

Report for: Environment and Community Safety Scrutiny Panel

Item number:

Title: Crime Performance Statistics (Haringey)

Report authorised by : Stephen McDonnell, Director of Commercial & Operations

Lead Officer: Eubert Malcolm, Head of Community Safety & Enforcement

Ward(s) affected: Key crime wards

**Report for Key/
Non Key Decision:** Non key-decision

1. Describe the issue under consideration

- 1.1 This report should be read in conjunction with the presentation attached as Appendix A. The presentation shows Haringey's performance against the Mayor's (MOPAC) Police and Crime Plan (PCP) key priorities, as well as measures of confidence and satisfaction in policing. Statistics on crime in Parks have also been included.
- 1.2 The presentation outlines areas of concern and/or where performance is out of kilter with the London average. Other areas covered are critical locations and emerging problems. Officers will share mitigation ideas and key points at the Scrutiny Panel meeting.
- 1.3 Members should observe that Haringey is performing well in relation to knife injury victims aged under 24. The borough is however performing less well in the areas of personal robbery, firearm discharges, non-domestic abuse violence with injury and hate crime. In addition, confidence and satisfaction in policing whilst recently improving still remains is a significant challenge for the borough.

2. Cabinet Member Introduction

- 2.1 I am pleased to note that the partnership work that has taken place over the past year has continued to have a positive contribution to some of the key priority crime types, particularly knife crime injuries to young people. There are still a number of key areas, however, that are challenging for the borough and will require us to continue to work together to tackle, particularly around community confidence and satisfaction.
- 2.2 I look forward to working with all partners to build on our good work and to address the challenges going forward, and I look forward to hearing from

policing colleagues on their suggestions for approaches we can take to reduce risk and harm, particularly for the most vulnerable members of our community.

3. Recommendations

- 3.1 That the Panel note the content of the Crime Performance Statistics pack, which highlights areas of challenge: These are: personal robbery, firearm discharges, non-domestic abuse violence with injury, hate crime and confidence and satisfaction in policing.

4. Reasons for decision

6. Background information

- 6.1 Haringey has a signed agreement with the Mayor's Office for Policing and Crime to contribute to tackling the Mayor's priority crimes. The agreement is accompanied by a grant of £781K for 2017/18 which is allocated across five areas: Drug treatment intervention to reduce reoffending; Integrated Offender Management; an integrated Gang Exit Programme; Advocacy and support to victims of domestic violence; Cross-borough support to ASB victims and witnesses (Haringey and Enfield).
- 6.2 MOPAC are reducing the current funding envelope by 33% from 2018/19, to £518K for Haringey. This funding reduction will be spread evenly over each of the five areas. There are opportunities to access some of the remaining funding via MOPAC's co-commissioned projects. Haringey will be accessing two of these projects: Out-There Response and Rescue (tackling exploitation of young people by organised criminals), and Advance Minerva (wrap around support services for female offenders). Further potential co-commissioning opportunities are also being discussed at present with MOPAC.
- 6.3 Quarterly returns are required which give considerable detail about our expenditure and performance to date. Haringey has an excellent reputation for compliance on both fronts.
- 6.4 Performance monitoring occurs in between Community Safety Partnership board meetings and attendance includes the holders of KPIs, the budget holders and statutory partners such as the police.

7. Contribution to strategic outcomes

- 7.1 This work contributes to the Mayor of London's Policing and Crime Strategy; Haringey's Corporate Plan priority 3 and the Haringey Community Safety Strategy. It will also help to shape Haringey's forthcoming new Borough Plan,

as well as the Knife Crime Action Plan and the refreshed Community Safety Strategy.

7.2 Officers and partners work strategically across related work areas and boards such as Youth Offending, Safeguarding Children and Adults, Health and Wellbeing, Tottenham Regeneration, Early Help and the Community Strategy.

8. Statutory Officers comments (Chief Finance Officer (including procurement), Assistant Director of Corporate Governance, Equalities)
n/a

Finance and Procurement

The reduction in MOPAC funding may potentially lead to capacity issues, however, this can be mitigated to some extent through the co-commissioning projects, of which Haringey will be involved in at least 2 projects and by realigning resources across the system to build capacity.

Equality

There is an inherent impact on equalities of much of our community safety work and this is presented and discussed at the Community Safety Partnership meetings. This includes the peak age of offending being between 16 and 24; a very high percentage of young black males (mostly of African-Caribbean origin) involved in gangs (approx. 80%); the impact of domestic and sexual violence on women and girls; high concentrations of crime occurring in areas of deprivation; and vulnerable individuals and communities becoming victims of hate crime.

This report considers the areas of challenge in direct correlation with the impact on victims, especially vulnerable victims. In this respect, significant attention is being given to the disproportionate impact.
