

Wood Green Area Forum and Committee

TUESDAY, 19TH JUNE, 2012

6.30 pm

**VENUE: MAIN HALL, CYPRIOT CENTRE, EARLHAM GROVE, LONDON
N22 5HJ**

MEMBERS OF THE AREA COMMITTEE/FORUM:

Councillors Christophides (Chair), Cooke, Demirci, Egan, Gibson, Meehan, Stewart, Strickland and Waters

6.00 – 6.30pm: please visit the council's display stands to collect your consultation documents, freepost feedback cards, and see the latest news and information on council services and projects including Myddleton Road improvement strategy, cycle improvements on Lymington Avenue, Dog Control Orders consultation and Alexandra Palace consultation.

AREA FORUM

- **INTRODUCTION AND WELCOME – 6.30pm**

The Chair will provide an overview of items on the agenda and how the Area Forum and Committee will proceed.

- **ACTIONS FROM PREVIOUS MEETINGS – 6.35pm**

To provide an update on actions from previous meetings.

- **WOODSIDE, NOEL PARK & BOUNDS GREEN AREA PLAN – 6.45pm**

To provide residents with the proposed final draft of the Plan for the area.

- **'ALL FOOD AND NO PLAY... ARE HARINGEY'S CHILDREN
HEALTHY?' – 6.55pm**

Officers from the Public Health service will introduce the 2012 Annual Public Health report focussed on reducing childhood obesity. Residents will be invited to put forward their views and ideas on helping children in the borough to enjoy a healthy weight.

- **OUTSTANDING FOR ALL - HARINGEY EDUCATION COMMISSION – 7.15pm**

An overview will be provided of the independent Education Commission, *Outstanding for All*, set up to map out future education provision in Haringey and to accelerate the pace of school improvement across the borough. Information will be provided on how residents can input their views into the process.

- **ONE BOROUGH ONE FUTURE FUND – 7.40pm**

The Cabinet Member for Finance and Carbon Reduction will introduce the new £1.2m fund launched by the Council to encourage social and economic innovation to help tackle the biggest issues in the borough. The fund was now open for anyone with an interest in Haringey to put forward a bid to support projects aimed at helping create new and dynamic services to better serve residents.

- **AGENDA ITEMS FOR FUTURE MEETINGS – 8.10pm**

Break: 8.15 – 8.25pm

AREA COMMITTEE

1. APOLOGIES FOR ABSENCE

2. DECLARATIONS OF INTERESTS

A member with a personal interest in a matter who attends a meeting of the authority at which the matter is considered must disclose to that meeting the existence and nature of that interest at the commencement of that consideration, or when the interest becomes apparent.

A member with a personal interest in a matter also has a prejudicial interest in that matter if the interest is one which a member of the public with knowledge of the relevant facts would reasonably regard as so significant that it is likely to prejudice the member's judgment of the public interest **and** if this interest affects their financial position or the financial position of a person or body as described in paragraph 8 of the Code of Conduct **and/or** if it relates to the determining of any approval, consent, licence, permission or registration in relation to them or any person or body described in paragraph 8 of the Code of Conduct.

3. MINUTES

To agree the minutes of the Committee meeting held on 17 April as an accurate record.

4. AREA PLAN

To agree the final Area Plan document.

5. TO NOTE DATES OF FUTURE MEETINGS AND DISCUSS VENUES AND AGENDA ITEMS

- 15 October – Wood Green regeneration (provisional)
- 29 January 2013
- 18 April

6. ANY OTHER BUSINESS OF AN URGENT NATURE

Woodside, Noel Park & Bounds Green Area Forum & Committee Area Plan

Priority	Year One Activity 2012/13	Service / Partner Action	Lead Service & Lead Officer Contact
1. Community Engagement	Secure access for local groups to use community facilities for free / at a reduced rate	<p>The Council is undertaking a review of the Council buildings leased to community organisations to improve support for Haringey's voluntary sector (in line with the Voluntary Sector Strategy 2011-16). Key issues the review will consider are;</p> <p>Building condition – generally community buildings are considered to be in poor state of repair overall, with limited capacity to invest.</p> <p>Community use - some buildings could be made more generally available as a flexible resource</p> <p>Utilisation – some buildings are under-utilised due to limited opening hours, constraints to flexibility in uses and building condition</p> <p>The approach to the community buildings review is as follows:</p> <ol style="list-style-type: none"> 1. Assess the building stock condition and use of the tenanted buildings and other Council properties available for community use 2. Evaluate all buildings to identify opportunities for redevelopment and consider disposal options that could help realise or contribute to other Council objectives relating to regeneration and housing and employment. 3. Develop options for increasing the efficiency and effectiveness of community building assets. <p>The review is in progress and a list of relevant properties, initial outcomes and options will be available</p>	Dinesh Kotecha – Head of Property Services

