- ■Lethal barrelled firearm discharges in Haringey have decreased year on year by 19.5%. London has increased by 12.3% over this same period.
- ■This is a notable improvement from mid-2018, during which significantly higher volumes of firearms discharges occurred.
- •Firearm related incidents mostly occur to the East of the borough, and show some correlation with known gang linked areas. Offences also demonstrate some geographical clustering.

- ■Non-domestic VWI offences have decreased in Haringey by 7%, which is larger than the London-wide decrease of 2%.
- A significant proportion of incidents occur in busy locations, such as shopping centres, transport hubs and key thoroughfares.
- Some incidents are also linked to retail/night time economy related issues, including when individuals have been refused entry to shops or bars/pubs and subsequently attacking staff/security.

Summary

- Several areas of positive performance
- Current MOPAC Police and Crime Plan priorities (Robbery and Non-DA VWI) continue to be highvolume and high risk
- Challenges include :
 - Responding to Robbery and Weapon Enabled Crime
 - Continuing to tackle vulnerability, including Domestic Abuse and Youth Violence
