Subject: FW: Application for a Premises Licence -Elsie's Cafe, 10 Priory Road, Hornsey, London N8 7RD (WK/496470)

Licensing Authority Representation = Elsie Café 10 priory Road N8

The premises in question sits amongst a row of terraced shops with residential above. There is a wide forecourt area that is shown to be private land but the Highways Authority say there are dedicated public right of way across part of this area. Whilst the application is not seeking to have the external frontage area used to offer licensable activity, the area remains on the plan and is shown as part of the overall premises. In this regard there is a need to ensure that the licensable activities are adequately provided for.

The use of the external frontage area will need to ensure that there is a clear unobstructed right of way across the dedicated highway for pedestrians. We propose the following conditions:

A clear access across the area that is public highway to be maintained for pedestrians.

The forecourt area is not to be used for licensable activities.

The licence holder shall ensure that the outside areas of the premises are monitored so

as to ensure there is no crime, disorder, public nuisance or obstruction of the public highway.

The Licensee shall implement a policy for dealing with customers who engage in crime or disorder within or outside the premises.

The licensee shall install monitors within the staff cashier counter areas with live CCTV footage from inside the premises and the forecourt area. Footage to be kept for 31 days and access to footage to be made available on request by Licensing Officers or Police.

The road at the rear is not to be used by patrons to access the premises, so as to avoid disturbance to residents

Many thanks

Phil
