**APSC68. PARK ACTIVITIES UPDATE**

RECEIVED the Park Activities Update as set out in the agenda papers, introduced by Mark Evison – Park Manager, Alexandra Park.

NOTED

Red Bull

- The Red Bull event had taken place over the weekend – the event was considered to be a success, with around 14,000 visitors to the park. Some local residents had raised issues raised over noise from the PA systems, but it was pointed out that the PA system was only used from noon until 5pm. A noise assessment had been carried out and results would be reported back to the Chief Executive in due course.
- Overall, the event was seen as positive for the Palace and Park and the wide publicity for it has helped raised the profile of Alexandra Palace.
- Members of the Committee raised concerns that the popularity of this event should not mean that the same space would be used regularly for events, which would then restrict the use of the park for other users. Whilst it was accepted that parts of the park could be used for income generating events, it was important that any disruption to the park and park users from such events should be proportionate to the income to the Trust. In the case of Red Bull there were concerns that the disruption may have been disproportionately large.
- Councillor Cooke explained that the Trustees would not allow the park to be completely taken over by any event. The Park cost £0.5m per year to maintain, and whilst the Trust did not exist purely to make money out of the Palace and Park, any profits made from events were put back into the company. Councillor Cooke also made the point that the Pitch and Putt area took up the same space at the Red Bull event, but for the whole year, and was 25 times less profitable than the Red Bull event.
- The Chairman requested that in future if there is a choice between hosting an event like this in the park and an event in the Great Hall, which would yield a comparable return to the Trust, then the decision should be in favour of a Great Hall event.
- In response to whether the organisers would be allowed to hold an event in the future, Duncan Wilson explained that based on what had happened so far, they would be but until the whole process had been completed (i.e. removal of all equipment from the Park), he would not make any decisions.

Road resurfacing

- Haringey Council were resurfacing the road through the grounds, and should be completed by mid June. There were some disruptions to the W3 bus route during this time.

Cricket ground improvements

- Sam Davidson attended to provide an update on the proposals since the last meeting. Other options to conceal the tank had been explored, and it was considered that the option of burying the tank was too expensive, would be difficult to maintain and could make the project financially unviable. It was

The preferred option was to install the tank above ground, with planting to camouflage.</p> <ul style="list-style-type: none"> <li>• Councillor Hare asked about the option of moving the tank to the car park, as discussed at the last meeting. Sam Davidson explained that there were two issues with this – the entrance to the clubhouse would be impeded and it would be difficult to run the mains pipe to the tank.</li> </ul> <p><b>NOTED</b> the Committee's request that a detailed proposal is provided before any recommendation was put to the Alexandra Palace and Park Board. It was suggested that a site visit be carried out with members to provide further detail.</p> <p><b>RESOLVED</b> that the report be noted, but no recommendation be made to the Alexandra Palace and Park Board with regards to the cricket ground improvements until further information was provided.</p>

It was reassuring to note that the independent consultants had concluded that the two deaths were not in any way attributable to the actions or omissions of APTL, the promoter's or the contractor's staff. **3. Executive Summary**

- 3.1 The programme of work to restore the grounds following the Red Bull BMX event is underway at the time of writing, a verbal update will be provided at the meeting.
- 3.2 The proposal for a water storage tank at the cricket ground was discussed at a site visit and has been revised. Board approval and planning permission and will be sought over the next few weeks.
- 3.3 The London Borough of Haringey is consulting on Dog Control Orders and the details proposed by the Park Manager are laid out in the report for consideration. Board also RESOLVED that the Members of the Advisory and Consultative Committees be requested to consider these proposals and respond directly to the council through their Chair and also through their own organisation's membership.

**6. Red Bull BMX Event**

- 6.1 The South Front hosted the very successful Red Bull BMX event in May. The event was successful and around 19,000 people attended over two days with many more watching from outside the fence-line. It was a family orientated event that appealed to a new demographic for the Palace.
- 6.2 As expected the grass under the dirt-track died. Although there are a number of other areas of damage, such as rutted grass, the construction team kept the impact to a minimum despite the appalling weather conditions throughout April.
- 6.3 A programme of restoration by our grounds contractor, John O'Conner GM Ltd, commenced in June. This work involves using a low-fertility soil to back fill the depressions and re-seeding with acid-loving grass species based on the ecologist's recommendations. A verbal update on progress will be made at the meeting.

