

## Housing and Regeneration Scrutiny Panel

### Work Plan 2020 - 21

<p><b>1. Scrutiny review projects;</b> These are dealt with through a combination of specific evidence gathering meetings that will be arranged as and when required and other activities, such as visits. Should there not be sufficient capacity to cover all of these issues through in-depth pieces of work, they could instead be addressed through a “one-off” item at a scheduled meeting of the Panel. These issues will be subject to further development and scoping. It is proposed that the Committee consider issues that are “cross cutting” in nature for review by itself i.e. ones that cover the terms of reference of more than one of the panels.</p>		
<b>Project</b>	<b>Comments</b>	<b>Status</b>
High Road West	<p>This scrutiny review was established to examine the proposals for the High Road West regeneration scheme in north Tottenham and to provide the Cabinet with evidence-based recommendations on ensuring a future development that meets the needs and aspirations of residents, businesses and the wider community.</p> <p>Site visits took place in Nov and Dec 2019 and the Panel held a number of evidence sessions in Feb &amp; Mar 2020 with Council officers and with local residents, businesses, community organisations and residents associations.</p> <p>The Review was suspended due to the Covid-19 pandemic and is expected to resume shortly.</p>	In progress
