In response to a question from the Cabinet Member on securing social value for this contract, assurance was provided that the online social value portal had been applicable to this contract and had been accessed by the contractor. They had

provided: 7 laptops, planters as part of the mural display and employment of two residents on the estate as decorators.

Further to considering the exempt information and exempt recommendations, the Cabinet Member for Housing and Planning(Deputy Leader),

RESOLVED

1. That pursuant to CSO 10.02.1 (b) and 16.02 to approve the variation of the original contract in the sum of £3.5m and to authorise an additional sum of £1.75m to be added to the contract. The revised contract value would be £5.25m. Approval also required to expend the contingency sum in Appendix A.
2. To agree the total costs and scope of works contained within Appendix A - Exempt Report.

Reasons for decision

The extension of the contract will enable the project to deliver further works as part of the BWF - Refurbishment Programme. The additional works will also incorporate additional fire safety features and finishes to the 8 blocks on the Broadwater Farm Estate.

Upon approval of the additional spend, the current BWF - FRA Programme will continue, with a view of completing the works by December 2024. The programme will ensure that the 8 blocks on the estate meet current Fire Safety and Building Safety Regulations.

Alternative options considered

Do nothing – Doing nothing is not an option as we need to comply with current fire safety regulations to ensure the safety of our residents and visitors to the blocks on the Broadwater Farm Estate. Also, bringing forward elements of the major works programme will improve the overall condition of the communal parts, and enhance the quality of life for residents on the estate.

The only option available is to extend the current contract to enable the existing contractor to continue with the additional works to ensure the essential fire safety features are incorporated into the programme.