**7. Improvements to Cricket Grounds**

- 7.1 Following the last meeting of this committee a site visit took place on 22nd June with Sam Davidson from *Building Schools for the Future* (BSF) and representatives from the Alexandra Park Club.
- 7.2 The discussions resulted in three options being further considered by officers from BSF. The options and the outcomes are explained below:
- Use the Thames Water reservoirs as an irrigation supply. This option is not viable within the required timescales. A multi-party legal agreement would be required and this alone could take many months to complete.
  - Bury the irrigation tank below ground level. This option will increase capital costs. An underground tank will also have increased maintenance costs that the Club will be required to meet in perpetuity. New funding may be available via planning gain (section 106), but this is uncertain at the time of writing.
  - Locate the tank to the north-west of the club house in the scrub area adjacent to the car park. The site will have to be carefully chosen to avoid it affecting future plans for improving the facilities. The increased distance will add some extra costs to the installation.
- 7.3 This matter will be discussed by the Alexandra Palace and Park Board on 24<sup>th</sup> July. Following this, a planning application will be made by BSF. A final decision by the Board is essential for the future of the project, so advice should be agreed by this Committee at the meeting, this is last opportunity for the committee to feed in to the project before the planning application is made.

**8. Dog Control Orders**

- 8.1 Haringey Council is consulting on Dog Control Orders in response to residents, Friends of Parks, Police and dog walkers who have told the council they are concerned about the growing number of dogs causing problems in public places. The perceived problems involve dogs fouling, being out of control or off-the-lead and causing a nuisance. One solution is to introduce Dog Control Orders, and proposals have been made following an informal consultation exercise. More details and an online survey can be found on the council's website:
- <http://www.haringey.gov.uk/dogcontrol#maps>
- 8.2 The consultation notice explains that "for the past two years the council has worked with the RSPCA, Battersea Dogs Home, Wood Green Animal Shelter, Police, Homes for Haringey, Friends of Parks and residents to promote responsible dog ownership. Most dog owners in the borough behave responsibly but there are those who don't."
- 8.3 These proposals involve designating parks, or part of them, as areas where dogs can be either walked freely without a lead, excluded, walked with a lead or placed on a lead when instructed. A borough-wide order making it an offence to fail to clean up after your dog is also proposed. Appendix 1 is a set of Frequently Asked Questions (FAQs) which sets out the council's position for the borough in general.
- 8.4 The Head of Legal Services has confirmed that the council, as a "primary authority" - within the meaning of the Clean Neighbourhoods and Environment Act 2005 - has a discretion to make dog control orders, and that such orders can be made in relation to Alexandra Palace and Park, being "land which is open to the air and to which the public are entitled or permitted to have access (with or without payment)".
- 8.5 If so, initial costs would be incurred to erect new signs, these costs will be met within the existing Park budget.
- 8.6 Table 1.1 overleaf and the plan attached as Appendix 2 show how the Park Manager proposes the Dog Control Orders be applied to Alexandra Park. The areas marked are believed to offer the best compromise between dog walkers and other Park users. This proposal was informed by the Park Manager's own experience, reports from the Park maintenance team and nine respondents to an article placed on the website of the Friends of Alexandra Park.
- 8.7 The basic principles applied are:
- That dogs be excluded from service yards. This is for the safety of the dogs and their owners.
  - That dogs be excluded from children's facilities, animal enclosures and sporting areas, this is for the safety of the children, and animals and to prevent fouling and disruption of sporting areas. Most of these areas are already fenced off.
  - That dogs be walked on the lead in the Grove, on the Terrace and around the boating lake and children's play area, this acknowledges that families should be able to visit certain areas of the park safe in the knowledge that dogs will not be running loose. These areas amount to about 10 hectares of the 79 hectare site (approximately 12.5%).
  - That failing to clean up after your dog anywhere in site becomes an offence.
  - That dogs must be placed on a lead anywhere on the site when instructed.

8.8 The council is asking:

- Are we choosing the right kind of restrictions for certain parks and open spaces?
- Are we being fair to all those responsible dog owners who need somewhere to exercise their dogs?
- Will these restrictions improve the experience of going out to the park for most people or are they too restrictive?

8.9 The Board considered this matter at its meeting on 7<sup>th</sup> June and authorised Officers to respond formally to the council on this basis. The consultation ends on 23<sup>rd</sup> July.

8.10 The Board also resolved that the Members of the Advisory and Consultative Committees be requested to consider these proposals and respond directly to the council through their Chair and also through their own organisation's membership. The Trust Solicitor has advised that this matter is clearly within the Advisory Committee's remit.

8.11 Enforcement of the Orders could be carried out by the Borough's Enforcement Officers and it is hoped that the Palace's security staff could also be given the power to issue fixed penalty notices.

**9. Infrastructure repairs**

- 9.1 The repair works on Alexandra Palace Way are almost complete. The main carriageway resurfacing was completed ahead of schedule on 1<sup>st</sup> June. Minor repairs to the pavement and footway continue at the time of writing in early July. A verbal update will be made at the meeting if required.

