CSE24_SAV_001	The use of our libraries varies from one branch to another at different time of the day. Based on footfall analysis we know that library use is typically lowest in mornings. Young people in particular have a need for study space in the evenings and libraries are ideal as a free and safe community space. We want to look at varying the opening hours of our libraries to times when they are most heavily used, which could include later in the evenings, allowing us to allocate resources in a more targeted way. Library buildings and facilities could be made available to other services even when the library service itself is not operating e.g., Community Hub teams and VCS organisations. The proposed saving is based on reviewing hours at the six branch libraries with a mixture of mornings and afternoons opening times based on demand and demographics, to ensure libraries remain accessible to all. The service is currently carrying some vacancies and agency cover which will reduce the need for any proposed redundancies. No library building would be closed.	CSE	-675	0	0	0	0	-675
CSE24_SAV_002	The proposal is to introduce self-service technology in libraries. Further work is required to establish feasibility, based on learning from other boroughs; it would require investment in digital and other technologies eg CCTV but has the potential to reduce staffing by 40%. This could be introduced potentially along with a community run library service option as has been introduced in other boroughs (eg Camden and Barnet), and could also sit alongside use of library buildings by other public services and agencies, enabling users to access, check out or return library items when using those other services. No library building would be closed. The saving is modelled on a similar reduction in numbers of library staff to the previous proposal, but later in the MTF5 period to enable the detailed feasibility work to be done. CSE24_SAV_003	The proposal is to stop providing hard copy newspapers and magazines in libraries. Newspapers and magazines are now available on Pressreader which provides thousands of newspapers and magazines from around the globe. Many library services that stopped newspapers and magazines during COVID lockdown have not reintroduced them.	CSE	-30	0	0	0	0	-30
EN24_SAV_001	This proposal seeks to recover operating cost through the review of Fees and Charges (£500k) by ensuring Haringey remains in line with other Authorities. Review of Parking Services (£500k). Optimise deployment to ensure an appropriate level of enforcement in all areas (£300k).	E&N	-1,300	0	0	0	0	-1,300
EN24_SAV_002	The continuation of the schools streets programme expansion is anticipated to generate an additional net income of £170k as a by-product of the enforcement activity associated with the scheme. Enforcement income can not be used as a revenue raiser and is ring-fenced for specified spend in the Traffic Management Act 2004.	E&N	-170	0	0	0	0	-170