Priority	Year One Activity 2012/13	Service / Partner Action	Lead Service & Lead Officer Contact
1. Community Engagement (cont.)		in Autumn 2012.	
	Allow local people to set the agenda (e.g. for consultations, Area Forums)	Recommended that outcome of Review is considered as part of future Area Forum agenda The creation of Area Forums in June 2011 was intended to do just this; provide a space for residents to raise concerns and set the agenda. Residents had an opportunity in March 2012 to comment on the way the Area Forums are currently working as part of a Governance Review. This Review is still in progress and will look at ways of ensuring residents are empowered. Recommended that outcome of Review is considered as part of future Area Forum agenda	Stuart Young – Assistant Chief Executive
	Establish a network of local Residents' Associations	A Resident Association network exists in Haringey already. It's called Haringey Federation of Residents' Associations: www.haringeyresidents.org .	
	Communicate and promote learning opportunities locally	Haringey Adult Learning Service is proactive in marketing course options in the borough. Currently they do this through: <ol style="list-style-type: none"> 1. The HALS brochure (on display in every library, sent to all schools and children's centres, community centres, Job Centres etc) 2. Libraries digital displays 3. Free newspapers 4. The Haringey website 5. Attendance at community events, which are used to promote courses (usually 12-15 a year) 6. Taster courses 7. Partner agencies who promote HALS courses 8. A London wide courses website HALS is currently talking with Enfield about joint	Robert Bennett – Head of Haringey Adult Learning Service

Priority	Year One Activity 2012/13	Service / Partner Action	Lead Service & Lead Officer Contact
1. Community Engagement (cont.)		<p>promotion of some key courses where the other doesn't offer them, such a bookkeeping in Wood Green. We've also asked Support Services for access to the Haringey texting facility as we see great potential to promote.</p> <p>Analysis over years has demonstrated that more costly promotions are simply not cost-effective. In 2010, HALS spent over £2000 on newspaper adverts that generated very few enrolments (1.8%), this year HALS only used Haringey People and generated 2%. Word of mouth is the most cost effective as it brings in 19% of all enrolments and is free.</p>	
	Make use of talking software to market services to, and engage, the visually impaired	<p>The Council's Communication team will provide information in different formats to support residents who are visually impaired e.g. Braille.</p> <p>The Council's website does not offer text to speech facilities, however there is information on the Council website about free external tools residents may wish to use.</p>	Lesley Gordon – Communications Manager (Marketing)
	Consider opportunities for a mental health outreach programme – to include counselling, keep fit and activities to counter loneliness	We are developing closer working relationships with mental health voluntary sector that will run counselling (as part of the national Improving Access to Psychological Therapies (IAPT) programme). They are not currently involved in exercise/fitness but we are requiring them to act as a signposting service so should be able to direct people to appropriate leisure facilities.	Tristan Brice – NHS Borough presence & Nicole Klynman – Public Health
2. Community Health	Campaign / negotiate for a community medical centre facility as part of the Heartlands site	Both of these activities are part of the draft Section 106 agreement due to be signed in March 2012 and agreed by Planning Committee . Health space will be offered to "health organisers" as and when the scheme gets built (1-5 years).	Nick Powell – Head of Carbon Management and Sustainability & Martin Tucker – Regeneration Manager, Employment & Skills

AREA PLAN

Priority	Year One Activity 2012/13	Service / Partner Action	Lead Service & Lead Officer Contact
2. Community Health (cont.)	Heartlands developers to recruit locally	The scheme will also support local jobs/training resources.	
	Encourage residents to take part in community walks that use local parks	Recommended that an update on Heartlands is a future Area Forum agenda item An Active for Life community walks programme exists and is led by public health colleagues	Vanessa Bogle & Gloria Salmon – Public Health
	Install a BCTV Green Gym in Woodside area	Recommended that walks are promoted through future Area Forum meetings The current green gym is limited in the number of sites it can operate in. However, additional funding applications have been made and subject to them being successful The Conservation Volunteers (formerly BTCV) would be able to run regular session at Woodside. TCV would be keen to work with BPCA on this.	Simon Farrow – Head of Client Services, Leisure Services
	Identify problem areas for street drinking (incl. Tintern, Granville, Grainger, Cline Road and Hillside Gardens)	The Safer Neighbourhood Team (SNT) for the area will investigate this and report back to the Area Forum at a future meeting.	Mark Long – Chief Inspector Safer Neighbourhoods
3. Community Safety	Enforce a Drinking Control Zone in problem areas	This is the responsibility of both police and Council and will be undertaken.	Claire Kowalska – Community Safety and Engagement Manager / Mark Long – Chief Inspector Safer Neighbourhoods
	Make more use of CCTV to detect issues – in consultation with local residents	There is a protocol already in place for the use of CCTV for community safety purposes. Safety is the overriding priority. The Community Safety Team is now in the Single Frontline Service with the CCTV/Parking Team under a single Assistant Director and this will further strengthen performance. We will investigate the use of a CCTV Lay Panel rather than general consultation as	Claire Kowalska – Community Safety and Engagement Manager / Mark Long – Chief Inspector Safer Neighbourhoods

