

Adults and Health Scrutiny Panel

Work Plan 2020 - 21

<p>1. Scrutiny review projects; These are dealt with through a combination of specific evidence gathering meetings that will be arranged as and when required and other activities, such as visits. Should there not be sufficient capacity to cover all of these issues through in-depth pieces of work, they could instead be addressed through a “one-off” item at a scheduled meeting of the Panel. These issues will be subject to further development and scoping. It is proposed that the Committee consider issues that are “cross cutting” in nature for review by itself i.e. ones that cover the terms of reference of more than one of the panels.</p>		
Project	Comments	Status
Adult Social Care commissioning	<p>This scrutiny review was established to examine the process behind commissioning decision-making including the overall strategic approach to commissioning, how decisions are tracked and measured, what key performance indicators are used, how return on investment is calculated and what criteria are used for tendering decisions.</p> <p>The Panel held an initial briefing session with Council officers in November 2019 followed by a number of evidence sessions with Council officers and external witnesses from January 2020 to March 2020.</p> <p>The Review was suspended in March 2020 due to the Covid-19 pandemic. Final evidence sessions are planned for March/April 2021.</p>	In progress
