<b>LICENSING SUB-COMMITTEE HEARINGS PROCEDURE SUMMARY</b>	
<b>INTRODUCTION</b>	
1.	The Chair introduces himself and invites other Members, Council officers, Police, Applicant and Objectors to do the same.
2.	The Chair invites Members to disclose any prior contacts (before the hearing) with the parties or representations received by them
3.	The Chair explains the procedure to be followed by reference to this summary which will be distributed.
<b>NON-ATTENDANCE BY PARTY OR PARTIES</b>	
4.	If one or both of the parties fails to attend, the Chair decides whether to:
	(i) grant an adjournment to another date, or
	(ii) proceed in the absence of the non-attending party.
	Normally, an absent party will be given one further chance to attend.
<b>TOPIC HEADINGS</b>	
5.	The Chair suggests the “topic headings” for the hearing. In the case of the majority of applications for variation of hours, or other terms and conditions, the main topic is:
	<b>Whether the extensions of hours etc. applied for would conflict with the four licensing objectives i.e.</b>
	(i) the prevention of crime and disorder,
	(ii) public safety,
	(iii) the prevention of public nuisance, and
	(iv) the protection of children from harm.
6.	The Chair invites comments from the parties on the suggested topic headings and decides whether to confirm or vary them.
<b>WITNESSES</b>	
7.	The Chair asks whether there are any requests by a party to call a witness and decides any such request.
8.	Only if a witness is to be called, the Chair then asks if there is a request by an opposing party to “cross-examine” the witness. The Chair then decides any such request.
<b>DOCUMENTARY EVIDENCE</b>	
9.	The Chair asks whether there are any requests by any party to introduce late documentary evidence.
10.	If so, the Chair will ask the other party if they object to the admission of the late documents.
11.	If the other party do object to the admission of documents which have only been produced by the first party at the hearing, then the documents shall not be admitted.

12.	If the other party object to documents produced late but before the hearing, the following criteria shall be taken into account when the Chair decides whether or not to admit the late documents:	
(i)	What is the reason for the documents being late?	
(ii)	Will the other party be unfairly taken by surprise by the late documents?	
(iii)	Will the party seeking to admit late documents be put at a major disadvantage if admission of the documents is refused?	
(iv)	Is the late evidence really important?	
(v)	Would it be better and fairer to adjourn to a later date?	
<b>THE LICENSING OFFICER'S INTRODUCTION</b>		
13.	The Licensing Officer introduces the report explaining, for example, the existing hours, the hours applied for and the comments of the other Council Services or outside official bodies. This should be as "neutral" as possible between the parties.	
14.	The Licensing Officer can be questioned by Members and then by the parties.	
<b>THE HEARING</b>		
15.	This takes the form of a discussion led by the Chair. The Chair can vary the order as appropriate but it should include:	
(i)	an introduction by the Objectors' main representative	
(ii)	an introduction by the Applicant or representative	
(iii)	questions put by Members to the Objectors	
(iv)	questions put by Members to the Applicant	
(v)	questions put by the Objectors to the Applicant	
(vi)	questions put by the Applicant to the Objectors	
<b>CLOSING ADRESSES</b>		
16.	The Chair asks each party how much time is needed for their closing address, if they need to make one.	
17.	Generally, the Objectors make their closing address before the Applicant who has the right to the final closing address.	
<b>THE DECISION</b>		
18.	Members retire with the Committee Clerk and legal representative to consider their decision including the imposition of conditions.	
19.	The decision is put in writing and read out in public by the Committee Clerk once Members have returned to the meeting.