Priority	Year One Activity 2012/13	Service / Partner Action	Lead Service & Lead Officer Contact
3. Community Safety (cont.)	Communicate police activity / successes to tackle gang issues to residents	this is more practical. Special feature on gang approaches and successes to be in Haringey People in the Autumn. Could be an agenda item at Autumn area committee if requested.	Claire Kowalska – Community Safety and Engagement Manager / Mark Long – Chief Inspector Safer Neighbourhoods
	Explore potential for after-school and 7pm onward police patrols	After school patrols is a priority and now a Haringey Police Community Promise . The police would like more information on the need for evening patrols as the current intelligence does not support this.	Mark Long – Chief Inspector Safer Neighbourhoods
	Encourage residents to engage with local Neighbourhood Watch schemes	Area Committee to nominate a Member to liaise with the Neighbourhood Watch Co-ordinator Pauline Syddell to pass on details of those interested and to agree on the best channels of promotion for the area.	Mark Long – Chief Inspector Safer Neighbourhoods
	Parenting classes to support families and build self-esteem (considering accessibility e.g. translation services)	Parenting programmes run regularly across the year from the borough's Children's Centres. Parents are referred to the programmes by professionals. Children and Young People's Service are also proposing to run parent workshops on supporting young children's well being and development as part of the expanded 2 Year Old Programme from September 2013.	Alison Botham – Head of Integrated Working and Family Support Shubhi Raymond – Early Years Inclusion Team Manager
4. Support for Families	Explore feasibility of running Young Mum's coffee mornings or drop-in sessions offering support	All the borough's children's centres run drop in sessions for parents with a timetable of sessions delivered across each Children's Centre cluster.	Ngozi Anuforo – Children's Centres Manager
	Advertise local support groups / activity schemes more widely	Children's centres provide information for parents on groups and activities within each Children's Centre cluster. The Haringey family Information Service website also has information about childcare, play schemes and activities for families.	Ngozi Anuforo – Children's Centres Manager

Priority	Year One Activity 2012/13	Service / Partner Action	Lead Service & Lead Officer Contact
5. Houses of Multiple Occupation (HMOs) / Overcrowding	Take enforcement action against rogue landlords	<p>The HMO work plan is prioritised to ensure limited resource is used effectively. The team therefore prioritise reports against properties that meet the following criteria:</p> <ul style="list-style-type: none"> - 3+ stories - 5 or more people - 2 or more households - Shared facilities <p>The HMO Team respond to all referrals regarding housing conditions in the private sector and take enforcement action in the worst cases.</p>	Steve Russell – Manager, Housing Improvement Team (Private Sector)
	Address inadequate lighting in the alley of Arnold Bennett Way (off the High Road), Tintern Road and Hillside Gardens	The Council is unable to commit to this due to unknown level of funding beyond 2012/13 and that funding has already been allocated to other locations.	Tony Kennedy – Sustainable Transport Manager
6. Public Realm (parks & green space, traffic and connectivity)	Explore feasibility of making the temporary diversions set up to aid the gas works on Hornsey Park Road (opposite Mary Newner Way) permanent to aid congestion	<p>It is unlikely that a one-way system will be considered in Hornsey Park Road as this could potentially lead to an increase in traffic speeds. Surrounding roads would also see a rise in traffic volume. Current streetscape design discourages one way roads as they often serve to bisect communities, raise safety concerns through traffic speeds and volume and are inconvenient to those that live along them. To this end, many one way streets are now being removed.</p> <p>The main purpose of the Mary Newner Way diversion was to enable the regeneration of the Haringey Heartlands site, which may have benefits in terms of relieving traffic on Hornsey Park Road. However, it was not built as a by-pass for Hornsey Park Road and was</p>	Tony Kennedy – Sustainable Transport Manager

Priority	Year One Activity 2012/13	Service / Partner Action	Lead Service & Lead Officer Contact
6. Public Realm (parks & green space, traffic and connectivity)		not designed to cater for the traffic on Hornsey Park Road as well as the traffic from the redevelopment of Haringey Heartlands.	
	Replace Olympic flag outside Wood Green library	The flag was originally given by the London Olympic games Committee with the involvement of Communications Team and Culture Services. Leisure Services will secure a replacement flag by June 2012.	Maria Stephanou – Principal Officer Library Service Delivery
	Tackle dumping / fly-tipping joining on Lordship Lane Explore feasibility of CCTV in fly-tipping hot spots	Neighbourhood Services and Veolia respond to all reported incidents of dumped rubbish. Tackling fly-tipping is a key aim for the Neighbourhood Action Teams. In 2012/13 a new Fly-tipping Strategy will be piloted in Tottenham & Seven Sisters. Learning from this pilot will be rolled out to other areas in 2013/14.	Michael McNicholas – Neighbourhood Action Team Manager
	Monitoring of roll-out of fortnightly refuse collections to ensure residents are happy with new provisions	This will happen as part of new fortnightly collection scheme's evaluation 2012/13. Residents with concerns about the new provisions can call Veolia Contact Centre 020 8885 7700.	Michael McNicholas – Neighbourhood Action Team Manager
	Support community litter picking activity involving residents associations, schools and community groups	Part of new Neighbourhood Action Team's (NAT) role is to build relationships with schools. Schools interested in supporting a litter pick can contact their named local NAT officer who will coordinate support from Veolia (gloves, bins and advice etc). Neighbourhood Services is also developing a Community Volunteers scheme, to be launched 2013/14.	Michael McNicholas – Neighbourhood Action Team Manager
7. Regeneration (Civic Centre and local developments)	Develop a local lettings policy for the Wood Green Area	The Council needs to balance using its own assets to support council services and the capital programme with supporting local businesses. In principle Council policy is to support local business by advice and guidance, networking and signposting and working on strategic	Nick Schlittner – Projects & Policy Officer

