LICENSING SUB-COMMITTEE HEARINGS PROCEDURE SUMMARY	
INTRODUCTION	
1.	The Chair introduces himself and invites other Members, Council officers, Police, Applicant and Objectors to do the same.
2.	The Chair invites Members to disclose any prior contacts (before the hearing) with the parties or representations received by them
3.	The Chair explains the procedure to be followed by reference to this summary which will be distributed.
NON-ATTENDANCE BY PARTY OR PARTIES	
4.	If one or both of the parties fails to attend, the Chair decides whether to:
	(i) grant an adjournment to another date, or
	(ii) proceed in the absence of the non-attending party.
	Normally, an absent party will be given one further chance to attend.
TOPIC HEADINGS	
5.	The Chair suggests the "topic headings" for the hearing. In the case of the majority of applications for variation of hours, or other terms and conditions, the main topic is:
	Whether the extensions of hours etc. applied for would conflict with the four licensing objectives i.e.
	(i) the prevention of crime and disorder,
	(ii) public safety,
	(iii) the prevention of public nuisance, and
	(iv) the protection of children from harm.
6.	The Chair invites comments from the parties on the suggested topic headings and decides whether to confirm or vary them.
WITNESSES	
7.	The Chair asks whether there are any requests by a party to call a witness and decides any such request.
8.	Only if a witness is to be called, the Chair then asks if there is a request by an opposing party to "cross-examine" the witness. The Chair then decides any such request.
DOCUMENTARY EVIDENCE	
9.	The Chair asks whether there are any requests by any party to introduce late documentary evidence.
10.	If so, the Chair will ask the other party if they object to the admission of the late documents.
11.	If the other party do object to the admission of documents which have only been produced by the first party at the hearing, then the documents shall not be admitted.

12.	If the other party object to documents produced late but before the hearing, the following criteria shall be taken into account when the Chair decides whether or not to admit the late documents:	
(i)	What is the reason for the documents being late?	
(ii)	Will the other party be unfairly taken by surprise by the late documents?	
(iii)	Will the party seeking to admit late documents be put at a major disadvantage if admission of the documents is refused?	
(iv)	Is the late evidence really important?	
(v)	Would it be better and fairer to adjourn to a later date?	
THE LICENSING OFFICER'S INTRODUCTION		
13.	The Licensing Officer introduces the report explaining, for example, the existing hours, the hours applied for and the comments of the other Council Services or outside official bodies. This should be as "neutral" as possible between the parties.	
14.	The Licensing Officer can be questioned by Members and then by the parties.	
THE HEARING		
15.	This takes the form of a discussion led by the Chair. The Chair can vary the order as appropriate but it should include:	
(i)	an introduction by the Objectors' main representative	
(ii)	an introduction by the Applicant or representative	
(iii)	questions put by Members to the Objectors	
(iv)	questions put by Members to the Applicant	
(v)	questions put by the Objectors to the Applicant	
(vi)	questions put by the Applicant to the Objectors	
CLOSING ADRESSES		
16.	The Chair asks each party how much time is needed for their closing address, if they need to make one.	
17.	Generally, the Objectors make their closing address before the Applicant who has the right to the final closing address.	
THE DECISION		
18.	Members retire with the Committee Clerk and legal representative to consider their decision including the imposition of conditions.	
19.	The decision is put in writing and read out in public by the Committee Clerk once Members have returned to the meeting.

An appeal hearing took place on 19th September 2006 at Highgate Magistrates court this was to appeal against the decision by Haringey Council not to grant Mr Kovacyin a late night premises licence. Following the deliberation of the evidence for and against the licence the court gave a decision to allow a licence but limited the hours to 1am in the morning following Friday and Saturday nights and to midnight on Sundays to Thursdays.

Noise enforcement

Haringey Noise Team gave evidence during the hearing that there have been problems in the past with noise from the restaurant ventilation system causing a noise problem to the resident(s) who live above the shop which led to a statutory noise abatement notice being issued on 11th July 2003. Mr Kovacyin had breached the order and was subsequently fined by the court.

After the court had heard from Haringey Noise Team Manager Mr Derek Pearce and a resident who lives above the restaurant the court imposed a condition, that the extract ventilation system should be upgraded and or modified in order to dissipate the odours away from the building. This should be done in liaison with the environmental health team and a competent contractor, who is acceptable to both parties, and for both parties to agree the upgrade or modification plans. This work will need to be completed within three months from 19/09/2006.

The operation of the extract ventilation system shall also cease at the cessation of the opening times.

Mr Kovacyin did carry out various works to the ventilation system but complaints have been received indicating that premises is still opening past their permitted times The resulting noise from the ventilation fan system is a unnecessary noise which is disturbing making it very hard for the resident above to sleep at night.

Seven complaints pertaining to noise from the ventilation system have been received during September 2006- September 2007

A visit was made on 15th June 2007 regarding noise from the ventilation system the fan was audible but not a nuisance on that occasion - as system is noisy the noise team recommended it to be checked out by an engineer but no evidence has been provided that this has been done.

Planning Enforcement

There is currently an open case for Mizgin Restaurant regarding departure from Granted Hours of Operation - reports have been received that the business is not closing at permitted times.

Brief history – This restaurant was granted Planning Permission after appealing Council's decision to refuse extension of their hours of business, the hours granted for opening were set as: open to 12am Sunday to Thursday; 1am Friday and Saturday.

An enforcement notice has been served in 2002 to cease using these premises as a social club - the file was closed as the notice was complied with, but the notice is still effective for the property.

