Subject: Bruce Burgers - Support

To whom it may concern,

We are writing in support of Bruce Burgers, 93 Bruce Grove Road, London N17 6UZ.

Since the restaurant opened up it has brought a welcoming family atmosphere and presence to the community. It is somewhere that both local residents and customers from afar can come together and enjoy a tasty meal and refreshments. The establishment has a lovely garden area where customers can sit outside in the fresh air and enjoy their meal and drinks in a safe environment which is very rare in this area. My family love going there, the staff are amazing and always very friendly and greet you with a smile.

We live just behind the restaurant with our garden just a few yards from the Bruce Burgers garden and have never experienced any issues at all.

We strongly believe that Bruce Burgers should be able to continue with what they have brought to the community, to have the garden use beyond 10pm and alcoholic drinks with the meals.

We hope you take our feedback into consideration.

Kind Regards,

Darren Woolcock (and family) -
