HARINGEY CORBACISI  
Before the London Borough of Haringey Council Licensing Committee  
Application for variation to premises licence for 7 Salisbury Promenade, Green Lanes,  
London N8 – Haringey Corbacisi

**Elif Bektas**

**WITNESS STATEMENT**

This statement is made in relation to the application for the variation to the premises licence for the restaurant to be known as Haringey Corbacisi. I am the owner of the business. I am the licence holder.

To assist the committee, I would like to divide my statement into the following areas:

1. My background
2. Application
3. Management and Operation
4. Objections

**My background**

1. I was born 11/09/83 in Adana, Turkey.
2. Graduated from High School in Turkey.
3. I came to this country in 2005 as a refugee.
4. I married in 2007 and was separated in 2013 and divorced in 2016.
5. I am a single mother, and my daughter is aged 12.
6. Since coming to this country, I qualified as a Childcare practitioner NVQ level 3 from Hackney Community College. The college were impressed with my application to my studies, and they gave me a reference to attend Metropolitan University to undertake early years education and childcare as a foundation degree. This was in 2013. Unfortunately, due to my family situation and being a single parent with my 3year old daughter I was unable to continue the course on a parttime basis.
7. I worked for 2 years at Whitmore Primary School as a voluntary teaching assistant.
8. My English is good and so I have acted as an interpreter in Turkish for the Turkish Community. I was employed by D Connections in their interpreting office in 649 High Road N17. and I have also worked for the Turkish Society as an interpreter.
9. For over 10 years I have worked as a waiter and manager in various cafes and restaurants including, Silver Service in Enfield, Leo's Café Dalston; Angel Café in Islington and most recently at Green Lanes Café.
10. I have no criminal convictions. I am a British Citizen.

## HARINGEY CORBACISI

11. I note that the report refers to the premises as Jazz bar but I understand the premises changed its name around 7 years ago. I first became involved with the premises when I was employed as the manager in 2016. During the time that I was involved managing the premises there was no crime and there were no issues with the running of the premises.
12. It is my ambition to bring a different cuisine in Haringey and prove to the community that I can achieve a good restaurant. I want to be a model businesswoman to the community in this area. I am one of the few businesswomen establishing a business on this road. It is rare in the community. This is my first business venture.
13. I acquired the property in October 2019. There have been many stops and starts since then due to various lockdowns and coronavirus regulations and restrictions. When we initially opened we were only operating from 7am to 7pm because of the restrictions in place.
14. During the various lockdowns and restrictions, we did provide food for the Cypriot Association, Kurdish community Centre and also for smaller associations providing food for the homeless.
15. The premises closed at the end of July for extensive refurbishment works. We are planning to reopen around 20<sup>th</sup> October. I have invested approximately £80,000.
16. I have named the restaurant Haringey Corbacisi because this is the traditional word for soup. The premises is called 'The chef of the soups in Haringey'.

### **Application**

17. This application reflects the change to the premises and the change in the previous operation at the premises. I want to focus on my country's traditional food with healthy, homemade, wholesome soups and stews. The other restaurants provide 2 or 3 common soups. We will aim for diversity and different taste. The focus will be on soup. All the stews and soups are home made.
18. The reason for the application is to change the late-night refreshment hours so they end at 3am Sunday to Wednesday or 4am on Thursday to Saturday. As part of the basis of the application and to promote the licensing objectives should the variation be granted I will also remove the sale of alcohol as I do not intend to sell alcohol and it will not form part of my business.
19. The consumption of alcohol can cause problems and by removing the sale of alcohol this will change the type of clientele at the premises and I believe will have a positive effect'
20. Also, the licence authorises regulated entertainment but there is no intention to play live or recorded music as regulated entertainment and so should the committee grant the application I would invite them to remove the regulated entertainment from the licence.
21. I will concentrate on the provision of food for consumption on the premises, for delivery and takeaway.

## HARINGEY CORBACISI

22. The extension of hours to 3am day following Sunday to Wednesday and 4am day following Thursday to Saturday is important for the business because:

- 22.1. We wish to provide good healthy food to workers who finish late at night, shift workers, mini cab drivers and bus drivers for example;
- 22.2. Because we concentrate on soup, it is a lighter food and easier for late night workers to digest whilst working which again leads to the later hours.
- 22.3. There are other takeaway restaurants on Green Lanes that can operate 24 hours such as Piri Piri chicken. Beans and barley, green lanes opens to 2am; Haran restaurant opens to 2am; Selale on Salisbury Promenade opens to 2 am on Friday and Saturday; Devran kitchen at 485 Green Lanes opens to 2am; Diyarbakir restaurant; Gokyuzu and Hala restaurant on grand parade all operate to 2am every day
- 22.4. Without the ability to open until 3am or 4am at the weekends the business will be severely restricted, and it will be difficult to compete.