Priority	Year One Activity 2012/13	Service / Partner Action	Lead Service & Lead Officer Contact
7. Regeneration (Civic Centre and local developments) (cont.)		infrastructure programmes (development and transport) and advertising its own procurement opportunities. The Council then needs the market to respond to economic development opportunities	
	Introduce a shop frontage improvement programme for Lordship Lane	Such Grant schemes need external funding bids to support them. Council policy is to support local business and community Town Centre Groups to bid for such funds. This has been successful in Green Lanes, Muswell Hill and Tottenham High Rd	
	Encourage inward investment	The Council's Planning Service regularly meets land owners, developers to promote Haringey. The Council supports Haringey Business Board and North London Business and the North London Strategic Alliance to promote Inward Investment	
	Break up proliferation of fast food outlets	During 2012/13 the Council will research policy and strategy mechanisms to do this. Report in 2013/14	
	Market Alexandra Palace as Wood Green's cultural centre to encourage more visitors	This begun in May 2012. Consultation document is now in the public domain Recommended that Wood Green regeneration (including plans for Transport for London improvements) is a future Area Forum Agenda item (June or September 2012) To also consider the development of an Improvement Strategy for Myddleton Road Local Shopping Centre (consultation due July/ August for 6 weeks)	

Priority	Year One Activity 2012/13	Service / Partner Action	Lead Service & Lead Officer Contact
	Introduce and enforce higher design standards for buildings in Wood Green (public and private)	Haringey Design Awards will take place in July 2012. September will see the launch of "Improving Design in Haringey programme". This will include more scrutiny; training and seminars; greater focus on quality materials and modern buildings that are sustainable, complement local character, are functional and that "lift the spirits".	Nick Powell – Head of Carbon Management and Sustainability
	Audit signage and street furniture on the High Street	Neighbourhood Services are happy to provide response to community audits of public space. However, there is not enough resource for Officers to undertake audits on request.	Joan Hancox – Neighbourhood Services
	Advertise licensing process and raise awareness of Council regulatory services and ways to report issues	Recommended that this is a future Area Forum agenda item. Neighbourhood Services will be launching a new "Neighbourhood Services" page in Haringey People highlighting information about reporting processes, collection schedules and enforcement successes.	Joan Hancox – Neighbourhood Services
	Share information and consultation opportunities about Pinkham Way	Frequently Asked Questions about Pinkham Way are updated regularly on the Council's Planning pages of the website.	Nick Powell – Head of Carbon Management and Sustainability
		An update on Pinkham Way was provided at the Area Forum on 17 April 2012.	

AREA PLAN

Priority	Year One Activity 2012/13	Service / Partner Action	Lead Service & Lead Officer Contact
8. Young Adults (17-25 years olds)	Explore the potential for local work experience and / or apprenticeship schemes for young people (with placements available within big businesses, small and medium sized enterprises (SMEs) and Council services)	<p>All of these ideas are being developed through the new Employment Strategy agreed by Cabinet in March 2012. The new Employment Programme (particularly the job creation element where a minimum of 200 new jobs will be created in partnership with businesses) will include skills development plans including apprenticeships leading to Level 2/3 qualifications. The job creation scheme will include a wage subsidy to small and medium sized enterprises (SMEs) to create new jobs for local unemployed people with incentive payments if the job lasts 9 months and 12 months. Young people under 25 will be the primary focus of the programme.</p> <p>Developing an apprenticeship scheme within the Council is also under consideration.</p> <p>Recommended that this is a future Area Forum Agenda item</p>	Martin Tucker – Regeneration Manager, Employment & Skills
9. Young People (8-17 years old)	Develop an activity programme for young people and young adults on Sandlings Estate	<p>Homes for Haringey helped establish a Youth Club (the Sandbunker) on the Sandlings estate. It meets every Friday. Involvement has continued via the Young Advisors Project; integrated projects between old and young e.g. an estate day trip; support for funding bids (£18k achieved over 5 years); establishment of the first Youth Committee in the country.</p> <p>The Council has worked with the youth worker to extend the opening hours and have provided support to complete funding applications. Possibility of continuation with Communities Against Gun, Gangs and Knife Crime funding.</p> <p>There is no current resource base in the Council to fund</p>	<p>Marlon Bruce – Youth Outreach Community Officer, Homes for Haringey</p> <p>Belinda Evans – Head of Youth, Community and Participation</p>
	Deploy detached youth		Belinda Evans – Head of

