

Report for: Regulatory Committee October 18 2018

Title: Annual Monitoring report 2017/18

Report authorised by: Helen Fisher, Director, Housing Regeneration and Planning

Lead Officer: Matthew Patterson

Ward(s) affected: All

**Report for Key/
Non Key Decision:** Key

1. Describe the issue under consideration

The Authority Monitoring Report (AMR) is used to assess the effectiveness of Haringey's planning policies and to inform any future revisions to policies or their implementation.

This AMR covers the monitoring period 1st April 2017 to 31st March 2018. This is the fourth AMR prepared since the Corporate Plan 2015-18 was published. Therefore, in addition to covering planning policy performance the AMR will also engage with the priority outcomes covered by the service that are reflected in the Corporate Plan. This will help to set a framework for future reporting, where further opportunities for alignments with the Corporate monitoring process can be explored.

2. Recommendations

2.1 That Regulatory Committee notes the contents of the Annual Monitoring Report 2017/18 at Appendix A and puts forward any comments it may have for consideration at Cabinet.
