Report for Key/

Non Key Decision: Non key-decision

1. Describe the issue under consideration

- 1.1 This report should be read in conjunction with the presentation attached as Appendix A. The presentation shows Haringey's performance against the Mayor's (MOPAC) Police and Crime Plan (PCP) key priorities, including knife crime and firearms discharges.
- 1.2 The presentation outlines areas of concern and/or where performance is out of kilter with the London average. Other areas covered are critical locations and emerging problems. Officers will share mitigation ideas and key points at the Scrutiny Panel meeting.
- 1.3 Members should observe that Haringey has experienced large reductions in most crime types since March 2020. Overall crime in Haringey has decreased by 7.6% in the past year, which is larger than the London-wide decrease of 5.8%.

2. Cabinet Member Introduction

- 2.1 I am pleased to note that the partnership work that has taken place over the past year has continued to have a positive contribution to some of the key priority crime types, particularly knife injuries and overall non-domestic violence with injury. There are still a number of key areas, however, that are challenging for the borough and will require us to continue to work together to tackle, particularly around community confidence and satisfaction.
- 2.2 I look forward to sharing my thoughts and priorities with the Environment and Community Safety Scrutiny Panel and working with all partners to build on our good work and to address the challenges going forward. I also look forward to hearing from policing colleagues on their suggestions for approaches we can take to reduce risk and harm, particularly for the most vulnerable members of our community.

3. Recommendations

- 3.1 That the Panel note the content of the Crime Performance Statistics pack, which highlights areas of positive performance, but also, challenging areas.

6. Background information

- 6.1 Haringey has a signed agreement with the Mayor's Office for Policing and Crime to contribute to tackling the Mayor's priority crimes. The agreement is accompanied by a grant of £518K for 2018/19, £553K for 2019/20 and £553K for 2020/21. This is allocated across five areas: Drug treatment intervention to reduce reoffending; Integrated Offender Management; an integrated Gang Exit Programme; Advocacy and support to victims of domestic violence; Cross-borough support to ASB victims and witnesses (Haringey and Enfield).
- 6.2 The London Crime Prevention Fund (LCPF) was established in 2013, bringing together a number of funding streams that had existed before MOPAC was set up. The fund ran from 2013/14 to 2016/17 in line with the Police and Crime Plan. These arrangements ended in March 2017.
- 6.3 In 2016, the Deputy Mayor for Policing and Crime made a commitment to sustain the LCPF budget at £72m for a further four years (2017/18 to 2020/21), despite cuts to the overall policing budget. It was outlined in that decision that the fund would be split between direct borough funding and the co-commissioning fund, with direct funding allocated by a need and demand formula.
- 6.4 Quarterly returns are required which give considerable detail about our expenditure and performance to date. Haringey has an excellent reputation for compliance on both fronts.
- 6.5 Performance monitoring occurs in between Community Safety Partnership board meetings and attendance includes the holders of KPIs, the budget holders and statutory partners such as the police.

7. Update on the Turnpike Lane Joint Strategy Working Group

- 7.1 Following the last local election the new administration took a keen interest in Turnpike Lane and set up the 'Turnpike Lane Joint Strategy Working Group' (TPLG), comprising of a number of stakeholders and chaired jointly by Cllr Sarah James and Cllr Khaled Moyeed represent Harringay and Noel Park wards.
- 7.2 The inaugural meeting of the group took place on 20th September 2018. The purpose of the TPLG was to agree and oversee the delivery of a Turnpike Lane Improvement Plan. The plan will set out a series of short, medium and

long-term interventions, to improve the physical, environmental and socio-economic state of Turnpike Lane for the benefit of the local traders, residents and the wider community.

- 7.3 The Group has been receiving regular updates from the Council about the rollout of the CCTV capital programme as well as operational updates from local Police. The next meeting of the group is scheduled for 9th September 2020 at 6pm.
- 7.4 The working group membership is made up of the following stakeholders:
- Harringay and Noel Park ward members
 - Cabinet member for 'Local Investment and Economic Growth'
 - TPL Traders Association
 - The Police
 - Local residents and landlords
 - Friends of Ducketts Common
 - Other interest groups

8. Contribution to strategic outcomes

- 7.1 This work contributes to the Mayor of London's Policing and Crime Strategy, Haringey's Corporate Plan priority 3 and the Haringey Community Safety Strategy. It will also help to shape Haringey's Borough Plan, Young People at Risk strategy, as well as the Violent Crime Action Plan and the refreshed Community Safety Strategy.
- 7.2 Officers and partners work strategically across related work areas and boards such as Youth Offending, Safeguarding Children and Adults, Health and Wellbeing, Tottenham Regeneration, Early Help and the Community Strategy.

Finance and Procurement

Quarterly LCPF returns are required which give considerable detail about our expenditure and performance to date. Haringey has an excellent reputation for compliance on both fronts.

Equality

There is an inherent impact on equalities of much of our community safety work and this is presented and discussed at the Community Safety Partnership meetings. This includes the peak age of offending being between 16 and 24; a very high percentage of young black males (mostly of African-Caribbean origin) involved in gangs (approx. 80%); the impact of domestic and sexual violence on women and girls; high concentrations of crime occurring in areas of deprivation; and vulnerable individuals and communities becoming victims of hate crime.

This report considers the areas of challenge in direct correlation with the impact on victims, especially vulnerable victims. In this respect, significant attention is being given to the disproportionate impact.