**10. Park Entrances**

- 10.1 Following vandalism and anti-social behaviour, a proposal for overnight closure of two Park entrances will be presented to the Board on 24<sup>th</sup> July. The two entrances are the Park Avenue North gate into Reston Field and the Muswell Hill pedestrian entrance into the Grove.

**11. Recommendations**

- 11.1 That the Committee notes the success of the Red Bull BMX event in the Park and that the restoration work is progressing well and also notes the completed repair works along Alexandra Palace Way.
- 11.2 That the Committee considers the updated proposal for a water storage tank at the Cricket Club and provides the Board with advice.
- 11.3 That the Committee considers the proposals for Dog Control orders in the Park and responds directly to the council through the Chair and also responds with the feedback from their own organisation's membership.

**12. Legal Implications**

- 12.1 The Council's Head of Legal Services comments are set out at paragraph 8.4 of the report.

**13. Financial Implications**

- 13.1 The LBH Chief Financial Officer notes the contents of the report.

## **Dog Control Order**

### **Frequently Asked Questions and Answers (FAQ's)**

#### **What is dog control?**

Dog control is a way that councils can introduce restrictions as to where dogs are allowed, when dogs have to be on a lead and where it is an offence to allow a dog to foul without cleaning it up.

#### **What is a Dog Control Order?**

A Dog Control Order is an optional measure for controlling potential dog related issues as described above.

#### **Where do Dog Control Orders come from?**

The Clean Neighbourhood & Environment Act 2005 gave Councils new powers to deal with the control of dogs by way of fixed penalty notices. The Act replaced the previous system of Byelaws for the control of dogs and also the Dogs (Fouling of Land) Act 1996, which has been repealed (cancelled). The Act seeks to give communities the power to control problems caused by dogs and carry out enforcement in a quick and efficient manner.

#### **What can Dog Control Orders cover?**

- Exclusion of dogs from certain areas
- A requirement for a dog to be on a lead
- Power to request that a dog is put on a lead
- Power to make failure to clear up after a dog has fouled an offence

#### **What Dog Control Orders are the council considering?**

- Dog Exclusion Order for sensitive areas such as children's playgrounds, sports courts and marked pitches
- Dogs On Lead order for roads, footpaths, car parks, communal areas on estates, church yards and some public parks or parts of parks / gardens
- Dogs On Lead Direction Order for the whole of the borough which would give officers the power to request that dogs are placed on a lead.
- Fouling of Land by Dogs Order to cover the whole borough

### **Why are we are we doing this?**

During the past two years we have worked within an award winning partnership which include the RSPCA, Battersea Dogs and Cats Home, the Police, Wood Green Animal Shelter, Friends of Parks and other stakeholder groups to promote responsible dog ownership. As a result of this work residents, police and friends of parks groups have raised with us their concerns over dogs that appear to be out of control and how intimidating this can be.

### **How can residents get involved or make their views known?**

We will be drafting formal consultation documents soon. Now we are carrying out informal consultation and testing how people feel about the proposed controls. We have not drafted any dog control orders as yet as we want to hear from residents first.

### **Do my views matter?**

Yes very much so, your ideas and suggestions are very welcome and will be considered in order to develop our proposals. Your views will determine whether we proceed with Dog Control Orders and the form that they will take.

### **Who is being consulted?**

- Residents
- Police
- Animal welfare groups
- Friends of Parks groups and other stakeholders.

### **What will happen next?**

The informal consultation which will end in April 2012. We will evaluate the information from this process and develop a set of proposals. In May 2012 we plan to carry out a formal consultation based on these proposals.

The Government is going to issue further guidance on dangerous dogs and we will need to consider this if relevant.

### **How it would work?**

Once the powers are in place enforcement will be carried out jointly by the police with council and Homes for Haringey staff.