Licensing out of hours Enforcement

Haringey Council Enforcement officers carry out late night patrols throughout the borough. On several occasions officers have found Mizgin Restaurant open for business after the permitted hours as stated in the premises licence.

There is also one offence pending prosecution (officer Mark Eastwood) for trading after permitted hours.

(Agenda Item 4)

RESOLVED

That the Committee approves the minutes of the meetings of Licensing Sub-Committee C of 8 December 2005.

LSC29 MIZGIN RESTAURANT, 485 GREEN LANES, N4 (Harringay ward): To consider an application for a NEW Premises Licence (Agenda Item 5).

The Licensing Officer, Daliah Barrett presented the Report for the New Premises License to the Committee highlighting the current position in terms of the operation of the premises. Ms Barrett reported that the premises had been the centre of enforcement action. The applicant had kept the premises open constantly on a 24 hour basis. The matter was taken to court and costs were awarded to the Council in the amount of £3000 for operating without a license. Mr Barrett finally reported that the premises had continued to operate on a 24 hour basis. Ms Barrett also highlighted to the Committee that the current application was not for the sale of alcohol because the applicant did not possess a personal license. Once this was received, the applicant could then apply for a license for the sale of alcohol. Ms Barrett continued that there had been a number of representations against the application. The Enforcement Services had submitted comments to the application. The Noise Team commented on the application and advised that this premise was served with a noise abatement notice for noise emanating from the extractor fan. The Heavy Enforcement Team had witnessed the premises open and

trading in the early hours of the morning and the matter had been referred to legal. Ms Barrett highlighted that the Fire Officer had objected to the application, but that this had been withdrawn. The Planning Officer had objected the application on the grounds that the premises were not permitted to be operated between 07:00 or after midnight on Monday to Saturday and not at all on Sundays or Bank Holidays under the terms of its planning consent. Finally, Ms Barrett highlighted that there had been 3 letter of objection to the applicant for interested parties.

The Chair invited questions to the Licensing Officer. The applicant, Mr Nizamettin Kovaycin, asked Ms Barrett why the Enforcement Services claimed the premises were opened for 24 hours. Ms Barrett replied by given evidence of an occasion when the premises was found to be open at 05:00. Councillor Haley asked Ms Barrett when the premises were last visited by Enforcement Services. The reply was that Heavy Enforcement had visited in January 2006, and the Noise Team had visited in December 2005. The Chair asked why the Fire Officer had withdrawn his representation. Ms Barrett replied that the fire equipment within the premises had been up-dated, but that she was not sure if CCTV cameras had been installed. Mr Sygrave, representing the Ladder Community Safety Partnership (LCSP), objector, asked Ms Barrett to clarify the hours applied for. Ms Barrett confirmed that although the application form itself stated 03:00 on Friday and Saturday nights, the applicant had amended the hours to Monday to Sunday 08:00 to 02:00.

The Chair invited the objectors to address the Committee. Mr Sharman, an objector resident of Green Lanes, read out the content of the letter of representation re-emphasising that the premises was open on a 24 hour basis and that there was considerable noise nuisance caused by the extractor fan to the rear of the premises. In a brief discussion between the objector and Committee members, it was established that Mr Sharman had been a resident at his property since 1989 and that he had no been consulted by the owner of the premises before the extractor fan was installed. Mr Sharman stated that he had approached the applicant numerous times and on one occasion was pushed out of the premises by the manager.

Mr Mitesh Mashru, an objector of Green Lanes, echoed Mr Sharman's concerns about the application, with particular emphasis on the extractor. He also raised an issue about the smell of cooking that emanates from the premises 24 hours a day. Mr Mashru also stated that there was noise nuisance from slamming doors and live music playing. He claimed that the manager of the premises (also the applicant) was not at all approachable on the occasions that when he had complained about the nuisances. The applicant subsequently denied this claim as well as denying that live music was played, stating that only recorded music some played. The Legal Advisor to the Committee, Maria Bilbao, asked Mr Mashru to clarify the problem of nuisance customers. Mr Mashru replied that there had been a problem in the past but that at present, this was not so much of a problem due to the presence of police in the area. He stated that he could not relate acts of crime to the actual premises. Ms Mashru continued by stating that he had lived in

this vicinity of the premises for 20 years and had spoken to the applicant on numerous occasions, and reported issues to Haringey Council about dumped rubbish which had not been properly tied up and stored in the alleyway that led to his property. Finally, Mr Mashru confirmed that a reasonable compromise to the application would be a 12midnight closure on weekends, and 02:00 on weekends. This was also agreed with Mr Sharman.

Mr Ian Sygrave addressed the Committee as objector on behalf of the LCSP. He begun by stating that the premises was one of the worse cases of non-compliance in the Green Lanes area and urged the Committee to act decisively on its duty to protect residents in the vicinity of licensed premises against a range of nuisances that can impact on the people living, working or sleeping in the vicinity of the licensed premises. Mr Sygrave confirmed to the Committee that he had personally witnessed the premises open at between 02:00 and 03:00.

