Area Forum Item 4 – Fortnightly Collection Pilot Scheme

MINUTES OF THE CROUCH END, HORNSEY AND STROUD GREEN AREA FORUM AND COMMITTEE

TUESDAY, 17 JANUARY 2012

The Forum welcomed the initiative to increase recycling rates in the borough. but expressed concerns about the move to fortnightly collections relating to the practicality and safety of large bins in smaller front gardens, particularly at properties with basement premises.

It was noted that residents were able to retain the current green bins although they should not be utilised for recycling.

RESOLVED

- i. That it be recommended that residents are informed in advance of whether their properties will be part of the pilot and are provided with options for smaller bins.
- ii. That the letter informing residents about the fortnightly collections pilot (being sent in January 2012) included the offer of a smaller 120 litre wheelie bin instead of a full size 240 litre bin.
- iii. That assurances be sought from Council officers that the collection of general waste after public holidays did not exceed 14 days since the previous collection and that residents' views will be taken into account.
- iv. That residents' concerns be resolved before the new waste collection arrangement be implemented.

Action 9 - The Chair would write a letter to the Cabinet Member and Director of Place and Sustainability highlighting the concerns raised during the Area Forum. **ACTION: Chair/ Director – Place & Sustainability**

Bulky Waste

The collection of bulky waste could be arranged by calling Veolia directly on 020 8885 7700. Residents were informed that only bulky waste that was recyclable would be collected for free.
