social behaviour. Problems can include littering, the breaking of glasses and bottles, vomiting and urination.
- 13.5 Fly posting or any other illegal methods of displaying advertisements relating to a licensed premises or events is considered to be a public nuisance and will not be tolerated by the Council. The Council will take action (including prosecuting) those that fly post and will support action by other Councils against those that fly post .
- 13.6 The Council is aware of the importance of the licensing trade to the local economy and its culture and leisure aspirations. Accordingly, it will try and work together with individuals and bodies who are able to make objection to licence applications, the statutory agencies and licensed businesses to ensure that licensed premises can provide a service in a responsible way and co-exist with the wider community.
- 13.7 In considering all licensed applications, the Council will consider the adequacy of measures proposed to deal with the potential for nuisance and/or anti-social behaviour having regard to all the circumstances of the application. The council will expect applicants to address the issues under prevention of public nuisance detailed in the Appendix :

- 14.1 The main concern of regulatory authorities involves the exposure of children to under age drinking , drug use and the necessary level of supervision and care that needs to be exercised to ensure a safe environment. Premises must ensure that children are protected from physical, moral or psychological harm.

Children & Alcohol

- 14.2 Young people aged 16 and 17 will only be permitted to consume beer, wine or cider on licensed premises if accompanied by an adult 18 years and over and are eating a table meal.

14.3 Children aged under 16 are not allowed into premises that are predominantly used for the supply and consumption of alcohol on the premises unless they are accompanied by an adult.

14.3 The council however recognises the wide variety of premises for which licences may be sought. These include premises which are not predominantly used for the supply and consumption of alcohol including theatres, cinemas, restaurants, cafes, takeaways, community halls and schools. Access by children to these types of premises will not be limited unless it is in the Licensing Act or considered necessary to do so in order to protect them from harm.

18.1 The Council recognises that variable licensing hours for the sale of alcohol may be desirable to ensure that concentrations of customers leaving premises simultaneously are avoided. However, the potential for additional crime and disorder and/or public nuisance is increased with longer hours. Appropriately licensed shops, stores and supermarkets will normally be permitted to sell alcohol during the normal trading hours, for consumption off the premises, where consistent with the council's licensing objectives.

18.2 It is anticipated that varied licensing hours will minimise concentrations of customers leaving licensed premises simultaneously, which will help reduce the potential disorder and nuisance outside premises.

25.1 The Licensing Authority will undertake inspections, including joint inspections of premises and enter into other working arrangements with the Metropolitan Police, Fire Authority and other agencies to support the 'licensing objectives'.