The Chair invited the applicant, Mr Kovaycin, to address the Committee. Mr Kovaycin stated that he would comply strictly with the hours he had applied for. He asked the Committee to consider a further amendment to the application in the form of 3-6 month trial period with the new hours in order to prove that he could abide by the rules. Mr Kovaycin apologised for the previous business conduct that had been highlighted to the Committee. He stated that without the longer hours, he could not make enough money to pay for bills, rent, taxes and renovation works to the premises. Cllr Haley asked Mr Kovaycin a number of times what assurances he could give to the Committee to ensure compliance with the law and to any hours that the Committee might be mindful to grant him. Mr Kovaycin gave no response. Cllr Haley then asked the applicant if he possessed a waste license. Mr Kovaycin stated that he did hold a waste license with Haringey Accorde and that refuse from the premises was tied up properly ready for collection every evening. The Chair asked Mr Kovaycin to clarify what time he closed the premises. Mr Kovaycin replied that he opened at 19:00 until 02:00 since a court hearing. The Chair asked Mr Kovaycin a number of questions at this point. He asked who the designated premises supervisor (DPS) was. Mr Kovaycin replied that he and his brother were both DPSs. The Chair asked if refused had been dumped outside the neighbour's door? Mr Kovaycin replied that this had not occurred and that all refuse from the premises was stored on the main road, not the alleyway. The Chair asked Mr Kovaycin if he had pushed Mr Sharman out of the premises. Mr Kovaycin denied this, stating that Mr Sharman had shouted at him. Finally, the Chair asked Mr Kovaycin what hours he would be operate the premises. Mr Kovaycin replied that he would close at 02:00 daily because he did not want to incur anymore fines.

The invited all parties to summarise their views in respect of the application. Ms Barrett added that the applicant's previous licenses had been breached two days after it had been granted. She stated that the premises were a difficult one when it came to enforcement and that she had been pushed out of the premises by Mr Kovaycin in the past.

Mr Sharman concluded that he had been continually ignored by Mr Kovaycin.

Mr Mashru concluded that he had photo evidence of waste in the alleyway and stated that the premises had no benefit to local residents under the current management.

Mr Sygrave re-iterated that there was evidence that the premises had been operating beyond its permitted hours and that other night cafes in the Green Lanes area had survived by operating until 02:00.

RESOLVED

The Committee decided to refuse the application in full in order to uphold the public nuisance licensing objective.

The reasons for the decision were:-

The Committee heard evidence that there is nuisance from noise and smell which has led to prosecution, and evidence from residents that this nuisance is still taking place.

The Committee heard that there had been a prosecution for breaches of a previous license and there is a pending prosecution for operating the premises without a licence.

The Committee heard that at the Licensing Committee on 31 March 2005, the late night café licence was revoked because the applicant had breached nine enforcement actions; had recently pleaded guilty to a noise abatement order; and because planning permission conditions had also been breached.

The Committee heard that a breach of conditions notice had been served for a breach of a condition on the planning consent and that a prosecution was pending.

On the applicant's own evidence, he indicated that he wanted longer hours for opening and was reminded that he had not applied for those hours. The applicant assured the Committee, having resolved his financial problems, that he was operating the premises between the hours of 19:00 and 02:00 since August 2005 and would continue to do so if the license was granted.

The Committee heard evidence from the Licensing Officer and the interested parties that there had been several breaches by the applicant who should be closing at 23:00 as he has no license and that the premises had been witnessed open after 02:00.

In view of this evidence, the Committee was of the view that the applicant would not comply with any conditions if the application were to be granted with conditions.

LSC30 ALI BABA, 645 GREEN LANES, N4 (Harringay ward): To consider an application for a NEW Premises Licence (Agenda Item 6).

The Licensing Officer, Daliah Barrett presented the Report for the New Premises License to the Committee highlighting the current position in terms of the operation of the premises. The premises had been the centre of enforcement action. The previous owner of the premises had pleaded guilty to operating without a license and was fined £2500 and that the premises had been found to be open without a license past 23:00 since this fine. Ms Barrett informed the Committee that the representation against the application by the Fire Officer had been withdrawn since the measures required by the Fire Authorities had been implemented. Ms Barrett also notified the Committee of concerns raised by the Planning Officer. There was one letter of objection from an interested party.

The Chair invited questions to the Licensing Officer. Mr Sygrave, representing the Ladder Community Safety Partnership (LCSP), objector, asked Ms Barrett to clarify when the premises had been found to be open beyond 23:00. Ms Barrett replied by listing dates and times of the offending occasions on 20 November 2005 (02:15) and 22nd January 2006 (02:15).

The Chair invited the objector to address the Committee. Mr Sygrave, objector on behalf of the LCSP raised his concerns over the operating schedule that had been submitted as part of the application stating that it did not tackle directly the four objectives of the licensing laws and this raised concerns to him because of the levels of crime and anti-social disorder in the area around the premises. Mr Sygrave asked the applicant to compromise in his application by bringing the closing hours applied for to 12midnight on weekends, and 02:00 on weekends. The Legal Adviser, Maria Bilbao, asked Mr Sygrave if there was any evidence of crime and anti-social behaviour being attributable to the premises. Mr Sygrave replied that there was no evidence.

The Chair invited the applicant, Mr Orhan Kati, to address the Committee. Mr Kati stated that he was new to the business (since 21st October 2005). He informed the Committee that there had been no criminal activity related to his premises and that he supported efforts to prevent it. Mr Kati rejected Mr Sygrave's request for shorter opening hours on the grounds that he had not received any complaints from local residents or other residents' groups. Mr Kati continued by highlighting that a public house was situated next to his premises which operated longer hours. He claimed that there was more likely to be nuisance emanating from this establishment. He also stated that there was no evidence that parking had been a problem attributable to the premises. At the request of the Chair, Mr Kati gave reasons for the two occasions the premises were found to be open beyond its licensed hours. On 20 November 2005, this was four weeks after Mr Kati had taken over the running of the premises, and there had been a mis-communication in respect of the what hours the license permitted the premises to be open, although he was aware that his closing hour should have been 23:00. On 22 January 2006, Mr Kati stated that the premises were not open to the public, but the lights were on and the door open whilst it was being cleaned. Mr Kati claimed that the premises took a long time to clean up after customers had finished eating. The Chair asked Mr Kati what time he stopped serving customers. Mr Kati's reply was that he stopped serving food at 23:00.

