Please state the ground(s) for review (please read guidance note 2)

Grounds for review:

1. prevention of crime and disorder -
 - a. Security in and around the premises - CD5(a)(b)(c)(d)(e) there is a lack of security or door staff to control and manage a large number of patrons in, around and outside the premises whilst patrons are entering are leaving. a lack of control is leading to increased drunkenness, disorder and littering outside the premises on the High street and adjoining road(s).
 - b. Disorder from customers queuing to enter the premises or when leaving the premises - CD33(a)(b) mass exit late at night and controlled shut down of the premises does not appear to be in place at the weekend in very early hours of the morning.
 - c. Customers getting drunk and dealing with drunken customers - CD36(b) patrons are in a state of drunkenness leading to excessive and disruptive noise and aggressive behaviour which should be identified and addressed prior to reaching this level CD36(a).

2. public safety -
 - a. smoking on the premises - (PS22) there is no designated smoking area at the premises and patrons gather in large numbers outside the premises on the High Street to smoke upto closing time causing a significant noise and littering issue.

3. prevention of public nuisance
 - a. Noise and nuisance from customers using external areas such as beer gardens or Forecourts - (PN13) there are no restrictions of the use of outside areas (High Street) after 10pm as premises are in a residential area
 - b. PN14(a) - no door supervision to regularly monitor or manage external areas to ensure that customers are not causing a disturbance to local residents
 - c. PN14(c) - no limitation to the amount of smokers permitted outside at any one time and after a certain time
 - d. PN14(d) - no discouragement to smokers from loitering outside by not permitting them to take drinks with them.
 - e. PN14(e) - no designated smoking area (located on high street) and is directly above and in the vicinity of residential dwellings
 - f. PN14(f) - patrons block entirety of pavement to passers by and St. Marys Road by congregating whilst smoking and whilst drinking outside which obstructs the highway to motor vehicles and other traffic.
 - g. PN7 - a contact telephone number has not been published for the premises to report excessive noise of music or noise disturbances to a responsible person at the venue.

Please provide as much information as possible to support the application (please read guidance note 3)

The premises and patrons (particularly at a weekend) are the source of a significant amount of noise, litter, antisocial behaviour and public nuisance. In particular, this occurs on a Friday and Saturday evening and early morning between 1800 - 0400 given the late licensing hours which are in place.

There is an excessive amount of patrons who make noise when outside the premises drinking and smoking, as well as excessive music and patron noise from inside the premises during licensing hours. Music has continued to operate past 12 midnight on multiple occasions at weekends.

I understand that Haringey Noise Response Service has been called out and visited the premises on multiple occasions as have other official authorities. These visits have appeared to make no difference to the quantity or level of disturbance experienced by residents.

The issues which are described above and in section Grounds For Review happen on a repeated, weekly basis at weekends. and have done since mid-December 2021. The continuous noise and nuisance since the premises re-opened after a significant closure has caused a degradation of the enjoyment of my home given the points outlined above and, as the time the premises is licensed until is until 3am on a weekend, materially affects my ability to rest and sleep. I and other residents have a reasonable expectation that sleep should not be unduly disturbed between the hours of 2300 - 0700 on any given day.

There have been no steps taken by the premises to address the issues raised in this application or those raised by responsible authorities since December 2021 and subsequently, the situation is deteriorating. As such, I am submitting this application for consideration.
