1. Financial regulations require proposed budget changes to be approved by Cabinet. These are shown in the above table. These changes fall into one of the following categories:

all changes in gross expenditure and/or income budgets between business units in excess of £100,000; and
all changes in gross expenditure and/or income budgets within business units in excess of £100,000.

any virement that affects achievement of agreed policy or produces a future year's budget impact if above £100,000.

2. Under the Constitution, certain virements are key decisions. Key decisions are:

- for revenue, any virement which results in change in a directorate cash limit of more than £250,000; and
- for capital, any virement which results in the change of a programme area of more than £250,000.

3. Key decisions are highlighted by an asterisk in the table.

4. The above table sets out the proposed changes. There are two figures shown in each line of the table. The first amount column relates to changes in the current year's budgets and the second to changes in future years' budgets (full year). Differences between the two occur when, for example, the budget variation required relates to an immediate but not ongoing need or where the variation takes effect for a part of the current year but will be in effect for the whole of future years.

5. Proposed virements are set out in the above table.