RESOLVED

The Committee decided to grant the application in full and subject to the following conditions:

- (i) Conditions to enforce the operating schedule.

There were two informatives:

- (i) The licence granted would not constitute consent under any other regime. It would be necessary for the licensee to obtain any other consents that may be necessary for the lawful operation of the premises, including planning consent.
- (ii) That there should be a clear and visible "closed" sign after 02:00, with doors closed to any customers.

APPEAL**

London Borough of Haringey -v- Mizgin Restaurant

Appeal Against Refusal to Grant A Licence

Reasons - 19th September 2006

"We have considered many documents and listened to the many witnesses called today.

The original application was refused on the basis that due to the noise, smell and waste there were grounds under Section 4 (2) (c) Licensing Act 2003 to refuse the licence. This was on the basis of the prevention of public nuisance.

We have been referred to the Haringey Council Guidelines, in particular paragraphs 13.1-13.3 dealing with late night activities.

The council refer to noise, smell and waste as the three reasons for finding against the applicant.

Dealing firstly with the litter problem; we do not feel we have heard sufficient evidence to suggest there is a problem. There is a prosecution pending for one bag of waste outside the premises in Green Lanes. This appears just to be a one off. In regards to the evidence of Mr Mashru regarding the waste outside the premises there does not appear to be any evidence to substantiate the claim, we have not heard any additional evidence or any evidence to suggest complaint had ever been made to the relevant authorities.

We have also heard evidence, in particular Mr Sharman, that there was a considerable smell emanating from the flue system which seemed to accumulate in the corner of the building where one of his bedrooms is. We are satisfied that this is a public nuisance and it is an ongoing problem.

Similarly we are also satisfied that there has been, and still is, a noise problem. There have been problems in the past which led to a statutory noise abatement notice being issued on 11th July 2003. It is not contested that Mr Kovayacin breached the order and was subsequently fined by the court. We accept that no further formal complaints have been made concerning the noise since November 2004 however Mr Sharman stated that he stopped making complaints direct to the council during the period when he complained to the Ombudsman. He also stated that the council had accepted that it was their ongoing duty to check the noise situation. Mr Sharman gave clear credible evidence about the conditions he now lives in. He generously accepts that there will be some noise and smell from a restaurant but we find it unacceptable for him to resort to sleeping with ear plugs during the night time and having to keep his windows closed to minimise the noise and smell.

We therefore agree that the council were right in deciding that there was a public nuisance caused by the operation of the Mizgin Restaurant.

We did consider flatly refusing the grant of the licence; however, we are prepared to grant a licence on limited terms and conditions.

We take great assistance from the statutory noise abatement notice. Clearly the noise team examined the flue, the area and the times and the operation of the premises:

(1) We are content to limit the hours to 1am in the morning following Friday and Saturday nights and to midnight on Sundays to Thursdays.

(2) We also impose a condition that the extract ventilation system be upgraded and or modified in order to dissipate the odours away from the building. This should be done in liaison with the environmental health team and a competent contractor, who is acceptable to both parties, and for both parties to agree the upgrade or modification plans. This work will need to be completed within three months from today.

(3) The operation of the extract ventilation system shall also cease at the cessation of the opening times."

Re: Licence: Mizgin Restaurant, 485B Green Lanes N4

Dear Ms Barrett,

I am writing this letter in support of the Council's decision to review the Mizgin Restaurant's license regarding its hours of trading.

I reside in a flat directly above the restaurant and there has been an issue regarding the restaurant operating well outside its licensed opening hours, since it opened in 2003. As you are aware, I have previously complained to the council regarding this matter, as the restaurant's extractor fan that is attached to my flat is also running during the night. This constant operating noise means that I am unable to open my windows at night because of the noise and unpleasant odours.

This issue has always been exacerbated by the owner disregarding his licensed opening hours. On 19th September 2006, I was present at a court case where the restaurant's owner appealed re: his application for a late night café licence. The magistrate's final decision was to allow the restaurant to open until midnight from Sunday to Thursday, and until 1:00 am on Friday and Saturday. When the magistrate gave their verdict, they noted and sympathised with the problems I have with the extractor fan operating late at night and specified the equipment *must* be turned off at the specified hours.

Despite this very clear ruling, the establishment has continued to operate well outside of these hours. I am pleased that the council has been consistent in collecting a large amount of evidence to prove this. As recently as 3rd March 2008, the noise team witnessed the ventilation equipment running at 3.30am.

To ensure I get a good night's sleep, I now always wear earplugs at night and have put up thick, lined curtains in my bedroom. I have always felt extremely frustrated that

the owner of the restaurant is able to disregard the law so blatantly, whilst I have had to resort to such measures.

At the court hearing in September 2006, it was made extremely clear to the establishment's owner that he should now abide by the law and shut his establishment at the appropriate hour and turn off the ventilation equipment. Despite this, the owner has continued to flout any conditions placed upon him. I would therefore urge you to consider my comments when reviewing this establishment's licence in the near future.

