Re: Place Tropicana's St Loys Road, Tottenham N17. Premises License Application

As a resident of 15 Moorefield Road, I object in the strongest possible terms to the granting of a Premises Licence to the above named premises on the following grounds,

- There are already 2 legal and one illegal premises that serve alcohol situated within 30 Metres of one another between Moorefield Road and St Loys Road, why do we need another one of them turned into what will effectively be a nightclub which will be open until 5am?
- The late opening of Place Tropicana from 12pm to 5am would result in more men urinating in the street, more litter, more traffic and more noise pollution
- The noise which will come with them playing music will result in people who live and work in the surrounding area being unable to sleep while at the same time having to get up for work in the early hours of the morning
- It will result in a further degradation of the Moorefield Road, Sperling Road and St Loys Road area

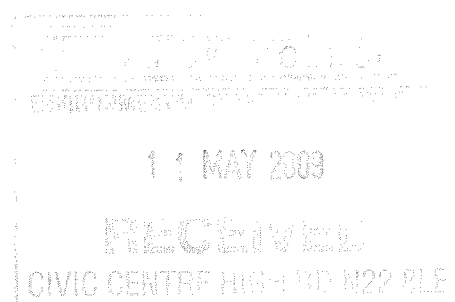

As residents of these streets, we have endured 10 years of the abuse, the intimidation, the threatening and sometimes violent behaviour, the general anti social behaviour, the arguments, the drug taking, the mess every morning on the street with the bins overflowing, the broken glass and beer cans littering the pavement and the whole area reeking of urine all day every day.

Granting a licence to sell beer until that hour of the morning would only heighten the level of abuse the residents get and make things worse all around, if this application were granted then the residents would have to suffer more abuse, more sleepless nights and more of all of the things mentioned above

I have no objection to them having a licence but it is unacceptable in such a built up residential area, why not use one of the many local community centres or a similar kind of venue, which would have the infrastructure to facilitate such a number of people with car parking, toilets and a big enough premises and return the aforementioned streets back to the residents, which the vast majority of these people are not. I welcome all attempts to bring new people and money to the area and it is great for Haringey Borough but not at the expense of the residents who are still and have been suffering with the situation for a long time and that is a situation that would not improve if they were granted a licence

Where are our HUMAN RIGHTS? , our right's to live in a diverse and peaceful environment which this area used to be until 10 years ago.

Objection: Place Trocadero Cafe Late Licence Application

As residents of St Loys Road we object to the Place Trocadero café from obtaining a late licence to serve alcohol between the hours of 11 pm and 5 am.

Our objection is based on the following grounds:

- Prevention of crime and disorder
- Public safety
- Prevention of public nuisance

Having owned a property and lived in the area for the past 9 years, we are objecting because until a recent police order under the antisocial behaviour act 2003 part 4 (see enclosed) we had quite a problem with people drinking, urinating, dropping litter and loitering in the streets around St Loys Road, Moorefield Road and Sperling Road, and specifically at the junction where the Place Trocadero is located.

The problem has not evaporated, but since the order (which we have been informed has recently been renewed until 6th November 2009) has lessened and we feel that allowing the Place Trocadero Café a late licence will only exacerbate matters and crime in the area.

We have friends that refuse to visit or leave via public transport after dark for fear of being intimidated by men standing on the pathways down to the High Road. While this is in no way an accusation of the Place Trocadero café itself, its owners or its patrons, we feel that allowing such an establishment to serve alcohol after usual hours will not help matters.

Thank you for your consideration of our objection.

Yours sincerely

Miss Sara Freeman and Mr Sean Chambers

Trocadero Café Late Licence Application.

Dear Sir or Madam

I would like to voice my objection to the application by the Trocadero Café to serve alcohol between the hours of 11 pm and 5 am. My objections are:

- As a resident of St Loy's road, I believe that this application should not be granted. Late night into the early hours drinking would inevitably lead to crime and disorder on St Loy's road.
- The proposed site of this late night licence is on a quite residential road with families with young children.
- The Trocadero Café is in effect run out of a small-unconverted residential property. The property is too small to be run as licenced bar and will inevitably lead to drinking and unsocial behavior on St Loy's road
- The police and local residents have successfully made the St Loy's road area a 'no street drinking zone' This application would make a nonsense of this ruling and men would again be drinking and worse on St Loy's road. With a late license the police would be unable to intervene. We would end up with a no go area on this quite residential road.
- Families with young children would be forced out of the area. This café is a short walk away from a primary school. Prior to the no drinking zone being enforced. These young children regularly walked to school through a crowd of drunken men that hung out day and night on the corner of Moorfield road and St Loy's road. We would expect this to resume if this license is granted.
- Young women and children would be unable to move about freely if this Café were granted a late license. As with the previous experience of men drinking out of a shop at the end of St Loy's road. These men frequently spilled out on to the road making a public nuisance of themselves. This would be repeated if this licence is granted.

- The owners of the Trocadero Café run a disorganised and disorderly business the surrounding area is dirty and rubbish frequently left in the road creating an unsightly and public nuisance. Should we expect these owners to behave responsibly if this licence is granted.
- The proposed site for this late night drinking den, is a five minute stroll from Tottenham High street and Bruce Grove with a large number of bars pubs and café with late license. Is there a need for a late licence on a residential road?
- The inappropriate nature of the site of this proposed late licence would cause a public safety issue.

Yours Sincerely

Mrs. J Maguire (MRS JOY MAGUIRE)

Information

Trocadero Café Late Licence Application

**PLEASE NOTE REVISED DEADLINE FOR OBJECTIONS TO BE RECEIVED: 12TH
MAY 2009**

You may be aware that the Trocadero café on St Loy's Road has applied for a licence to serve alcohol between the hours of 11pm and 5am. Haringey Council will be considering this application shortly. If you have any objections to this licence being granted, you should consider making a representation to the Council. Representations must be received by 12th May 2009.

