

## Adults and Health Scrutiny Panel

### Work Plan 2024 - 25

<p><b>1. Scrutiny review projects;</b> These are dealt with through a combination of specific evidence gathering meetings that will be arranged as and when required and other activities, such as visits. Should there not be sufficient capacity to cover all of these issues through in-depth pieces of work, they could instead be addressed through a “one-off” item at a scheduled meeting of the Panel. These issues will be subject to further development and scoping. It is proposed that the Committee consider issues that are “cross cutting” in nature for review by itself i.e. ones that cover the terms of reference of more than one of the panels.</p>		
<b>Project</b>	<b>Comments</b>	<b>Status</b>
<b>Hospital discharge</b>	To review delays to hospital discharge in Haringey. Evidence sessions for this Review have now been completed.	Report to be published shortly.
<b>Digitalisation and communications with residents</b>	<p>To review the current arrangements for communication processes and systems for residents presenting with complex needs involving a multidisciplinary team including:</p> <ul style="list-style-type: none"> <li>• How the team communicates between one another regarding the actions needed to facilitate care for the resident.</li> <li>• How the team communicates with the resident and family members, how it provides a single point of contact, plan of actions and timeframe for these actions.</li> <li>• How the team communicates with Council Members who request details about the actions and the timeframes for these actions to be carried out.</li> <li>• What systems are in place to facilitate the above to take place.</li> </ul>	<p>ToR approved</p> <p>Evidence sessions to commence in autumn 2024</p>

- **Workforce reform agenda** – Further update to be scheduled. Previous update was in June 2023. At the previous update it was noted that the 30% vacancy rate in Adult Social Care represented a risk and so it would be useful to monitor staff turnover and the vacancy rate at the next update on this issue.
- **Integrated Care System (ICS)** – At a meeting in July 2022 it was suggested that a further report be brought to a future meeting including details on: a) the development of the co-design/co-production process; and b) the communications/engagement process for the next suitable new project.
- **Osborne Grove Nursing Home**
- **Preparedness for a future pandemic**