Yours sincerely,

John Sharman

Dear Ms Barrett

**Premises Review (Licensing Act 2003)
Mizgin Restaurant, 485 Green Lanes, London N4 1AJ**

The Ladder Community Safety Partnership (LCSP) is an umbrella organisation which represents Neighbourhood Watches and Residents' Associations in the 19 'Ladder' roads and along Green Lanes itself. We are writing to support the actions of the Environmental Health Authority/Enforcement Response Service in seeking a review of the premises licence for Mizgin Restaurant under the terms of the Licensing Act 2003.

For many years, residents have noted the repeated breaches of permitted opening hours, the improper disposal of commercial waste, and ongoing noise nuisance from the ventilation system. The LCSP has already had occasion to write to the Licensing Sub Committee with regard to the premises (see our letter dated 18 November 2005, attached). In particular, we would draw your attention to the latter part of that letter, which outlines an extraordinary history of lack of compliance over a lengthy period. Since then, of course, there have been further, and numerous breaches as cited in the current Review Notice.

Given that multiple breaches have occurred since at least 2003 and that warnings, Court appearances and repeated fines all have no impact, the only way forward is that recommended by the Responsible Authority, namely revoking of the premises licence (the history of non-compliance makes it self-evident that any conditions imposed would not be respected). This would also seem to be the only option given that the late-night licence for this premises has already been revoked on a previous occasion (31 March 2005). This was because of 9 enforcement breaches and persistent noise nuisance: see our attached letter dated 18 November 2005, (previously referred to), Section 3f, record of Compliance.

Thank you for your consideration of these comments; we should be grateful if you would let us know the outcome of the hearing.

Yours sincerely

On behalf of the LCSP

Dear Ms Barrett

**Late-night premises licence application: Mizgin, 485 Green Lanes, N4 1AJ
Applying for 08.00- 02.00 (Sun-Thurs),08.00-03.00 (Fri-Sat)**

1 INTRODUCTION

The Ladder Community Safety Partnership (LCSP) contains representatives of Neighbourhood Watches and Residents' Associations from the 'Ladder' roads, adjacent to Green Lanes, Haringay. We are an independent group, although working in partnership with Haringey Council and the Metropolitan Police where appropriate.

We are writing to you as members of the LCSP to oppose this application.

We believe that in the context of the well known problems in the area, granting a licence for the hours requested would be against the general principles of Haringey's Licencing Policy and specifically under the following headings:

- **The Prevention of Crime and Disorder**
- **Public Safety**
- **Prevention of Public Nuisance**

We are concerned that the applicant has only addressed these key issues in a very limited way in his application which could indicate a lack of understanding and/or commitment to their importance.

We note that, only recently, (31 March 2005) the premises was refused a Night Café Licence due to lack of compliance with various regulations and because the applicant at that time was not considered a fit and proper person to hold such a licence.

Finally, we believe that there are Planning Permission considerations which (if they

have not been satisfied since the previous application) require the Committee to reject this application regardless of other considerations.

More information on why we believe the Committee should reject this application is provided under appropriate headings below.

We are particularly concerned due to problems at the premises in the recent past and its poor record of compliance in relation to these, see 3(f) below

2 PLANNING CONSIDERATIONS

Whereas in the past numerous premises on Green Lanes have been allowed Night Café licences despite not having Planning Permission for A3 use or the appropriate hours, under the new Licensing Policy [para 8.2] applications can no longer be accepted **without** appropriate Planning Permission.

The agenda provided for the meeting on 31 March 2005 to consider the previous application for a Night Café Licence for this premises states that planning conditions only allow trading until midnight (Sun-Thurs) and 1am (Fri-Sat). Furthermore, these conditions were decided after an appeal (from the present applicant) by the Planning Inspectorate and this specific decision can not be altered by LBH.

In this context, Haringey's Licensing Policy states '*All premises that apply for a licence must have planning permission for the intended use and hours of operation... The Licensing Authority will not consider a new application or variation of conditions ... if the hours of operation sought exceed those authorised by the planning permission.*' Similarly, National guidance states that '*planning permission should be in place before the licence application is determined.*'

3 REASONS FOR OBJECTING

(a) Relevant sections of the Borough's Licensing Policy/Objectives

We believe the following statements in the Borough's Licensing Policy support our objections:

- '*the Council considers that licensing law plays a key role in both preventing and controlling ... anti-social behaviour ... by regulating and applying conditions to affect the number, location and hours of premises*' [2.4]
- '*the council will have special regard to the local impact of licensing on related crime and disorder ... particularly when concerning location, impact, operation and management of all proposed licenses, applications, renewals and variations of conditions*' [7.14]
- '*licensed premises, especially those operating late at night and in the early hours of the morning, can cause a wide range of nuisances that can impact on the people*

living, working or sleeping in the vicinity of the licensed premises. The Council is committed to protecting the residents in the vicinity of these licensed premises.'
[13.1]

- *'in particular, late night activities cause much of this nuisance. Late night cafes ... can have a number of adverse effects on the residents in the vicinity of these premises. Nuisance such as noise, litter, anti-social behaviour, lights and odour all contribute to the loss of amenity to the general public'* [13.2]
- *'the potential for additional crime and disorder and/or public nuisance is increased with longer hours.'* [18.1]
- *'operating hours between 23.00 and 07.00 are considered to give greater potential for noise nuisance'* [18.3]

(b) Licensing Hours

In the light of the above statements, of the licensing objectives in general and in particular the decision of the Planning Inspectorate, we believe that in this case a normal closing time of no later than 1.00am (Fri & Sat) and 12 midnight (Sun-Thurs) represents a reasonable compromise between the interests of the residents (many of whom would really prefer earlier times) and the applicant (who wishes to remain open until 02.00am, Sun-Thurs and until 03.00am on Fri and Sat).