#### 4. REPORT

##### Background

The premises licence was granted to a Mr Arben Neza in November 2005 to allow Provision of Late Night Refreshment and the Supply of Alcohol until 0230 hours Monday to Sunday. Mr Neza was granted a variation to his licence in October 2006 to allow him to have Regulated Entertainment on the premises. In September 2007 the Premises Licence was transferred to a Mr Omar Herso Wadar. Mr Wadar then applied to vary the Premises Licence to remove the sale of alcohol in October 2007 and this was granted. In August 2009 Mr Wadar varied the licence again to put the Supply of Alcohol back on the licence, with a Mrs Kayowa Kabeya acting as Designated Premises Supervisor. In January 2010 the licence was transferred to Mrs Kabeya.

#### **4.2 Details of the Application for Review. Appendix 1**

The Police seek a review of the Premises Licence for the above mentioned premises on the grounds of Crime and Disorder and Prevention of Public Nuisance.

“It is the intention of the Police to offer a balanced and fair perspective and to present all of the issues receiving Police interest since the middle of 2009. Police have dealt with over 60 incidents at these premises ranging from serious assaults and rowdy behaviour. See CRIS reports and CAD reports. The Blue Bar is a club which attracts a predominantly black clientele from the Congolese community. The Designated Premises Supervisor, Ms K Kabeya, appears not to take her responsibilities seriously and does not have any control over her clientele or Security Staff. On the 19<sup>th</sup> July she attended a police Station and I reminded her of her responsibilities and we tried to find ways of dealing with the problems at the club. It would appear that she did not heed my warnings and the assaults and rowdy behaviour continued. Local Authority CCTV and Police covert cameras have detected large scale disturbances outside the club in the early hours of the morning. It would appear from the CCTV that the club’s management fails to comply to its trading hours and most of its Premises Licence conditions. The Police Clubs and Vice branch have attended the premises to discover that the door staff are not registered with the Security Industry Authority. I feel that all of the above highlight that this premises is having a disproportionate effect on the Policing of Haringey Borough. I believe that this must be seen as an opportunity to examine in detail the matters that have occurred based on the principles of the licensing objectives. I believe a full review of the licence will ensure the appropriate weight is given to the evidence included in this application and will allow the licensing committee to consider the options available to them. I also reserve the right to rely on further incidents of crime and disorder or breaches of licensing objectives that take place between now and the hearing.”

## 6.0 POLICY CONSIDERATIONS

- 6.1 The following provisions of the Licensing Act 2003 apply to this application:  
Section 51-53 (review of premises licenses)

In determining the application the Licensing Sub Committee can take such steps as it considers necessary for the promotion of the licensing objectives, which are:

1. Take no further action
2. modify the conditions of the license
3. exclude a licensable activity from the scope of the license
4. remove the designated premises supervisor
5. suspend the license for a period not exceeding three months
6. revoke the license.

Where the Licensing Sub Committee takes steps mentioned in 3 or 4 it may provide that the modification or exclusion is to have effect for one such period (not exceeding three months) as it may specify. The Licensing Sub Committee is asked to give full reasons for its decision.

The Licensing Sub Committee must make its decision within 5 working days of the end of the hearing. Any decision of the Licensing Sub Committee is stayed from coming into effect for 21 days from the date of the decision, pending any appeal that might be made and the determination of that appeal. Any party to the proceedings may appeal against the decision of the Licensing Sub Committee.

- 6.2 The following provisions of the Secretary of State's guidance apply to this application: Paras 11.1 – 11.10, 11.14 – 11.21. These provisions are attached at Appendix 2.
- 6.3 The following paragraphs of the licensing authority's Statement Of Licensing Policy apply to this application; 24.1 -24.2, 25.1 – 25.7, these provisions are attached at Appendix 3.
- 6.4 The Licensing Sub Committee is reminded that the Human Rights Act 1998 guarantees the right to a fair hearing for all parties in the determination of their civil rights. The Act also provides for the protection of property which may include licences in existence, and the protection of private and family life.

Dear Ms. Kabeya

**Re:- Blue Bar 675 High Road Tottenham N.17:-**

I would like to thank you for attending the meeting on the 19th July 2010.

