

Report for: Head of Service for Highways and Parking

Title: Proposed extension of 60 existing standard or dedicated disabled parking places to measure minimum 6.60 metres in length as part of batch DB-LENGTH-10

Report authorised by: Simi Shah, Group Engineer Traffic and Parking
simi.shah@haringey.gov.uk

Report Author/s: Andrew Bourke, Team Manager Parking Schemes
andrew.bourke@haringey.gov.uk
Daniel Bingham, Project Engineer Parking Schemes
daniel.bingham@haringey.gov.uk

Ward(s) affected: Fortis Green, Highgate, Muswell Hill, Noel Park, White Hart Lane

**Report for Key/
Non/Key Decision:** Non-Key decision

1 Describe the issue under consideration

To report on the feedback of statutory consultation carried out from 7 December to 28 December 2022, on the proposal to extend existing disabled and dedicated disabled parking bays in the following CPZ areas: Fortis Green, Highgate, Muswell Hill, Noel Park and White Hart Lane.

To request approval to proceed to implementation, having taken objections into consideration.

2 Cabinet Member Introduction

2.1 N/A

3 Recommendations

3.1 It is recommended that the Head of Service for Highways and Parking

Notes approval granted by Cabinet in March 2021 to the Disabled Parking Action Plan which included

- i) agreement to increasing the length of existing disabled parking bays to 6.6 metres to achieve consistency with any new disabled parking bays that are provided and compliance with the Traffic Signs Regulations and General Directions 2016; and
- ii) Giving delegated approval to the Head of Highways and Parking:
 - To make decisions relating to scheme design and implementation;
 - To carry out consultation
 - To consider representations received in response to consultation and to report significant or substantial concerns back to the relevant Cabinet Member; and
 - To make traffic management orders, where there are no valid objections.

Considers the objections raised during the statutory consultation on the proposals, as well as officer responses to the objections.

- 3.2 Approve proposals for locations detailed in table 1 section 6.3 which includes extending of existing disabled parking places and dedicated disabled permit parking places to meet the minimum length of 6.60 metres as specified by Traffic Sign Regulations and General directions 2016.
- 3.3 Approve revoking the existing waiting, loading and parking place restrictions to enable the introduction of the above changes.

4 Reasons for decisions

- 4.1 To ensure compliance to the Traffic Sign Regulations and General directions 2016 in regard to the 6.6 metres specified as the minimum length of disabled parking bays.
- 4.2 1 objection was received to the statutory consultation undertaken in December 2022.
- 4.3 A summary of each objection received is detailed in table 2 section 6.7 of this report.

The objections received were in relation to disabled bays that are no longer required as the user of the bay had moved or passed away and the bay is no longer required. In reviewing these submissions officers upheld the objections and will propose the removal of the bays as part of the disabled parking bay removal program of works.

- 4.4 No objections were received to the remaining proposed disabled parking place extensions listed in Table 1 section 6.3.
- 4.5 The proposals contained within Table 1 section 6.3 impact 2 or more wards, however in assessing the proposals officers conclude that the proposed changes are not likely to be significant in terms of its effects on communities living or working in the area. Therefore, approval can be sought through Delegated Authority to make the relevant traffic management orders and implement the recommendations.

5 Alternative options considered

- 5.1 An alternative considered was to 'Do Nothing' This is not recommended as this would leave a substantial number of existing disabled parking bays not meeting the specified minimum length of disabled parking places set by Department for Transport (DfT). This is to ensure adequate space to manoeuvre a vehicle to park and access or alight from a vehicle by a disabled user.

6 Background Information

- 6.1 Previously, Haringey Council sought authorisation by Department for Transport (DfT) on a case-by-case basis to install disabled parking places at a length of 5.50 metres, this is less than the minimum length of 6.60 metres as specified within the Traffic Sign Regulations and General Directions (TSR&GD) 2016. To ensure consistency for disabled users who may be travelling across London and for them to have adequate space to park, the Council agreed as part of the 2021 – 2022 capital programme to lengthen all existing non-compliant disabled parking places to meet TSR&GD minimum specified requirement of 6.60 metres.
- 6.2 In order to deliver the changes required across the borough efficiently, a number of locations have been grouped together in batches. Each batch will be considered and progressed to advertising the necessary changes approximately 2 months apart, enabling other works programme to be delivered alongside it.

Proposals

- 6.3 Table 1 below lists the CPZ areas which comprises the disabled and dedicated disabled bay locations where the bays are proposed to be lengthened to 6.60 metres. Each location

has been investigated and assessed and the table below outlines the proposed changes. The plans detailing the changes at each location are set out within **Appendix 1**.

