Subject: Notice of application for a premises licence 95 West Green Road TEWODROS GEBREMDHIM

To whom this may concern -

I am a resident that lives in - my phone number - and my full name is Mrs Monika Susan Pooley, my husband is Mr Colin Pooley

The premises which has applied for this license is on the corner of our tiny road ( Anchor Drive ) which is a sheltered accommodation for the elderly.

We already have dreadful (1) Anti Social behaviour issues in this area, so much so that there was a shooting just a number of months ago outside a already late night drinking music premises, where the licence had been granted to it when it was not even licensed to be open at that time in the early hours and which has always had social behaviour issues!

Plus even in daylight hours many of the residents here feel intimidated by groups of males hanging around on both corners of Anchor Drive and 95 West Green Road which is where this application has been applied for and that is without these premises being given this licence!

Plus it is already a (2) very high crime area even in daylight hours let alone night time with alcohol involved so much so my husband of 76 years old had a potential mugging made on himself just a few months ago.

My husband and myself would like to be at any hearing on this application and I believe there may well be a few other residents as well that may attend. So please could we be informed when this application will be heard and held?

I am also going to be contacting our neighbourhood police person and will be contacting our local MP Mr David Lammy regarding this Application.

There is already 3 premises just a few doors away from the premises where this application has been made that have alcohol licences no more should be granted because of the Anti Social behaviour issues and high Crime issue.

Music at the time stated is a (3) public nuisance and as we have experienced in the past there is no hope of the Noise team visiting the premises and nothing would be done from past complaints to them anyway.

Kind regards.

Mr Mrs Pooley.

Hi.

Please could you let me know what date, time and address exactly where this application is to be heard? Please see below.

Kind regards.

Mrs Monika Pooley.

Dear Mr & Mrs Pooley,

The applicants have accepted the representation attached above

Please let me know if you are also accepting the timings proposed and other conditions to be imposed with regard to this application.

The Licensing Authority will be making a further representation to request :

1. No loitering from customers on the outside of the premises.

Regards

Daliah Barrett

**Subject:** 3rd June image comments and questions.

Monika here is the photo I took where we already have the issue of males gathered outside the premises of 95 West Green Road, so it will get even worse as the summer months continue and with these premises opening, the CCTV if positioned correctly would show persons hanging around outside so would be proof that us residents are having a issue from this happening.

And has there been any limit on the amount of people allowed in the premises I wonder?

Also is there not a law that there is no smoking, vaping and surely certainly no Shisha should be allowed inside premises?

And as Shisha I believe involves hot charcoal along with customers drinking alcohol could well be a fire hazard so no way would I want to be living above the premises and it would better harmful to staff and customers with its smoke one. So are the fire services going to doing a risk assessment before any licence is granted? .

And if the licence is granted fully who do we complain to when further groups are hanging around outside the premises, because as we know the noise team are a complete waste of public funds because of the past history of complaints to them for this exact type of issue nothing gets done about it ?

Hi Deliah.

I don't know if you can help with the email below with regards the 4 questions or if you can pass them over to the person who can?

Thank you for your help so far.

Kind regards.

Monika Pooley.

**Subject:** Encouragement of smoking

Hi Deliah.

I have been going through in my mind that apart from all the other points made regarding licensing/planning with the premises of 95 West Green Road is that of I believe it to be outrageous that Haringey seems to be encouraging people to smoke with these Shisha places popping up, especially when supermarkets have shutters covering cigarettes plus the government has and is spending millions on trying to stop smoking.

When looking up Shisha it states - Tobacco, Molasses/Sugar and Fruit Flavourings that is smoked through a water pipe that is heated by charcoal to produce the smoke!

And smoke is surely encouraging exactly what is trying to be discouraged by government and in deed the NHS, yet licenses are being given by Haringey for this type of smoking through Shisha, it is appalling to say the least.

I do believe I have now made all my points regarding the permission for the planning with this licensing of Alcohol, Music and Shisha useage and I am hopeful that Haringey will look into them thoroughly before any final decision is made by them.

Kind regards.

Mrs Monika Pooley

Thank you for the email, Mrs Pooley.

Are you saying that you are withdrawing your initial representation, please clarify?

It is not illegal to smoke in the UK. The law requires that smoking I undertake outside or in an area that is 50% open.

The applicants have stated that they are not looking to provide shisha smoking, just a restaurant. In any event they have been advised that should they be seeking to open up a shisha lounge they will need planning permission.

Licensing does not license shisha activity.

**Subject:** I still stand by my representation

Dear Deliah

“No I am Not withdrawing my initial representation” which I state again with the points below

1) I still say that we have dreadful Anti Social issues in our immediate area where groups of males often congregate exactly on the corner of Anchor Drive and 95 West Green Road.

Where they hang around it already drinking alcohol causing us residents who are elderly living in sheltered housing accommodation where we feel intimidated to go out passing them ( re: image sent ) and I feel it will get worse with these premises being given alcohol and music licence, even if the music is not live.

2) We already have cars parking in our very small road parking up with having their doors open with music blasting out. Plus our area has a high enough crime rate without more premises having alcohol license.

There is already 4 places within around 100 meters with alcohol licences, I am sure no more are needed, especially as I believe it will just cause more gatherings on street corners with alcohol being consumed, noise with cars parking ( slamming of their doors and music ) even though we have double yellow lines people still park on them.

I take your point with the smoking that it is Not illegal with smoking in the UK, but personally I believe Shisha usage is encouraging smoking, but thankfully the applicants are not looking to provide Shisha smoking, which I really thank you for informing me of that as I really appreciate it.

And your enlightening me regarding that licensing does not license Shisha activity, again much appreciated.

Kind regards.

Monika Pooley.

Dear Mrs Pooley,

The applicants agent has said they are not intending to offer shisha activity but we still have our concerns about this and suspect that they will be doing so.

The matter is being investigated as they will need to ensure that they have the correct planning permission.

**Subject:** Re: I still stand by my representation

Hi Deliah.

Thank you for the information as always much appreciated.

I too have such concerns in the main regarding alcohol sales, music volume and closing down timing, and with staff overseeing it all, especially making sure customers are not hanging around outside, which goes on from the licensed premises opposite 95 West Green Road as it is.

Because I tend to believe that any staff may find it difficult talking to some members of the public/customers who do/will probably hang around outside, as in the past very sadly and perhaps even now Traffic enforcement officers have had to deal with abuse from those that do the hanging around when giving out parking tickets, fortunately there has been less illegal parking since Haringey kindly managed to get the double yellow lines put down we have less of the illegal parking but it still goes on mainly from around early to late evenings.

Kind regards.

Monika Pooley.

**Subject:** And this is when it's light outside!

Hello Deliah.

Is there any date as yet when there is a licensing meeting please, as we would like to attend just as we did before when the premises opposite 95 West Green Road where they had put in for a late alcohol licence some years ago?

Another image of what we are having to put up with just outside the side entrance of the premises of 95 West Green Road and that's before any alcohol licence is granted and with the premises being open!

This image is just a few yards from our building, sorry the image is not totally clear but it had to be taken within our building and we have scaffolding up the front entrance and no way could we risk

taking it from outside our building entrance for fear of abuse. It was taken yesterday evening around 9.p.m.
