Environment and Community Safety Scrutiny Panel - Work Plan 2018-19

<table>
<tr><td colspan="3">1. Scrutiny review projects; These are dealt with through a combination of specific evidence gathering meetings that will be arranged as and when required and other activities, such as visits. Should there not be sufficient capacity to cover all of these issues through in-depth pieces of work, they could instead be addressed through a "one-off" item at a scheduled meeting of the Panel. These issues will be subject to further development and scoping. It is proposed that the Committee consider issues that are "cross cutting" in nature for review by itself i.e. ones that cover the terms of reference of more than one of the panels.</td></tr>
</table>

Project	Comments	Priority
Supporting Better Access to Parking for Disabled People and Blue Badges	The review will examine the barriers faced by disabled people in getting and using a blue badge. The review will also try to examine how they find accessing parking services and where could improvements be made to this service (that sit within the remit of the Council). In doing this it will consider: • What are residents' experiences of accessing and using a Blue Badge; • How can the process of issuing Blue Badges and replacement Blue Badges be improved? What, if any, are the delays involved in the process? Is there scope for issuing temporary Blue Badges; • What do disability organisations say about our Blue Badge and disabled parking services? How accessible is our parking services interface; • How helpful is our written correspondence to residents around Blue Badges.	
Reducing the amount of plastic/developing a plastic free policy.	Examining the Council's recycling performance around plastic waste and seeing what more could be done to reduce the use of plastics. What could the Council do to lead by example in this area. • Examine the Council's current position in relation to plastic waste and what other boroughs are doing around this issue. In order to do this, the Panel will look at the Council's current recycling policy in relation to different types of plastic.	

	• Examine how the Council could reduce plastic waste and increase its recycling performance, looking at innovative ideas from across the sector. • Examine how the Council could interact with the young people within our borough to positively change behaviour. What could be done to assist schools to reduce the amount of plastic waste? Is there scope for the Council to develop a plastic free pledge for schools to sign up to? • Examine the how the Council can develop a plastic-free policy and what other measures the Council could undertake to lead by example.	

Date of meeting	Potential Items
13th September 2018	• Cabinet Member Questions; Communities, Safety and Engagement (to cover areas within the Panel's terms of reference that are within that portfolio). • Membership & Terms of Reference. • Appointment of Non-Voting Co-opted Member. • Service Overview and Waste, recycling and street cleansing data. • Work Programme: To agree items for the work plan for the Panel for this year. • Review of Fear of Crime: Update on implementation of recommendations.