Table 1

Reference	Controlled Parking Zone (CPZ) Area	Description	Details of changes to other parking places or restrictions to facilitate disabled parking place lengthening	Changes to waiting/loading restrictions required? (Y/N)
(a)	Fortis Green	Proposed extension for 36 existing standard or dedicated disabled bays to measure minimum 6.60 metres in length	See plan in Appendix 1	See plan in Appendix 1
(b)	Highgate	Proposed extension for 1 existing standard or dedicated disabled bays to measure minimum 6.60 metres in length	See plan in Appendix 1	See plan in Appendix 1
(c)	Muswell Hill	Proposed extension for 21 existing standard or dedicated disabled bays to measure minimum 6.60 metres in length	See plan in Appendix 1	See plan in Appendix 1
(d)	Noel Park	Proposed extension for 1 existing standard or dedicated disabled bays to measure minimum 6.60 metres in length	See plan in Appendix 1	See plan in Appendix 1
(e)	White Hart Lane	Proposed extension for 1 existing standard or dedicated disabled bays to measure minimum 6.60 metres in length	See plan in Appendix 1	See plan in Appendix 1

Statutory Consultation

- 6.4 Statutory notification commenced on 7 December 2022 for a period of 21 days. The process consisted of a Notice of Proposal published in the London Gazette, Enfield and Haringey Independent and the notice erected on site in the affected streets. The closing date for representations and comments being 28 December 2022.

*See **Appendix 2** for a copy of the statutory notice of proposal that was advertised.

6.5 As part of the statutory process, the views of the following statutory bodies were also sought:

- AA
- London Transport
- Police (local)
- Fire Brigade
- London Ambulance Service
- Freight Transport Association
- Road Haulage Association
- RAC
- Metropolitan Police (traffic)
- London Travel Watch
- Haringey Cycling Campaign

*See **Appendix 3** for a copy of e-mail sent to the above statutory bodies.

Responses to Consultation

6.6 The Legal requirement of statutory consultation was followed with the instalment of street notices and newspaper adverts to notifying users of the disabled parking places of the statutory consultation and how they could object should they wish to. A total of 1 objection was received to the proposals listed in Table 1 under Section 6. Overview of the objection, with the officer recommendation can be found below.

6.7 Table 2 summarises the objections received, an officer response to each reason for the objections are provided.

Table 2

Reference	Objection	Officer Recommendation
Table 1 - Item (a)	Steeds Road N10 1JD – Person living at address passed away and therefore bay is no longer needed	Remove the disabled bay in its entirety as it is no longer needed

6.8 Officers consider the proposals to extend the disabled parking bays as listed in Table 1 of section 6 will provide more room to manoeuvre and park and will therefore benefit disabled blue badge holders.

6.9 After considering the statutory consultation results and noting that objections were received to the consultation as detailed within Table 2 above, it is concluded that the disabled bay outside 40 Steeds Road N10 should be proposed for removal due to no longer being required. No further alterations should be made to the remaining proposals to extend the disabled parking bays as listed in Table 1 of section 6 to help improve quality of life for those with disabilities.

7 Contribution to strategic outcomes

7.1 The proposals will help meet Priority – People in the Council's Borough Plan which states "Our vision is a Haringey where strong families, strong networks and strong communities nurture all residents to live well and achieve their potential" The proposals align also with

[Transport Strategy](#) section 3.2 with respect to the management of on street parking and it's prioritisation to those with disability.

- 7.2 The use of disabled parking and dedicated parking places contributes to the Council meeting its obligations for disabled parking set out in section 149 of the Equality Act 2010 (the Public Sector Equality Duty ('PSED')). This duty includes having due regard to the need to advance equality of opportunity between persons who share a relevant protected characteristic (including people with a disability) and persons who do not share it.

8 Comments of the Chief Financial Officer

- 8.1 This report seeks Head of Highways and Parking in consultation with the Cabinet Member for Customer Service, Welfare and the Public Realm approval for the implementation of the lengthening of disabled parking places in Table 1 section 6.3.
- 8.2 The full cost of this scheme is estimated to be £10,300.00, including community engagement; inventory of existing site conditions; design, traffic management orders and implementation. This will be funded from the Council's approved Capital Programme as it is included within the Parking Implementation Plan.
- 8.3 Once implemented the future operational cost will be funded from the existing service revenue budgets.