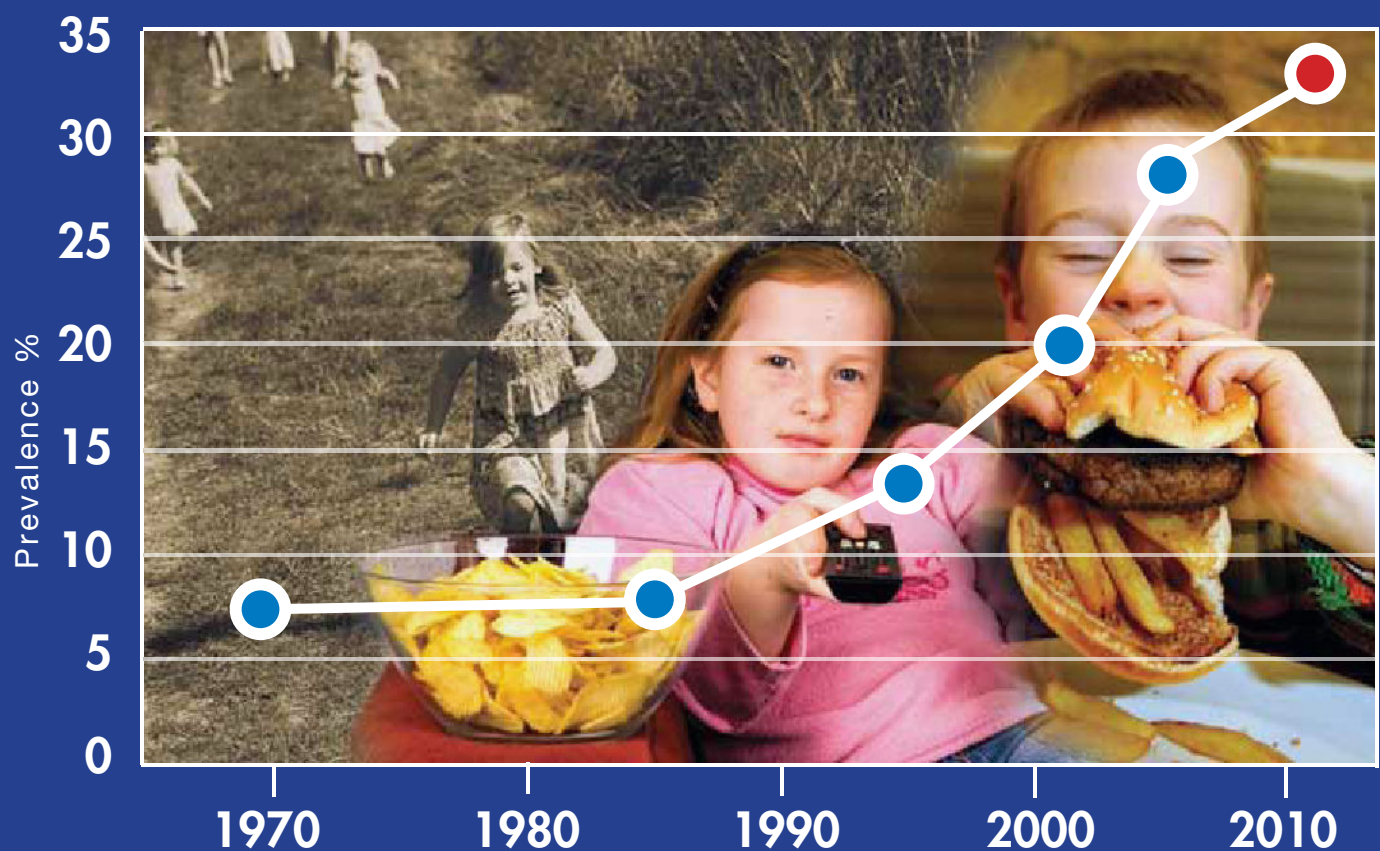

AREA PLAN

Priority	Year One Activity 2012/13	Service / Partner Action	Lead Service & Lead Officer Contact
9. Young People (8-17 years old)	workers with a long-term focus	this area of work.	Youth, Community and Participation
	Promote take up of positive group activities like police Cadets, Brownies and Cubs in primary schools	This can be undertaken in 2012/13 through the Primary Headteachers' Forum.	Belinda Evans – Head of Youth, Community and Participation

2012 Annual public health report

All food and no play... are Haringey's children healthy?

The rising prevalence of obesity in England

Children: all food and no play?

Things have changed a lot since the 1970s when few children were overweight. Now, many children have easy access to sugary fizzy drinks and food that is high-energy, such as fast foods and sweets. At the same time, many are less physically active with fewer children riding bikes to school or playing games outside – watching TV and playing computer games now dominate.

Because of these changes in lifestyle, the amount of calories (energy) children eat or drink has increased dramatically, and the amount they use up has decreased. Getting this energy balance right in children is more complex than in adults because they also need energy to grow. But any excess energy becomes fat. Childhood obesity is the result of this imbalance.

Why is overweight unhealthy?

Childhood obesity is a ticking health time-bomb. Overweight children are more likely to have poor self-esteem, feel depressed and be bullied. They are also at risk of becoming overweight adults. By 2050 when today's children are adults it is predicted that on current trends two-thirds of them will be very overweight (obese).

Very overweight adults will die on average nine years younger than someone of normal weight as they are very much more likely to get heart disease, cancer and diabetes. As obesity is higher in poorer areas, including many parts of the east of Haringey, this contributes to health inequalities and the marked gap in life expectancy between the east and west of the borough.