We believe that granting a permanent licence for such late hours is an unreasonable proposition, given the location of the premises in the heart of one of the most densely populated residential areas in the borough. There are numerous flats above, adjacent to and opposite the premises, while residents in Pemberton Road and Kimberley Gardens are also extremely close.

(c) The Prevention of Crime and Disorder

We have seen the brief comments relating to the prevention of crime and disorder put forward by the applicant which largely focus on the use of CCTV. Given the very late hours requested, residents would like to highlight the following questions, drawn from App.2 of the borough's Licensing Policy Guidances.

- what practices are/will be in place to deal with intoxicated patrons and/or persons under the influence of illegal drugs, and the supply of illegal drugs?
- procedures to deal with violence and/or anti-social behaviour?
- methods to discourage the handling and distribution of stolen goods etc?
- methods to address prostitution at the premises? (a particular problem on Green Lanes: Met. Police Taskforce 4 reported to the Green Lanes Strategy Group on 8 Sept 2005 that this was currently a serious concern with 5 prostitutes cautioned during the previous week)

(d) Public Safety

The applicant covers some important elements of public safety. We assume that all staff would be trained to ensure that all safety measures are known and implemented,

especially for emergency situations such as evacuation. We also assume that the premises is compliant with all relevant building control rules and regulations.

(e) Prevention of Public Nuisance

There is only one comment ('Provision of public notices on walls') from the applicant under this heading. There are therefore a large number of questions remaining unanswered, in particular:

- the steps taken, or proposed, by the applicant to prevent noise or vibration escaping from the premises (whether music, ventilation equipment or human voices)? The Licensing Policy states that this is '*particularly important in residential areas*'.
- the steps taken, or proposed, to prevent disturbances by customers arriving at, or leaving, the premises? (the Policy states that '*there will be greater responsibilities placed on premises operating between 23.00 and 07.00 than at other times of the day*')
- the actions necessary to prevent disturbance from deliveries or collections at early or late hours, or staff cleaning up after closing time?
- the steps taken, or proposed, to prevent littering and fouling of public and open spaces - what specific measures are proposed by the business? This is particularly important if the premises proposes a take-away service
- the arrangement for storage and disposal of trade waste - would the very long hours sought by the applicant lead to increased waste storage and disposal problems?
- the arrangements for cleansing and keeping clean the vicinity of the premises - this will include litter, refuse and other items originating from the premises and fouling caused by customers.

The Borough's Licensing Policy points out the special importance of these issues after 23.00 and in residential areas. (See Appendix 2(3) and 13.2).

(f) Record of Compliance

Throughout the Operating Schedule of the Licensing Policy there are references to the importance of the record of compliance, '*particularly where statutory notices or warning letters have been served*'. In the case of these premises, there is a long and sorry history of lack of compliance.

1. At the Licensing Committee meeting held on 31st March 2005, the late night café licence was revoked because
 - (a) the applicant had breached 9 enforcement actions
 - (b) the applicant had recently pleaded guilty to a noise abatement order
 - (c) planning permission conditions had also been breached
2. Since the revoking, on 31 March 2005, of the late night café licence, the premises should close at 11pm. However, it has continued to open regardless: most recently LBH Enforcement recorded it as open and trading on:
 - 19 September 2005 at 03.00am
 - 25 September 2005 at 03.55am
 - 1 October 2005 at 03.00am

In the light of this repeated, consistent and still continuing lack of compliance, over a number of years, we have obvious reservations about the present application, with particular regard to the lateness of the hours.

4. CONCLUSION

We believe that the above points need to be clarified by the Licensing Committee and clearly specified in any licence granted

Our comments and objections obviously make clear that residents are very concerned at the possible implications of very late hours at these premises. We would therefore urge the Licensing Sub-committee to support a balanced decision bearing in mind both the concerns of local residents and the needs of the present applicant to continue to operate a successful business.

In this light we believe that a 12 midnight closure during the week (Sun - Thurs), when residents need a good night's sleep before work the following day, would be appropriate. At weekends (Fri & Sat only) a later terminal time of 1am has already been decided by the Planning Inspectorate, and is an acceptable compromise provided that this is not accompanied by any increase in noise and anti-social behaviour etc, and the terms of the licence are clear in this respect.

Yours sincerely

- 6) At this point another lady arrived in the shop. She informed me that she was the manager. I identified myself to her by showing her my authorisation badge; I asked her name to which she replied Eva Anuszkiewicz. I then informed her that I am here to discuss the rubbish that had been illegally deposited outside the shop, I asked her if she had a trade waste contract, to which she replied yes.
- 7) I then explained that, under section 34 Environmental Protection Act 1990, that it is the duty of care of the person in charge to ensure that the waste from the shop is controlled at all times. I then explained to her that under section 87 of the Environmental Protection Act 1990, that an offence had been committed by depositing litter on the public highway, I informed Eva Anuszkiewicz that I would be issuing five fixed penalty notices for this offence. I explained that it is one fine for each item deposited on the highway. Fixed penalty notice numbers, 4299, 4300, 5180, 5181, and 5182. I exhibit this letter as SB4.