Table 3

Reference	Estimated Cost (any road markings or signs/posts)	Estimated Total Cost (any road markings or signs/posts including 10% contingency)	Projected Completion
Locations (a) - (e)	Each site (60) to cost approximately £50.00	Total cost for batch 09 £3,300.00	To be completed by March/April 2023

9 Comments of the Head of Legal Services and Governance

- 9.1 Before reaching a decision to make the necessary traffic management order to implement changes to existing disabled and dedicated disabled parking places, the Council must follow the statutory consultation procedures pursuant to the Road Traffic Regulation Act 1984 (as amended) ("RTRA") and the Local Authorities' Traffic Orders (Procedure) (England and Wales) Regulations 1996 (as amended) ("the Regulations"). All representations received must be properly considered in the light of administrative law principles, human rights law and the relevant statutory powers.
- 9.2 The Council's powers in relation to the making of traffic management orders arise mainly under sections 6, 9, 45, 46, 122 and 124 and schedules 1 paragraphs 1-22 the RTRA
- 9.3 The power of a local authority to make an order regulating or controlling vehicular and other traffic is contained within the scope of section 6 of the RTRA.
- 9.4 When determining what paying parking places are to be designated on the highway, section 45(3) requires the Council to consider both the interests of traffic and those of the owners and occupiers of adjoining properties. In particular, the Council must have regard to: (a) the need for maintaining the free movement of traffic, (b) the need for maintaining

reasonable access to premises, and (c) the extent to which off-street parking is available in the neighbourhood or if the provision of such parking is likely to be encouraged by designating paying parking places on the highway.

9.5 By virtue of section 122, the Council must exercise its powers under the RTRA 1984 so as to secure the expeditious, convenient and safe movement of vehicular and other traffic including pedestrians, and the provision of suitable and adequate parking facilities on and off the highway. These powers must be exercised so far as practicable having regard to the following matters: -

- the desirability of securing and maintaining reasonable access to premises.
- the effect on the amenities of any locality affected including the regulation and restriction of heavy commercial traffic so as to preserve or improve amenity.
- the national air quality strategy.
- facilitating the passage of public service vehicles and securing the safety and convenience of their passengers.
- any other matters appearing to the Council to be relevant.

The legal position in relation to traffic management orders and the statutory requirements in respect of consultation are set out in section 9.1 through 9.5 of this report. Public and Statutory Public consultation has been undertaken and due consideration given to representations by the public. The Council would be acting in accordance with the law were it to proceed with the proposals set out in this report.

9.6 The proposals contained within this report impact 2 or more wards, however in assessing the proposals officers have concluded that the proposed changes are not likely to be significant in terms of its effects on communities living or working in the area. Therefore, approval will be sought through Delegated Authority in consultation with the Cabinet Member for Customer Service, Welfare and the Public Realm to make the relevant traffic management orders and implement the recommendations.

10 Equalities Comments

10.1 The Council has a Public Sector Equality Duty under the Equality Act (2010) to have due regard to the need to:

- Eliminate discrimination, harassment and victimisation and any other conduct prohibited under the Act
- Advance equality of opportunity between people who share those protected characteristics and people who do not
- Foster good relations between people who share those characteristics and people who do not.

10.2 The three parts of the duty applies to the following protected characteristics: age, disability, gender reassignment, pregnancy/maternity, race, religion/faith, sex and sexual orientation. Marriage and civil partnership status apply to the first part of the duty.

10.3 The Council must, when carrying out the Council's functions (which includes making decisions), have due regard to the needs set out in section 149 of the Equality Act 2010 (the Public Sector Equality Duty ('PSED')). This duty includes having due regard to the need to advance equality of opportunity between persons who share a relevant protected characteristic (including people with a disability) and persons who do not share it. The Council must consider the duty, which is personal to decision makers.

10.4 S149 (4) of the Equality Act 2010 stresses the public sector equality duty strongly in respect of disabled persons and extends the meaning of 'due regard' to include the steps involved

in meeting the needs of disabled persons in particular "steps to take account of disabled person's disabilities".

The proposal to recommend the lengthening of disabled parking places at various locations in the borough is a necessary step that recognises and takes account of the parking needs of Haringey's disabled residents. It accords completely with meeting the Council's public sector equality duty in regard to the protected characteristic of disability.

11 Use of Appendices

Appendix 1 – Detailed designs showing the extents of the proposals stated in table 1 section 3.

Appendix 2 – Statutory Consultation Notice of Proposal, advertising the proposals stated in table 1 section 3.

Appendix 3 – Statutory Consultation notification email sent to statutory bodies stated in section 4.

Appendix 4 – Statutory Full objections/comments received to the statutory consultation with officer comments.

APPENDIX 2

LONDON BOROUGH OF HARINGEY

PROPOSED DISABLED PARKING PLACE EXTENSIONS BATCH 10, VARIOUS ROADS

THE HARINGEY (CHARGED-FOR PARKING PLACES) (AMENDMENT *) ORDER 202* THE HARINGEY (FREE PARKING PLACES, LOADING PLACES AND WAITING, LOADING AND STOPPING RESTRICTIONS) (AMENDMENT NO.**) ORDER 202*

T74

1. Notice is hereby given that the Council of the London Borough of Haringey proposes to make the above-mentioned Orders under sections 6, 45, 46, 49 and 124 of and Part IV of Schedule 9 to the Road Traffic Regulation Act 1984, and of all other powers.

