With reference to the above premises, the Noise and Nuisance Team will be rejecting the Temporary Event Notice.

Hi All,

I have tried to contact the applicant regarding this TENS and hasn't been able to contact them as they haven't put the times they want the TENS and they haven't returned my email. We have also had several complaints about loud music from this business and an abatement has been served on the business premises.

Considering this we object to this TEN being granted as we do not believe they will be able to uphold the prevention of public nuisance licensing objective.

Regards