The fixed penalty notices I issued to his employee Ms Anuszkiewicz number 4299 4300, 5180, 5181 and 5182 have now been withdrawn. I informed him that the matter has been reviewed for the consideration of prosecution, under section 33 Environmental Protection Act 1990, **Prohibition on unauthorised or harmful deposit, treatment or disposal etc of waste.** I Exhibit this letter as SB6.
- 11) On 25th June 2007, I hand delivered a letter to Mr Polat requesting him to furnish within 10 working days, a copy of his waste transfer notes for the period 15th March 2005 to 15th March 2007. I also requested a copy of the written description of the waste transferred on Thursday 15th March 2007. I exhibit this letter as SB7.
- 12) On 11th July 2007, I had received no communication from Mr Polat with regards to the letter dated 25th June 2007, requesting his transfer details. On that day I hand delivered a letter to Mr Polat informing him that he had a further 7 days to furnish me with the documents that I had requested. I exhibit this letter as SB8.

Signed:

Date: 6th August 2007

- 13) I have since received a telephone call from Mr Polat informing me that because the fixed penalties were not issued in his name that he would not be paying them.
- 14) I have not received any further communication from Mr Polat.
- 15) I am willing to attend court if required.

Dear Ms Barrett

**Premises Review (Licensing Act 2003)
Istanbul Restaurant, 441 Green Lanes, London N4 1AJ**

The Ladder Community Safety Partnership (LCSP) is an umbrella organisation which represents Neighbourhood Watches and Residents' Associations in the 19 'Ladder' roads and along Green Lanes itself. We are writing to support the actions of the Environmental Health Authority/Enforcement Response Service in seeking a review of the premises licence for Istanbul Restaurant under the terms of the Licensing Act 2003.

For many years, residents have noted the repeated breaches of permitted opening hours, the improper disposal of commercial waste, and planning irregularities at the premises. The LCSP has already had occasion to write to the Licensing Sub Committee with regard to the premises (see our letter dated 27 April 2006, attached). In particular, we would draw your attention to the latter part of that letter, which outlines an extraordinary history of lack of compliance over a three year period (until 2006). Since then, of course, there have been further, and numerous breaches as cited in the current Review Notice.

Given that multiple breaches have occurred since at least 2003 and that warnings, Court appearances and repeated fines all have no impact, the only way forward is that recommended by the Responsible Authority, namely revoking of the premises licence (the history of non-compliance makes it self-evident that any conditions imposed would not be respected). This would also seem to be the only option given that the late-night licence for this premises has already been revoked on a previous occasion (1 March 2005). This was because of a huge number of breaches in the licence: see our attached letter dated 27 April 2006, (previously referred to), Section 2f, record of Compliance.

Thank you for your consideration of these comments; we should be grateful if you would let us know the outcome of the hearing.

Yours sincerely

On behalf of the LCSP

Dear Ms Barrett

**Variation of a Late-night premises licence: Istanbul, 441 Green Lanes, N4 1HA
for supply of alcohol: 09.00-01.30 (daily) and all night New Year's Eve**

1 INTRODUCTION

The Ladder Community Safety Partnership (LCSP) contains representatives of Neighbourhood Watches and Residents' Associations from the 'Ladder' roads, adjacent to and including Green Lanes, Haringey. We are an independent group, although working in partnership with Haringey Council and the Metropolitan Police where appropriate.

We are writing to you as members of the LCSP to oppose this application.

We believe that in the context of the well known problems in the area, granting a licence for the supply of alcohol would be against the general principles of Haringey's Licencing Policy and specifically under the following headings:

- **The Prevention of Crime and Disorder**
- **Public Safety**
- **Prevention of Public Nuisance**

We are concerned that the applicant has only addressed these key issues in a limited way in his application which could indicate a lack of understanding and/or commitment to their importance, particularly given the record of lack of compliance associated with this premises.

2 REASONS FOR OBJECTING

(a) Relevant sections of the Borough's Licensing Policy/Objectives

We believe the following statements in the Borough's Licensing Policy support our objections:

- *'the Council considers that licensing law plays a key role in both preventing and controlling ... anti-social behaviour ... by regulating and applying conditions to affect the number, location and hours of premises'* [2.4]
- *'the council will have special regard to the local impact of licensing on related crime and disorder ... particularly when concerning location, impact, operation and management of all proposed licenses, applications, renewals and variations of conditions'* [7.14]
- *'licensed premises, especially those operating late at night and in the early hours of the morning, can cause a wide range of nuisances that can impact on the people living, working or sleeping in the vicinity of the licensed premises. The Council is committed to protecting the residents in the vicinity of these licensed premises.'* [13.1]
- *'in particular, late night activities cause much of this nuisance. Late night cafes ... can have a number of adverse effects on the residents in the vicinity of these premises. Nuisance such as noise, litter, anti-social behaviour, lights and odour all contribute to the loss of amenity to the general public'* [13.2]
- *'the potential for additional crime and disorder and/or public nuisance is increased with longer hours.'* [18.1]
- *'operating hours between 23.00 and 07.00 are considered to give greater potential for noise nuisance'* [18.3]

(b) Alcohol Licence

Residents are concerned at this specific application for an alcohol licence because the applicant's very poor record of compliance over a number of years (see details below) suggests that there is a real possibility that alcohol might be served out of hours or in an irresponsible way. This would have obvious implications for the licensing objectives, especially regarding the prevention of crime and disorder and public nuisance.