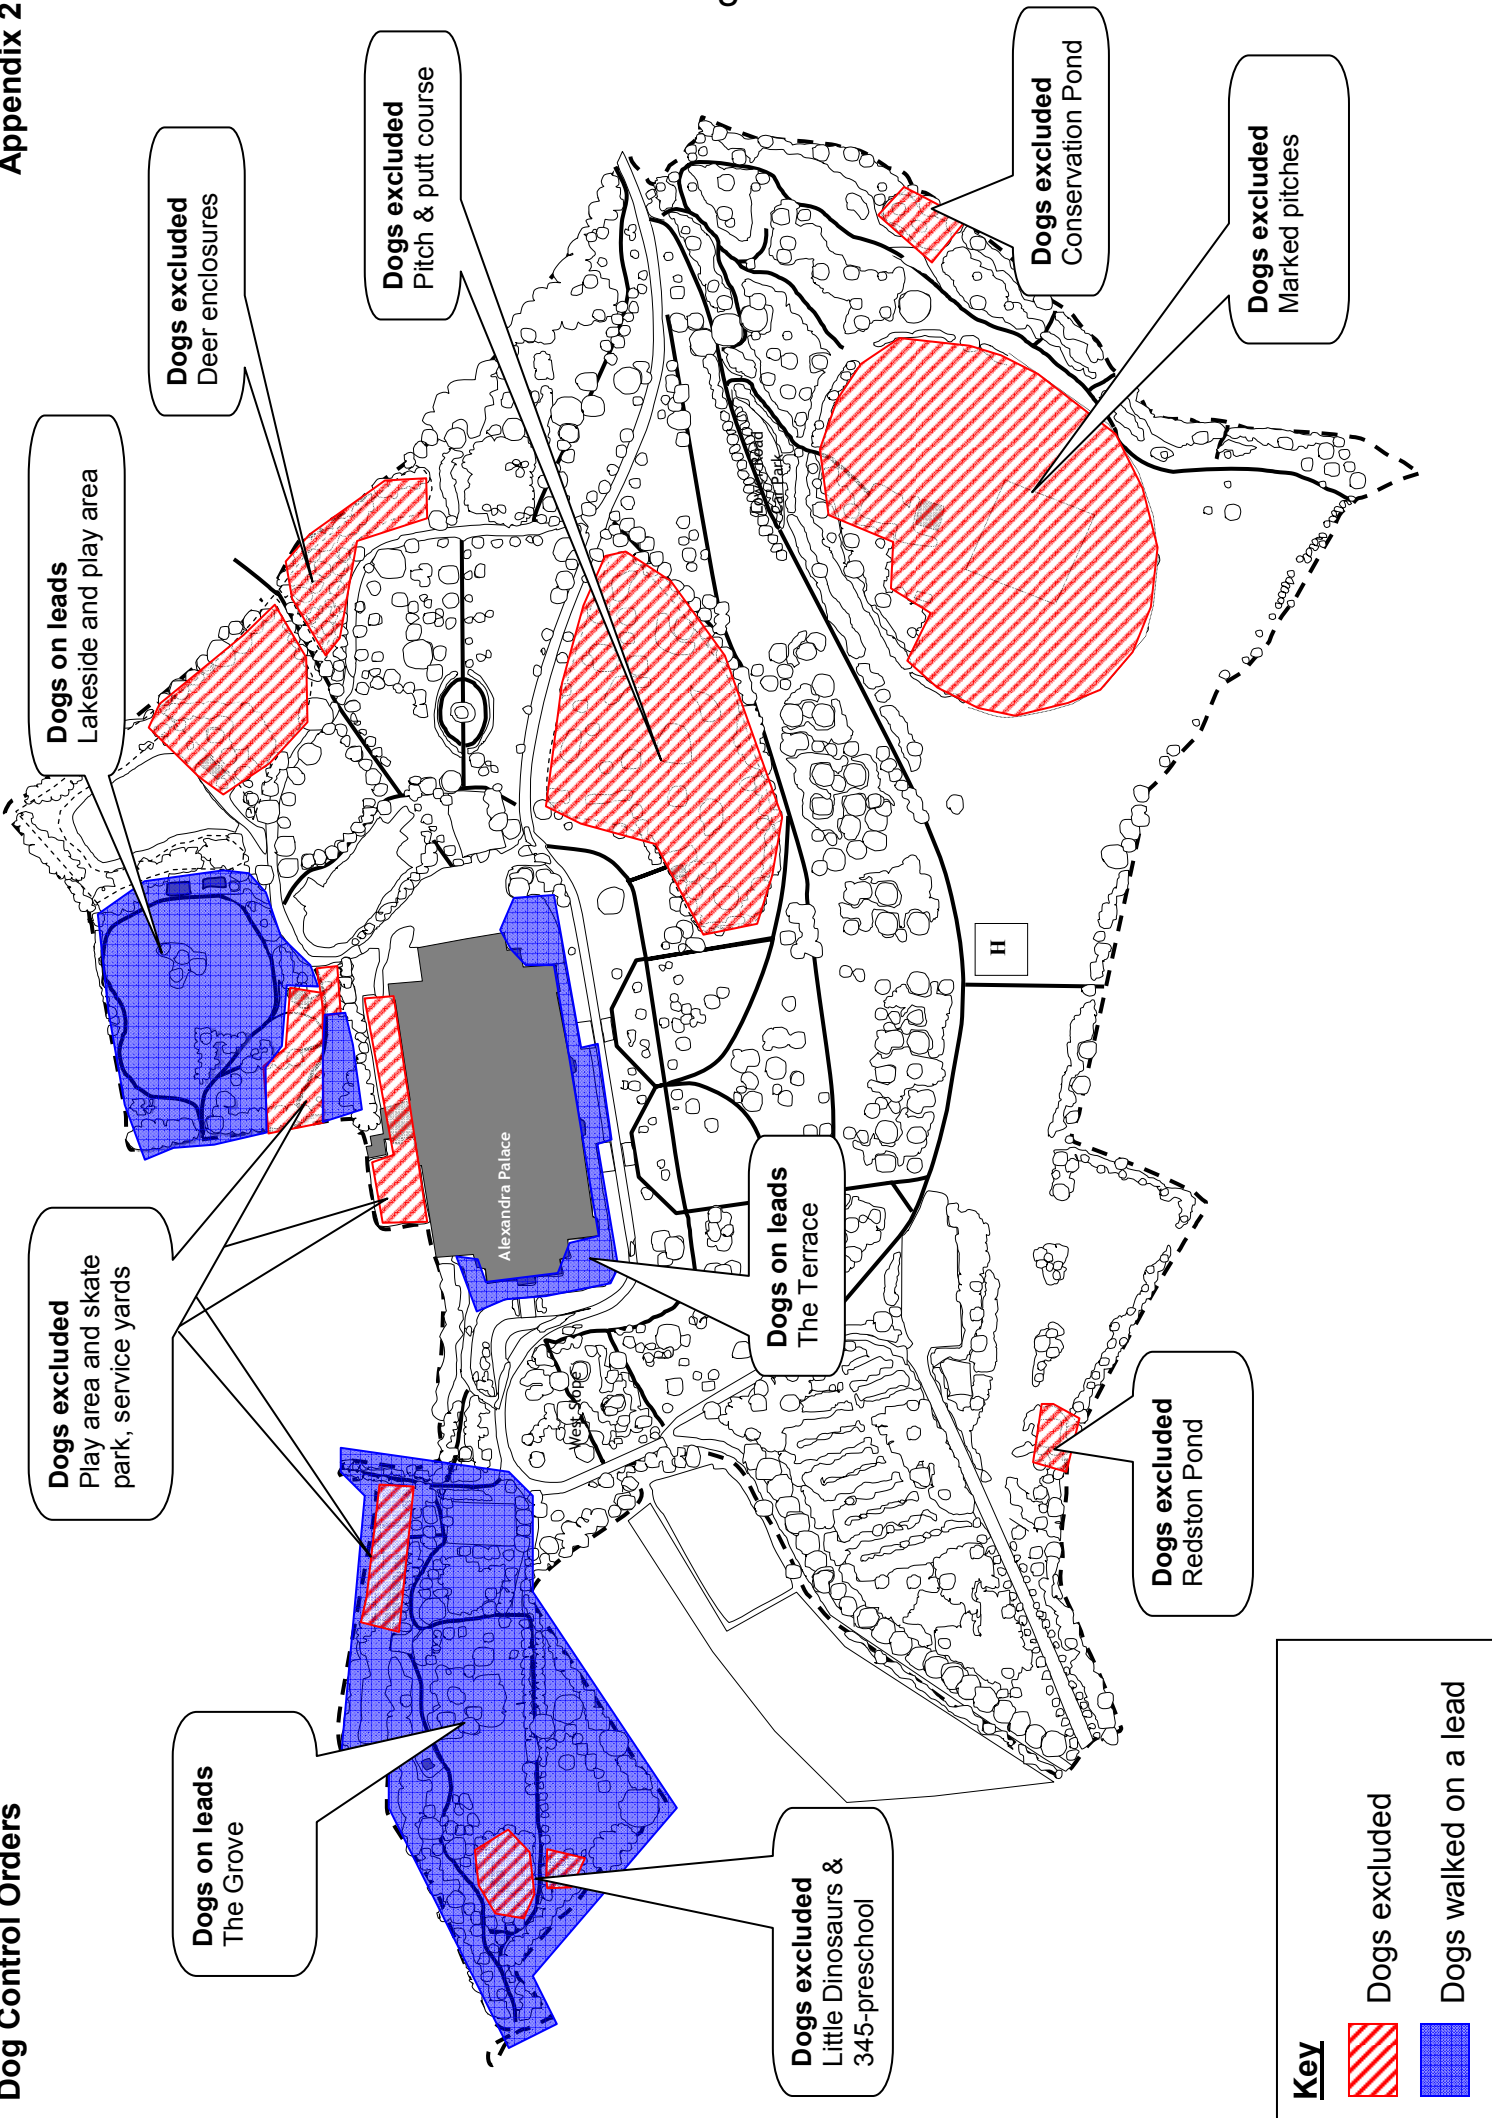

Anyone who contravenes an Order is liable to be issued a fixed penalty notice. We are not an authority which aims to issue large numbers of fixed penalty notices, our preferred approach is to encourage responsible behaviour and to only issue fixed penalty notices where there are clear breaches of the Orders.

