Borough Plan 2019 - 2023

Outcome 12 – A safer borough

- Improving community confidence and reduce fear of crime
- Reduce number of victims and perpetrators of crime and reduce the serious harm experience by victims
- Reduction in the number of young people entering the criminal justice system

Young People at Risk Strategy
2019-2023

Young People at Risk Strategy 2019 - 2023

- Commitment to reducing youth violence
- Multi-agency VCS led response
- Cuts across the five strategy areas

Haringey Community Gold

Haringey Community Gold continues to support Haringey young people at risk of exclusion and those involved in or on the periphery of criminality.

A network of connected community programmes catch and respond to young people at various stages in the cycle of serious harm / exclusion / criminality.

Using a tailor-made dedicated outreach service and a range of community-based agencies, we reach disenfranchised youth on the streets, in the home, at education establishments or in prison.

The strengths-based approach creates practical, tangible pathways and maximises opportunities for young people to achieve their potential and turn their lives around.

Haringey Community Gold includes dedicated support for BAME young people. For example, Access UK offer a bespoke BAME careers and employment service and Off The Streets Less Heat offers a sport provision to young people on Broadwater Farm estate, the majority of whom are BAME.

FIVE key outcomes

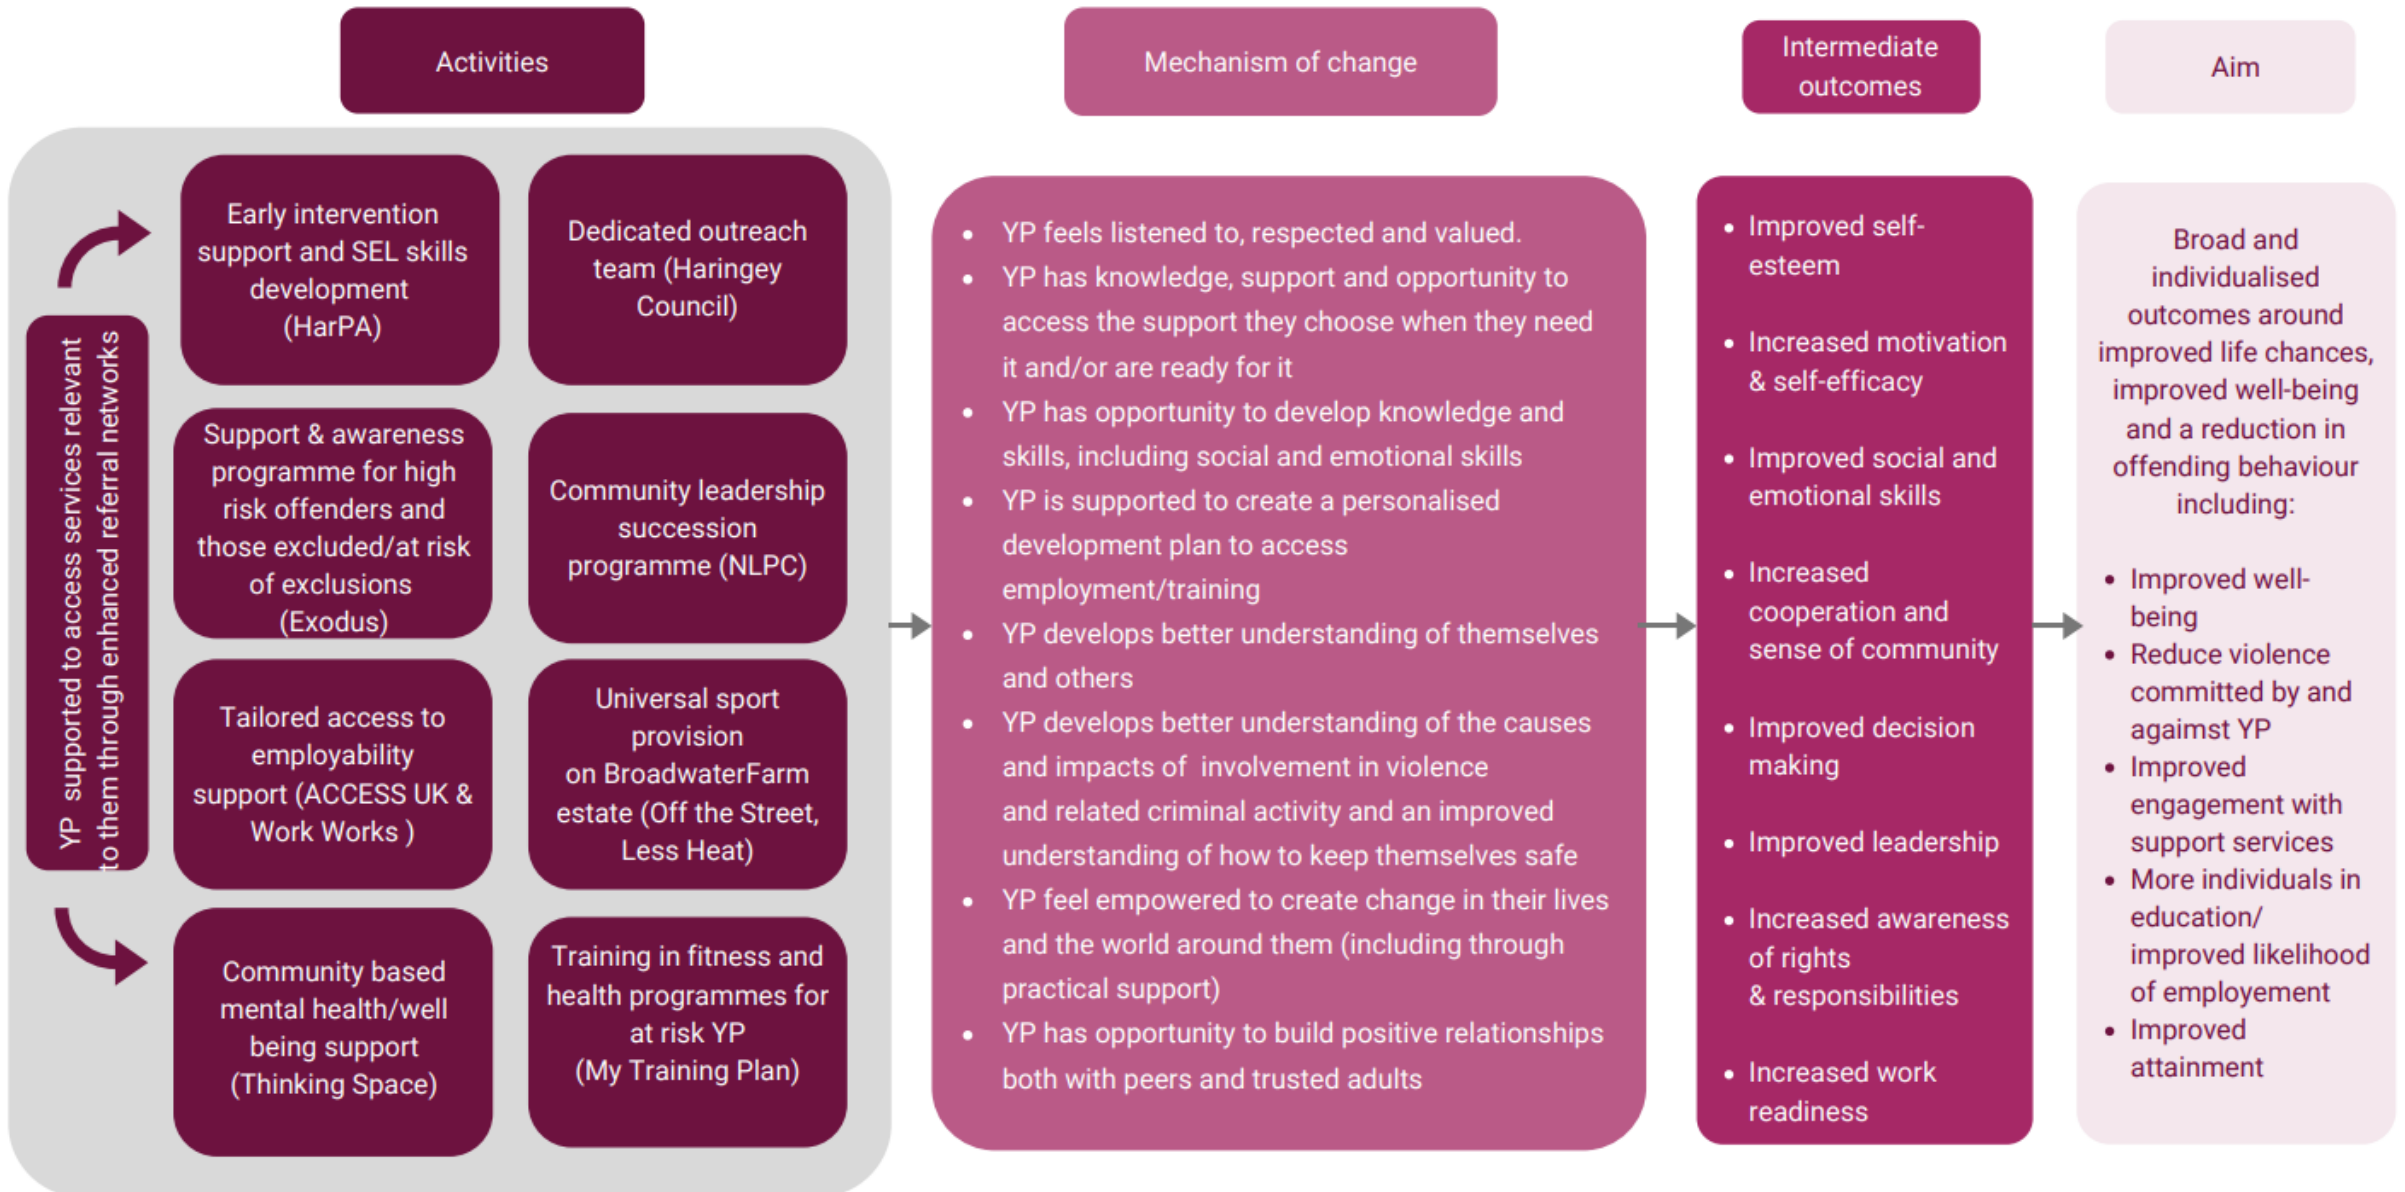

Outcome 1: Young people feel and are safe from violence at school, at home and in their community

Outcome 2: Young People have healthy relationships with their family, peers and trusted adults

Outcome 3: Young people are happy and confident, enjoying their lives with positive aspirations for the future

Outcome 4: Young people confident in the Police and civic institutions

Outcome 5: Young people access help when problems arise and are confident to do so
