Annex 3 – Conditions attached after a hearing by the licensing authority

RESOLVED 27th July 2021

The Licensing Sub-Committee carefully considered the application for a new premises licence for 365-369 Green Lanes, London, N4. In considering the application, the Committee took account of the London Borough of Haringey's Statement of Licensing Policy, the Licensing Act 2003, the Licensing Act 2003 section 182 Guidance, the report pack, the Licensing Authority representation, the applicant's written and oral representations and the objectors' written and oral representations.

Having considered the application and heard from all the parties, the Committee decided to grant the application for a new premises licence with the following operating hours and additional conditions:

All conditions imposed are reflected above in Annex 2.

Reasons

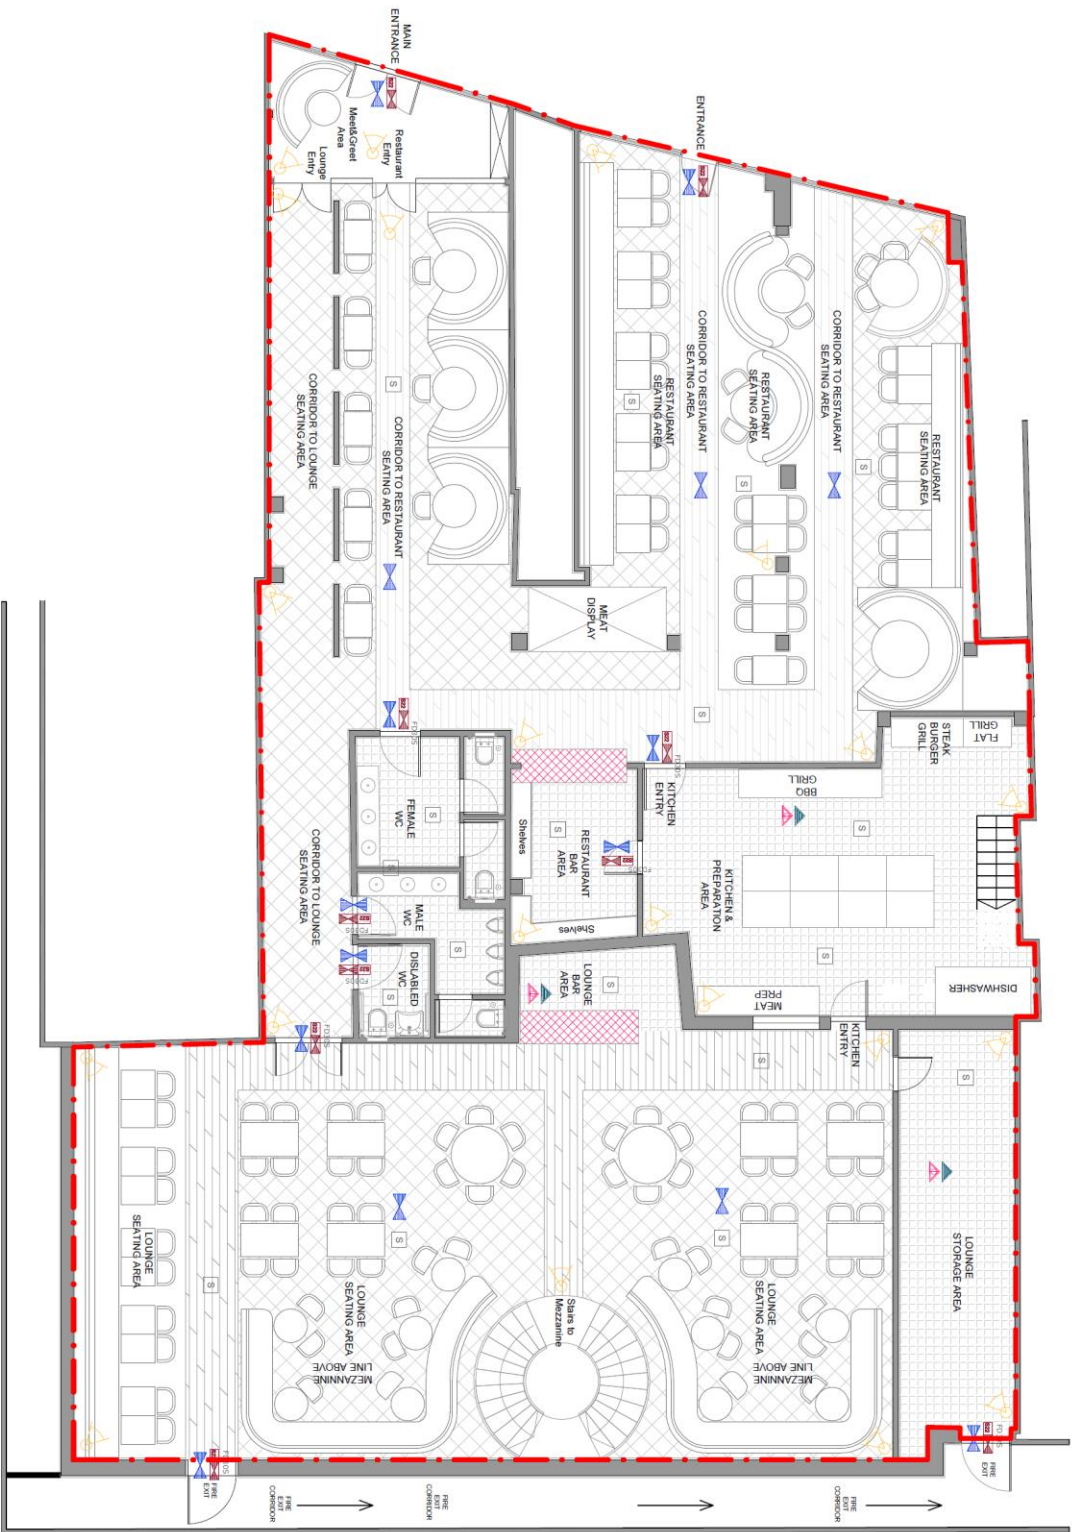

The Committee considered that the concerns raised by the objectors in their written and oral representations were reasonable concerns. The Committee was satisfied that a premises of this size which would attract a lot of patrons and would need a comprehensive set of conditions to manage the likely impact of noise and other nuisance on local residents. The Committee accepted that the licence holder was offering a different business to the previous owner but retained some concerns about the manner in which it was proposed that the premises would operate.

The Committee felt that the applicants proposed layout plan needed additional clarification, in particular aspects of the plan dealing with the means of escape, which may need to be corrected by means of an application for a variation once the applicant has clarified his intentions as regards the layout.

In addition, although the Committee was not responsible for planning matters, it noted that there were some planning issues relating to the retractable roofing proposed and extraction system that required attention and wished as an informative matter only, to gently encourage the applicant to get planning matters resolved to the satisfaction of the planning authority without delay.

As regards the outside area, the Committee considered that the outside space needed to be managed in a way that would promote the licensing objectives with respect to nuisance, which had been a concern of the residents and decided that closing the outside area by 9pm would reduce the risk of the premises undermining the licensing objective with respect to public nuisance.