Haringey's children

In Haringey, childhood obesity levels are higher than the England average: more than 1 in 5 children aged between four and five years are overweight or very overweight (obese). This rises as children get older, with more than 1 in 3 children aged between ten and eleven years overweight or very overweight.

Children living in the east of the borough are more likely to be overweight. Overweight is more common in Black and minority ethnic communities.

- **increasing the skills of healthcare professionals** through training, to enable them to work with families who have concerns about their child's weight

The NHS campaign, Change4Life, offers ideas and help to make the many small changes that add up to a happier, healthier future. As part of Change4Life, you receive free information, recipes, tools, tips, and games for your children. Find out more at www.nhs.uk/change4life

What are we doing about overweight?

Childhood obesity needs to be tackled on many levels, from national work to limit advertising directly to children, to our local actions. The approach needs to work with individuals and with our diverse communities.

We need to prevent our children becoming overweight from an early age. We are:

- **supporting women to breastfeed**
Haringey is working towards Baby Friendly Accreditation
- **promoting a balanced diet for families**
with the Healthy Start Scheme, eligible families receive vouchers for fruit and vegetables
- **helping families with breastfeeding, healthy weaning, healthy eating and active play** by giving vulnerable families information and advice through the Healthy Child Programme
- **encouraging schools to promote healthy eating and physical activity** through the Healthy Schools programme
- **promoting sport and organising competitions between schools** with the Schools Sports Partnership

What more can we do?

What other ideas for action do you have?

Email: sheena.carr@haringey.gov.uk

Dear all,

Public health is on the move

From April 2013, after 40 years of NHS leadership, responsibility for the public health of a community moves back to the local authority. Haringey is moving quickly to ensure we don't falter in our work to tackle poor health and health inequalities in the borough. We will seize the opportunities provided by this change to strengthen our impact.

The role of the Director of Public Health (DPH) has existed in various forms for around 100 years, providing senior leadership within the NHS and local government. From next year the DPH will be responsible for strengthening connections across the whole local public sector to improve the health of the population from within councils.

Everyone has the right to enjoy the best health possible, but those in the poorest parts of Haringey are not only more likely to die young but they are also more likely to spend more of their shorter lives unwell. I will be working to ensure that we make improving health and reducing health inequalities everybody's business.

Improving Haringey's health and wellbeing

Haringey was one of the first boroughs to set up a new Health and Wellbeing Board with the vision:

'A Healthier Haringey. We will reduce health inequalities through working with communities and residents to improve opportunities for adults and children to enjoy a healthy, safe and fulfilling life.'

Based on an assessment of the most pressing health and social care needs in the borough, the Board developed a strategy to achieve its vision, prioritising:

1. giving every child the best start in life
2. reducing the gap in life expectancy between the west and east of the borough
3. improving mental health and wellbeing.

We also know that to reduce health inequalities we must focus not only on health, but also on the wider determining factors of poverty and deprivation – housing, education and employment.

This annual public health report takes a more detailed look at reducing childhood obesity. One of our priorities in giving every child the best start in life is ensuring that our children are eating well, having fun, being active and a healthy weight.

What can you do?

The issue of childhood obesity should be of great concern to us all. I would like to hear any thoughts or ideas you may have about how we can, as a community, help our children enjoy a healthy weight that sets them up for a healthy future. Get in touch with me using the e-mail address below, I look forward to your feedback.

Jeanelle de Gruchy

Dr Jeanelle de Gruchy
Director of Public Health

one **Borough**

ONE FUTURE FUND

got a big idea?

Guidance Notes

About the One Borough One Future Fund

The pioneering One Borough One Future Fund was established in February 2012 by Haringey Council to challenge the whole borough to identify innovative approaches to our services, operate more efficiently, and focus on delivering the best outcomes for our community.

We are looking for imaginative ideas from anyone with an interest in Haringey, to help us create new and dynamic services to better serve our residents. As a borough we face significant inequality, with high levels of poverty, homelessness and unemployment. One Borough One Future aims to encourage **social and economic innovation** to **help tackle the biggest issues in the borough**.

The Council has created a £1.2 million fund, to which applicants can bid. Applications can be for any amount of funding for a duration of 12-24 months, and we expect that a minimum of four projects will receive funding.

What are we looking for?

In the face of increasingly tight budgets, we remain determined to adapt to changing times and changing demands. We want to harness the wealth of ideas that exist.

The One Borough One Future Fund will support projects which will:

-  Reduce inequality
-  Meet needs which aren't currently being met
-  Offer a more efficient approach to deliver our objectives
-  Put the needs of residents at the heart of the process
-  Offer value for money
-  Be sustainable and self-sufficient

We expect to see innovative ideas that suggest radical changes to existing services and working practices, or the introduction of new services which deliver through different mechanisms - such as cooperatives or social enterprises. We would also like to see ideas come forward that re-imagine the role of the council, the community, local partners and stakeholders.

Eligibility

We welcome applications from anyone with an interest in Haringey – residents, community and voluntary groups, statutory partners, public sector organisations, local businesses, council staff and elected representatives. We particularly welcome joint bids that cross organisation or sector boundaries.

