Subject: FW: LA REPRESENTATION Premises Licence- The Winchester Hall Tavern, 206 Archway Road, Hornsey, London, N6 5BA (WK/517099)

Dear Sirs,

The Licensing Authority will be making representation on this matter due to the remit of the area being applied for which includes public highway and not an area within the control of the prospective licensee. It is also noted that the outside space is requested to have the same operational times as the premises itself. The timings would be far too late for an outside area and will give rise to noise nuisance .

The applicant is required to remove the area of the outside public pavement from the plans submitted. The applicant is advised that a Pavement licensing process does exist and will allow for an application to be submitted to have this area considered for external seating until 22:00 pm.

Licensing Authority RA.
