## **Annex 3 – Conditions attached after a hearing by the licensing authority**

### **Resolved 22<sup>nd</sup> September 2022**

The Committee gave serious consideration to the submissions by the applicant & their representative, and to the concerns raised by the objectors again both of which were made in writing and orally.

It was noted that there had been complaints about breach of License regulations concerning these premises over a number of years. However, it was noted those complaints did concern previous owners. It was also noted that there was a new management team and that they had put forward proposals to alleviate those concerns and complaints. In some instances the Committee has gone beyond those proposals and added further restrictions as detailed above in terms of timing and closing hours, which also seeks to balance the concerns of both the applicants and objectors.

It was noted that the applicant would ensure security staff would be present, that a noise management plan would be agreed with the Environmental Protection Team. They had made those proposals themselves and had also agreed the Police recommendations. This demonstrated to the Sub-Committee a willingness to engage with the issues and concerns raised.

The Committee's decision in respect of the hours granted for opening, alcohol sales and the restriction on the activities at the front and back of the premises, along with the noise conditions proposed take into consideration the objections raised.

With the resulting grant the Committee is of the view that an appropriate balance has been struck between the wishes of the applicant, the objections of local residents and the overriding licensing objectives with the conditions proposed.

### **Resolved Variation 30<sup>th</sup> January 2023**

Having considered the application and heard from all the parties, the Committee decided to:

1. **REFUSE** the application to remove the condition "Conditions on the area at the back of the premises: The back shisha area to be closed at 2230 each day".

For the avoidance of doubt the application to extend the hours to midnight on Sunday to Thursday and 0030 Friday and Saturday for the back shisha area is refused.

2. **GRANT** the application to "To extend the permitted hours for the sale of alcohol by retail to commence from 1100 hours each day for consumption ON the premises".

### **REASONS**

The Committee gave serious consideration to the submissions made by the applicant & their representative, and to the concerns raised by the objectors both of which were made in writing and orally.

It was clear to the Committee that primary licensing objective being considered was that of the issue of the creation of, or an increase in Public Nuisance through noise nuisance created by the Premises.

The earlier opening hours being requested did not seem to create any strong objections. The main objections came in relation to the potential for noise nuisance late into the evening if the back Shisha area hours were extended.

### **Annex 3 – Conditions attached after a hearing by the licensing authority**

The Committee did note the point made by the Applicant that no other responsible public body had raised objections and the complaints came from repeat local residents. However, the Committee did not accept that complaints should not be given weight because they were repeat complaints, as Local Authorities routinely advise people to raise complaints and issues where they arise.

The Committee found the objectors as credible witnesses who gave cogent evidence of the noise nuisance suffered by local residents. The documentary evidence listed complaints made, and even though noise officers did not attend on all occasion- complaints were nevertheless made. Complaints were made of loud music, loud talking and cars being revved in the area by the applicant's clientele. As it is open air, the noise carried when there were large numbers of people in the shisha area.

As it is an open shisha area, which already created noise nuisance, increasing the hours to later at night past midnight and with the potential for another hour of dispersal time, noise disturbance could last until 1-2am in the morning. Furthermore, it was noted the last order for food would be 10.30 so the proposed increased hours would be purely for alcohol consumption and so the potential for nuisance behaviour could increase.

The Committee noted that the noise management plan submitted was not the most recent version, and that a further one had been supplied to the Licensing Authority. However, the Committee could not accept without expert evidence that noise levels were 60-61 decibels or even that those were acceptable levels of noise. There was no information to provide to substantiate that information and was not part of the noise management plan. It was noted the Applicant was taking steps by using its own monitors and apps- but again this was not independent information.

For the reasons given above this application is partly granted in respect of the earlier hours but refused in respect of the later hours at the back shisha area.