As explained to you by Inspector Hembury and myself we have received numerous complaints of noise and fighting outside your premises in the early hours of Saturday and Sunday mornings from local residents and Police have been called on several occasions to deal with this disorder.

The purpose of this meeting is to find ways of you dealing with these problems. After a frank discussion you agreed the following.

1. Controlling the number of customers allowed onto the pavement at any one time to allow them to smoke.
2. Doorstaff to be employed permanently on the door to regulate the entry and exit of customers.
3. To report incidents to Police and liaise with Geoff Parker the Police Licensing officer on a regular basis.

If the situation does not improve it may leave us with no alternative but to review the licence of the premises.

Yours Sincerely

Geoffrey Parker

On SATURDAY 7th AUGUST 2010 I was on duty in plain clothes in an unmarked police vehicle call sign Scarlet 101 with SC 5661 CO and SC 5657 CO. As part of our deployment we visited the BLUE BAR, 675 HIGH ROAD, TOTTENHAM N17.

Upon arrival I witnessed that two males and one female were stood at the front of the entrance to the BLUE BAR. When I approached the female, who I now know to I asked her if she was working at the venue. said she was working as a steward and that this was her first night of employment at the venue.

My colleagues then spoke to the two males who were at the front of the building.

A female who I now know to be Kayowa KABEYA approached me at the entrance and informed me that she was the owner of the venue. I asked if KABEYA could show me her full premises license and she asked me to escort her to her office. I asked KABEYA if she employed door supervisory staff and she confirmed that she had three members of staff working that night and described the three individuals that I had seen outside the venue. I asked her to confirm the role of the female member of staff and she confirmed that she was a steward with the responsibility of using the patting down search technique on any female customers to the venue and for searching the bags.

KABEYA was not able to give any personal details of the members of staff and she confirmed that she had not requested to see their SIA License badge.

KABEYA confirmed that the door supervisors were employed directly by the venue and she also confirmed that she was not a holder of a SIA badge nor had she completed the door management certificate.

The door supervisors were not required by the venue to sign a register of attendance.

SC5661 CO dealt with the individuals by way of process book times two and one SIA warning slip.

I spoke to one of the males who I now know to be who was wearing a dark outfit and was standing in an imposing manner at the front of the door. I asked if he was working as a door supervisor at the venue in which he replied "I am a steward and only do this 2 times". I cautioned him plus two and asked him a series of questions which is detailed in my Evidence and Actions book 2 of 3. He was processed for Engaging in Licensable activity without the appropriate License which is contrary to Section 3 of the Private Security Industry Act 2001.

I then asked the female who I now to be if she was working as a door supervisor at the venue tonight. She replied "No I am steward this is my first night". She was also cautioned and asked a series of questions as detailed in my Evidence & Actions book 1 of 3. ## APPENDIX 2 SECRETARY OF STATE GUIDANCE

