6. Description

6.1 The Panorama room was erected in 2000 to provide additional space for events. It remains a popular facility providing a flexible space which accommodates events which

are too small for the larger halls and provides ancillary space to service the larger events.

6.2 The existing planning permission reference HGY/2000/1446 for a marquee on the site of the SW wing (the panorama room) has as condition One a clause requiring the removal of the marquee in April 2006.

6.3 This application seeks to vary condition one of the existing planning permission and associated listed building consent to effectively extend the permission for the existing marquee structure for a further five years from April 2006 to April 2011.