On what grounds can I make a representation?

Objections must be based on or one or more of the following licensing objectives:

- Prevention of crime and disorder
- Public safety
- Prevention of public nuisance
- Protection of children from harm

Does it matter how far I live from the premises?

You should include your name and address when making a representation. This will help the licensing authority decide whether or not you are living in the vicinity of the premises where the application has been made. Please note that your name and address will be made known to the applicant. If you do not wish to give the Council your name or address they will not be able to accept your objection.

How do I make a representation?

If you wish to object to an application for a licence, you must put your objection in writing and send it to the Licensing Team by 12th May 2009. You must include the following information:

- Your name and signature
- The date you wrote the letter
- The application that you are opposed to
- The reasons why you are opposed to the application

If an objection is being made on behalf of a group (e.g. a parish council or residents' association), then proof of the group's decision to make the objection must be sent to the Licensing Team along with the objection letter. This could be a document such as minutes of a meeting.

If a petition is submitted the organiser must:

- Provide their own contact details
- State clearly the application that is being opposed and the reason for opposition on each page of the petition
- Ensure all names and addresses are clearly legible and preferably written in black ink
- Show the date the signatures are collected on each page

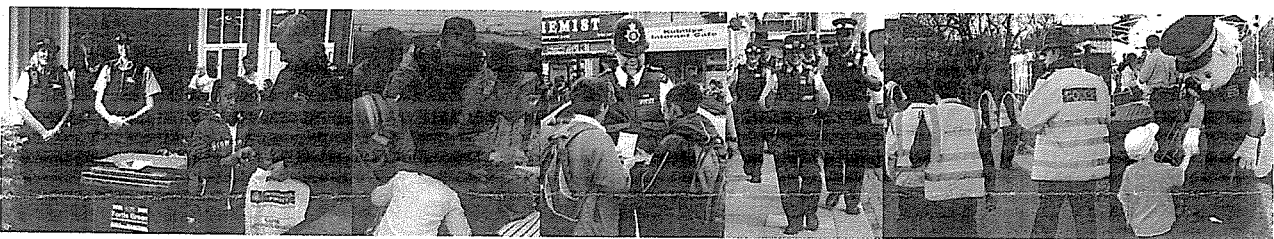

Any objection needs to be addressed to:

Daliah Barrett
Licensing
Technopark, Unit 271-272
Ashley Road
London
N17 9LN

What happens after I have made a representation?

The licensing authority will first carry out some checks to make sure your representation meets all the requirements of the legislation. Assuming we can accept it we will then arrange a licensing committee hearing.

You will be invited to attend the hearing to repeat your representation although you do not have to attend. You will be sent a 'notice of hearing' document before the hearing which explains in detail what will happen at the hearing. A report giving details of the application and all valid objections will also be sent to you and the applicant prior to the hearing.

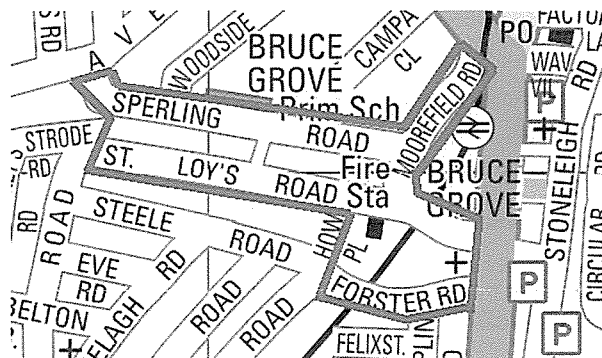

ANTI SOCIAL BEHAVIOUR ACT 2003 PART 4

Notice for the Dispersal of Groups and Removal of Persons Under the Age of 16 to their Home Address

The Police and the Local Authority have both agreed that there are grounds to believe that members of the public have been intimidated, harassed, alarmed or distressed as a result of the presence or behaviour of two or more persons and that anti-social behaviour is a significant and persistent problem in the below affected area.

Relevant Area highlighted in map

This Dispersal Zone covers ALL parts of St Loys Road, Moorefield Rd, Sperling Road and Forster Road.

I, Chief Superintendent Dave Grant, Metropolitan Police with the consent of Haringey Council being the relevant Local Authority, hereby authorise uniformed Constables and Police Community Support Officers (PCSOs) to disperse groups as defined under Part 4 of the Anti-social Behaviour Act 2003 from the above area during the relevant period detailed below:

Relevant Period:

From 12:00 hrs on 6th May 2009
To 12:00 hrs on 6th November 2009

Directions

During the times and dates specified above a Constable / PCSO may give one or more of the following directions to persons who have or are likely to commit anti social behaviour:

- **Tell people in the group to disperse** (either immediately or at a stated time and in a stated way).
- **Tell people who don't live in the affected area to leave** (either immediately or at a stated time and in a stated way)
- **Tell people who don't live in the affected area not to return to the affected area** or any part of it for such period (not exceeding 24 hours) from when the direction was given, as he / she may specify.

If you are under 16 you may not be allowed to be here between the hours of 9pm and 6am unless you are under the effective control of a parent or responsible person over the age of 18.

You may be removed to your home or place of safety if more appropriate.

TAKE NOTE

To contravene a direction is an offence under Section 30 of the Anti-social Behaviour Act 2003, punishable by 3 months imprisonment and / or a fine not exceeding £2500.
A notice will be displayed in the affected area announcing the end of the authority when it no longer applies.