Applicants do not have to be based in Haringey, as long as the proposal will be of benefit to the borough.

How to apply and deadlines

You can apply by:

- Completing the application form online at www.haringey.gov.uk/oneborough
- Downloading the application form, and sending your completed form:
By email to 1b1f@haringey.gov.uk
By post to:
One Borough One Future Fund
Haringey Council
FREEPOST
NAT 20890
PO Box 264
London N22 8BR

1. One Borough One Future will open for applications on 31 May 2012.
2. The deadline for the first stage of applications is 12pm on 13 July 2012.
3. A decision will be taken on which applications will be shortlisted to the second stage by 31 July 2012.
4. Shortlisted applications will be supported to develop their detailed business case and invited to present to the Panel in September 2012.
5. A final decision will be taken on which projects receive funding in October 2012.

Who are the Innovation Panel?

An Innovation Panel has been set up to consider applications to the One Borough One Future Fund.

For more information on the panel members, visit www.haringey.gov.uk/oneborough

It will be the decision of the Innovation Panel whether to allocate all of the £1.2 million funding in 2012.

How to complete the form

section 1 About You

Provide details for the main contact associated with the application.

Question 2 – We want to know a bit more about you as an individual or organisation. How do you go about developing a new idea? What types of projects have you been involved with?

section 2 About Your Idea

Questions 1-5 have a limit of 200 words.

Question 2 – Provide information on how far you have progressed your idea. Is it a brand new idea that you have just developed? Have you tested it out yet? Don't worry what stage your idea is at, we are only asking because it is useful to know.

Question 6 – Provide approximate start and end dates for the initiative. One Borough One Future is intended to fund initiatives for 12-24 months.

Question 7a – Provide the total amount of funding that you are requesting. There is a total of £1.2million funding, and we expect to fund at least four projects.

Question 7b - Provide a brief outline of what the funding would be used for.

Questions 7c and 7d - This is not a requirement, and it won't negatively affect your application either. It is just useful for us to know this information.

Question 8 - Is there any other support you might need in order to develop your idea? This may be something that we can organise.

section 3 The Key Criteria

All applications should suggest initiatives that meet the following 6 key criteria. These criteria will be the basis on which the panel select bids to progress to the second stage.

Meet needs which aren't currently being met

Our services must adapt to changing times and the changing demands of our community. Services that were designed several years ago may no longer be the best way to deliver the best outcomes for our residents.

We are looking for ideas that will help to address unmet needs or gaps in our service delivery. Applications should set out the needs of the community that are being addressed, and the outcomes that the idea would deliver.

Offer a more efficient approach to deliver our objectives

Ideas should be focused on delivering objectives, rather than improving processes. The starting point for all ideas should be how a final outcome can be reached via a new efficient method, rather than trying to improve an existing process.

We are looking for challenging ideas that suggest innovative changes to existing services and working practices, or the introduction of new services which deliver through different mechanisms. We would like to see ideas come forward that re-imagine the role of the council, the community, local partners and stakeholders. Applications should clearly set out how the idea differs from the status quo.

Put the needs of residents at the heart of the process

We need to go back to basics, and make sure everything we do has our residents at the heart of the process.

Applications should outline how the idea makes sure residents are the focal point of our services. Who are the residents that your idea is targeted at? What are their interests and needs? How is your idea going to change their lives for the better? How can they be involved in developing and/ or delivering services?

Reduce inequality

Across the borough, Haringey faces significant inequality with high levels of poverty, homelessness and unemployment. Applications to One Borough One Future should be ambitious about tackling inequality, by improving services for our most disadvantaged residents. Applicants may outline the groups and approximate number of people their idea would be likely to work with.

Offer value for money

We are looking for ideas that offer a more creative, cost-effective way to achieve our outcomes. The application should outline an estimate of the financial savings your initiative may deliver over its duration, in comparison to what currently exists.

We know that not everything will be about the numbers. The application also needs to identify what the non-financial benefits of your idea are.

Be sustainable and self-sufficient

Through the One Borough One Future Fund, we are providing initial funding to get initiatives up and running. We are looking for ideas that can be self-sufficient after that, and the application should clearly set out how this will be possible.

7. When will a decision be made on the applications?

The deadline for the first stage of applications is 13 July 2012. An announcement will be made by 31 July which applications have been shortlisted to the final stage. Shortlisted applications will be supported in developing a more detailed business case for their idea, and invited to present this to the Panel in September 2012. A final decision will be taken on which projects receive funding in October 2012.

8. Is there a maximum and a minimum amount I can apply for?

There is no maximum or minimum amount, however we expect that at least four projects will receive funding from the total £1.2million fund.

frequently asked questions

1. I am based outside Haringey. Can I apply?

Yes, we will accept applications from outside Haringey, provided that the organisation or individual can demonstrate an interest in Haringey and that the proposal will be of benefit to the borough.

2. Do I need to be part of an organisation to apply?

No, but your application must make it clear which organisations may be involved with project delivery.

3. We have already received some funding to run this project. Can I apply?

If you have already received some funding to help with your idea, you can still apply to One Borough One Future so long as you meet our criteria. Please provide details on your other funding in Section 2, question 7.