**Aren't there adequate powers at the moment?**

The Dog Fouling of Land Act has limitations. Therefore, it is ill-equipped to tackle some of the issues our residents are concerned about.

## 7. Major Events

### 7.1 Holland Heineken House

Both the team here at AP and the HHH delivery team are now in the final detailed stages of completing all the planning. All areas are on schedule as per the original plan.

- HHH team arrive on site from 10<sup>th</sup> July to take over the Great Hall, West Hall, Panorama Room, Palace Room, Palm Court and all adjoining small rooms only.
- Friday 12<sup>th</sup> July HHH will take over the Ice Rink and Bar and Kitchen.
- From Friday 12<sup>th</sup> Until Friday 17<sup>th</sup> August the entire Palace, East Car Park, South Terrace, the Beach and Slip road will be closed to the general public with access for ticket holders only during the Live event.
- Tickets still available at [www.hollandheinekenhouse.nl](http://www.hollandheinekenhouse.nl) for 10 euros.
- There will be full access to the Park, Garden Centre, Pitch and Put, Lakeside Café and the Cricket Club.
- Parking will be available within the Paddocks car park during this period.

### 7.2 Sacrilege (Bouncy Stonehenge)

10<sup>th</sup> August will see Alexandra Palace host this touring art installation for one day, the location will be on Newland Playing Field in SE corner of the Park where all local residents and visitors to the Park will be able to participate and bounce on the structure for free

### 7.1 November Month of Music at Alexandra Palace

With currently two confirmed acts for November and one very strong pencil the sales team are focusing on promoting the month of November to the music promoters. Running events like these back to back will reduce the operating costs significantly with potential uplift of the contribution to the trust.

**8 Updates from last Quarter**

**Red Bull**

Overall this event was seen as a great success, with the inclement weather clearly set to challenge all that were involved in the build-up and delivery, which saw 16,500 visitors attend over the two days. The YMCA 10k run was run alongside the Red Bull event in the park and proved to be very successful for all involved.

(see also Park Manager report)

**9 Summary and Conclusions**

- 9.1 APTL has contracted a strong calendar of events for 2012/13. This paper provides a snapshot of the large events planned and activity in the Park. Live music continues to grow at a steady pace over the coming 12 months. Red Bull and HHH remain key/high profile events which will take AP into the Olympic limelight.

Report Title: **Regeneration public consultation: interim feedback report**

Report of: **Mark Hopson, Head of Regeneration and Development, Alexandra Palace**

**1. Purpose**

1.1 To update the Committees on the emerging results of the public consultation in relation to the strategic spatial masterplan and regeneration programme.

**2. Recommendations**

2.1 That the Committees note the content of the report.

Report Authorised by: **Duncan Wilson, Chief Executive**

Contact Officer: **Mark Hopson, Head of Regeneration and Development, Alexandra Palace, Alexandra Palace Way, Wood Green N22 7AY Tel No. 020 8365 4399**

**3. Executive Summary**

- 3.1 This report summarises the emerging results for the first 1,350 responses of the public consultation in relation to the strategic spatial masterplan and the next steps in the regeneration programme. In summary:
- A public exhibition was set up on site displaying the masterplan proposals daily from 18 May – 29 June 2012. Special staff teams were also set up to engage with visitors on event days (Redbull event and Jubilee weekend) and as well as visitors to the park on weekends.
  - 21,000 consultation booklets were printed. These were then distributed locally to residents, libraries and community focal points in the borough. Additionally, many booklets were used to engage with the public directly both around the site and in various key locations around the Borough.
  - A street engagement team were deployed to speak with people in various key locations around the Borough including tube stations, high streets and shopping centres as well as other community focal points. This resulted in over 1,000 people being engaged directly by the team.
  - Over 8,000 e-shots (electronic emails) were sent to contacts held on business and consumer databases informing subscribers of the consultation with a further 800 e-shots sent to voluntary and diversity organisations in the borough promoting the consultation.
  - A social media campaign was launched on Facebook and Twitter, regularly promoting and updating subscribers about the consultation with messages and tweets.
  - 3 specialist diversity workshops were also held to engage with specific demographic

