6. Background information

6.1. The Council's treasury management activity is underpinned by CIPFA's Treasury Management in Public Services: Code of Practice (the CIPFA Code), which requires local authorities to produce annually, Prudential Indicators and a Treasury Management Strategy Statement. CIPFA has defined Treasury management as: "The management of the local Authority's investments and cash flows, its banking, money market and capital market transactions; the effective control of the risks associated with those activities; and the pursuit of optimum performance consistent with those risks."

6.2. The CIPFA Code recommends that members are informed of treasury management activities at least twice a year. Formulation of treasury policy, strategy and activity is delegated to the Corporate Committee and this Committee receives update reports quarterly.

6.3. However, overall responsibility for treasury management remains with Full Council, and the Council approved the Treasury Management Strategy Statement and set the Prudential Indicators for 2022/23 on 1 March 2022. The Corporate Committee is responsible for monitoring treasury management activity, and this is achieved through the receipt of the quarterly, mid-year and annual reports.

6.4. Government guidance on local authority treasury management states that local authorities should consider the following factors in the order they are stated:

Security - Liquidity - Yield

6.5. The Treasury Management Strategy reflects these factors and is explicit that the priority for the Council is the security of its funds. However, no treasury activity is without risk and the effective identification and management of risk are integral to the Council's treasury management activities.