(c) The Prevention of Crime and Disorder

We have seen the comments relating to the prevention of crime and disorder put forward by the applicant which largely focus on the use of CCTV. Given the request for a licence for the supply of alcohol, residents would like to highlight the following questions, drawn from App.2 of the borough's Licensing Policy Guidances.

- Responsible drinking: what will and will not be allowed at the premises?
- what practices are/will be in place to deal with intoxicated patrons and/or persons

- under the influence of illegal drugs, and the supply of illegal drugs?
- methods to discourage the drinking of alcohol in the vicinity the premises?
- procedures to deal with violence and/or anti-social behaviour?

(d) Public Safety

We assume that all staff would be trained to ensure that all safety measures are known and implemented, especially for emergency situations such as evacuation. We also assume that the premises is compliant with all relevant building control rules and regulations.

(e) Prevention of Public Nuisance

There is only one comment from the applicant, stating that '*signs will be displayed at the exit reminding customers to leave quietly and respect the neighbours*'. There are therefore a large number of questions remaining unanswered, in particular:

- the steps taken, or proposed, by the applicant to prevent noise or vibration escaping from the premises (whether music, ventilation equipment or human voices)? The Licensing Policy states that this is '*particularly important in residential areas*'.
- the steps taken, or proposed, to prevent disturbances by customers arriving at, or leaving, the premises? (the Policy states that '*there will be greater responsibilities placed on premises operating between 23.00 and 07.00 than at other times of the day*')
- the actions necessary to prevent disturbance from deliveries or collections at early or late hours, or staff cleaning up after closing time?

Each of these points has particular significance for local residents in the light of a late-night alcohol licence application, for example, customers who have had alcoholic drinks are far more likely to create noise and disturbance on their departure in the early hours of the morning.

The Borough's Licensing Policy points out the special importance of these issues after 23.00 and in residential areas. (See Appendix 2(3) and 13.2).

(f) Record of Compliance

Throughout the Operating Schedule of the Licensing Policy there are references to the importance of the record of compliance, '*particularly where statutory notices or warning letters have been served*'. In the case of these premises, there is a long and sorry history of lack of compliance.

1. After some months of almost daily noise nuisance, into the early hours of the morning, music amplification equipment was seized, under warrant, by the local authority with the assistance of the police, 13 February 2003
2. Since then the noise nuisance has been less continuous, but has still recurred, eg the Noise Duty Officer attended the premises on 25 November 2004
3. At the Licensing Committee meeting held on 1 March 2005, the late night café licence was removed because:
 - (a) the premises was found to be open, beyond its 2am 2003 licence, on no fewer than seven occasions between 14.11.04 and 6.2.05 (sometimes as late as 3.30am)

- (b) advertisements had appeared in the local press stating that the premises was open until 3am (Sun-Thurs) and 24 hrs (Fri-Sat)
 - (c) LBH Enforcement Service had found illegally dumped rubbish from the premises in the street
 - (d) problems with the electricity supply (which had been cut off) led to urgent health concerns from LBH Food Officer who repeatedly visited the premises
 - (e) furthermore an electricity generator had been installed for several weeks in the mews passage behind the premises, causing huge noise nuisance to local residents
4. In December 2004 the premises put up a large and obtrusive brightly lit illuminated sign, at 1st floor level, without seeking Planning Permission. Residents in the adjoining flats have suffered serious loss of amenity (with bright light shining all night into living and sleeping accommodation). The premises was therefore informed of the need to apply for retrospective planning permission. This was refused on 20.9.05, and as the premises has still refused to remove the sign, the matter is with LBH Legal Department for instigating prosecution.
5. Since the revoking on 1.3.05 of its late night licence (which had permitted opening no later than 2am) the premises should close at 11pm. However it has continued to open regardless: most recently LBH Enforcement recorded it open and trading on:
- 25.9.05 at 3.20am
 - 1.10.05 at 3.00am
 - 8.10.05 at 3.40am
6. At the Licensing Sub-Committee meeting held on 8 December 2005, the applicant was granted a premises licence to provide late-night refreshment only, until 2am daily. A condition states that *'all external display signs to be switched off at 2am every night'*, whilst during the meeting the applicant stated *'that he was happy to remove'* an unauthorised illuminated sign. Neither of these things has happened since that meeting, well over 4 months ago. Prosecution is pending (All quotations are from the official Minutes).
7. A further condition states that *'the opening hours of the premises to be prominently displayed at the entrance to the premises'* Customers have reported seeing no such sign.
8. On 28 March 2006, local residents noted Council Officers and the metropolitan Police visiting the premises and seizing a quantity of alcohol, for which the applicant presumably lacked permission (the premises licence states *'the licence granted would not permit the sale and/or supply of alcohol at any time'*).
9. Local residents have noted the premises with customers inside long after the 2am closure time on numerous occasions since 8 December 2005.

In the light of this repeated, consistent and still continuing lack of compliance, over a number of years, we have serious reservations about the present application with regard to the sale of alcohol

3. CONCLUSION

Our comments and objections obviously make clear that residents are very concerned at the possible implications of the sale of alcohol at these premises. We believe that in the light of

the numerous examples of lack of compliances cited above, it is entirely possible that alcohol might be served out of hours or in an irresponsible manner. Given these circumstances we urge the Sub-committee to make a very careful assessment of the danger of possible breaches to the Key Licensing Objectives which could be caused by the granting of this application

Yours sincerely