	<p>groups in the Borough identified to be under-represented in our consultation. Two sessions were held on site and one at the Bernie Grant Arts centre in Tottenham.</p> <ul style="list-style-type: none"> <li>- A variety of local residents associations, community groups and voluntary organisations and area forums were directly engaged by Palace staff to discuss the masterplan proposals and canvass opinion.</li> </ul>
3.2	<p>The next steps will involve collating all of the consultation responses received and importantly, assessing the additional comments submitted by respondents. This will result in a summary report and presentation being produced for consideration at the next Trust Board meeting on 24 July. In addition to the summary consultation report and presentation, a number of other documents will need to be finalised in preparation for the next Trust Board meeting of the 24 July 2012. These include:</p> <ul style="list-style-type: none"> <li>- Strategic Spatial Masterplan with proposed recommendations</li> <li>- Conservation Management Plan (CMP)</li> </ul>
3.3	<p>Interim conclusions from this sample report show that:</p> <ul style="list-style-type: none"> <li>- The public consultation has reached a good demographic cross section of local residents, communities and stakeholders from within the Borough and beyond.</li> <li>- Many respondents, in general, agree with the proposals and ideas outlined in the strategic spatial masterplan and would visit the site more regularly if the ideas were realised.</li> <li>- The emerging preferences for the options presented within masterplan show that consultees are in favour of 'improving first impressions' in relation to the external areas of the building and repairing the Main Halls and opening up the Theatre for proposals relating to the internal areas of the building.</li> </ul>

## 6. Public Consultation

- 6.1 The public consultation and associated exhibition for the strategic spatial masterplan and regeneration proposals started on the 18<sup>th</sup> May 2012 and lasted for a period of six weeks. Whilst the exhibition closed on the 29<sup>th</sup> June, the proposals remained on the website until the 6 July giving the opportunity for people to view the ideas and submit their comments to the regeneration team if they did not have an opportunity to visit.
- 6.2 The public consultation was delivered through a variety of formats and communication channels. In summary:
- A public exhibition in the Palm Court and Ice Rink Foyer was set up for the duration of the six week period. This featured 18 large colour display panels detailing the full strategic spatial masterplan and regeneration proposals.
  - Targeted engagement of public by Alexandra Palace staff on event days (Redbull, Queens Jubilee, festivals and concerts) and weekends on site and in the park.

- A dedicated consultation webpage was created and developed ([www.alexandrapalace.com/regen](http://www.alexandrapalace.com/regen)) with interactive tools to explore the spatial masterplan proposals and provide feedback through an online survey.
- 21,000 booklets were designed and printed to pro-actively target local residents and stakeholders. Of these:
  - o approximately 1,900 booklets and letters were delivered to surrounding residents in the immediate area
  - o approximately 7500 booklets were in N8 and N10
  - o approximately 900 were distributed amongst Haringey libraries and sports centres
  - o a continuous supply was also available at all outlets in the Palace and Park
- An e-shot (electronic email) was sent to all users registered on the Alexandra Palace consumer and business database – of the 8,813 e-shots sent, 4720 people opened the email of which 746 people clicked through to the regeneration webpage. Additionally, an e-shot was also sent to over 800 voluntary and diversity organisations within the borough promoting the consultation.
- Our social media – Facebook and Twitter portals – were sending regular updates to all users registered with an estimated audience of up to 6,000 and an average message readership of 2,000.
- A special street engagement team were deployed to speak with people in local shopping centres, transport hubs and community focal points. The street team engaged with approximately 1,000 people and covered the following areas:
  - o Muswell Hill, Crouch End, Highgate, New Southgate, East Finchley
  - o Palmers Green, Bounds Green, New Southgate, Wood Green High Road/shopping centre
  - o Turnpike Lane, Green Lanes, Finsbury Park
  - o Tottenham Hale, Tottenham High Road and Tottenham Green
  - o Seven Sisters, Northumberland Park and White Hart Lane
- 3 specialist diversity workshops were organised to engage with specific demographic groups in the community that were assessed to be under-representative. Of these, 2 workshops were held on site at Alexandra Palace and 1 at the Bernie Grant Arts Centre in Tottenham. The sessions engaged with youth and elderly people, people with disabilities and residents from the east of the borough. In total, 20 people were involved in these workshops with some individuals representing wider community organisations.
- Various stakeholder groups, area committees, publications and press have been briefed and presented to about the plans which resulted in good coverage promoting the consultation. A full breakdown of this engagement is available at **Appendix 1.**

- 6.3 At the time of writing, over 1,350 responses have been received with the final figure expected to be in the region of 2,000. Whilst the public exhibition finished on the 29<sup>th</sup> June, the masterplan proposals remained on the website until the 6<sup>th</sup> July with the final results being reported to the Alexandra Palace Trust Board on the 24<sup>th</sup> July.
- 6.4 This report presents the interim results of the first 1,350 responses received from the consultation (it should be noted that certain fields e.g. age, postcode, ethnic diversity were

in some cases omitted and therefore results can only be based on data provided). A summary presentation of these initial results is attached at **Appendix 2**.