## 11. Reviews

### THE REVIEW PROCESS

- 11.1 The proceedings set out in the 2003 Act for reviewing premises licences represent a key protection for the community where problems associated with the licensing objectives are occurring after the grant or variation of a premises licence.
- 11.2 At any stage, following the grant of a premises licence, a responsible authority, or an interested party, may ask the licensing authority to review the licence because of a matter arising at the premises in connection with any of the four licensing objectives.
- 11.3 In addition, a review of the licence will normally follow any action by the police to close down the premises for up to 24 hours on grounds of disorder or noise nuisance as a result of a notice of magistrates' court's determination sent to the licensing authority.
- 11.4 Licensing authorities may not initiate their own reviews of premises licences. Officers of the local authority who are specified as responsible authorities under the 2003 Act, such as environmental health officers, may however request reviews on any matter which relates to the promotion of one or more of the licensing objectives.
- 11.5 Representations made by a department of the local authority which is a responsible authority should be treated by the licensing authority in precisely the same way that they would treat representations made by any other body or individual.
- 11.6 In every case, the representation must relate to particular premises for which a premises licence is in existence and must be relevant to the promotion of the licensing objectives. After a licence or certificate has been granted or varied, a complaint relating to a general (crime and disorder) situation in a town centre should generally not be regarded as a relevant representation unless it can be positively tied or linked by a causal connection to particular premises, which would allow for a proper review of the licence or certificate. For instance, a geographic cluster of complaints, including along transport routes related to an individual public house and its closing time could give grounds for a review of an existing licence as well as direct incidents of crime and disorder around a particular public house.
- 11.7 Representations must be in writing and may be amplified at the subsequent hearing or may stand in their own right. Additional representations which do not amount to an amplification of the original representation may not be made at the hearing.
- 11.8 It is important to recognise that the promotion of the licensing objectives relies heavily on a partnership between licence holders, authorised persons, interested parties and responsible authorities in pursuit of common aims. It is therefore equally important that reviews are not used to drive a wedge between these groups in a way that would undermine the benefits of co-operation. It is good practice for authorised persons and responsible authorities to give licence holders early warning of their concerns about problems identified at the premises concerned and of the need for improvement. A failure to respond to such warnings is expected to lead to a decision to request a review.
- 11.9 Where the request originates with an interested party – e.g. a local resident, residents' association, local business or trade association – the licensing authority must first consider whether the complaint made is relevant, vexatious, frivolous or repetitious.

Guidance issued under section 182 of the Licensing Act 2003

93

11.10 Further information for interested parties about the review process is available in "Guidance for interested parties: applying for a review" which can be found on the DCMS website.

#### REPETITIOUS REPRESENTATIONS

11.11 Relevance, vexation and frivolousness were dealt with in paragraphs 9.8 – 9.13 above. A repetitious representation is one that is identical or substantially similar to:

- a ground for review specified in an earlier application for review made in relation to the same premises licence which has already been determined; or
- representations considered by the licensing authority when the premises licence was first granted; or
- representations which would have been made when the application for the premises licence was first made and which were excluded then by reason of the prior issue of a provisional statement;

and, in addition to the above grounds, a reasonable interval has not elapsed since that earlier review or the grant of the licence.

11.12 Licensing authorities are expected to be aware of the need to prevent attempts to review licences merely as a second bite of the cherry following the failure of representations to persuade the licensing authority on earlier occasions. It is for licensing authorities themselves to judge what should be regarded as a reasonable interval in these circumstances. However, the Secretary of State recommends that more than one review originating from an interested party should not be permitted within a period of twelve months on similar grounds save in compelling circumstances or where it arises following a closure order.

11.13 The exclusion of a complaint on the grounds that it is repetitious does not apply to responsible authorities which may make more than one request for a review of a premises within a 12 month period.

11.14 When a licensing authority receives a request for a review from a responsible authority or an interested party or in accordance with the closure procedures described in Part 8 of the 2003 Act, it must arrange a hearing. The arrangements for the hearing must follow the provisions set out by the Secretary of State in regulations. The details may be viewed on the DCMS website. The Secretary of State considers it particularly important that the premises licence holder is fully aware of the representations made in respect of the premises, any evidence supporting the representations and that they or their legal representatives have therefore been able to prepare a response.

#### POWERS OF A LICENSING AUTHORITY ON THE DETERMINATION OF A REVIEW

11.15 The 2003 Act provides a range of powers for the licensing authority on determining a review that it may exercise where it considers them necessary for the promotion of the licensing objectives.

11.16 The licensing authority may decide that no action is necessary if it finds that the review does not require it to take any steps necessary to promote the licensing objectives. In addition, there is nothing to prevent a licensing authority issuing an informal warning to the licence holder and/or to recommend improvement within a particular period of time. It is expected that licensing authorities will regard such warnings as an important mechanism for ensuring that the licensing

objectives are effectively promoted and that warnings should be issued in writing to the holder of the licence. However, where responsible authorities like the police or environmental health officers have already issued warnings requiring improvement – either orally or in writing – that have failed as part of their own stepped approach to concerns, licensing authorities should not merely repeat that approach.