### **Management and Operation**

23. The restaurant has 80 covers.
24. The business will be run by myself, my cousin, Suleyman Gilgil and my partner, Savas Gucenmez .
25. Suleyman is an experienced professional chef working in North London for approximately 20 years. He has level 2 Food Hygiene, catering, and food safety certificate. He is obtaining a license issued by the security industry authority.
26. Savas was born on 14/07/1976, in Turkey. He came to the UK in 2004. He runs the barbers, Sharp Barber Salon next door.
27. It is my intention to additionally employ around 7 to 8 staff. We will open for breakfasts from 6am. I will attend the premises every day, arriving after I have arranged for my daughter to travel to school. I will then be present until 3:30pm when I will return home for my daughter. After dinner with my daughter and spending some time with her I will return to the restaurant. My sister who lives nearby will also assist me.
28. Suleyman will be at the restaurant every day.
29. Savas, closes his barbers at around 9pm. He will then oversee the restaurant. Either he or Suleyman or I will lock up at the end of business.
30. I have installed a new cctv system. The system covers all parts of the premises and will capture the head and shoulders of every person entering the premises. There are 10 cameras including 2 outside. The system records to a hard drive and all footage is retained for 31 days.

## HARINGEY CORBACISI

31. The system will be able to be operated by Savas, Suleyman and myself and I will ensure other staff are also trained on the use of the system so there will always be a person present who can operate the system and show the local authority and police any recordings as required.
32. Door supervisor will be employed on Fridays and Saturdays. The door supervisor will start at 11:00pm and continue until the premises closes and all customers have left.

### **Objections**

33. The concerns expressed are concerning the opening hours and issues that will arise. I have covered these in my explanation for the application.
34. I have also drafted a noise management policy to ensure no noise from the premises causes a nuisance. We operate a considerate business. There are residential properties in the area around us and Green Lanes is a busy road day and night. We realise that it is at night when it does become quieter that we must manage all noise from our restaurant so that we do not disturb people in their homes.
35. The following points are critical to our Noise Management Policy:
  - 35.1. We will endeavour to ensure that all noise emanating from Haringey Corbacisi will not cause a nuisance at any residential property.
  - 35.2. Except for servicing, maintenance and safety reasons fire doors and service doors to the building are kept closed. Emergency exits and service doors are not propped or held secured open when the premises are trading.
  - 35.3. Arrangements are in place to ensure that deliveries only take place between the hours of 08:00 - 20:00hrs, Monday - Saturday except where access at other times is unavoidable and specific procedures are in place to limit disturbance.
  - 35.4. Glass recycling can make noise. No empty bottles are tipped or thrown into metal recycling bins between 22:00 - 08:00hrs.
  - 35.5. Refuse collections are made at the times allocated for the area. We ensure that waste is correctly packaged, and that refuse can be removed quickly and efficiently.
  - 35.6. The premises is covered inside and outside by our CCTV system.
  - 35.7. If any customers were to speak loudly or get excitable as they arrive or depart, we would immediately intervene and ask them to be quiet and to respect our neighbours, and other diners.

## HARINGEY CORBACISI

- 35.8. Service is timed so that all customers have finished dining by 03:00 hours Sunday to Wednesday or 04:00 hours on Thursday to Saturday when they are politely asked to vacate their tables.
- 35.9. Delivery and takeaway orders will also be timed so that the collection or delivery leaves the premises by 03:00 Sunday to Wednesday or 04:00 Thursday to Saturday.
- 35.10. Our team are trained to clear the premises quickly and quietly.
- 35.11. Given the style of the business and operating hours there will be a gradual arrival and departure of customers through the night.
- 35.12. A clear notice is prominently displayed by the exit requesting customers to respect the needs of residents and to leave the area quietly.
- 35.13. We always ensure that there is a management presence at the end of the evening to facilitate the smooth and quiet dispersal of guests.
- 35.14. On Fridays and Saturdays, a door supervisor will be employed at the premises from 23:00 hours to monitor the premises and ensure customers entering or leaving do so in a quiet manner.
- 35.15. We attach the utmost importance to the careful investigation and prompt resolution of any complaint made in respect of how we operate Haringey Corbacisi. Emphasis is placed on maintaining close links with local residents including hosting meetings where necessary to allow our neighbours to raise any issues and for those issues to be quickly resolved.
- 35.16. The telephone number of the premises is published on our website and neighbours are advised to contact the Duty Manager by phone.
- 35.17. Any complaint will be recorded noting the date and time of complaint, the approximate location of the complainant, a description of the noise and how it is affecting the complainant, and the follow up action.
36. Noise management procedures are important and therefore are incorporated into our employee training.
37. We will constantly review our Noise Management Policy and respond quickly to the needs of our neighbours.

