Demand & Access: CAMHS Referrals and Waiting Times

In 2021/22 Haringey CAMHS received 2,170 referrals; in 22/23 the service received 1,946. To September 23, there have been 1,061, an increase on the same period in 22/23. The national picture is that demand continued to rise, but more slowly than in 21/22.

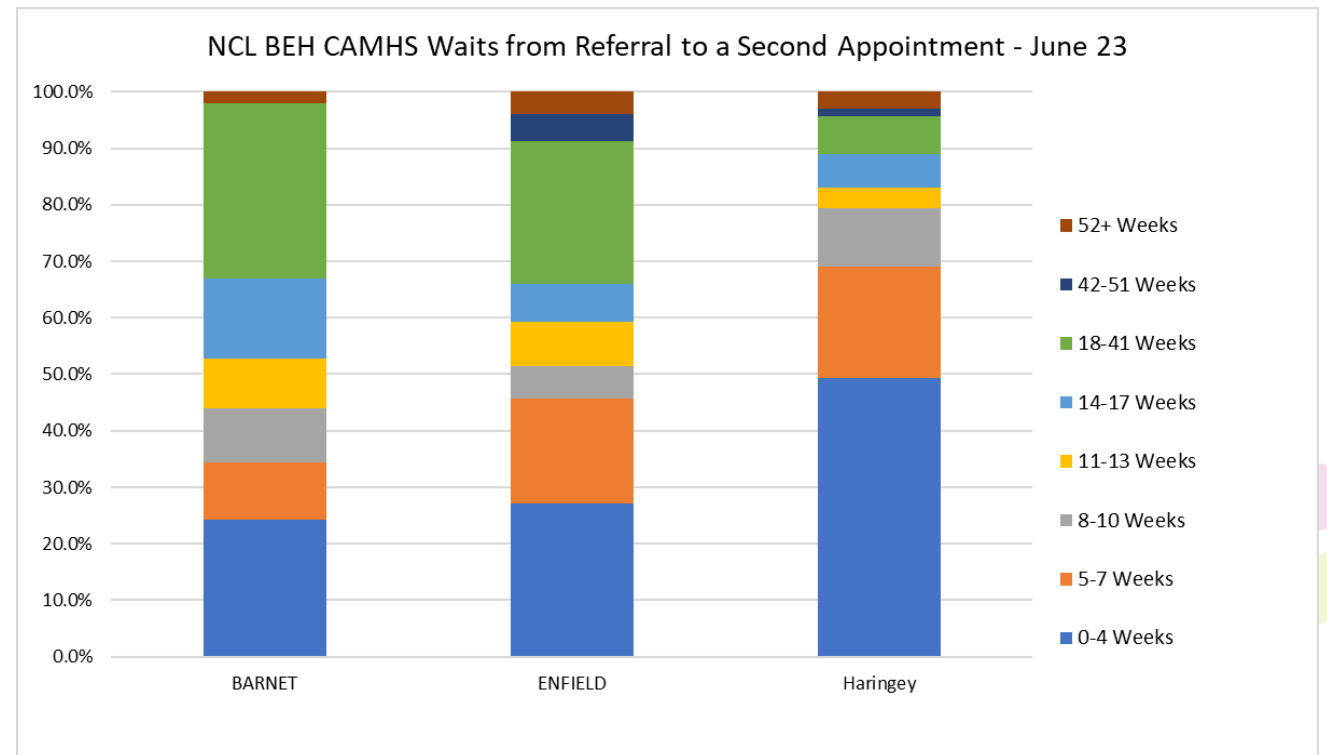

- **47%** of referrals were from GP's, and **39%** were from the local authority
- **95%** referred for "anxiety" followed by self-harm and neurodevelopmental conditions

In 2022-23

- **87%** 1st Appointments attended
- **75%** Follow Up Appointments attended
- **70%** of CYP started treatment within 26 weeks, against a target of 85%

As of June 2023

- Nearly 50% having a 2nd appointment within 4 weeks of referral
- Haringey performed better than Barnet or Enfield

Haringey Council delivery highlights

In schools
