

# 14th Oct 2021

9:30ish While watching TV bass noise heard in our living room

10:15 from bedroom balcony I could see/hear a group gathering outside the Broadway bar. Drinks in hands. 2 cars parked on the street outside the building, one on double yellows and the other on the crossing zigzags. Witnessed the occupants of the car joining the group outside the Broadway bar. Loud music was playing from their stereo. The pavement was effectively blocked off by the crowd and cars. Made a report to noise control (HC-11663019).

Noise control called back at 23:40 but noise at that time had returned to being the low level bass thump.

1am Very loud music woke up the whole family. From the balcony I could see a group gathered outside the Broadway bar, and 2 cars parked directly below our bedroom windows also with people gathered around them. I'm not sure whether the music was coming from the cars or the bar. The bar was still open as I could see people coming onto the street with drinks in hand. Noise and commotion continued until around 1:45am

Reported again to noise control.

Neighbours also affected:

## Sat 30th October

Family all woken at 3am by loud bass noise coming from the Broadway bar 266 Muswell hill Broadway. Crowds gathering and shouting outside our bedroom window, slamming car doors and horns. Noise continued until around 3:30am

Date and Time Submitted: 30/10/2021, 11:00

Noise Problem Reference ID: HC-11678524

## Evening of Fri 6th November

Woken up by people shouting and cars tooting their horns directly below our bedroom window around 2:30am.

## Evening of Saturday 7th November

Again woken up at 2:30am. Reported to noise control but it was after they had closed.

Noise happening now: Yes

Problem description: Loud music woke us at 2:30am from the Broadway bar. Their customers have vacated the club and are continuing to party on the street with Grey Range Rover registration EL14NDO playing loud music just below our bedroom window.

Noise Problem Reference ID: HC-11687459

Video sent by email.

## Evening of 11/11/2021

A noisy gathering of people below our window from midnight. After 10 minutes they were moved on by the bar staff, but then ran wild in the car park causing damage to cars and builders property until the police arrived at 00:40.

Video shows the group leaving the bar and being directed away by staff.

## 19th November

Bass noise in flat, can be heard/felt despite having the tv on loud. Reported to noise control.

## 21st November.

Again bass noise in the flat. Can see that there is an event on in the Broadway. Reported HC-12678299. Noise control team attended but music had stopped by then

## Evening of 17th December

Loud music heard from around 10pm. Bass noise which could be heard despite having the TV on.

Called noise control ref HC-12728922

Went to bed with earplugs in but still woken up at 2am when the party moved to the street. Lots of high pitch screams, shouting etc right outside our window. Eventually they moved on to the car park to terrorize other residents.

Video

## Evening of 28th December

Woken just after midnight by screaming and shouting from the crowd gathered outside the Broadway. There was no sign of any security on duty.

A bit later cars parked (on the crossing) tooting horns and revving engines.

## Evening of 31st dec 2021

Got back home at 00:40 to find a group of young men gathered in the doorway of our building. There was an overpowering smell of cannabis. It wasn't raining so I can only assume that they were huddled in the doorway so that

- a) the broadway door staff could claim ignorance by turning a blind eye
- b) it was happening on someone else's property,
- c) they are out of shot of the CCTV camera on the front of ashmount lodge.

We were quite intimidated having to pass through this group in order to reach our front door. Later from my balcony I witnessed them returning to the Broadway.

The weed smell was still strong even from inside and we were woken several times by the noise of groups gathering to smoke below our bedroom window.