11.17 Where the licensing authority considers that action under its statutory powers are necessary, it may take any of the following steps:

- to modify the conditions of the premises licence (which includes adding new conditions or any alteration or omission of an existing condition), for example, by reducing the hours of opening or by requiring door supervisors at particular times;
- to exclude a licensable activity from the scope of the licence, for example, to exclude the performance of live music or playing of recorded music (where it is not within the incidental live and recorded music exemption);
- to remove the designated premises supervisor, for example, because they consider that the problems are the result of poor management;
- to suspend the licence for a period not exceeding three months;
- to revoke the licence.

11.18 In deciding which of these powers to invoke, it is expected that licensing authorities should so far as possible seek to establish the cause or causes of the concerns which the representations identify. The remedial action taken should generally be directed at these causes and should always be no more than a necessary and proportionate response.

11.19 For example, licensing authorities should be alive to the possibility that the removal and replacement of the designated premises supervisor may be sufficient to remedy a problem where the cause of the identified problem directly relates to poor management decisions made by that individual.

11.20 Equally, it may emerge that poor management is a direct reflection of poor company practice or policy and the mere removal of the designated premises supervisor may be an inadequate response to the problems presented. Indeed, where subsequent review hearings are generated by representations, it should be rare merely to remove a succession of designated premises supervisors as this would be a clear indication of deeper problems which impact upon the licensing objectives.

11.21 Licensing authorities should also note that modifications of conditions and exclusions of licensable activities may be imposed either permanently or for a temporary period of up to three months. Temporary changes or suspension of the licence for up to three months could impact on the business holding the licence financially and would only be expected to be pursued as a necessary means of promoting the licensing objectives. So, for instance, a licence could be suspended for a weekend as a means of deterring the holder from allowing the problems that gave rise to the review to happen again. However, it will always be important that any detrimental financial impact that may result from a licensing authority's decision is necessary and proportionate to the promotion of the licensing objectives.

APPENDIX 3 LICENSING  
AUTHORITY'S STATEMENT OF  
LICENSING POLICY APPLICABLE  
TO THIS APPLICATION

#### 10.5 Trading Standards

Trading Standards will carry out test purchasing for underage sales in licensed premises.

#### 10.6 Environmental Health – Food Team

The Food Team will inspect all food premises and are able to take action in relation to any contraventions found under the Food Safety Act 1990.

### 11.0 Operating Schedule

11.1 The operating schedule will form part of the completed application form for a premises licence. The schedule should contain the information necessary to enable any responsible authority or interested party to assess whether the steps to be taken to promote licensing objectives are satisfactory. In respect of applications for provisional statements, applications will need to contain information as prescribed in Regulation.

#### 11.2 Risk Assessments

Risk assessments help to identify areas of concern in the operating of the premises which may undermine the licensing objectives. Applicants can use the information to complete their application and Operating schedule, and the steps identified by the applicant are transferred on to the license as a condition. Risk assessments should be specific to the premises, the proposed licensable activities and the proposed hours of trading and also the anticipated number of people likely to be on the premises when licensable activities are taking place.

11.2 Further guidance in this policy on the Operating Schedule is contained in the Appendix.

### 12.0 The prevention of crime and disorder

12.1 The Home Office has identified that a large percentage of violent crimes, assaults and criminal damage are from offenders under the direct influence of alcohol. The Haringey Crime Audit 2001 acknowledged that alcohol related violence was found to be a problem in night-time entertainment areas and that almost a quarter of all arrests were drink related. Direct findings summarised that the misuse of drugs and alcohol has contributed to the increase of crime and disorder in the borough with young men being of particular concern. Alcohol has also been shown to be a factor in occurrences of domestic violence. In comparison to similar boroughs, Haringey compared well and had fewer violent crimes per 1000 residents than the adjoining boroughs of Islington and Hackney.