### **Profile Summary**

6.5 Of the responses received, the following summary can be drawn in relation to the profile of consultees:

- the highest level of responses have so far come from people aged 35-49 (26%) followed by 50-64 year olds (21%) followed by 25-34 and 18-24 year olds (16% and 15% respectively)
- 13% of individuals responding so far have declared themselves as having a disability
- the break down between female and male consultees so far is 61% and 39% respectively
- In relation to ethnicity – data collected shows that the highest response rate is attributed to people of White British background at 60%. Collectively, people selecting black and ethnic minorities made up 26% of the responses.

6.6 Of the responses received so far, the vast majority of individuals had visited Alexandra Palace at least once in the last year. 16% of individuals responding had not.

### **Feedback on 'Big Ideas'**

6.7 In relation to proposals for the external areas of the Palace, the emerging headline results show that:

- 'Improving your first impressions' idea was most preferred with 48% of respondents selecting this option as their first option
- the second most selected option referred to 'upgrading the entrances' which was selected by 52% of respondents
- the third priority, 'making it easier to move around the Palace' was selected by 47% of respondents.

6.8 Of the five options suggested for improvements to the internal spaces of the Palace, the results so far show the following order of priority:

- First preferences show the main Halls and opening up Theatre as the most important priorities each at 32%.
- The second preference show opening up the theatre being the second most popular choice at 30%.
- The third preference related to opening up the BBC studio, with 26%.
- The fourth preference related to opening up the basement at 28%.
- Building a hotel was the fifth preference at 42%.

### **Support for regeneration**

6.9 Overall, the majority of people that have responded so far have been in support of the proposals outlined in the spatial masterplan. Similarly, people responding also agree with the approach in relation to funding some of the key projects within it. Indeed, the overall message in response was that people would certainly visit the Palace more often if the ideas outlined were realised. Specific figures relating to the responses of these questions are outlined on slides 11, 12 and 13 of the summary in **Appendix 2**.

- 6.10 Whilst this report aims to give a snap shot of the emerging data from the responses received so far, it should be noted that a full report containing all of the data and a full analysis of the additional comments made will be presented to the Trust Board at the next meeting on the 24<sup>th</sup> July. This will include a review of the key themes and trends people were most interested in and concerned about as well as suggestions for any changes to the proposals within the existing spatial masterplan.

## **7 Next steps**

- 7.1 Looking ahead, next steps will involve collating all of the consultation responses and importantly, assessing the additional comments submitted by consultees in relation to the masterplan and regeneration proposals. This will result in a summary report and presentation being produced for consideration at the next Trust Board meeting on 24 July. In addition to analysing the quantitative data trends from the consultation, key themes from additional comments will also be extracted so as to inform the current draft of the masterplan through a series of recommendations.
- 7.2 In addition to the summary consultation report and presentation, a number of other documents will need to be finalised in preparation for the next Trust Board meeting of the 24 July 2012. These include:
- Strategic Spatial Masterplan with proposed recommendations
  - Conservation Management Plan (CMP) – this will be available on the website in final format from the 15th July.

## **8 Recommendations**

- 8.1 That the Committee notes the content of this report.

## **9 Legal Implications**

- 9.1 The Council's Head of Legal Services has been consulted in the preparation of this report, and adds his support to the degree of consultation which has been undertaken to date, as a means of contributing to a quality decision making process.
- 9.2 The Trust's solicitor has no comment on this report.

## **10 Financial Implications**

- 10.1 The Council's Chief Finance Officer notes the contents of this report.
- 10.2 The Trust's Finance Director notes the contents of this report.

# Consultation The Results

Interim Report of 1350 completed surveys.  
June 2012

# What we did.

1. Created a master plan segmented to 6 big ideas for the future of Ally Pally.
2. Created the sub brand for Alexandra Palace the regeneration using the strap line Tomorrows Ally pally and focused on the key call to action – Have your Say.
3. Created a new section on alexandrapalace.com website creating the direct URL alexandrapalace.com/regen giving the full information of the regeneration plans and interactive tools to explore the master plan.

4. Created and online and printed survey accessible to all to have their say with the incentive to win a pair of tickets to an event of their choice.

5. Created an Exhibition for the public to showcase the master plan and the 6 big ideas. Open from May 18<sup>th</sup> to June 29<sup>th</sup> open every day 9am – 6pm.

6. Took over the Alexandra Palace social media channels with the regeneration branding and key messages promoting and linking our reach to Have your say and take the online survey with the same incentives.

7. Sent eshots to our consumer, business and diversity agencies.

8. Appointed, trained and briefed a professional street to target people of North London to Have their say on the plans.

9. Installed street banners along Alexandra Palace Way targeting commuters and park users to have their say asking 6 questions about the six big ideas.

Alexandra  
Palace the  
regeneration.