## HARINGEY CORBACISI

38. I believe that the removal of alcohol from the premises will change the nature of the premises and the persons who will come for food. This will have a positive effect on the licensing objectives.
39. I have zero tolerance in respect of drugs. We will have cctv in operation all the hours we are open. The premises lights will be on, and I believe that together with the door supervisor presence and cctv recording outside the front of the premises will act as deterrent.
40. Planning is separate from licensing, and I will deal with the planning application separately.
41. I am pleased to answer any further questions the committee members may have.

The contents of this statement are true to the best of my knowledge and belief.

Elif Bektas

## **DRAFT NOISE MANAGEMENT POLICY**

We operate a considerate business. There are residential properties in the area around us and Green Lanes is a busy road day and night, and there are other premises open in the evenings, we realise that it is at night when it does become quieter that we must manage all noise from our restaurant so that we do not disturb people resting and sleeping in their homes. We therefore have a comprehensive approach to managing noise from the premises.

The following points are critical to our Noise Management Policy:

- a) We will endeavour to ensure that all noise emanating from Haringey Corbacisi will not cause a nuisance at any residential property.
- b) Except for servicing, maintenance and safety reasons fire doors and service doors to the building are kept closed. Emergency exits and service doors are not propped or held secured open when the premises are trading.
- c) Arrangements are in place to ensure that deliveries only take place between the hours of 08:00 - 20:00hrs, Monday - Saturday except where access at other times is unavoidable and specific procedures are in place to limit disturbance.
- d) Glass recycling can make noise. No empty bottles are tipped or thrown into metal recycling bins between 22:00 - 08:00hrs.
- e) Refuse collections are made at the times allocated for the area. We ensure that waste is correctly packaged and that refuse can be removed quickly and efficiently.
- f) No regulated entertainment takes place at the premises.
- g) The premises is covered inside and outside by our CCTV system.
- h) If any customers were to speak loudly or get excitable as they arrive or depart we would immediately intervene and ask them to be quiet and to respect our neighbours, and also other diners.

- i) Service is timed so that all customers have finished dining by 03:00hours Sunday to Wednesday or 04:00 hours on Thursday to Saturday when they are politely asked to vacate their tables.
- j) Delivery and takeaway orders will also be timed so that the collection or delivery leaves the premises by 03:00 Sunday to Wednesday or 04:00 Thursday to Saturday.
- k) Our team are trained to quickly and quietly clear the premises.
- l) Given the style of the business and operating hours there will be a gradual arrival and departure of customers through the night.
- m) A clear notice is prominently displayed by the exit requesting customers to respect the needs of local residents and to leave the area quietly.
- n) We always ensure that there is a management presence at the end of the evening to facilitate the smooth and quiet dispersal of guests.
- o) On Fridays and Saturdays a door supervisor will be employed at the premises from 23:00 hours to monitor the premises and ensure customers entering or leaving do so in a quiet manner.
- p) We attach the utmost importance to the careful investigation and prompt resolution of any complaint made in respect of how we operate Haringey Corbacisi. Particular emphasis is placed on maintaining close links with local residents including hosting meetings where necessary to allow our neighbours to raise any issues and for those issues to be quickly resolved.
- q) The telephone number of the premises is published on our website and neighbours are advised to contact the Duty Manager on {Number to be set }
- r) if they have any concerns about the premises. Any complaint will be recorded noting the date and time of complaint, the approximate location of the complainant, a description of the noise and how it is affecting the complainant, and the follow up action.
- s) Noise management procedures are an integral part of our employee training.

We will constantly review our Noise Management Policy and respond quickly to the needs of our neighbours.

TO WHOM IT MAY CONCERN

RE: Elif Bektas (Proprietor Green lanes Café)

I wish to confirm that I have known Elif for a period of five years. During this period, she has supported many community initiatives instigated by TCCA to support the most vulnerable within our community. The highlight of the work being the support given to the homeless during the coldest periods of the year, this year with her support we were able provide 280 meals for people who are homeless. She has also played a role a pivotal role in our covid initiative providing us with help and support when needed.

The role she has played within community cohesion has been outstanding and has benefited those most in need from all communities. Should you wish me to furnish yourselves with any additional information, related to Green lanes Café or Elif Bektas then I would be happy to help. My details are as follows Email.... Dear Customers/Neighbours:

This letter is to ask for your support for the VARIATION OF A PREMISES LICENSING application we are preparing for Haringey Council. Our proposal is to obtain additional hours for a late-night refreshment with NO SALE OF ALCOHOL.

We as 'CORBA DUNYASI' require your support on this matter, so we would continue to serve you while proposing to refurbish the restaurant for a new modern location. If you could please sign your details below to support our application in creating a new cuisine of the world-famous MEDITERRANEAN AND SOUTHEASTERN ANATOLIA Kitchen, currently non-existing in the area. Thank you for your support.