- 12.2 The Council is committed to reducing crime and disorder throughout the borough through its statutory duty under the Crime and Disorder Act and through the Haringey Safer Communities Strategy.
- 12.3 Good management, best practices and sound procedures in licensed premises do and can make an important difference to the level of alcohol related crime.

### **13.0 Public safety**

- 13.1 Members of the public visiting licensed premises have the right to expect that due consideration has been taken in relation to public safety. Licensees, as providers of the premises for the sale of alcohol and/or regulated entertainment, must be able to demonstrate that they have considered and put in effect measures to protect members of the public.
- 13.2 In order to promote public safety responsible authorities may make representations on the grounds of public safety. The Licensing Authority will encourage those applying for a premises licence to undertake the necessary fire safety risk assessment and to be compliant with all relevant building control rules and regulations.
- 13.3 The Council recommends that the Metropolitan Police Promotion/Event Risk Assessment Form 696 and the After Promotion /Event Debrief Risk assessment Form 696A be used as an effective tool in this process.

### **Adult Entertainment**

- 13.4 Nudity, striptease and other adult entertainment of a sexual nature fall within the remit of the Licensing Act 2003. This section details the approach the Licensing Authority will take when considering applications for this type of activity on its own merits. These premises may also require a licence under the Local Government (Miscellaneous Provisions) Act 1982.
- 13.5 Applicants to whom this applies are required to set out expressly in their Operating Schedule that they propose to offer entertainment involving nudity, striptease or other adult entertainment of a sexual nature. Any reference to music or dancing without express reference to adult entertainment will be interpreted as not including adult entertainment.
- 13.6 The Licensing Authority and the Police will have concerns about crime and disorder and public nuisance issues which may arise from the operation of the premises where these activities take place. The carrying on of these activities can provide the opportunity for prostitution, pimping, and other offences of a sexual nature. For these reasons there must be proper regulation of premises where these activities are offered.
- 13.7 When considering applications the Licensing Authority will have regard to whether the premises are in close proximity to the following:

- Schools

- Licensees will need to have measures or procedures in place to check the SIA register of door supervisors to ensure their premises and customers are only protected by door supervisors with an SIA licence.

#### **14.0 The prevention of public nuisance**

- 14.1 Licensed premises, especially those operating late at night and in the early hours of the morning can cause a wide range of nuisances that can impact on the people living, working or sleeping in the vicinity of the licensed premises. The Council is committed to protecting the residents and businesses in the vicinity of these licensed premises.
- 14.2 In particular, late night activities cause much of this nuisance. Late night cafés, clubs, pubs and restaurants can have a number of adverse effects on the residents in the vicinity of these premises. Nuisance such as noise, litter, anti-social behaviour, lights and odour all contribute to the loss of amenity to the general public.
- 14.3 Noise nuisance is of particular concern; music, people talking, ventilation equipment and traffic can all be disturbing especially at night when ambient noise is low.
- 14.4 The conduct of customers leaving premises or spilling out into public and open spaces is often a source of disturbance and anti-social behaviour. Problems can include littering, the breaking of glasses and bottles, vomiting and urination.
- 14.5 Fly posting or any other illegal methods of displaying advertisements relating to a licensed premises or events is considered to be a public nuisance and will not be tolerated by the Council. The Council will take action (including prosecuting) those that fly post and will support action by other Councils against those that fly post.
- 14.6 The Council is aware of the importance of the licensing trade to the local economy and its culture and leisure aspirations. Accordingly, it will try and work together with individuals and bodies who are able to make objection to licence applications, the statutory agencies and licensed businesses to ensure that licensed premises can provide a service in a responsible way and co-exist with the wider community.
- 14.7 In considering all licensed applications, the Council will consider the adequacy of measures proposed to deal with the potential for nuisance and/or anti-social behaviour having regard to all the circumstances of the application. The council will expect applicants to address the issues under prevention of public nuisance detailed in the Appendix.
