

Report for: Regulatory Committee October 18 2018

Title: North London Waste Plan

Report authorised by: Helen Fisher, Director, Housing Regeneration and Planning

Lead Officer: Matthew Patterson

Ward(s) affected: All

**Report for Key/
Non Key Decision:** Key

1. Describe the issue under consideration

The seven North London Boroughs of Barnet, Camden, Enfield, Hackney, Haringey, Islington and Waltham Forest (“the North London Boroughs”) are working together to produce the North London Waste Plan (‘NLWP’). The NLWP will cover the period 2017 to 2035 and, once adopted, it will form part of the statutory Development Plan for these areas.

The purpose of the NLWP is firstly to ensure there will be adequate provision of suitable land to accommodate waste management facilities of the right type, in the right place and at the right time up to 2035 to manage waste generated in North London; and secondly to provide policies against which planning applications for waste development will be assessed, alongside other relevant planning policies/guidance.

2. Recommendations

- 2.1 That Regulatory Committee notes the contents of the North London Waste Plan and Associated documented in the appendices and puts forward any comments it may have for consideration at Cabinet.
