## Impact / non-financial benefits and disbenefits

What is the likely impact on customers and how will negative impacts be mitigated or managed? List both positive and negative impacts. Where possible link these to outcomes (please refer to relevant Borough Plan 2019-23 objectives and outcomes)

### Positive Impacts

The councils assest are being utilised to meet the Borough Plan objectives and buildings are being maintained at no cost to the council.

#### **Negative Impacts**

None

What is the impact on businesses, members, staff, partners and other stakeholders and how will this be mitigated or managed? How has this been discussed / agreed with other parties affected? List both positive and negative impacts.

Positive Impacts

In terms of partners they will have access to buildings to contiue or grow their business or community or sporting objectives in line with the Borough Plan and the emerging Parks Strategy.

## Negative Impacts

The Parks service is very stretched and is struggling to match its resources to the expectation of good quality parks in the borough. This income would have funded a 0.6FTE in the frontline service.

How does this option ensure the Council is able to meet statutory requirements?

The parks service is non statutory with the exception of the Allotment Service.
