Hello Manuel,
Are your clients accepting a condition that no regulated entertainment even under the exempted period will be provided onsite save for the playing of low level background recorded music?

Please advise.

Hello Manuel,

The matters you refer to is part of a representation that has been submitted by residents.

Your client needs to say how they will ensure that there is no nuisance caused by the operation of the premises.

The Licensing Authority has also made representation pointing out that the premises is not suitable for regulated entertainment.

Dear Miss Daliah

Hope you well

Thaks for your email.

I appreciate you send me previous representations for Gindungo Restaurant. I'm aware that Gindungo Restaurants had a lot of problems with Noise Nuisance. But this application is a for new restaurant, new company, the owners are from different country and they don't have and nothing to do with Gindungo.

How many representations has Rancho Brazil Application ? I can see one in your email. Also, we already agree with the Police Conditions

Kind Regards
Manuel Rocha

Dear Manuel,

The Licensing Authority has concerns relating to your clients applications. We are aware that there has already been two unauthorised music led events at the venue that have generated complaints.

The venue itself has a history that shows that it is not suitable to be used for regulated entertainment. Whilst we appreciate that the application is not seeking regulated entertainment it may still benefit from the exemption to offer regulated entertainment if the ability to offer alcohol On sales is granted.

The venue is not suitable for live or recorded music offered to entertain customers. The premises may possibly be able to offer low level background music at best in order to ensure that the prevention of public nuisance objective is promoted.
