

Children and Young People's Scrutiny Panel

Work Plan 2022 - 24

<p>1. Scrutiny review projects; These are dealt with through a combination of specific evidence gathering meetings, that will be arranged as and when required, and other activities, such as visits. Should there not be sufficient capacity to cover all these issues through in-depth pieces of work, they could instead be addressed through a “one-off” item at a scheduled meeting of the Panel. These issues will be subject to further detailed development and scoping. It is proposed that the Committee consider issues that are “cross cutting” in nature for review by itself i.e., ones that cover the terms of reference of more than one of the panels.</p>		
Project	Comments	Priority
Leisure and recreational activities for children and young people	To look at the leisure and recreational opportunities that are available for children and young people in all parts of the borough. This will include how their views are taken into account in planning provision, the impact of activities on mental health and well-being and how the needs of marginalised groups are addressed.	1.
Housing and children	To look at how housing impacts on children and young people and, in particular those who may be vulnerable or where there might be safeguarding concerns.	2.
Listening to children and young people	To consider how the Council obtains and responds to the views of children and young people in the planning and provision of services.	3.
