Subject: The Victoria Pub- 34 Scotland Green, n17 . Letter of support

Dear Sir,

My name is Alan Blake and I live in Scotland Green and this new management of the pub are doing great things for the street. They do loads for the community with free use of the function room for everyone not just the football crowds once a week. The street benefits from their operating procedures and I have never heard any noise outbreak. They are very careful custodians and are only asking for an extra hour. We have never had a problem with them.

Please grant this variation.

Alan
