## **Environment & Community Safety Scrutiny Panel**

## Work Plan 2022 - 24

1. Scrutiny review projects; These are dealt with through a combination of specific evidence gathering meetings that will be arranged as and when required and other activities, such as visits. Should there not be sufficient capacity to cover all these issues through in-depth pieces of work, they could instead be addressed through a "one-off" item at a scheduled meeting of the Panel. These issues will be subject to further development and scoping. It is proposed that the Committee consider issues that are "cross cutting" in nature for review by itself i.e., ones that cover the terms of reference of more than one of the panels.

Project	Comments	Priority
Litter/fly tipping	The Panel would like to do a [piece of detailed scrutiny work around litter and fly-tipping and how this could be improved. It's noted that the Veolia contract is due for renewal and there is an opportunity to link in the with priority setting process for a new waste contract.	

2. **"One-off" Items;** These will be dealt with at scheduled meetings of the Panel. The following are suggestions for when particular items may be scheduled.