2. The General Effects of the Orders would be:

(i) To extend existing Disabled Parking Bays so that they measure a length of 6.6 metres, outside (unless otherwise stated) the following properties in the London Borough of Haringey:

Location	Ward
Outside No.11 Barnard Hill N10, No.12, 26, 44, 85 & 109 <u>Barrenger Road</u> N10, No.7 & 39 <u>Coldfall Avenue</u> N10, No.116 Colney Hatch Lane N10, No.51 Coniston Road N10, No.19 Curzon Road N10, No.17 & 23 <u>Everington Road</u> N10, No.34a <u>Fordington Road</u> N6, No.20, 46, 51, 54, 62 & 66 Hill Road N10, No.23, 27, 33 Marriott Road N10, No.13 & 21a, Muswell Road N10, adjacent to No.45 Page's Lane on Page's Hill N10, No.36, 40, 41, 47, 56 & 69 Steeds Road N10, opposite Simmons House on Woodside Avenue N10.	Fortis Green
Outside No.16 Connaught Gardens N10, adjacent to No.25 Dukes Avenue on Elms Avenue N10, No.7 <u>Etheldene Avenue</u> N10, No.7, 14-20 & 150-156 Fortis Green Road N10, No.2 Methuen Park N10, outside Barclays Bank on Muswell Hill Broadway N10, No.54 Springfield Avenue N10, No.76 & 112 St James' Lane N10.	Muswell Hill
Outside No.1 The Avenue N8.	Noel Park
Outside No.10 Shepherd's Close N6.	Highgate
Outside No.2 Norfolk Close N13.	White Hart Lane

(ii) To revoke the relevant underlying Controlled Parking Zone restrictions at the locations mentioned in Section 2(i) of this notice:

(iii) To make the following map-based changes (no physical changes to be made on site):

- To extend the existing Double Yellow Line on Muswell Hill Broadway N10 outside Barclays Bank by 2 metres.
- To extend the existing Double Yellow Line outside No.11 Shepherd's Close N6 by 1.5 metres.
- To revoke the Disabled Parking Bay outside No.101 Barrenger Road N10.
- To relocate the Disabled Parking Bay outside No.27 Marriot Road N10 to the northern side of the carriageway.

3. Copies of the proposed Orders and of the Council's statement of reasons for making the Orders and plans showing the location and effects of the Orders may be inspected during normal office working hours, by appointment, until the end of a period of 6 weeks from the date on which the Orders are made or the Council decides not to make the Orders, at the reception desk, Alexandra House, 10 Station Road, Wood Green, N22 7TR or can be viewed online at <https://consultation.appyway.com/haringey>.

4. Any person desiring to object to the proposed Orders or make other representation should send the grounds for their objection via the online portal at <https://consultation.appyway.com/haringey> or alternatively by emailing Traffic.Orders@haringey.gov.uk or writing the Traffic Management Group, Alexandra House, 5th Floor, 10 Station Road, Wood Green, N22 7TR or to quoting reference '2022-T74' by 29th December 2022.

Date: 7th December 2022

Ann Cunningham
Head of Highways and Parking

APPENDIX 3

Dear all

I attach documents relating to proposed/made Traffic Orders and should be grateful for any objections or representations that you may have regarding any proposed permanent Orders within 21 days from the date of this email, and within 6 months from the in force dates for any experimental Orders. If I do not hear from you, I will assume that you have no comments to make.

Regards

Paul Chambers
Traffic Order Officer

Haringey Council
Traffic Management Group, Alexandra House, 5th Floor, 10 Station Road, Wood Green, N22 7TR

T. 020 8489 5323

E. paul.chambers@haringey.gov.uk

APPENDIX 4

Objection 1 –

The requested extension for the disabled bay outside of 40 Steeds Road N10 1JD, should not go ahead as the person who claimed disability, has passed away in January 2022. The remaining resident does not use the disabled bay as he parks his car elsewhere on the street. Therefore it is a wasted space for other residents on the street as no one can park in the bay. The remaining resident doesn't use a wheelchair, and walks from wherever he parks along the street to his house. So there is no need to extend it when no one has been using it for nearly a year.

Officer Comments 1

Recommend to not proceed with the extension of the disabled bay outside 40 Steeds Road N10 due to the bay user passing away. Instead, we recommend removing the disabled bay as it is no longer be required.
