Police Representation

Additional Information regarding -APPLICATION FOR A NEW PREMISES LICENCE

Bruce Burgers, 93 Bruce Grove, Tottenham, London, N17 6UZ

Dear Licensing Team,

Further to my representation submitted earlier today it has come to my attention as a result of an internet search that the premises have it appears previously shown live sporting events .The below picture was taken from the premises google profile which shows the installation of a pull down screen and what appears to be a televised dart being shown.

It is to be noted that such showing of sporting events attracts a certain patron type and with it will bring with it additional risks associated with a higher likelihood of public nuisance and noise from patrons enjoying the sporting events, more frequent showing of sporting events may attract a new clientele and or regular customers may choose to stay longer. This may lead to increased levels of intoxication, which could cause noise issues when using outside areas or when leaving the premises .As the application is a change to established current operations a risk assessment should have been carried out.

It is unknown what kind of sporting events in addition to darts that are being shown but we are of the opinion if football for instance is shown then this establishment would then be more akin to a sports bar the venue with all the possible issues associated with that type of establishment .

It is unknown whether the premises holds the correct commercial subscription to show live sporting events with broadcasters such as Sky or not, a valid TV Licence is also required.

It is worth noting that if the events televised are not live and are of the nature of reruns then the licensable activity of "films" would be required on the premises licence.

The additional information is in support of our position that the licensing objective of Prevention of Public Nuisance is likely to be undermined.

I reserve the right to provide further information to support this representation.

Regards, PC 1277NA Derek Ewart