4. Can I make more than one application?

Yes – the more ideas the better!

5. Can I attach further information to my application form?

Only the completed application form will be considered by the Innovation panel when assessing bids.

6. Who decides which applications are successful in receiving funding?

An Innovation Panel will consider and judge applications to the One Borough One Future Fund. Full details of membership can be found at www.haringey.gov.uk/oneborough.

further help

Not sure how to estimate the financial savings for your idea? Got a question about sustainability?

If you require any help or information in order to write your application, please contact us at 1b1f@haringey.gov.uk or phone 020 8489 2964.

2. Tell us more about you

In under 200 words tell us about you and how you go about developing new ideas. You may wish to give examples of some projects you have been part of.

section 2

About Your Idea

1. Describe your idea

In under 200 words, please tell us what your idea is.

2. What stage is your idea at?

In under 200 words, tell us how far your idea has been progressed.

3. What will be achieved?

In under 200 words, tell us what benefits you expect to happen as a result.

4. Who will be responsible for delivery?

Please provide information on which organisations may be involved in delivering the initiative.

5. How will you measure your success?

In under 200 words, tell us how we will know if your idea is successful.

6. What would be the timescale for your idea to be delivered?

Start

Finish

7a. How much funding are you applying for?

£

7b. Briefly, what would you plan to spend the money on?**7c. Are you already in receipt of funding from Haringey Council?**

☐ Yes

☐ No

(This won't affect your application, it is just good to know.)

7d. Do you have any other funding arranged for part of your idea?

☐ Yes

☐ No

(This won't affect your application, it is just good to know.)

8. What additional support might you need to develop your innovation?

section 3

The Key Criteria

In under 200 words for each, please outline how your idea will meet our 6 key criteria:

1. Reduce inequality

2. Meet needs which aren't currently being met

3. Offer a more efficient approach to deliver our objectives

4. Put the needs of residents at the heart of the process

5. Offer value for money

6. Be sustainable and self-sufficient

MINUTES OF THE WOOD GREEN AREA FORUM AND COMMITTEE
TUESDAY, 17 APRIL 2012

Present: Christophides (Chair), Cooke, Demirci, Egan, Gibson, Meehan, Stewart, Strickland and Waters

MINUTE NO.	SUBJECT/DECISION	ACTON BY
WGAC69	<p>MINUTES</p> <p>RESOLVED</p> <p>That the minutes of the meeting held on 17 April 2012 be agreed as an accurate record.</p>	
WGAC70	<p>AREA PLAN</p> <p>The Committee considered the draft Wood Green Area Plan setting out the areas priorities for 2012/13 and centred on a number of key concerns including community health, regeneration and young people. Members expressed concern that the tabling of the Area Plan document at the meeting had prevented the Committee and attendees of the Forum from having sufficient time to read and comment on the document. Officers apologised for the late distribution of the papers and the Assistant Director of Planning agreed to raise the issue at the next Place and Sustainability directorate management team meeting. Additionally, it was emphasised that the version of the Area Plan provided was not the final draft and that Members still had the opportunity to make amendments. The final version would be provided for sign off at the next Committee meeting in June.</p> <p>The Committee provided general comments that the Plan should be more concise and clearly aligned with the priorities of the Forum and to operate as a more aspirational document for the area. It was also requested that air quality be included as an issue for future focus within the Plan.</p>	AD Planni ng
WGAC71	<p>TO NOTE DATES OF FUTURE MEETINGS AND DISCUSS VENUES AND AGENDA ITEMS</p> <p>The next meeting was scheduled for 19 June and would be held if possible at a venue in Woodside ward. Potential themes for the meeting were discussed and it was proposed that the regeneration of Wood Green could be a suitable topic. The meeting could potentially be run as a workshop session covering the various plans and schemes currently in development for the town centre area such as the Town Centre Strategy and plans to improve the streetscene and transport arrangements on the High Road etc. It was recognised however that this would be dependant on the timetabling for these key pieces of Council work and as a result that this might need to be deferred to a meeting later in the year.</p> <p>The Committee discussed a number of issues that had been raised during the Forum and confirmed further actions. Cllr Strickland agreed to seek clarification on the allocation of tickets via Ticketmaster for the</p>	Cllr Strickl

TUESDAY, 17 APRIL 2012

	Olympic Torch event at Alexandra Palace as it had been suggested during the Forum that other boroughs had managed to ringfence their allocations to borough residents. Cllr Strickland would also check the feasibility for large screens showing the Olympics to be erected in public spaces in the borough such as Ducketts Common.	and Cllr Strickl and
WGAC72	<p>ANY OTHER BUSINESS OF AN URGENT NATURE</p> <p>The Committee were advised of a £450 underspend to the Making the Difference funds allocated to the area to support local community projects. The Chair had sought the views of attendees during the Forum part of the meeting on how the surplus money should be allocated. Two suggestions had been put forward: allocating further funds to Parkside Malvern Resident's Association for their Community Garden Project and the re-instatement of Dolly Popes plaque to the bench outside Wood Green bus garage.</p> <p>RESOLVED That the Chair approve the final allocation of the underspend to the two projects proposed above.</p>	Chair
